# National Informatics Centre

## State Profile at a Glance December, 2024

## Table of Contents

Sr. No.	Description	Page Number
1.0	Awards Won by NIC Madhya Pradesh	3
2.0	NIC Network (NICNET) in Madhya Pradesh (NKN, Registering Authority, Video Conference, Email, Internet Nodes, Connectivity, VSATs, IDC –Web and Cloud-services)	4
3.0	NIC Support in Main Offices	7
4.0	Mobile Applications (18, G2C G2E G2B G2G, Mobile Apps on Android, Windows and Apple platforms)	9
5.0	Software Projects at State Level (Brief information about each Projects)	13
6.0	National level Software Projects	42
7.0	Major Projects under Development/ Implementation	54
8.0	Training Conducted	59
9.0	Major Activities Planned	60

## 1. Accolades/ Awards (Awards Since 2021)

Sl.No.	Award Name	Year	Project Name Recognition & Description
1	Platinum Skoch Award 2024	2024-25	eMARG won Platinum Skoch Award 2024 for DLP and PostDLP
2	ET Government PSU Leadership & Excellence Award 2024.	2024-25	eMARG won Silver Medal by ET Government PSU Leadership & Excellence Award 2024
3	Data Center Champion Award 2023	2023-24	eMARG won Data Center Champion Award 2023
4	CSI SIG eGovernance Award of Appreciation-2022	2022-23	MP Farm Gate App received 20th CSI SIG eGovernance Award of Appreciation-2022
5	20th CSI SIG e-Governance award of Excellence 2022.	2022-23	GeoReach project won 20th CSI SIG e-Governance award of Excellence 2022. It was developed for MPRRDA, GoMP. This project is also appreciated by world bank organization.
6	ELETS INNOVATION AWARDS under Digital Governance	2022-23	GePNIC – MP Tenders project has received selected for ELETS INNOVATION AWARDS under Digital Governance and sub-category 'Others' .
7	Silver National eGovernance Award	2022-23	eMARG bagged Silver National eGovernance Award under category Excellence in Government Process Re-Engineering for Digital Transformation conferred by DARPG, GoI.
8	19th CSI-SIG Award 2021 “Award of Recognition”	2022-23	Online processing of performance appraisals (APARs) for State Health Services, Govt. of Madhya Pradesh
9	19th CSI SIG eGovernance Award 2021	2021-22	eMARG (electronic Maintenance of Rural Roads under PMGSY)
10	19th CSI-SIG Award 2021 “Award of Recognition”	2021-22	Project‘Audit Process and other Services in the Department of Cooperation, M.P.’
11	19th CSI-SIG Award 2021 “Award of Appreciation”	2021-22	GePNIC – Tender Madhya Pradesh - The Madhya Pradesh Government eProcurement System
12	Technology Sabha Award	2021-22	GePNIC – MP Tenders project has received Technology Sabha Award under IoT category, Award
13	Skoch Silver Award	2021-22	eMANDI and eANUGYA
14	SKOCH Gold	2021-22	The eMARG won the prestigious SKOCH Gold Award under the category Excellence in Governance
15	Gems of Digital India	2021-22	The eMARG won Gems of Digital India Award 2020 (Analyst’s Choice) for excellence in eGovernance.
16	18Th CSI-SIG Award 2020	2021-22	eOffice MMP Implementation for Govt. of Madhya Pradesh
17	CSI SIG eGovernance Award of Recognition 2021	2021-22	Audit Process and Other Services in the department of Cooperation, MP
18	ET Government PSU Leadership & Excellence Award 2024.	2024-25	eMARG won Silver Medal by ET Government PSU Leadership & Excellence Award 2024
19	Data Center Champion Award 2023	2023-24	eMARG won Data Center Champion Award 2023

## 2.0 NICNET in Madhya Pradesh

<b>NICNET Nodes</b>	Support for 10000 ~ 12000 approx nodes in MP
<b>NKN Connectivity</b>	71 Institutes connected including MP SWAN, SDC and ENMICT Links. NICNET has been integrated with MP SWAN at State and DHQ Level.
<b>Core Bandwidth</b>	10 Gbps connectivity with HQ, Hyderabad and Belapur
<b>Districts Connected</b>	51 Districts with 1 Gbps/ 34/100 Mbps LL connectivity. Inter-District connectivity at 14 District and Redundant LL connectivity from alternate NLDs at 20 District locations
<b>VC Centres</b>	125 Nos. - NIC Districts(103), Mantralaya (02), CS Office (01), DGP (02), Divisional Commissioner (08), State and Central Election (02), CM Residence (02), CPMG(01), NRHM (01), Agri-Comm(01), Cabinet Hall(01) etc.
<b>Major Offices on NICNET</b>	Secretariat and its Annex Buildings, Vidhan Sabha, Satpura and Vindhyachal Bhawan, Raj Bhawan, CM Residence, EOW, CBI, Forest Department, High Court and its benches, Central and State Election Office, Jt. Director General Foreign Trades, Ministry of Environment and Forest (RO), Urban Admn. Dept., Rajya Siksha Kendra, Food Corporation of India, Pay and Account Office, Director General Defense Estate, Census, 06 Gas Rahat Hospitals, AG Office Gwalior and Bhopal, GST Intelligence, PHED, CPWD, etc.
<b>Wi-Fi connectivity</b>	Secretariat, Vidhan Sabha, Satpura and Vindhyachal Bhawan.
<b>Biometric Attendance System</b>	State Government and Central Government Departments.
<b>VC Services and Webcast</b>	223 VC sessions and 13 Web Cast sessions
<b>E-mail Services</b>	Under State Email policy – 109 Delegated Admin Account and support for 175600 approx. email ids.

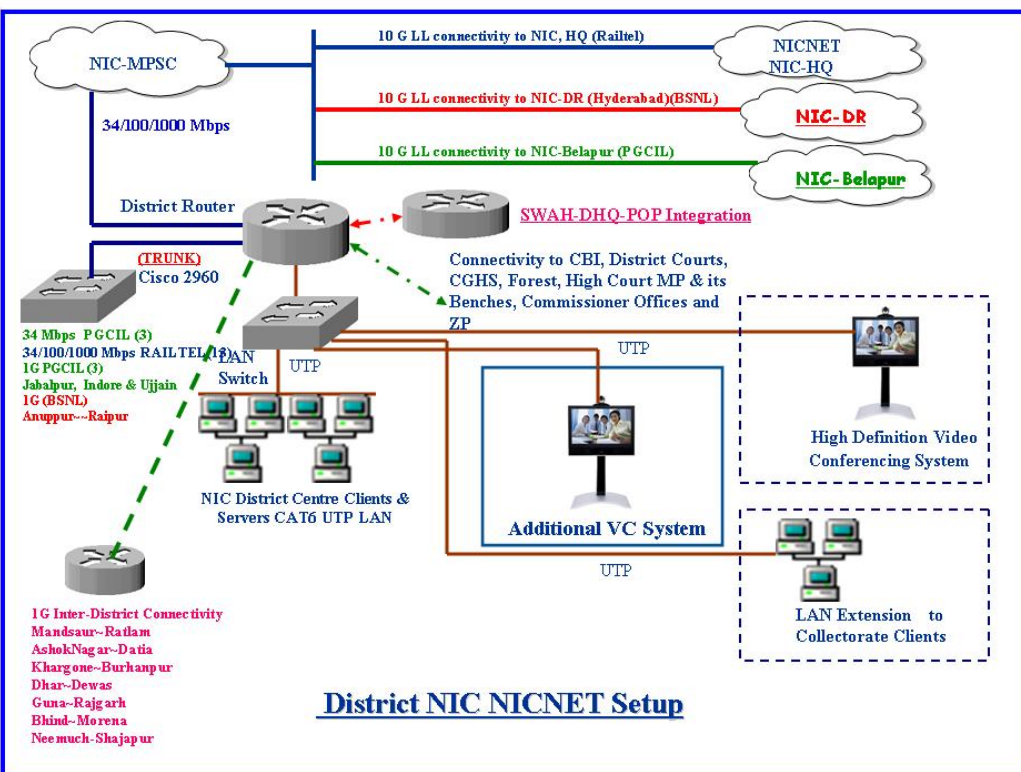

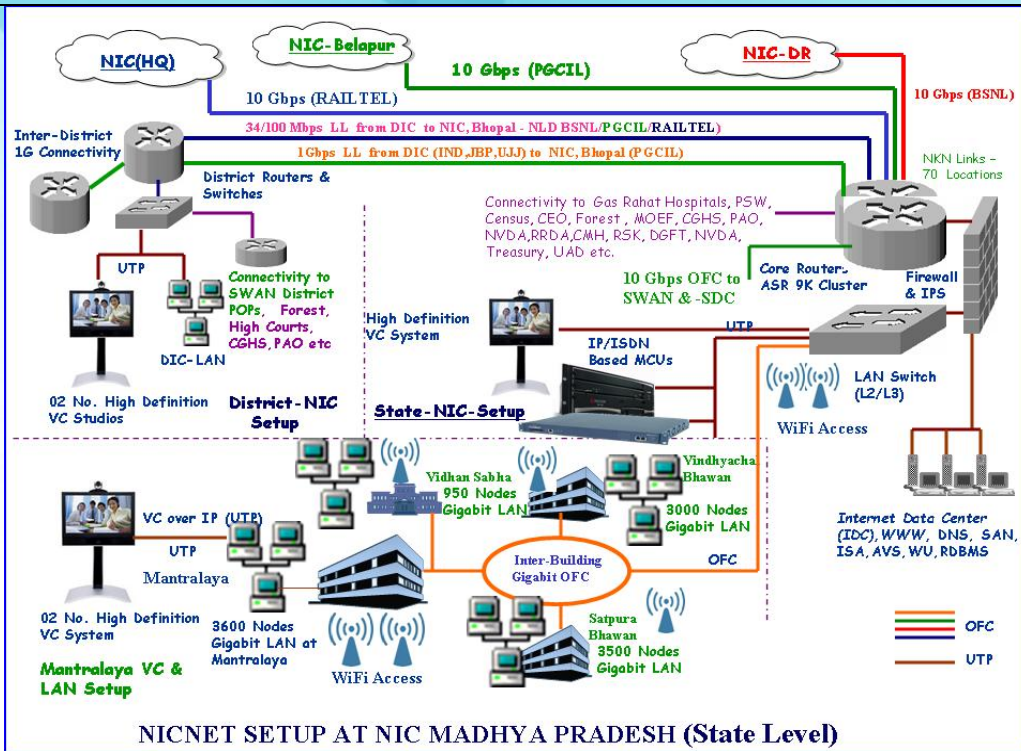

## IDC, Web and Cloud Services

<b>IDC &amp; Web Services by NIC-MP</b>	<p>Virtual Private Network &amp; Helpdesk Support, Cyber Security Support, Exam Result Hosting, Cloud and other Hosting &amp; Management, Infrastructure Management</p> <p>Support and Services provided by NIC-MP:</p> <ul style="list-style-type: none"> <li>• 12 Applications/users are at IDC NICMP Satpura Bhawan Bhopal and all are under migration.</li> <li>• 04 Application has been successfully migrated to National Government Cloud (NGC offering 1.0).</li> <li>• 67 Applications/users hosted on National Data Centres.</li> </ul>
<b>NIC Cloud Services at National Data Centres</b>	<p><b>Meghraj Cloud Initiative (National Cloud by NIC)</b> Quick Deployment of Digital India Initiatives, Optimal utilization of ICT resource, Enhancement of existing e-Governance Initiatives, Encouraged standardized platforms and products, Expedited cloud adoption in the Government.</p> <p>NIC Provides Web Hosting Services from NDCs i.e. Delhi, Hyderabad, Pune and Bhuvaneshwar.</p>

	<ul style="list-style-type: none"> <li>• 51 users hosted on different NDCs under MeghRaj Cloud.</li> <li>• 16 users hosted on different NDCs through NICS.</li> <li>• Some of the projects hosted on NIC Cloud i.e. Directorate of Pulses Development, Central Farmer Machinery Training &amp; Testing Institute (CFMTTI), MP Board of Secondary Education, MP State Open School, National Judicial Academy India, Archaeological Survey of India Bhopal and Jabalpur circle, Regional Institute of Education Bhopal, Department of Housing and Environment GoMP, MP Vidhansabha, CEO MP etc..</li> </ul> <ul style="list-style-type: none"> <li>• Establishment of National Data Centre (NDC) of NIC at Bhopal initiative by MeitY, GoI is under process.</li> </ul>
<p><b>S3WaaS</b> (Secure, Scalable and Sugamya Website as a Service )</p> <p>A Cloud Platform provided by MeitY NIC GoI</p>	<p><b>Key Feature :</b></p> <ul style="list-style-type: none"> <li>• Accessible Themes</li> <li>• 18 Languages</li> <li>• Govt entities at all levels</li> <li>• Certification Scheme</li> <li>• Centrally managed</li> <li>• Sustainable Ecosystem</li> <li>• Smart process re-engineering</li> </ul> <p>Coverage of S3WaaS @ NIC MP :</p> <ul style="list-style-type: none"> <li>• 55 District Websites operational : For District Collectrates.</li> <li>• All 10 Divisional Websites operational : For Divisional Commissioners</li> <li>• NIC MP State Portal &amp; MP Districts Portal : Common Portal</li> </ul>

