## About Virtual Courts

Virtual Courts is an online application designed to manage complete life cycle of traffic violation cases with round the clock functioning capabilities.

### Services offered

-  Pay fine online
-  Send online request to contest the case
-  Re-print the payment acknowledgement
-  Verify payment

## How a Case Reaches Virtual Courts?

## Steps to Settle a Case in VC

Number of judges performing judicial work in adjudicating traffic challans across the state can be reduced virtually to single judge located in any part of the state

## Features of Virtual Courts

-  Online adjudication
-  Reduced physical presence
-  Special summons
-  Electronic traffic challans
-  Cloud based application
-  Access from anywhere
-  Automatic calculation of fine
-  Plead guilty & online payment
-  SMS alert
-  Contest the case
