

Madhya Pradesh Tender Portal bags CSI Award of Appreciation

MP Tenders Portal bagged CSI National Awards in Projects Category – ‘Award of Appreciation for 2021’ on 23rd April 2022 as part of the 19th CSI SIG e-Governance award 2021 at MNNIT, Allahabad, Prayagraj, Uttar Pradesh.

Government of Madhya Pradesh selected GEPNIC product of National Informatics Centre, Government of India to provide e-Procurement solutions to various government departments in Madhya Pradesh.

From November 2018 to March 2019, MP Tenders has on-boarded majority of departments and exhaustively trained the users. Within three months of initiation of the MP Tender portal, the glory and project effectiveness were achieved and thus NIC team started working on building a robust solution to be rolled out for all state government departments. It has turned out to be a well-executed project as apparent by following impressive milestones that are achieved by the end of Term 12018-19 to 2021-22

Total Tenders-1.8 Lakh+

Total Tendering Entities 3500+

Total Tender Value- 3.8 Lakh Crores+

Total Bidder-70,000+...

The success of this project can be attributed to the focused leadership, proper project management, consistent team work and well planned strategy for implementation.