## NICNET Setup at State, Districts and NKN

### 3. NIC Support in Main Offices

<b>M.P. Rajbhawan</b>	<b>Computerization of Raj Bhavan M P</b>	VC, WiFi, network and software support.
<b>Madhya Pradesh Vidhan Sabha</b>	Computerization of the various activities of MP Vidhan Sabha <b>NeVA (National eVidhan Project)</b> Providing IT support in computerisation of various activities as per requirement	<ul style="list-style-type: none"> <li>• Vidhan Sabha Questions</li> <li>• Vidhan Sabha Assurances</li> <li>• Calling Attention motions</li> <li>• Library automation (eग्रन्थालया 4.0)</li> <li>• 1000 node local area network (lan)</li> <li>• Wifi access in MP Vidhan Sabha Email ids of all MLA's created</li> <li>• Implementation initiated.</li> <li>• Training given for Web Site Management.</li> </ul>
<b>HCM Office</b>	Computerization of HCM office	VC, WiFi, network and software support. Some main applications are CM Dashboard, CM MIS, Meeting Management, VC Services etc  CM Dashboard portal is envisaged by Office of the H'ble CM. The portal is intended to provide statistics of all the important project/schemes so that centralized monitoring can be done by Office of the H'ble CM. In addition to Statistical interactive reports, the portal also houses various workflows of Office of the HCM.
<b>Mantralaya (All departments)</b>	Computerization of Mantralaya  Network Operations Centre S/W Development Team Data Centre/ VC Studio	Internet/ Email/ Video Conferencing, S/W design & development, Network support to all Districts, Central & State Government offices  Many project Implemented for departments some are listed below : - <ul style="list-style-type: none"> <li>• eMandi and eAnugya</li> <li>• Ration Mitra Portal &amp; App</li> <li>• Shram Sewa Portal</li> <li>• ChildTrackingSystem</li> <li>• NextGen e-Hospital</li> <li>• eTransport</li> <li>• Social Security Services</li> <li>• PM Poshan Portal</li> <li>• eOffice</li> <li>• CSMS</li> <li>• ICJS</li> <li>• MedLEaPR</li> </ul>

#### 4. Mobile Application

(G2C G2E G2B G2G, Mobile Apps on Android, Windows and Apple platforms)

	<b>eVidhan</b>	Android 4.0 and above	All Madhya Pradesh Legislative Members, All 56 Department Officials	eVidhan Mobile has been developed to facilitate viewing of status of each and every questions and answers by MLAs, Departments and other stakeholders. The application was launched by Hon'ble Speaker Vidhan Sabha
	<b>eMarg</b>	Android 4.0 and above	MPPRRDA	The eMarg Mobile Application facilitates MPPRRDA officials to perform routine inspection, renewal inspection and performance inspection directly from the inspection site. It also facilitates instant uploading of photographs of road. It ensures uploading of Geo-Tagged image on real time, which displays actual ground conditions of road. These images are used for decision making for payment to the contractors.
	<b>APMS MobileApp</b>	Android 4.0 and above	Madhya Pradesh Road Development Corporation Limited	APMS MobileApp facilitate online submission of on-site inspection by Divisional Manager for issuing Access permission to applicants. Doing inspection Divisional Manager uploads Geo-Tagged images of inspection site.
	<b>Madhya Pradesh State PM Poshan Shakti Nirman App</b>	Android and IOS		Madhya Pradesh State PM Poshan Shakti Nirman App has been designed and developed by NIC as a m-Governance platform for the implementation of the PM Poshan Shakti Nirman Scheme in Madhya Pradesh. It facilitates mobile based services to Teachers at a School, Agencies functioning as Cooking Agency, Cook-cum-helpers engaged at schools, Block-level Administrators, District-level Administrators and State-level Administrators. Mobile Apps is used for reporting of inspections conducted for the evaluation of schools for the implementation of the scheme. <b>Over 50, 000 downloads</b>
	<b>PRATIBIMB</b>		In house	Pratibimb is a NIC-developed mobile application designed for document scanning and management. It offers advanced features like image enhancement, document editing, and PDF creation while prioritizing user privacy. The app stores all scanned documents locally on the device, making it suitable for handling confidential information. With a user-friendly interface and support for multiple languages, Pratibimb aims to simplify document digitization for government and general use. Key features include document scanning,

				image quality enhancement, adding headers/footers, and secure local storage. The app has 5K+ downloads on PlayStore and maintains a 4.4-star rating, indicating positive user reception.
	<b>NIC Forms</b>	Android 4.0 and above	In-house	NIC Forms is a utility product developed at NIC Madhya Pradesh that facilitates government employees in data collection from several sources. NIC Forms mobile app allows users to see all the share forms on their mobile device and submit their responses for individual forms.
	<b>Koushalam2.0</b>	Android	Directorate of Skill Development	It is a m-Governance Platform of Directorate of Skill Development, Government of Madhya Pradesh. The app helps the Institutions to update the basic infrastructure/ Inventory of the institutes. Helps in training officer diary management and student attendance. The application is also used for Inspection and monitoring of civil works.
	<b>m-Sainik Kalyan</b>	Android	Directorate of Sainik Welfare (Home department)	Directorate of Sainik Welfare is responsible for the implementation of various programmes for the welfare and resettlement of ex-servicemen, their dependents and war widows. All the ex-servicemen, who are willing to be re-employed /resettled, register their names with the respective Zila Sainik Welfare Offices, and the Zila Sainik Welfare Offices in turn sponsor their names for re-employment against vacancies notified in the Government Departments/ PSU etc. Zila Sainik Welfare Offices also prepare and send.
	<b>mAwass</b>	Android	Directorate of Estates (Home department)	The Property Management Office was established by the Home Department of the Madhya Pradesh Government on October 28, 1993. In the Bhopal Municipal Corporation's jurisdictional area, government servants are allocated residences based on eligibility criteria, along with senior journalists, senior executives of social organizations, and distinguished individuals. Application helps in geo tagging of house with its photograph.
	<b>m-Samarth</b>	Android	De-notified, Nomadic and Semi-Nomadic Welfare Department	De-notified, Nomadic and Semi-Nomadic Welfare Department has been created separately by organization notification dated 22 June 2011. App helps in capturing the registration request from the field. It also disseminates information related to different schemes run by the department. Time to time notifications to the beneficiaries.

	<b>m-PensionMitra</b>	Android	Social Justice and Empowerment of Persons with Disabilities	<p>It is a m-Governance Platform for Directorate of Social Justice and Empowerment of Persons with Disabilities , Government of Madhya Pradesh. The app helps the citizen to track the status and findings pensioner's passbook and some basic information about the 12 schemes and eligibility criteria. There are Approx. 57 Lakh Pensioners benefitted in 12 schemes. MP govt. decided to physical verification of pensioners through mobile app. and Geotag photo of beneficiary is required if pensioners is alive. There are 3 situation occurs (either pensioners are Dead, Migrated or Alive for survey). M-Pension Mitra mobile App. Designed, Developed and implemented at GP and Ward Level. GP Secretary and Ward in-charge carry out survey using mobile app. and upload on the data on the portal. Concern local body verifies the data on the social security portal. The LB may reject the survey ask the concern GP/Ward to resurvey again then concern GP secretary and ward in-charge again resurvey the concern member and upload the data on the portal.</p>
	<b>Panchayat Darpan App</b>	Android	Panchayat & Rural Development Department	<p>Panchayat Darpan Mobile App is used by the rural residents, Gram Panchayat Secretary, officials and public representatives of Village, Block and District Panchayats and other stakeholder of Panchayat and Rural Development Department. It offers a single window for tracking all activities of PRIs like profile and status of works, payment of bills, receipt of funds etc. and has also ensured the use of smart phones for capturing of accurate, authentic, Geo-tagged and live process related information on works, payments, bills, e-payment orders, vendors, suppliers, receipts, assets and bank statement etc. The mobile App has resulted in transforming the functioning of Panchayats by making it accountable, creditable and transparent.</p>
	<b>Swachh MP ODF Plus App</b>	Android	Swachh Bharat Mission (Grameen)	<p>Swachh MP ODF plus Mobile App helps in keeping track of activities performed by SwachhaGrahis and assists in the planning, progress tracking and effective implementation of SLWM projects and activities in the rural areas of the state. The Mobile App also facilitates knowledge sharing and content management in the form of Trainings, Workshops, Events, Best Practices, Circulars and Order. Mobile App is being used by over 30,000 users for capturing Sanitation profile of the Villages, Schools, Anganwadi centers,</p>

				<p>Panchayat Bhawan and other institutions in the rural areas along with construction Status of Community Sanitary Complexes (CSC) and IHHLs. The App also facilitates real-time reporting of Information, Education and Communication (IEC) activities being carried-out for Sustainability of ODF, Solid Waste Management, Liquid Waste Management, Ensuring Sustainability of ODF plus and creating awareness regarding hygiene behavior.</p> <p>Mobile App has been designed to work in both online and offline mode.</p>
	<b>m-Resham Mitra App</b>	Android	Department of Sericulture	<p>An Android based Application loaded with several modules and facilities for District Officers, Verification Officers, Field staff and Beneficiaries of the Sericulture department. The Mobile App facilitates on-site verification of profile and activities of the beneficiaries. It also facilitates dissemination of beneficiary oriented information such as profile, payments, verification of the farming activities and other important information and alerts.</p>
	<b>m-Abhiyojan Mitra App</b>	Android	Public Prosecution Department	<p>Android based Mobile App to facilitate prosecution officers to register their activities and functions in real-time directly from the court premises. More than 1076 Public Prosecution Officer of Public Prosecution Department are using mobile app to register their activities and functions in real-time directly from the court premises. The public prosecutors uses the mobile App to record and track the activities, court appearances, outcome of the hearings and decisions immediately after the hearing and directly from the court premises. The App also assists the prosecutors to know the cause list, history of the activities in the case during the previous hearings and plan accordingly for productive hearings. The prosecutors can also access the daily orders, circulars and case laws etc.</p>
	<b>Jal Samagra App</b>	Android	Madhya Pradesh Jal Nigam	<p>Jal Samagra Mobile App facilitates the Implementation Support Agencies (ISAs), appointed by Jal Nigam in carrying out the survey of families in the targeted villages for the supply of drinking water. Application uses the samagra family data as the baseline for household survey. Features of Jal Samagra Mobile App include On-Site Household Survey, Integration with Samagra Family Register, Geo-Tagged Photo upload, On-Site Household Survey etc. Jal Samagra app will be used by the registered surveyors.</p>

## 5. Software Projects at State Level (Design, Development, Implementation)

**GeoReach**

**M.P. Rural Road Development Authority**

**Implemented**

### 1. GeoReach (GeoMatics based Rural roads Enterprise Application for Connecting Habitations)

#### Description of the Project

(<https://gismp.nic.in/georeach>)

MMGSY has been started in order to provide road connectivity to habitations/ villages within the range of population between 500 and 999 which are not covered under the (PMGSY) till the year 2013. MPRRDA(M.P. Rural Road Development Authority) is appointed as a nodal agency for connecting habitations/ villages which does not cover under the PMGSY scheme. These habitations will also be connected through Road network under MMGSY scheme of State Government of MP.

GeoReach is an e-Governance solution being developed for monitoring the workflow of Rural road connectivity project. GIS part of application strengthen user to take better decision for creation of infrastructure. It also helps in maintaining inventory of rural roads. The application covers management, technical and financial aspects of the project. It aids and assists the MPRRDA officials, World Bank, Civil Contractors, Banks, SQM and general public. It is a G2B, G2G & G2C enterprise solution which has an access via internet <https://gismp.nic.in/georeach> available in public domain. It's a fusion of new & emerging technologies like Cryptography (Digital Signature & SSL), GIS & Remote Sensing, Mobile, Open Web technology, SMTP & SMS.

It provides interface for public to participate in the monitoring of road maintenance. Citizen can upload Geo-tagged photographs to raise their grievances on the condition of the road. The efforts have been made for integrating PFMS in GeoReach application.

#### Status of the Project

GeoReach is successfully running on the web and is extensively being used by MPRRDA. More than **Rs. 3238 Crore** payment has been disbursed to contractors directly to their bank account till end of Dec, 2024 through PFMS. Department has conducted **26.48 thousand inspections** which includes stage passing and pre-project works.

#### Milestone:

##### Timelines of the project?

**a. Project start July' 2017**

**b. Pilot**

**c. Go Live Project is Live**

#### Result Achieved/ value delivered to the beneficiary of the Project

- Online generation, submission, tracking of bills.
- Electronic Dashboard to view & monitor status.
- Operational for 24 X 7.
- Online submission of inspection reports by Inspecting Officers from remote locations.
- Electronic payment directly to the Bank account of contractors through PFMS.
- Availability of photos of road submitted during inspection on regular interval
- Provide facility to evaluate the condition of roads of entire state at a click of mouse.
- Public Grievances by submission/ tracking using Geo-tagged photos.
- Scroll tracking system
- E-mail/SMS alerts/notification.
- GIS functionality & Google interface.

