

Gov.in Secure Intranet Platform by **MeitY**

Improving efficiency of Government officials by digitally transforming daily tasks on a single portal

Building a secure ecosystem with emerging technologies offering multiple functionalities

What is Gov.in Secure Intranet?

A state-of-the-art platform 'Gov.in Secure Intranet' is developed by National Informatics Centre (NIC) under the guidance of MeitY to streamline all day-to-day operations of government Ministry/Department/Organization (MDO) officials. This robust platform offers a unified Single Sign-On (SSO) through Parichay to provide access to G2E applications such as eMail, eOffice, Sparrow, Prayas among others.
