

About eCourts

The eCourts Mission Mode Project is a national e-Governance project for Information and Communication Technology (ICT) enablement of District Courts and High Courts of the country.

The eCourts project is implemented under the aegis of eCommittee, Supreme Court of India.

Benefits of eCourts

- 01 Efficient & time-bound citizen centric service delivery
- 02 Improved transparency of information
- 03 Easier access of information to all stakeholders
- 04 Enhanced judicial productivity

The image shows the eCourts mobile app interface displayed on a laptop screen and two smartphones. The app features a dashboard with various statistics and a search bar. The text "Get in Touch" is prominently displayed in the center. Below it, the contact information for the E-Committee Supreme Court of India is provided: ecommittee@aij.gov.in, ecommitteesci.gov.in, and ecourts.gov.in. The Department of Justice logo is also visible.