#### Other distinctive features/ accomplishments of the project

- Development is on Open Source Stack framework & its fusion of emerging technologies.
- GIS-based planning & monitoring of roads being constructed and upgraded under MP Rural Connectivity Project.
- It works as decision support system.
- Automatic Bill generation using complex dependencies, parameters & tender conditions.
- Use of digital signature for processing of payment.
- Electronic repository of bills, voucher, scrolls, inspection reports etc.
- PFMS Dashboard to monitor Payments.

		<ul style="list-style-type: none"> <li>Grievance submission mechanism facilitates the citizen to upload Geo-tagged photographs to raise their grievances on the condition of the road.</li> </ul>
<b>APMS</b>	<b>M.P. Road Development Corporation, GoMP</b>	<b>Implemented</b>
<b>2. APMS (Access Permission Management System) (<a href="https://apmsmp.nic.in">https://apmsmp.nic.in</a>)</b>		
<p><b>Description of the Project</b></p> <p>MPRDC has been notified as State Highway Authority as per Section 4 of the MP State Highway Act 2004 by the State Government. Section 5 of the Act 2004 authorizes MPRDC for the restriction or regulation of use of land appurtenant to Highways and Section 12 of the Act 2004 notification for Building lines and control lines. Any infrastructure that comes up or certain activities on MPRDC roads requires due permission from MPRDC. Site where the permission is sought is inspected by MPRDC field officers. Permission is sought for Retail outlets (Petrol Pumps, Restaurants etc.), cable laying/ pipeline, Overbridge, Oversized vehicle etc.</p> <p>Access Permission Management System (APMS) is an online application used for automation of process for restriction/ regulation of use of land appurtenant by the beneficiaries/ owner. APMS handles the work flow, online submission/ track and makes process transparent. Department scrutinize the online application received for access permission and gives NOC to applicant. Department processed 720 applications online till December' 2019.</p>	<p>Project is implemented and necessary support is provided to MPRDC.</p> <p><b>Status of the Project</b> APMS is successfully running on the web and is extensively being used by MPRDC. More than <b>Rs. 34.57 Crore payment</b> has been received from till end of Dec, 2024 through online payment gateway PayGov. Department has received <b>3051</b> applications for access permissions.</p> <p><b>Milestone:</b> <b>Timelines of the project?</b> <b>a. Project start June' 2018</b> <b>b. Pilot</b> <b>c. Go Live Project is Live</b></p> <p><b>Result Achieved/ value delivered to the beneficiary of the Project</b></p> <ul style="list-style-type: none"> <li>Facilitate submission of online application for Access Permission</li> <li>Issuance of online demand through system</li> <li>Online payment and acknowledgement for Registration fee and License fee through Paygov India payment Gateway.</li> <li>Facilitate online submission of site inspection by Divisional Manager through MobileApp.</li> <li>Facilitate issuance of in-principal NOC and final NOC</li> <li>Web services for sharing data for integration/ usages by other IT applications</li> <li>SMS facility for Alert/ Notification</li> <li>Dashboard and Status Monitoring</li> <li>Query/ Reports</li> <li>Tracking of Application</li> <li>Document Advisor for ease in submission of application</li> <li>User management to provide restricted role base access according to scope.</li> <li>Open web technology based application with enhanced security feature.</li> </ul>	
<b>Jan Akansha</b>	<b>District Administration</b>	<b>Implemented</b>
<b>3. Jan Akansha (<a href="https://janakansha.mp.nic.in">https://janakansha.mp.nic.in</a>)</b>		
<p><b>Description of the Project :</b></p> <p>Jan Akansha is a comprehensive solution to manage multiple activities at one place for any government department. It covers Published news feedback, Jan Shivar Management, Officers diary, Tour details, Court Case monitoring, Team management, VVIP letter monitoring, Notice board, Address book, User activity and Time limit</p>	<p><b>Status of the Project</b> Jan Akansha is implemented in 65 offices of government departments and has enrolled approximately 6903 users, with an ongoing monitoring of around 264600 tasks so far.</p> <p><b>Milestone:</b> <b>Timelines of the project?</b> <b>a. Project start Dec' 2015</b> <b>b. Pilot</b></p>	

work monitoring.

### c. Go Live Project is Live

#### Result Achieved/ value delivered to the beneficiary of the Project

- Task and Team management System for timely disposal of work.
- Published News investigation and Feedback management System.
- Jan Aavedan management and process flow computerization.
- Officer's Daily Diary and Tour information System.
- Jan Shivir management and process flow computerization.
- Digital Notice board and Officer's Address book.
- Performance monitoring of Team member and Feedback mechanism.

#### Other distinctive features/ accomplishments of the project

It is an open source product and available as PWA application to all the range of devices, ready to replicate.

**MPLokseva**

**M.P. Public Service Management, GoMP**

**Implemented**

## 4. MPeDistrict – Citizen Service Delivery Portal

### Description of the Project :

To improve Citizen Service Delivery, eDistrict project MMP was conceptualized by Meity, MCIT GOI under the NeGP, which was being implemented by State Government in MP as **MPeDistrict portal** in **September 2012**.

The MMP aims at electronic delivery of identified high volume citizen centric services at district and sub-district level considering it as de facto front-end of government where most Government-to-Citizen or G2C interaction takes place. The core of the MMP Scheme is to ensure delivery of services through the establishment of nearest point of contact.

### Status of the Project

- Successfully implemented in entire State since Sept. 2012 as MPeDistrict
- Application Status as on Dec, 2024  
Total No. of Services covered - **450**  
Total Applications Received -**10.82 Cr**  
Total Applications Disposed -**10.76 Cr**
- No. of Application per day - 40,000 to 50,000
- Application delivery through **1.69L+** point of presence including Lok Seva Kenda, MPO Kiosk and CSC

### Milestone:

**To develop Citizen Service Delivery Portal of Govt of MP for the delivery of all Citizen Services with implementation of MP Public Service Gurantee Act'2010.**

### Timelines of the project

- a. Project start
- b. Pilot
- c. Go Live

**Project is Live**

### Result Achieved/ value delivered to the beneficiary of the Project

**More than Cr Citizen Services have been disposed off using MPeDistrict portal.**

### Other distinctive features/ accomplishments of the project

- To facilitate online registration of application forms for various services which includes all services covered under the Public Service Guarantee Act apart from other services.
- To Build a Work Flow based system and provide facility

	<p>for Note Sheet Preparation, Digital Signing of Note Sheet/Document, forwarding the same to the concerned Office of the DO for further processing, SMS and Email Alerts.</p> <ul style="list-style-type: none"> <li>• To implement concept of e-file.</li> <li>• To bring transparency by displaying real time status, movement and document in the eFile.</li> <li>• To Provide Various Reports and in-depth Data Analysis for timely availability of accurate and reliable information to different stakeholders for effective Decision Making.</li> <li>• To provide information on various Government Schemes and Programmes.</li> <li>• Tatkal Samadhan in One Day time</li> <li>• Application submission by Mobile using eKYC</li> <li>• Delivery of Services through CSC/MPO Kiosks</li> <li>• Delivery of Certificate on Whatsapp and Email</li> <li>• Web Service platform extending access to certificate repository</li> <li>• Online application of selected services Made available on Android and iOS Mobile apps by integration into MPMobile app.</li> <li>• Integration with Other Portals <ul style="list-style-type: none"> <li>• Departmental Portals (like RCMS, Transport, Labour, SAMAGRA etc.)</li> <li>• Digital Locker</li> </ul> </li> </ul>

**9. Madhya Pradesh State PM Poshan Shakti Nirman Portal**

**Description of the Project**  
[<https://pmposhan.mp.gov.in>]

Madhya Pradesh State PM Poshan Shakti Nirman App has been designed and developed by NIC as an e and m-Governance platform for the implementation of the PM Poshan Shakti Nirman Scheme in Madhya Pradesh. It is a work flow based system that covers all the major processes involved in providing cooked meals to students of class 1-to 8 of government and Aided Schools.

The App facilitates mobile based services to Teachers at a School, Agencies functioning as Cooking Agency, Cook-cum-helpers engaged at schools, Block-level Administrators, District-level Administrators and State-level Administrators. Madhya Pradesh State PM Poshan Shakti Nirman Portal is the erstwhile Madhya Pradesh State Mid Day Meal Portal.

**Key Features**

- Integration With Education Portal
  - School Masters
  - Enrollment at School
- Integration with PFMS
  - One Bank Account
  - Digitally Signed Payment Orders
  - Centralized payment
- Integration with AePDS
  - electronic Posting of food-grain release order
  - Authorized nominees of an Agency
  - Collect Ration via PoS at FPS

**Key Processes**

- electronic allotment of Food-grain Release Orders
- e-Payments
  - Cooking Costs and Transportation Costs to Cooking Agencies
  - Honourarium to Cooks
  - MME Cost to School Management Committee
  - Food Security Allowance to Students
  - For food grains supplied to Civil Supplies Corporation
- Evaluation of schools for the implementation of the scheme

**Status of the Project**

**In active use**

**Milestone:**

**Timelines of the project**

**a. Project start- Nov 2021**

**b. Go Live :Project is Live**

**Result Achieved/ value delivered to the beneficiary of the Project**

- Consistency
  - Single source of Schools and their Enrollment
- Just Utilization
  - Rule engine in the system calculates quantities of grains to be provisioned
- Reduced pilferage
  - Distribution of grains after Aadhaar Authentication via AePDS
- Timely payments
  - Sustain and Strengthen the SHGs
  - Incentivizes cooks
- Synergy and Streamlined Operations
  - Enhances accountability
  - Improves productivity and thus aids monitoring and evaluation

**Other distinctive features/ accomplishments of the project**

Use of Mobile Apps for reporting of inspections conducted for the evaluation of the implementation of the scheme,

- For every inspection conducted via the app, a digital report is created. This report is a valuable resource for conducting comprehensive analyses of the scheme's implementation within a school.
- The process of generating digital reports cultivates a sense of ownership within the field team, as it allows them to exhibit their adherence to the established norms for scheme implementation.
- The availability of digital inspection reports facilitates the identification of gaps, strategic intervention planning, seamless tracking of follow-up actions, and assessment of the overall impact of these interventions on the school-level implementation of the scheme.

- Mobile App is used by the field team to register their evaluations

**Department:**

Mid Day Meal Council, Government of Madhya Pradesh.

KPI	Count
Total No of Schools	88,300
Total No of Cooks engaged in the Scheme	2,00,171
Total No of Self Help Groups engaged as Cooking Agencies	65,780
Total No of Monthly Inspections Completed	43,577
Total No of Schools where at least one Inspection was Conducted in this year	72,516
Amount of Cooking Cost paid this month	3.78 cr
Amount of Honorarium paid this month	16.59 cr
Amount of Cooking Cost paid this Academic Year	366.39 cr
Quantities of food grains allotted to schools this Month	402.54 cr
Quantities of food grains allotted to schools this Academic Year	1.14 lakh Metric Tons
Quantities of food grains allotted to schools this Month	10.32 lakh Metric Tons

**Ayushman Bharat  
“Niramayam”**

**State Health Agency, Madhya Pradesh  
GoMP**

**Implemented**

**10. Ayushman Bharat “Niramayam”**

**Description of the Project**

[<https://niramayamp.nic.in/>]

**Niramayamp** (<https://niramayamp.nic.in>) is a web portal developed by NIC for the Madhya Pradesh government to identify eligible beneficiaries for the Pradhan Mantri Jan Arogya Yojana (PMJAY) scheme. Launched in February 2022, it serves as a Beneficiary Identification System, integrating data from various sources including SECC, NFSA, BOCW Board, and the Sambal Scheme. The portal covers 51 districts and 313 blocks in Madhya Pradesh, aiming to provide free medical treatment up to 5 Lakh rupees in empanelled hospitals for eligible beneficiaries.

Key features include:

- Identification of target beneficiaries using multiple datasets
- De-duplication of beneficiaries using analytical approaches
- Public interface for eligibility checking
- Data analytics and real-time updates

Dashboards and reports for various administrative levels

**Department:** Ayushman Bharat - Pradhan Mantri Jan Arogya Yojana (PM-JAY) "Niramayam" State Health Agency, Madhya Pradesh

**Status of the Project**

Niramaya mp is a live application successfully running on the web and is extensively being used under G2G & G2C domain.

