

ONE NATION ONE RATION CARD

Nationwide Portability of Ration Reforms in Public Distribution System

“ हमारे गरीब भाई - बहन एक ही राशन कार्ड पर देश के किसी भी राज्य में राशन ले सकें, इसके लिए एक राष्ट्र एक राशन कार्ड योजना शुरू की गयी है।.. इसका सबसे बड़ा लाभ उन गरीब साथियों को मिलेगा, जो रोजगार या दूसरी आवश्यकताओं के लिए अपना गाँव छोड़कर कहीं और जाते हैं।”

- प्रधानमंत्री नरेंद्र मोदी

The implementation of nation-wide portability of ration cards through "One Nation One Ration Card (ONORC) plan", is an ambitious endeavour of the Department of Food & Public Distribution System, Government of India developed by NIC to empower about 78.74 Crore beneficiaries under the National Food Security Act, 2013 (NFSA). This includes ensuring food security for migrants as well. Through this facility, while a migrant beneficiary is enabled to get his/her ration through portability in the destination State/UT, at the same time, the family back home is also allowed to get their part of the entitled ration to support itself.

ONORC uses Information & Communication Technology (ICT) to implement Right to Food with the concept of 5R's - Right Quantity and Right Quality to Right Beneficiary at Right Time and at Right Fair Price.

ONORC is also become integral part of "Pradhan Mantri Garib Kalyan Anna Yojna (PMGKAY)" to distribute free commodities to migrants during COVID-19.

Key Components are National Portability, De-duplication of beneficiaries, Creation of ration card Central repository, Data Analytics. NIC is technical partner and implementation agency for Department of Food and Public Distribution (DFPD).

Salient features of One Nation One Ration Card

1. A complete technology - driven initiative empowering migrants to be self-reliant for their food security in a transparent manner.
2. No need to carry original ration card or Aadhaar card. A copy of either of the two is acceptable or just quote any of the two numbers to the FPS dealer.
3. Entitlements from Home State are available online on the ePoS devices of chosen FPS.
4. Lift the Foodgrains with satisfaction after establishing identity through Aadhaar based authentication of ePoS (portability) transactions.
