

**A Research Paper on ‘Virtual Private Network: A Study of its Various Aspects’
from NIC MP Published in IEEE Conference (ICICAT- 2023)**

A Paper titled “*Virtual Private Network: A Study of its Various Aspects*” authored by **Shri Sanjay Hardikar DDG, Shri Sameer Rajan Dy. Director (IT) & Smt. Saraswati Parmar Dy. Director (IT)**, National Informatics Centre (NIC), Madhya Pradesh was presented in **IEEE** International Conference on IoT, Communication and Automation Technology on 24th June 2023. The Conference was technically sponsored by IEEE UP Section.

The Conference Proceedings were submitted to the IEEE Xplore digital library. Now, the paper has been published and added in **IEEE Xplore** on 2nd October 2023.

The details of the paper are given below:

Title: Virtual Private Network: A Study of its Various Aspects

DOI: 10.1109/ICICAT57735.2023.10263686

URL: <https://ieeexplore.ieee.org/document/10263686>

Conference: International Conference on IoT, Communication and Automation Technology (ICICAT)

ISBN Information:

Electronic ISBN: 979-8-3503-0282-0

Print on Demand (PoD) ISBN: 979-8-3503-0283-7

Conference Location: Gorakhpur, India

Publisher: IEEE

This IEEE Conference was jointly organized by Department of Computer Science & Engineering, Buddha Institute of Technology, GIDA, Uttar Pradesh & Rajkiya Engineering College, Sonbhadra (U.P.), India during 23-24 June 2023.