**Milestone:**

**Timelines of the project?**

- Project start Feb 2022**
- Pilot**
- Go Live Project is Live**

**Result Achieved/ value delivered to the beneficiary of the Project**

- More than 6 crore beneficiaries identified
- 4 crore cards issued
- More than 25 lakh beneficiaries have availed benefits
- Seamless integration of multiple datasets for comprehensive beneficiary identification
- Real-time eligibility checking for potential beneficiaries
- Enhanced transparency in the beneficiary identification process
- Improved efficiency in card issuance and benefit delivery
- Facilitation of data-driven decision making for health policy and program implementation

**Other distinctive features/ accomplishments of the project**

- Large-scale implementation covering over 4.70 Crore individuals
- Integration with ~846 hospitals for service delivery

- Involvement of ~23,000 Gram Rozgar Sahayak for on-ground implementation
- Collaboration with 2 Third Party Insurance providers
- Comprehensive coverage across 313 Blocks and 51 Districts of Madhya Pradesh
- Robust de-duplication system ensuring accuracy in beneficiary identification
- Real-time data updates enhancing the relevance and reliability of the system
- User-friendly interface for public access to check eligibility
- Advanced data analytics capabilities for insights and reporting
- Scalable architecture capable of handling large volumes of data and users
- Integrated with **CM Swecha Anudan**
- Integration of **NICCI Chatbot** (Digital Assistant from NIC Rajasthan) in Niramaya MP Portal

The Niramayamp portal has significantly contributed to the successful implementation of the PMJAY scheme in Madhya Pradesh, ensuring that health insurance benefits reach the intended beneficiaries efficiently and effectively.

KPI	Count
Total Families Identified	1,55,84,244
Total Beneficiaries Identified	6,01,14,928
Total Cards Generated	3,98,89,623
Total Administrative users	274
Total Eligibility Searches	1,27,56,927

**Shram Kalyan Portal**

**M.P. Labour Department**

**Implementation in all District of M.P.**

### 11. Shram Kalyan Portal

#### Description of the Project

The project is focused on to replace existing manual system of registration of workers and shops etc. to Online system in order to ensure fast, effective, transparent, convenient and hassle-free service delivery to citizens in term of Registration and renewal of construction workers and benefit disbursement to them under various schemes under BOCW module. Over 17.63 Lac workers and 74 Lac family members have been registered by various registering Offices.

Effective implementation of following critical services / modules launched recently:

- Shramik Sewa Mobile App for the management of database of the Unorganized workers.
- Online Cess Collection & Management System, integration with banking software, Cess collection database management is a web based solution to facilitate interbank, high

#### Target User

Service Providers across various Departments

- 313 Block Panchayats (instead of 23006 GPs)
- 336 ULBs
- 53 DLOs
- 336 Lok Sewa Kendras
- 9000+ MPOnline Kiosks

17.63 Lac workers and 63.10 Lac family members have been registered by various registering Offices.

19 Schemes are run by the department through EPO management module.

312crore CESS collected by the system/ Year.  
Funeral Assistance 1,90,820  
Ex-gratia on Normal Death 1,27,450

**Tribal Area Development Portal**

**Tribal Department**

**Implementation in all District of M.P.**

**14. Tribal Area Development Portal**

**Description**

The Constitution has imposed responsibilities on the Governments for the all-round Development of the Scheduled Tribes. There is a special provision in the Indian Constitution for the development of the tribal community. Schedule 5 of the Constitution of India enlarges the executive powers of the State for the administration and control of Scheduled Tribes and Scheduled Areas. On the basis of these powers, the Tribal Area Development Department was established by the State Government for the overall development of the tribal community in Madhya Pradesh. So that the overall policy and plans of programs for the development of Scheduled Tribes can be coordinated in a coordinated and well-planned manner.

An online e-Governance portal system contains following systems:

- Design and development of a Portal for the TADP Department. The portal will help in creation of the awareness about the activities & functions of the department.
- About the department, Aims and Functions of department.
- Field offices of the department, contact details of the officers.
- Dissemination of the authentic information related to the department to all its stakeholders
- Details of welfare schemes being offered to beneficiaries and their dependents, Application formats for seeing the benefit of schemes.
- Chatbot and FAQ management System
- Scheme benefit Eligibility rule-engine and scheme benefit information.
- Simplified interfaces to disseminate the process involved in seeking the benefit of the schemes.
- Rules and regulations for various functions of the department.
- Circulars, Orders, Notices for various stakeholders , Events, Activity Calendar, Progress Reports
- Achievements, News Gallery, relevant News Clips, Success stories

**Target User**

<b>16. Samarth Portal</b>		
<p style="text-align: center;"><b>Description</b></p> <p>De-Notified, Nomadic &amp; Semi-Nomadic Tribal welfare Dept. has been established in 2012-13 for facilitating identification, tracking, development and welfare of ~ 20 lakh residents belonging to De-Notified, Nomadic &amp; Semi-Nomadic tribes residents of State of Madhya Pradesh. A workflow-based and web-based MIS software has to be designed for the verification of data &amp; profile of the Identified persons / families by the officers/offices as designated by the department. An online e-Governance portal system contains following</p>	<p style="text-align: center;"><b>Status of the Project</b></p> <p><b>Samarth Portal &amp; m-Samarth mobile app Inaugurated, on the occasion of Vimukt Divas (31/08/2024).</b></p> <p>Stakeholder District Officer, Volunteers, Citizen.</p> <p>Integration With SAMAGRA and Bharat Maps</p>	

systems:

- Design and development of a Portal for the DNSNT Department. The portal will help in creation of the awareness about the activities & functions of the department. The portal will also allow the target population to know about the schemes & seek the benefit of schemes in a hassle-free manner.
- Online Progress Monitoring and Evaluation System to help in rule-based and automated assessment of the performance of district offices, hostels and other constituents. It will also help in tracking pendency and delays at various levels.
- Dissemination of information related to department: Acts, Notifications, Organization Structure, Budget, Schemes, Offices.
- Identification and registration of families with the help of SAMAGRA ID and residents belonging to De-Notified, Nomadic & Semi-Nomadic tribes and Creation of database of target families, residents for targeted implementation of schemes. Creation of details socio-economic profile of the target families and residents for targeted implementation of schemes.
- Automation of various processes involved in the governance of the department and implementation of schemes
- Content Management System : Tenders, Forms, Events, photo gallery dissemination Of Success Stories, Innovations

**Higher Education Portal**

**Higher Education Department**

**Implemented**

### 17. Higher Education Portal

#### Description

Higher Education department is using an online system, designed and developed by NIC for online, rule-based, effective and transparent implementation of different activities carried out by the department.

**The online & role-based system is being used by the department**

Online & Integrated e-Governance System that caters to all its stakeholders (Students, Teachers, Institutes public, parents and others). Integrated e-Governance Portal will smoothen, streamline and synergize the work processes of each entity and each stake holder. It will provide easy, reachable, fast and transparent services to all concerned. Currently, DHE is associated with over 25 lac Students, 33 Government/Private and other Universities, 1200+ Government Institutions, 1500+ Private Institutions

- Institute Registration/Profile Management System
- Course /Fee Registration and Verification Management System
- Transfer Module Management System

#### Status of the Project

All the Govt and private institutes of the Higher education Department

- Course/ Sub branch Change Management System
- Feedback/ Grievances Management System
- Content management by Institutes and HED/AD offices
- Institute Management
- Smart Phone Distribution Management System
- NOC Management System
- Dynamic Websites Management System for all the institutes
- Institute Related Activities
- Knowledge Management System
- Grievance Management System
- User Feedback Management System
- Content Management System
- Press Release Dissemination Management System
- Teaching-learning platform
- Employee Management System
- ACR Management System
- Time Table Management System
- Daily Diary management System
- Knowledge Management System

**Nirashrit Nidhi Management System**

**Deptt. Of Social Justice and Empowerment of Persons with Disabilities**

**Implemented**

**18. Nirashrit Nidhi Management System**

**Description**

This portal has been designed and developed as an end-to-end e-Payment System to facilitate automation of various processes involved in the utilization of Nirashrit Nidhi using single nodal bank account. It facilitates rule-based e-payment of amounts and ensures transparent and effective utilization of funds.

Provision has been made on the portal to District Officer for making epo and payment of Disabled Vivah scheme without any limit on payment amount.

**Status of the Project**

District Social Justice Office, NGOs, hostels, employees, beneficiaries and other stakeholders who are working in Disability Sector

**Scholarship Portal**

**Deptt. Of SC/ST/OBC , Technical Education and Higher Education**

**Implemented**

**19. Scholarship Portal**

**Description**

<p><b>Description</b></p> <p>Panchayat Darpan Portal is an e-Governance and m-Governance solution designed and developed to facilitate transformation of various processes involved in the functioning of PRIs. The Panchayat Darpan platform includes a suite of web and mobile application. The solution judiciously uses all available cutting-edge technologies such as Digital Signatures &amp; SMS/ OTP based authentication, Encryption, Mobile App, GPS-enabled smart-phones, Geo-tagged photos of works etc.</p> <p>Panchayat Darpan Portal facilitates several systems and modules for PRIs:</p> <ul style="list-style-type: none"> <li>Integrated Works Management System</li> <li>e-Payment Management System</li> <li>Funds/ Receipts Management</li> <li>Vendor/ Payment Receiver Registration and Management</li> <li>Online Tax Assessment and Collection System</li> <li>Meetings/ Gram Sabha Management</li> <li>Administrative Sanctions Management</li> <li>Public Representatives Management System</li> <li>Ladli Bahna Awas Yojana</li> <li>Grih Pravesham</li> <li>UPI and QR Code Management</li> </ul>	<p><b>Status of the Project</b></p> <p>Implemented at State and District and Panchayat level.</p> <p><b>Target User</b></p> <p>District Panchayats : 52</p> <p>Block/ Janpad Panchayats : 313</p> <p>Gram Panchayats: 23011</p>
--	---

- Integrated with 08 nationalized banks for processing e-payments.
- Integrated with Sandesh Messaging Gateway, CDAC SMS Gateway.
- Aadhar e-Sign Service has also been integrated for making document signing easy and hassle-free.
- Dashboard and Analytical Reports for effective monitoring by the State HQ, District and Block level authorities

**New Systems/ Modules designed, developed and deployed:**

1. Panchayat Darpan Portal 2.0 has been made live. The upgraded version (2.0) has new functionalities, features and improved UX/UI. The Web Portal has also been enhanced with the integration of TejasVI and Bharat Map.

2. Billing and Payment Management system for MP Jal Nigam:

System has been designed and developed to facilitate registration, payment and tracking of Water Charges. System facilitates following:

- Profile Management of Project Management Units (PIUs)
- Management of group drinking water schemes operated under PIUs
- Mapping of villages covered for water supply
- Monthly Bill Management System for water supplied to Gram Panchayat
- Registration of Bulk Water Supply Institutes (Urban Local bodies, Schools etc)
- Monthly Bill Management System for water supplied to Bulk Water Institutes

**Target User**

MP Jal Nigam HQ : 01  
 PIUs : 24  
 Gram Panchayats: ~ 2000  
 Villages: ~3800

**SamekitPanchayat Portal**

**Panchayat& Rural Development Department, GoMP**

**Implemented**

**27. SamekitPanchayat Portal, DoPR (Integrated Portal of Panchayat& Rural Development Department)**

Panchayat and Rural Development Department of Madhya Pradesh in collaboration with NIC Madhya Pradesh have designed and developed a Common Integrated Portal named "SamekitPanchayat Portal".

The objective is to provide a common & integrated platform to all its scheme HODs where they can register and showcase the details related to their functions and activities.

The web portal will facilitate registration and publishing of below information:

- Instruction
  - Circulars
  - Orders
  - VC Minutes
  - Tenders
- Document
  - Policies
  - Budget
  - Annual Reports

**Status of the Project**

Implemented at State level.

**Stakeholders:**

Scheme HODs under DoPR, MP

**Target User**

Citizens

- Publications
- RTI Document
- Citizen Charter
- Media
  - News
  - Events
  - Trainings
  - Workshops
  - Photo Album
  - Video Album

**Swachh MP Portal 2.0**

**Swachh Bharat Mission (Grameen), GoMP**

**Implemented**

## 28. Swachh MP Portal 2.0

### Description

Swachh MP Portal 2.0 has been designed and developed as a tool for automation, management and monitoring of various activities and processes involved in the implementation of Phase-II of Swachh Bharat Mission (Grameen). The Portal facilitates role based access to all individuals/ stakeholders for online submission and assessment of their field activities along with knowledge sharing and content management. It also assists in the planning, progress tracking and effective implementation of SLWM projects and activities in the rural areas of the state.

Web Portal role based access to all individuals/ stakeholders and offers following facilities:

- SwachhaGrahi Registration and Profile Management
- Registration and Management of TMU, TMU Members and Master Trainers.
- *IEC Activity reporting* by SwachhaGrahis (Front Line Workers)
- *SLWM Action Plan management* for Planning and progress tracking
- *Expenditure Management*
- *Knowledge Sharing* in the form of Events, Trainings, Workshops & Best Practices
- *Content Management* for Uploading Orders, Circulars, Tenders & Advertisement
- *Training Management and Reporting using Mobile App*
- *Geo-Mapping of Community Assets*

**New Systems/ Modules designed, developed and deployed:**

**Swachhata Hi SewaAbhiyan 2024:**  
[<https://www.swachh.mp.gov.in/Public/SwachhataHiSewa>]

- System to capture activity data under 12 different categories.
- Real-time reporting of activities using Swachh MP ODF+ Mobile App

## 36. CSMS Portal

## Description of the Project

**Civil Supply Monitoring System :**

Civil Supply Monitoring System is G2G and G2B application which aims at achieving complete work flow automation of Civil Supplies department work with the help of Business Community.

