

## **NIC Madhya Pradesh facilitates Field/Technical Visit of Students of Sarojini Naidu Government Girls Postgraduate (Autonomous) College, Bhopal**

A Field/Technical visit for BCA II & BCA III years students of Sarojini Naidu Government Girls Postgraduate (Autonomous) College (SNGGPG), Bhopal was organized on 21st August 2023 for knowledge sharing and familiarizing the students about Activities of NIC & current IT trends and technologies, a part of their curriculum for the practical exposure. Total 55 Students, along with 07 faculty members, were present during the visit.

The programme was formally inaugurated by In-Charge, Training Division Smt. Sushma Mishra, Senior Director (IT) along with and HOD Computer Science & Applications, SNGGPG College, Bhopal. NIC Officers Shri Rakesh Jain, Senior Director (IT) & Shri Chandra Prakash, Director (IT) extended warm welcome to the students.

**Inaugural Session**

**Participants During the Session**

The interactive sessions held during the Field/Technical visit were based on real time working & challenges regarding various topics, like, i.e. Infrastructure of IDC (Internet Data Centre), Web Hosting Environment, Cyber Security, Network Technologies, NKN (National Knowledge Network), NICNET, Video Conferencing, etc., pertaining to NIC Madhya Pradesh.

Session on Cyber Security, Network Technologies, NKN was delivered by Shri Rakesh Jain, Session on NIC real time working & problem handling was delivered by Shri Chandra Prakash, Session on An Overview on Website Technologies & web hosting environment was delivered by Shri Pradeep Ahirwar, Joint Director (IT), Session on VPN & SSL Technologies was delivered by Shri Sameer Rajan, Deputy Director (IT), whereas Session on Internet Data Centre Technologies was covered by Smt. Ranjeeta Rohit, Deputy Director (IT).

Students actively participated and involved in the discussions, especially need of Cyber Security awareness for the citizen and role of IT (Information Technology) in e-Governance .

As per the feedback received from the students as well as from faculty members, Field/Technical visit was a an enriching experience.

Field/Technical visits of students gave them an opportunity to understand the penetration of ICT in Government Environment and e-Governance initiatives of Central & State Government for the

citizen. This has also given an insight of the current technology trends being covered in the curriculum .

The event was organized by IDC, Web & Cloud Service Division, NICMP under the guidance and support of Shri Vijay Kumar Vishwakarma, DDG & SIO and Shri Sanjay Hardikar, DDG & ASIO State.

**Coordinated By:**