Used for Tracking as well as availability of food grain in over the State. In Procurement season Management of transportation of procured food grain from procurement centre to godown is planned with least cost. After procurement season the food grain delivery management is performed as per requirement by inter district and intra district movement.

**The Main Modules in CSMS are:**

- Procurement of Rabi /Kharif /Summer season
- CMYAY (CM Yuva Annadoot Yojna)
- FPS Commission Payment System
- Transportation
- FAQ ,Weighbridge ,Surveyors
- Acceptance
- Payments
- Milling
- Storage
- Fund Management System
- Gunny Bags Management
- Mobile App
- Commodity Movement Order & allocation

**Integrated mobile application:** All-in-one-app with a single app strategy, all users engaged on a single platform for all module which is better than that of multiple app one. We just need to manage a single app. App has been implemented for all the activity of MPSCSC and MARKFED related to quality, challan, etc.

**Transportation:** The online system for simplifying process of calculating cost, imposing penalty on the transporters and ensuring recovery. On the basis of short distance and short expenditure for the transportation of paddy and wheat acquired under Rabi and Kharif procurement, the District Managers were directed to make the transport plan approved by the committee constituted at the district level and accordingly. Transportation in accordance with mapping to reduce transport expenditure.

**FPS Commission Payment System :** FPS commission payment software is implemented for the distribution of commission for FPS which are distributing food grains

## Status of the Project

CSMS Portal is running Successfully in all the districts of MP.

**Current Month Status:****Season Kharif 2024-25 Kharif & Soyabean:**

- Mobile App for **Soyabean Crop** Quality Inspection has been developed and implemented.
- Reports of Soyabean procurement has been developed and implemented.
- Mobile App for **Kharif 2024-25** Quality Inspection has been developed and implemented.
- Pages for the modules of **Kharif 2024-25** procurement has been developed and implemented.
- Fund management system has been successfully implemented.

**Financial Accounting System:**

Financial Accounting System For Sugar & Salt Module (Sanction Letter, Debit note voucher, Credit note voucher, Advice Memo of Debit and Credit Note vouchers.) has been Developed and ready for implementation.

**Food Corporation of India :** Billing Module of CMR has been developed and in pre-implementation phase.

**Procurement:**

- **Soyabean (2024-2025):** Acceptance done with quantity **1.99 Lakh** MT
- **Rabi (2024-2025):**
- Rabi 2024-2025(WHEAT) procurement with no of TC/HC/MC **73721**.
- Rabi 2024-2025(WHEAT) Acceptance done with quantity **48.34 Lakh** MT
- Chana ,Sarso, Masoor (2024-2025) Acceptance done with quantity **6.057 Lakh** MT
- Pulses (2024-2025) Acceptance done with quantity **5.79 Lakh** MT
- Kharif Paddy/Coarse (2024-2025) Acceptance done with quantity **19.05 Lakh** MT
- All the acceptance has been done with mobile app for Soyabean (2024-2025), Rabi 2024-2025 and Kharif 2023-2024 at Godown level.

**Milling:**

- Milling process through software for the paddy of **40 Lakh 77 thousand** MT and CMR received around **27 Lakh 51 thousand** MT for Kharif 2023-24 till date.
- Milling process through software for the paddy of **4 Lakh 58 thousand** MT and CMR received around **0** MT for Kharif 2024-25 till date.
- Milling payment for crop year 2022-2023 module developed and deployed and payment has been done around **63.67Cr**.

under various scheme like NFSA, KKY, ICDS, PDS, etc. to the ration card holders . Data will be taken from the AEPDS software by the web services and calculation based on total no of ration card, schemes , commodity , quantity, etc will be done in CSMS. Commission bill processing modules for the login of FPS, Society ,DSO, Finance Manager , DM will be developed . Auto escalations of bills will be there , If any one of the concerned officer has not process the bill on given time. Now its is running Successfully for the commission of all societies in state of Madhya Pradesh.

**FMS (Fund Management System):** Fund management system has been developed and deployed. In this software system demand from districts will be raised according to the utilization and Head office will release the fund to the corresponding districts.

- Milling payment for crop year 2023-2024 module developed and deployed and payment has been done around **168.12Cr.**

**CMYAY (Chief Minister Yuva Annadoot Yojna):**

- Payment of **Rs. 193.55 Cr** is done for the no of beneficiaries 894.
- Payment of **Rs. 32.32Cr** is done in the month of December 2024.

**FPS Commission Payment System :**

- Payment of **Rs. 267.25 Cr** is done for the no. of beneficiaries 14028.
- Payment of **Rs. 27.30 Cr** is done in the month of December 2024.

**Storage Payment System :**

- Payment of **Rs. 2.7 Cr** is done for the no. of Godowns 10 in the month of December 2024.

**Procurement Season Payment:**

- **Soyabean(2024-2025):** Incidental payment done: Labour 2.98 Cr
- **Rabi 2024-2025 (wheat) :** Incidental payment done : Labour 30 Cr 01 Lakh, Commission 52 Cr 07 Lakh , transporter 17 Cr and 41 Lakh and Unloading: 3 Cr and 68 Lakh.
- **Kharif 2024-2025 :** Incidental payment done : Labour 12 Cr 19 Lakh, Commission 19 Cr 90 Lakh , transporter 61 Lakh 42 Thousand and Unloading: 36 Lakh 15 Thousand.
- **Chana,Sarso,Masoor (2024-2025) :** Incidental payment done : Labour 3Cr 61 Lakh, Handling 17 Lakh
- **Transporter final payment of Rabi 2024-25** is started and done of amount around 4.3 Cr after deducting all type of penalties and TDS.
- **Unloading Final Payment Rabi 2024-2025:** is started and done of amount around 66 Lakh after deducting all type of penalties and TDS.
- **Transporter final payment of Kharif 2023-24** is done of amount around 4 Cr 15 Lakh after deducting all type of penalties and TDS.

**eUparjan**

**GoMP**

**Implementation in all District of M.P.**

**37. eUparjan**

**Description of the Project**

**IT & Software Design, Development, Implementation, Database Management and Analytics for Minimum Support Prices MSP Computerisation**

- **MpeUparjan mpeuparjan.nic.in**
- **Civil Supplies Monitoring System [CSMS]**
- **Warehousing Management System [WHMS]**
- **Just in Time [JIT] including PFMS and SLIA epayments**

**MPeUparjan : MSP Foodgrains Procurement**

**Status of the Project**

Implemented in all Districts of MP with DIOs NIC involvement Stake holders include GoI , GoMP Min. of Food, Dept of Food , Civil Supplies, Min. of Agriculture, Dept of Farmer Welfare and Agricultural Development, Deptt of Cooperatives, District Central Cooperative Banks, MP State Civil Supplies Co, MPSAMB, MPMARKFED, NAFED, FCI, NIC

**e-Hospital/NextGen e-Hospital**

**Health and Family Welfare**

**Implemented**

**38. Name of the Project: e-Hospital (Gas Rahat Client-Server Architecture)**

**Description of the Project:**

eHospital Central project, customised and implemented in 6 Gas Rahat Hospitals, which is standalone in-premise Client-Server architecture based. These six hospitals dedicatedly providing free healthcare facilities to approx 4.38 lakh registered Gas Victims and their dependent family members.

Following are the 6 Gas Rahat Hospitals –

- Indira Gandhi Women & children Hospital (IGH)
- Khan Shakir Ali Khan Hospital (SAK)
- Kamla Nehru Hospital (KNH)
- Jawaharlal Nehru Hospital (JNH)
- Late Rasul Ahmed Siddiqui Pulmonary Medicine Centre (PMC)
- Master Lal Singh Hospital (MLS)

For the integration of patient data available in six Gas Rahat Hospitals and interlinking with that of BMHRC data, NIC designed, developed and implemented Interlinking portal <https://gasrahat-hospitals.nic.in/> to facilitate display of medical history, treatment details, medicine details, visit history, laboratory, investigations etc of Gas Victim

**Status of the Project**

Customized eHospital Central project implemented in 6 Gas Rahat Hospitals in Bhopal

**Rajbhavan Portal**

**Rajbhavan**

**Implemented**

**39. Rajbhavan Portal**

**Description of the Project:**

**Rajbhavan Portal** Office of Governor of MP is maintaining portal for dissemination of information and services online. Portal is being updated regularly using different modules by respective authorities dynamically. Sections related to Governor’s News, Speech, Photos,

**Status of the Project**

Implemented

Media Scan, Events, and Employees details, Advertisement etc. are being released and displayed dynamically.

**Online Vice Chancellor Appointment System** The portal system shares the login credentials of the applicant via SMS on their registered mobile number. The applicant may then fill up the required details on the portal and submit their final application on the system post which an e-Receipt as well as a copy of their submitted application can be downloaded by the applicant.

**University Monitoring System**

Developed and implemented University Monitoring System which captures detail of activities of Govt. Universities.

**Guest Monitoring system**

It is used for generation of Invitation Labels for various events and Ceremonial wishes to dignities from the Governor House such as oath ceremonies of Hon'ble Governor, Chief Minister and Cabinet Minister of MP, Republic day event etc.

**e-Office (Mission Mode Project)-** Implemented the e-Office project in Governor House to create paperless, transparent and accountable public grievance system.

**SWAGATAM (e-Visitor)**

Successfully implemented Swagatam (e-Visitor), Gateway to visit governor office. This application is used for gate pass registration of any citizen seeking for appointment with government officer

Successfully implemented

Implemented for entire 21 State Govt. Universities

Successful implemented

600+ public grievances registered and forwarded to Departments for disposal.

60 visitor gate passes issued on this month.

## 6. National level Software Projects

(Development/ Implementation/support/ consultancy aspects)

### 1. Name of the Project : PRAGATI

#### Description of the Project:

Extending complete Technical Support to Office of the Chief Secretary for prestigious PMO Project - 'PRAGATI'.

#### Status of the Project

Running

### 2. Name of the Project : GePNIC (mptenders.gov.in)

#### Description of the Project:

National Informatics Centre (NIC), Ministry of Electronics & Information Technology, in close association with the Procurement Policy Division, Ministry of Finance, has developed, hosted and implemented the Central Public Procurement Portal customized to cater to the electronic procurement/ tendering requirements of the Central Government Departments and other organizations. The primary objective of the portal is to provide a single point access to the information on procurements made across various Ministries and the line Departments.

#### Status of the Project

More than 8778 department/ institutes users onboarded and 74333 registered bidder on the mptender portal.  
Total Tender Published till Dec, 2024 : 434584

### 3. Name of the Project : e- Transport MMP

#### Description of the Project:

E-Transport MMP - Vahan Sarathi and its various modules like PUCC, Permit and Check Post etc. along with various Citizen Centric Services modules for the entire Madhya Pradesh. Also implemented IRAD, e-Challan and ITMS Modules.

#### Status of the Project

Running across all RTOs

### 4. Jeevan Pramaan(Digital Life Certificate for Pensioners)

#### Description of the Project:

Jeevan Pramaan is a biometric enabled digital service for pensioners. Pensioners of Central Government, State Government or any other Government organization can take benefit of this facility.

#### Status of the Project

78016 digital life certificate generated for current cycle of State government pensioner in the year. For current year DLC submission in progress.

Support extended to the army persons welfare office to set up the system to issue the live certificates to ex-serviceman.

## 5. eTaal (Electronic Transaction Aggregation & Analysis Layer)

Description of the Project:	Status of the Project
An aggregated view of e-Transactions performed through eGovernance applications.	eTaal presents quick analysis of transaction counts in tabular and graphical form to give quick view of transactions done by various e-Governance projects. 61 projects and 210 plus services were successfully enrolled till date and given approx 835 Crore transactions till date.

## 6. GST Prime

Description of the Project:	Status of the Project
GST-Prime is a product to help the Tax administrators to analyse and monitor the tax collection and compliance within their jurisdiction. The system caters to the requirements of the Field-level officers and Enforcement/Intelligence officers to help improve the tax collection. This product is expected to improve the GST compliance, increase the tax collection, increase the tax base, detect the tax evasion and fraud and predict the effect of policy change.	<i>Implemented</i>

## 7. eOffice MMP Madhya Pradesh

Description of the Project:	Status of the Project
<p>As per the decision of State Apex committee chaired by Chief Secretary, MP, eOffice Premium was rolled out in all 56 Departments of State Secretariat (Mantralaya) on 4th April 2018 with collocation hosting setup provisioned at the State Data Centre.</p> <p>Prior to rollout, "Mantralaya Office Procedures Manual" was rewritten as per eOffice based electronic filing and approved by State Cabinet. Standardization of Common File Heads , Creation of NIC/Govt. Email ID , Procurement of 580 computers and 140 Scanners, Training and Capacity Building for all user levels (including Ministers), Digitization of files and migration to eOffice were some of the major key activities accomplished. .</p> <p>Chief Secretary, during a project review meeting, further instructed to rollout eOffice across the all levels of govt. functioning, i.e., HOD, Divisional and District Level</p> <p>For effective implementation at Division/District level , Government of MP has nominated DIO NIC as Nodal Officer and a Project Implementation Committee(PIC) is formed under the chairmanship of District Collector for regular monitoring. Collectorate Manual has also been accordingly modified.</p> <p>Other modules of eOffice suite viz. eLeave, eTour, KMS etc. have also been implemented by some departments since year 2021.</p>	<p>1) eFile No. of onboarded Departments (Mantralaya) – 54  No. of onboarded HoDs -104  No. of Divisional Commr. offices onboarded -3  No. of districts onboarded – 22  No. of Tehsil offices onboarded – 65</p> <p>2) eTour Implemented for IAS officers posted at the State Secretariat</p> <p>3) eLeave Implemented for all IAS and IPS officers of the State Secretariat Implemented for MP Mantralaya Service</p> <p>4) KMS Implemented for all Mantralaya Departments</p>

Currently 6 eOffice application instances(2 running on version 7.x and 4 running on version 5.x) in collocation mode have been deployed in MP. Work is in progress to migrate remaining the 4 instances to cohosting mode and upgrade the application to ver7.x as well. All six eOffice instances for Govt. of MP have been successfully migrated to version 7.x in co-hosting setup of State Data Centre.

Employee Data Updation for Mantralaya completed. Conduction of refresher trainings completed. Hon'ble CS, CS and their offices moved their first electronic file through eOffice application on Jan 01, 2025.

### 8. SPARROW- CENTRAL CADRES (IAS, IPS, IFS)

#### Description of the Project:

It is a system to facilitate on-line submissions and tracking of PAR's(Performance Appraisal Reports) of officers of Central Services and filing of their Property Returns every year.

#### Status of the Project

- 1) Application operationalized for all officers of IAS MP cadre in April 2015. Running successfully since then.
- 2) Rolled out for all IPS officers of MP cadre in year 2016. Running successfully since then.
- 3) Rolled out for all IFS officers of MP and running smoothly since year 2017

### 9. SPARROW- STATE CADRES

#### Description of the Project:

It is a system to facilitate on-line submissions and tracking of PAR's (Performance Appraisal Report) and submission of IPRs (immovable Property Returns) of employees of various departments/services of GoMP.

First SPARROW application/ service for State Govt was rolled out by GAD for officers of State Administrative Service in year 2016. This was followed by onboarding the employees of 24 other departments and many implementation requests are still in the pipeline. Govt is desirous to implement SPARROW application for all govt. employees of the state before March 2026

Currently 2 SPARROW application instances have been deployed in collocation mode at the State Data Centre. Work is in progress to migrate the existing instances to cohosting setup@SDC. With increased user base, number of cohosted SPARROW instances may need to be increased in near future.

#### Status of the Project

- 1)No.of Depts onboarded -25
- 2) No. of users – 33,979
- 3)No. of services - 50

### 10. Name of the Project : National eMARG (National e-Maintenance of Rural Road under PMGSY) (<https://emarg.gov.in>)

#### Description of the Project:

Rural connectivity is a key component of sustainable rural development in India, and is a key ingredient in ensuring poverty reduction. Government of India launched a massive rural roads development program **Pradhan Mantri Gram Sadak Yojna(PMGSY)** in year 2000 with the objective of providing all-weather road to unconnected habitations having population of 500+ in normal blocks & 250+ in tribal blocks.

Under PMGSY, 5.50 Lakh Km rural road has been constructed since inception of the scheme and is likely to add about 2.60 Km in another 5 years. PMGSY has an in-built provision for 5 year maintenance of roads and at

#### Status of the Project

National eMARG is implemented nationwide covering 30 states. **Payment of Rs. 3852 Crore** under DLP and **Rs. 2135 Crore** under PostDLP have been disbursed to contractors directly to their bank account till end of Dec, 2024. Department has conducted **33.35 lakh inspections** under DLP and **16.53 lakh inspections** under PostDLP..

#### Milestone:

#### Timelines of the project?

- a. Project start Mar' 2019
- b. Pilot
- c. Go Live Project is Live

present around 2 Lakh Km is under it. Ministry of Rural Development (MoRD), Govt. of India & National Rural Infrastructure Development Agency (NRIDA) have been continuously stressing importance of maintenance and reviewing the status with states.

In order to address issues related to maintenance and to stream line, it has been planned for national rollout/ implementation of **eMARG (electronic Maintenance of Rural Roads under PMGSY)**. MoRD entrusted National Informatics Centre (NIC) for its customization and rollout. eMARG is a Enterprise e-Governance solution to aid and assist the Govt. officials, Civil Contractors, SQC, SQM, Banks and general public. Its end-to-end solution which provides restricted role-based access via internet. eMARG is re-orientation from discretion-based system to a uniform standardized transparent process oriented system. It is fusion of innovative technologies GIS, Cryptography, Open Source, Remote Sensing, 3 M (Mobile, Messaging & Mail). NIC M.P. developed this solution for the state of Madhya Pradesh and take it further for rollout on national-level.

**Memorandum of Understanding (MoU)** for eMARG was signed between NRIDA, MoRD, GoI, NIC & NICS I on 27<sup>th</sup> December 2018 in N.Delhi. Secretary, DoRD, MoRD, GoI, Director General NIC, Director General NRIDA & Joint Secretary MoRD, Managing Director, NICS I were also present during the signing ceremony held in Krishi Bhawan, N.Delhi.

### **Result Achieved/ value delivered to the beneficiary of the Project**

Single sign-on (SSO) feature of eMARG facilitates single entry point to users of various departments in states as per their uses/ access scope. Following are some important existing features of DLP & Post DLP modules:

#### **DLP :**

- Masters for 5 year maintenance rates for roads for five years (at State-level)
- Facility for Verification, freezing and locking of package
- Online monthly bill generation, submission & tracking by the Contractor for Routine Maintenance
- Bill Invoice generation and processing for Initial Rehabilitation Works of balance work packages
- Online generation of voucher, scroll and its digital signing for secure digital payment
- On-site Routine Inspection using android-based Mobile App available on Google Play Store.
- Performance Evaluation inspection by field Officers.
- Inspection linked Payments to the Contractors
- Interface for Bank authority towards disbursement of payment.
- Notification/ alerts through SMS/ SMTP services.
- Transfer of road (Full/Partial length)
- Termination/Balance Work creation of a package
- Pre-closure/Completion of a package
- Allocation (IR) revision module
- Electronic Dashboard, Analytics and status monitoring tools
- Query/ Search/ reports
- E-mail/ SMS alerts/ Notification App available on Google Play Store
- Google/HRSI interface.

#### **Post DLP :**

- Masters for Pre-renewal/Post-renewal maintenance rates for roads for five years (at State-level)
- Facility for creation of packages and addition of roads (Released from DLP maintenance or received from OMMAS through Web Service) for PostDLP maintenance
- Verification, freezing and locking of package
- Online monthly bill generation, submission & tracking by the Contractor for Routine Maintenance
- Bill Invoice generation and processing for Initial Rehabilitation, Renewals and Emergency Works
- Online generation of voucher, scroll and its digital signing for secure digital payment
- On-site Pre-IR, post IR, Routine and Renewal Inspection using android-based Mobile App available on Google Play Store.
- Performance Evaluation inspection by field Officers.
- Inspection linked Payments to the Contractors
- Interface for Bank authority towards disbursement of payment.

- Notification/ alerts through SMS/ SMTP services.
- Transfer of road (Full/Partial length)
- Termination/Balance Work creation of a package
- Allocation revision module
- Pre-closure/Completion of a package
- Electronic Dashboard, Analytics and status monitoring tools
- Query/ Search/ reports
- E-mail/ SMS alerts/ Notification App available on Google Play Store.
- Google/HRSI interface.

### 11. Name of the Project : Survey Of Villages Abadi And Mapping With Improved Technology In Village Areas (SVAMITVA)

#### Description of the Project:

SVAMITVA, a Central Sector Scheme of Ministry of Panchayati Raj was nationwide launched by the Hon'ble Prime Minister on National Panchayati Raj Day, 24th April 2021 after successful completion of pilot phase of scheme ( 2020-2021) in 9 states. Scheme is a reformative step towards establishment of clear ownership of property in rural inhabited ("Abadi") areas, by mapping of land parcels using drone technology and providing 'Record of Rights' to village household owners with issuance of legal ownership cards (Property cards/Title deeds) to the property owners. The Scheme is implemented with the collaborative efforts of the Ministry of Panchayati Raj, State Revenue Department, State Panchayati Raj Department and Survey of India. The scheme covers multifarious aspects viz. facilitating monetization of properties and enabling bank loan; reducing property related disputes; comprehensive village level planning, would be the stepping-stone towards achieving Gram Swaraj in true sense and making rural India Atmanirbhar. The scheme seeks to achieve the following objectives: -

- Creation of accurate land records for rural planning and reduce property related disputes.
- To bring financial stability to the citizens in rural India by enabling them to use their property as a financial asset for taking loans and other financial benefits.
- Determination of property tax, which would accrue to the GPs directly in States where it is devolved or else, add to the State exchequer.
- Creation of survey infrastructure and GIS maps that can be leveraged by any department for their use.
- To support in preparation of better-quality Gram Panchayat Development Plan (GPDP) by making use of GIS maps

#### Status of the Project

SVAMITVA is implemented in the state of MP. More than **3324064 property cards** have been distributed to the beneficiaries and **drone survey of 42903 villages** has been completed.

### 12. Parivesh

#### Description of the Project:

In pursuant to 'Digital India' and capturing the spirit of Minimum Government and Maximum Governance, a Single-Window named PARIVESH (Pro-Active and

#### Status of the Project

Implementation Support

Responsive facilitation by Interactive, Virtuous, and Environmental Single Window Hub) has been developed by the MOEFCC through NIC.

Encouraged by the success of the existing PARIVESH its scope has been further on boarded with a technology-driven and professionally run institutional mechanism, to provide a comprehensive single window solution for the administration of all green clearances and monitor their subsequent compliance across the nation. Process transformation, technology transformation, and domain knowledge intervention were the key drivers behind the framework of the new PARIVESH 2.0

### 13. Name of the Project : NIC Forms (<https://nicforms.nic.in>)

#### Description of the Project:

NIC Forms is a utility product developed at NIC Madhya Pradesh that facilitates government employees in data collection from several sources, by providing facilities to create and publish forms easily, with little or no programming knowledge. Using NIC forms tool, one can design formats to collect and organize information big or small. With user friendly form management facility, creation, sharing and management, in other words, complete lifecycle of data collection forms is accomplished. Government employees, having @gov.in/@nic.in email, can onboard into this platform using simple email verification process and start using NIC Forms application.

#### SALIENT FEATURES:

1. Generic Application Solution
2. No Programming Expertise and Efforts
3. Data Reporting/Analytics: Data can be shared in the form of web reports, downloadable Excel/CSV formats or REST APIs
4. Manage Lifecycle: Once the purpose of a form is fulfilled it can be deactivated /deleted easily
5. Different Modes of Form Sharing: Allow public / specific users (password protected) form sharing, for data entry.
6. Audit Trail: Data audit trails for accountability.
7. Mobile Interface: Although Forms designed are responsive and can work on any screen, to ensure always available target user android mobile application is also available. With mobile application one can send instant push notification regarding data collection.
8. Print Acknowledgments: Print acknowledgments for every form response for reference Ids.
9. Data Validation: Restrict user from making irrelevant data entries with built-in form validations and other form element settings.
10. Local Language Support: (Unicode) for designing forms and collecting responses.
11. Multiple Form Themes: Different form themes to match user requirements.

#### Status of the Project : Live

#### Development and implementation support

#### IMPACT

1. Efforts involved in developing altogether a new application every time for simple data capturing can be avoided. A single form (with web/mobile UIs) and report can solve the problem.
2. The process of new application hosting, domain name registrations, SSL integrations and security audits can be avoided for data collection related requirements.
3. Development of mobile application afresh for every simple data collection process can be avoided.
4. Saves efforts of users who are indulged in creating forms and applications in tedious ways for simple data collection and analytics.

KPI	Count
Total Forms:	4404
Total Responses:	5.79 Lacs
Total Users:	9483

12. Reusable Form Templates: Use from form templates gallery to design your form.
13. Selected as product under product from state category.

**Integrations:**

1. PARICHAY (Single Sign-on )
2. CollabFiles
3. BharatMaps (Visual Analytics)
4. Relay Services
5. Sandes (Government Messaging Platform)
6. Jan Parichay (Single Sign-on)
7. TejasVI for Data Analytics and Visualizations

**14. Name of the Project: e-Hospital/NextGen e-Hospital**

**Description of the Project:**

The e-Hospital application is being offered as an as-is product to the government hospitals across the country through SaaS (Software as a service) model. The modules of e-Hospital application which are currently available on cloud are Patient Registration (OPD & Casualty), IPD (Admission, Discharge & Transfer), Billing, Lab Information System, Radiology Information System, Clinic, Dietary, Laundry, Store & Pharmacy and OT Management.

**Hospital@NIC Objectives:**

The e-Hospital project was initiated with the following objectives:

- To provide the e-Hospital, e-BloodBank and ORS applications to government hospitals
- To provide online patient portal for delivery of citizen centric services like online appointment booking, access to lab reports online and blood availability status
- To provide application related technical support to the hospitals through dedicated Call Centre/ Helpdesk

**Status of the Project**

e-Hospital is Implemented in 46 hospitals of M.P.

Total hospitals on-boarded on NextGen e-Hospital in M.P: 05

- Total hospitals migrated to NextGen e-Hospital in M.P. : 19

**15. Immigration, Visa, Foreigner’s Registration and Tracking (IVFRT)**

**Description of the Project:**

Immigration, Visa, Foreigner’s Registration and Tracking (IVFRT) is one of the central a Mission Mode Projects (MMP) in the National e-Governance Plan (NeGP) which is conceptualized with an aim to enhance the experience of in-bound and out-bound travellers from and to India by looking into the aspects of Passport, Visa, Immigration, Foreigners’ Registration and Tracking with a vision ‘to develop a secure and integrated service delivery

**Status of the Project**

The various modules of IVFRT Project have been successfully implemented and working in 52 Foreigner Registration Offices of the state, the State FRO at PHQ, Bhopal and the State Home Department at Mantralaya, Bhopal.

The IVFRT system is also successfully working at the ICPs at Devi Ahilya Bai Holkar International Airport,

framework that facilitates legitimate travellers while strengthening security.’

There are application modules which are designed to provide secured ICT based solution for various stakeholders at the district as well as the state level. The various application modules of IVFRT being implemented in Madhya Pradesh are as follows:

- **eFRRO Module** : Centralized eFRRO Module is a web based module for computerizing all activities of Foreigner Regional Registration Offices (FRROs) and Foreigner Registration Offices (FROs)
- **C-FORM Module** : C-Form module is for online filing of C-Forms of foreigner by keepers of Hotels, Guest Houses, Dharamshalas, etc.
- **S-FORM Module** : Student Form module is for online filing of S-Forms of foreigner foreigner students studying in educational institutes.
- **PRC Module** : This module helps to clear Prior Reference Check applications received from the missions within the stipulated time frame of 21 days.
- **DPM Module** : This module equips the State Police up to the district level with authentic foreigners information in their jurisdiction. It also enables the tracking of illegal immigrants across the country.
- **Immigration Control System (ICS)** : The ICS module is for computerizing the Immigration services at the Immigration Check Posts.
- **Nationality Status Verification (NSV)** : A web based online system for assisting Indian Missions abroad for verifying a person’s Indian citizenship who is alleged to be an Indian national.
- **Sri Kartarpur Sahib** : This module facilitates the processing of Sri Kartarpur Sahib Application

Indore and Raja Bhoj Airport, Bhopal

### 16. National Database of Arms Licence (NDAL)

#### Description of the Project:

**National Database of Arms Licence – Arms Licence Issuance System (NDAL-ALIS)** is an online web based arms licence issuance system. It is a work-flow and role-based ICT solution for Arms Licence Issuing Authorities across the country. The system facilitates in generation of a Unique Identification Number (UIN) for each new arms licence holder and also helps in providing the various arms related services to the existing licence holders

#### Status of the Project

**NDAL-ALIS** has been currently implemented in the offices the Arms Licence Issuing Authorities (ALIAs) of all the 52 districts of Madhya Pradesh. At the State Level, it has also been implemented in the State Home Department

### 17. ePrisons

#### Description of the Project:

An e-governance G-2-G and G-2-C cloud based on-line system which covers entire lifecycle of an inmate inside the prison. It is a complete role based

#### Status of the Project

Implemented in 129 Jails that includes 11 Central Jails and 41 District Jails

online solution for all the activities of a prison

**Main objectives of ePrisons** are to automate all day to day activities of prison and prisoners and to share/integrate the data/details with various agencies like police, court etc. It covers prisoner induction, capturing prisoner biometrics, prisoner movement, inter-state transfer of the prisoner, and record data about crime, criminal and medical history of the prisoners. It also automates the visitor management system and keeps all the record with photo of visitors.

### Features

- ❖ Common software system for all the prisons throughout the country;
- ❖ Better day to day prison administration by eliminating cumbersome manual tasks;
- ❖ Integrated data about crime and criminal history of the prisoners;
- ❖ Support for police and other investigating agencies (Inmate lookup search, search under various sections and crimes, markup facility);
- ❖ Quick and efficient report generation for various purposes.
- ❖ Analysis of various trends and statistics of crime and criminals;
- ❖ Secured Access of data to Courts, Police and other investigating agencies
- ❖ Offers various citizen centric services, Online Visit registration, eMulakat, etc.

### Functional Coverage

- ❖ Prisoner Management System.
- ❖ Visitor Management System
- ❖ Police Intelligence System.

## 18. Mission Vatsalya

### Description of the Project:

The Mission Vatsalya portal is a digital platform that helps with the care and development of children in need, including those who are missing, orphaned, abandoned, or surrendered:

- ❖ **Track missing children:** Use the Khoya-Paya feature to report sightings of missing children
- ❖ **Find adoptive families:** Use the CARINGS feature to find adoptive families for children in need
- ❖ **Monitor progress:** Use the ICPS portal to monitor the progress of the Mission Vatsalya scheme
- ❖ **Access resources:** Access resources and

### Status of the Project

Successfully operational in all the districts of Madhya Pradesh

support for children facing challenges

## 19. Interoperable Criminal Justice System (ICJS)

### Description of the Project:

**The Interoperable Criminal Justice System (ICJS)** has been conceptualized with an objective to facilitate delivery of justice by digitizing, inter-linking and exchanging data among the various pillars of justice like :

Courts (CIS)  
Police (CCTNS)  
Prison (e-Prisons)  
Prosecution (e-Prosecution)  
Forensic (e-Forensics)

**e-Forensics** system meets the requirements of ICJS from the FSL.

**e-Prosecution** is designed to meet the requirements of ICJS from Prosecution

### Status of the Project

Sharing of data is taking place between the various pillars of justice in the state through ICJS.

e-Forensics is successfully implemented in 7 Forensic Laboratories of M.P. and 1 Central Forensic Laboratory at Bhopal.

e-Prosecution is successfully implemented and working in all the 51 District Prosecution Offices (DPO) of M.P. and the Directorate of Prosecution at Bhopal

## 20. Name of the Project: eShram Portal

### Description of the Project:

The Ministry of Labour & Employment which is one of the oldest and important Ministries of the Government of India, is continuously working on improving life and dignity of Labour force of country by protecting & safeguarding the interest of workers, promotion of welfare and providing social security to the Labour force both in Organized and Unorganized Sectors by enactment and implementation of various Labour Laws, which regulate the terms and conditions of service and employment of workers.

Accordingly, Ministry of Labour & Employment has developed eShram portal for creating a National Database of Unorganized Workers (NDUW), which will be seeded with Aadhaar. It will have details of name, occupation, address, occupation type, educational qualification, skill types etc. for optimum realization of their employability and extend the benefits of the social security schemes to them. It is the first-ever national database of unorganised workers including migrant workers, construction workers, gig and platform workers, etc.

- Creation of a centralized database of all unorganized workers (UWs) including Construction Workers, Migrant Workers, Gig and Platform workers, Street Vendors, Domestic Workers, Agriculture Workers, etc., to be seeded with Aadhaar.
- To improve the implementation efficiency of the social security services for the unorganized workers.(ii) Integration of Social Security

### Status of the Project

The Project is successfully implemented in all locations and Districts of M.P.

Portal is integrated with the State Shram Sewa Portal GoMP.

<p>Schemes meant for UWs being administered by MoLE and subsequently those run by other ministries as well.</p> <ul style="list-style-type: none"> <li>• Sharing of information in respect of registered unorganised workers with various stakeholders such as Ministries/ Departments/ Boards/ Agencies/ Organisations of the Central &amp; State Governments through APIs for delivery of various social security and welfare schemes being administered by them.</li> <li>• Portability of the social security and welfare benefits to the migrant and construction workers.</li> </ul>

**21. Name of the Project: Audit Online (Ministry of PanchayatiRaj GoI)**

<p><b>Description of the Project:</b></p> <p>Audit Online is a configurable platform enabling Government entities to facilitate their internal and external audits and to comply with the Comptroller and Auditor General of India's (CAG) defined standards and guidelines. It aids effective auditing by ensuring tracking &amp; monitoring of end-to-end auditing process including follow-up of audit observations, audit paras and action taken on audit paras. It has significantly simplified scheme-based audit of Panchayats' accounts at all three levels (District, Block and Village). Envisaged to record details as per the state-specific audit manuals, along with the capabilities to serve the purpose of maintaining past audit records of the auditee with an associated list of the auditors assigned and the audit team involved in the act while setting out as an impeccable tool for Audit, improvising transparency &amp; accountability. And since auditing is a critical business requirement hence Audit Online's architectural aptness may be utilized to facilitate Urban Local Bodies (ULB) and Line department audits with a little alteration.</p>	<p><b>Status of the Project</b></p> <p>The Project is successfully implemented in all Districts of M.P. and State Level.</p> <p>For Financial year 2023-24</p> <p>Year Book Closed - 245317 Year Book Not Closed - 238918 Enlisted Auditees - 261580 Audit Plans Prepared - 47406 No. of Observations Recorded - 26211</p>

#### 24. SWAGATAM (e-Visitor)

##### Description of the Project:

Successfully implemented Swagatam (e-Visitor), Gateway to visit governor office. This application is used for gate pass registration of any citizen seeking for appointment with government officer

##### Status of the Project

40 visitor gate passes issued on this month

#### 25. e-Granthalaya

##### Description of the Project:

e-Granthalaya is an Integrated Library Management Software developed in NIC for Automation and Networking of Indian Libraries. Played a coordinator role to Central/State and District administration in implementation of applications under this project.

Solution provided to MP with creation of 10 Clusters on Cloud. Total 537 User Credentials including 16 Universities and 521 Colleges Created.

##### Status of the Project

Running  
544(On boarding 537)

23 Govt. Colleges of M.P. and Total no. 97 Thousand Books uploaded and 12 Thousand Members registered in the e-Granthalaya software in the month of December 2024.

Till now, data of 71 Lakh 85 thousand books and 08 Lakh 97 thousand Members data have been uploaded in e-Granthalaya Software.

1 Day Online Training imparted to the 65 Librarians of the MP Govt. Colleges - Dated - 06/12/2024

1 Day Online Training imparted to the 80 Librarians of the MP Govt. Colleges - Dated - 14/12/2024

## 7. Major Projects under Development/ Implementation

### 1. National e-Vidhan Application (NeVA) – for MP Vidhan Sabha

NeVA implementation in MP Vidhan Sabha

Implementation of NeVA Project with full computerization of Vidhan Sabha towards the less paper / paperless office.

### 2. Name of the Project : Digitalization of Mantralaya Records (GAD)

#### Description of the Project:

As a part of AtmaNirbhar MP initiative, scanning agency was hired by GAD to OCRize old Mantralaya Records/files(about 2 crore pages) housed in govt. record room since 1950's. For seamless storage/retrieval, referencing and searching within scanned documents, GAD decided to use KMS Module(Document Management System) of eOffice suite.

As instructed by GAD, a web application was also designed and developed by NIC for online monitoring of the entire digitization process, which is still going on and is likely to continue till March 2025.

Based on the KMS reports, uploaded pagecount for each month is calculated and shared with GAD for release of payment to the scanning agency/vendor.

#### Status of the Project

Partially implemented.

About 1,41,485 files from 32 Mantralaya Departments have been uploaded to KMS till now.

### 3. Name of the Project : Mobile Application on Medico Legal & Post Mortem Reporting

#### Description of the Project:

Directorate of Health services Government of Madhya Pradesh has requested mobile version of MedLeaPR system. Development of mobile application aimed at strengthening Government-to-Government (G2G) services providing convenient solution for preparing two main forms medico legal case (Form-II Injury) and post mortem (Form-VI) reports in standard formats on mobile device. Mobile application will allow medical expert to register patient/victim and prepare MLR/PMR reports in standard formats. Mobile technology (gesture and sensors) will be leveraged to reduce efforts and time in preparing medico legal reports in standard formats.

The Medico Legal Report (MLR) and Post Mortem Report (PMR) are medico-legal reports prepared by medical experts after the examination of patient. Medico legal reports plays a crucial role in providing objective and expert medical opinions of medical experts that assists in legal decision-making. It's important that these reports are prepared with care, accuracy and adherence to ethical standards, as they can significantly impact legal outcomes. These reports are used for statistics purpose by individuals, various government institutions, family of the deceased or injured, the physician, hospital, legal certification authority, the police, the judiciary, insurance company etc.

#### Status of the Project

Project under Development

### 4. Name of the Project : Pratibimb Mobile App (IOS Version)

#### Description of the Project:

Pratibimb is a NIC-developed mobile application designed for document scanning and management. It offers advanced features like image enhancement, document editing, and PDF creation while prioritizing user privacy. The app stores all scanned documents locally on the device, making it suitable for handling

#### Status of the Project

IoS version is under development.

confidential information. With a user-friendly interface and support for multiple languages, Pratibimb aims to simplify document digitization for government and general use.  
Key features include document scanning, image quality enhancement, adding headers/footers, and secure local storage.

#### 5. Social Audit Module in Madhya Pradesh State PM Poshan Shakti Nirman Portal

##### Description of the Project:

State PM Poshan Shakti Nirman Portal is being used to streamline and hassle free implementation of the PM Poshan Shakti Nirman Scheme in the State. The Portal is being augmented with a new system for reporting of Social Audit of the PM Poshan Shakti Nirman Scheme.

The new system would facilitate the Social Audit of the Scheme by

1. Cataloguing 8 dimensions/areas viz. Infrastructure, Hygiene, Compliance, Vocal for Local, Food & Nutrition, Finance, Social Equality and Health
2. Audit Team reporting of school using the pre-filled form and register their findings on the System
3. Gap identification in the audit reports.
4. An Action Taken Report on the remedial actions taken by the field team for the resolution of the gaps identified in the audit report.

##### Status of the Project

Project under Development

#### 6. SwasthyaPrahari - Online Application Suite for Food & Drug Controller, Madhya Pradesh

##### Description of the Project:

Food and Drug Administration (FDA) is responsible for implementation of the Food Safety and Standards Act, 2006, its regulations and rules, 2011, and the Drugs and Cosmetics Act, 1940, along with its rules, 1945. The services provided by this administration are directly related to the general public and the food/drug businesses.

The End-to-End Solution will cover following areas of the office to provide safe, efficient & quality drugs/food/cosmetics & medical devices to the public –

1. Web and mobile applications for end-to-end FDA processes
2. Digital management of drug inspections and sample collection
3. Laboratory reporting and tracking system
4. Real-time monitoring through dashboards and KPIs

The Project Proposal is submitted to the user department.

##### Status of the Project

Project initiated

#### 7. Local Body Accounts Application for Directorate of Economics & Statistics, Government of Madhya Pradesh

##### Description of the Project:

The Directorate of Economics and Statistics is the key department for proper monitoring and implementation of Government Schemes.

The following are the key responsibilities of the DES:

1. Provides realistic socio-economic data.
2. Coordinates public welfare schemes.
3. Collects, compiles, surveys, analyzes, and evaluates basic development data.
4. Ensures coordination of statistical activities across various government departments.
5. Supplies crucial statistics for development plans to state and central governments.

##### Status of the Project

Project initiated

Department has entrusted NIC Madhya Pradesh for design and development of Local Body Accounts Application. The application will capture the budget and expenditure of various local bodies. The various reports, dashboards will be prepared for Data Analytics. The Project Proposal is submitted to the user department.

### 8. Ayushman Bharat “Niramayam”

#### Description of the Project:

Integration of NICCI Chatbot (Digital Assistant from NIC Rajasthan).

#### Status of the Project

Project initiated

### 9. Nextgen e-Hospital

#### Description of the Project:

- NextGen eHospital is a micro services based next generation generic software which covers major functional areas of the hospital management.
- NIC MP has developed the Patient Registration Module(OPD) and Laundry Module of NextGen eHospital.
- NextGen eHospital is built on Open Source Software tools and technologies includes Angular, Spring boot, Java, Node JS ,Hibernate, Swagger, MySQL, PostgreSQL, Redis, Kafka, etc

#### Status of the Project

-Patient Registration Module(OPD) is successfully running on 1294 hospitals of the Country  
 - Laundry Module is developed and available for roll-out  
 - Necessary enhancements in these modules are being carried out as per requests from the Central Team.

### 10. Ayush Disha Portal

#### Description of the Project:

Department of India Systems of Medicine and Homoeopathy (ISM&H) was created by Government of India, under the ministry of Health and Family welfare in March, 1995 and renamed as Department of Ayurveda, Yoga & Naturopathy, Unani, Siddha and Homoeopathy (AYUSH) in November, 2003 with a view to provide focused attention to development of Education and Research in Ayurveda, Yoga & Naturopathy, Unani, Siddha and Homoeopathy system.

An Online & Integrated e-Governance solution that caters to all its stakeholders. Integrated e-Governance Portal and mobile App will smoothen, streamline and synergize the work processes of each entity and each stake holder. It will provide easy, reachable, fast and transparent services to all concerned.

#### An online e-Governance portal system is proposed with following systems:

- About the department – Objectives, Components, Plans, Outcomes
- Aims and Functions of department.
- Field offices of the department, contact details of the officers.
- Medical Officer / Employee Directory
- Development of framework for Common Integrated Portal
- Directory of the Ayush Centers.
- Geotagging of Ayush Centers
- Token bases Prescription management system
- Dissemination of the authentic information related to Department to all its stakeholders
- Content Management System
- Inspection Monitoring, Management and Follow-Up System
- Human Resource Management System
- Analytical reports for Decision Support System

#### Status of the Project

The project is under development and master data collection is already completed. Test logins has been created and handed over to the department for testing

## 11. Samekit/ Integrated Portal (Department of Panchayat & Rural Development)

### Description of the Project:

Integrated Portal for the Department of Panchayat & Rural Development and Its Line Departments.  
Web Portal will provide single windows for all the stakeholders including Scheme HoDs, and Line Departments of P&RD, MP

### Status of the Project

Design and Development of portal is completed and Security Audit is in progress.

## 12. Portal for National Service Scheme (NSS), Department of Higher Education Madhya Pradesh

### Description of the Project:

The National Service Scheme (NSS) is an Indian government sector public service program conducted by the Ministry of Youth Affairs and Sports of the Government of India. Popularly known as NSS, the scheme was launched in Gandhiji's Centenary year in 1969. Aimed at developing student's personality through community service, NSS is a voluntary association of young people in Colleges, Universities and at +2 level working for a campus-community (esp. Villages) linkage. Department of Higher Education (M.P.) is instructed to develop a portal which will provide an end-to-end solution for execution of NSS activities, camps and certification. An Online & Integrated e-Governance System that caters to all its stakeholders. Integrated e-Governance Portal will smoothen, streamline and synergize the work processes of each entity and each stake holder. It will provide easy, reachable, fast and transparent services to all concerned.

#### An online e-Governance portal system is proposed with following systems:

- About, Aims and Functions of NSS Events, Activity Calendar, Progress Reports
- Field offices/Institutes/Schools/ Universities Under NSS & contact details of the officers.
- Dissemination of the authentic information related to the NSS to all its stakeholders
- Rules and regulations for various functions of the department.
- Circulars, Notification, Orders, Notices for various stakeholders
- Achievements, News Gallery, relevant News Clips, Success stories
- Creation of Login credentials of State NNS Officer, Program Office, Principal, Institutes, Schools, Universities and Vice-chancellors.
  - State NNS Officer Roles and functionalities –
    1. Master management of Activities and Camps
    2. Management of Institutes, Schools, Universities Courses and Classes
    3. Content & knowledge Management System
  - Program Officer (Institute/School) Roles and functionalities –
    1. Student Verification
    2. Scheduling (Calendar preparation) of activities and camps
    3. Assigning students in the activities and camps
    4. Student attendance in camps and activities
    5. Capturing of activities and camps photographs through Mobile APP
    6. Issuing certificates and forwards it to coordinator.
  - Co-ordinator (University) Roles and functionalities –
    1. Program Officer profile creation and user management
    2. Management of Signature authority like Vice Chancellor and Principals
    3. Approval of activities and camps registered by Program Officer
    4. Generation of certificates forward by Program Officer.

### Status of the Project

The project is under development and master data collection is already completed. Test logins has been created.

- Volunteer Registration & Management System
- Volunteer (Students of Institutes & Schools) Roles and functionalities
  1. Self-Registration (Creation of Login credentials) & updation of profile
  2. Renewal request Under NSS Scheme
  3. Download Certificates
  4. Upload photographs of Activities and Camps through m-NSS Mobile App

### 13. m-Ration Mitra

#### Description of the Project:

Initiated designed and developed m-Ration Mitra as m-Governance and e-Governance Platform to facilitate effective implementation of various provisions of National Food Security Act, 2013. The features are as under: The App is facilitating detailed house hold survey of over 1.31 Crore families and 5.53 Crore members who are being benefited under NFSA-PMGKAY.

Web Security Audit of Rationmitra completed by M/s CyberCube – Cert-In empanelled agency.

#### Status of the Project

Implemented

## 8. Training Conducted

### 1. eOffice version 7.x

For all Mantralaya Departments (14/11/2024 to 13/12/2024)

No. of participants trained till now – 938

### 2. eMARG

#### Workshop on eMARG

From: 18/12/2024 To 20/12/2024

Place: Puducherry

Participants: Secretary PWD, Chief Engineer and other PWD officials from the U/T along with officials of NRIDA(MoRD) Delhi, CDAC and NIC

No. of Participants: 50

#### Workshop on 25th year of success of PMGSY

From: 24/12/2024 To 24/12/2024

Place: Bhopal

Participants: Joint Secretary(RC) MoRD GoI & DG NRIDA, CEO MPRRDA, Chief Engineer and MPRRDA Officials

No. of Participants: 50

### 3. e-Grathalaya

1 Day Online Training imparted to the 65 Librarians of the MP Govt. Colleges - Dated - 06/12/2024

No. of Participants: 65

1 Day Online Training imparted to the 80 Librarians of the MP Govt. Colleges - Dated - 14/12/2024

No. of Participants: 80

## 9. Major Activities Planned

<p><b>1. e-Hospital:</b> Migration Activity from e-Hospital to Nextgen e-Hospital</p>	<p>In phase three of migration 14 hospitals were proposed to be migrated from old e-Hospital Cloud version to NextGen e-Hospital. Out of these 14 hospitals, 08 remaining Hospitals are on staging server.</p> <p>Activities for migrating e-Hospital cloud to NextGen e-Hospital has been initiated for 18 hospitals of the state in the fourth phase of migration</p> <p>12 out of 18 hospitals of fourth phase, migrated to nextGen staging Server for testing and verification of Master data.</p>
<p><b>2. Migration of 6 eOffice instances (with eleave, eTour, KMS) and 2 SPARROW application setups(collocation) at SDC to cohosting environment</b></p>	<p>All 6 eOffice instances migrated successfully. SPARROW data migration to follow. All 6 eOffice instances migrated successfully. SPARROW data migration to follow.</p>
<p><b>3. Upgradation of eOffice application from existing version 5.x to version 7.x</b></p>	<p>Continues activity of version upgradation. Currently taken care for big instances as under :</p> <p>“aigppa.mpeoffice.gov.in” upgraded and moved to new URL “institute.mpeoffice.gov.in” &amp; “mantralaya.mpeoffice.gov.in” upgraded and moved to “mpeoffice.gov.in”</p>
<p><b>4. Interlinking Portal Master Database and Migration activity of Interlinking portal from mini-cloud server at NIC MP State Centre to MPSDC</b></p>	<p>Gas victims master Data from BMHRC database backup received up to August-2024 month was imported, converted into desired data structure and updated into the interlinking portal database. Total 451384 of BMHRC ID’s imported into database, comprises of 391486 Gas Victims and 59898 of Gas Victims Dependents data. The Gas Victims master database compiled and got imported into local servers of the Gas Rahat Hospitals to update the ehospital database of these hospitals.</p> <p>Migration of Interlinking Portal:</p> <p>As the IDC mini Data Centre of NIC MP State is proposed to be shut-down permanently therefore it is necessary to shift/migrate the Gas Rahat Department’s servers installed during 2010-11 at IDC, to some other Data Centre. Meetings took place with the Directorate of Gas Relief and Rehabilitation Department Bhopal, to plan and perform the migration task. Two DBA got nominated from the Department to coordinate the task.</p> <p>Activities completed :</p> <p>Cloud resource configuration (for 3 VM’s) finalised in consultation with NIC Tripura and shared with Madhya Pradesh State Data Center (MPSDC, Bhopal).</p> <p>Meetings took place with MPSDC technical team, DBA from Gas Rahat Hospitals and NIC MPSC team to finalise the resources and to configure VMs as per requirement.</p>

	<p>VPN request Submitted.  Network Access Rules given.  IP list given for white listing.  Cloud Resources handed over to NIC Tripura team for enhancement of interlinking portal.  Server side API's completed by NIC, Tripura and are under testing phase.</p>
<p><b>5. GIS div</b></p> <p>Geo-Portal and DPMS launched from NGC Cloud</p> <p>Joint Secretary(RC), MoRD, GoI &amp; DG NRIDA visited to NIC MP on 24th December 2024 to discuss about eMARG</p> <p>Services for Auditor, NIT updation facility, Road parameter updation facility launched in eMARG</p> <p>NIT updation facility launched in eMARG</p> <p>VA completed for eMARG web servers at Hyderabad</p> <p>Submitted Project proposal to PAC for GIS based web application for PNGRB and presented in the PAC meeting</p> <p>Development of new module under eMARG for extension of Defect Liability Period (DLP) based on unsatisfactory performance during DLP is in-progress which includes release of payment for extended period.</p> <p>Configured and implemented new SSL certificate for sites <a href="https://gismp.nic.in">https://gismp.nic.in</a></p>
