CHAPTER 3: NRI

In 2017, Hon'ble Supreme court in Dar-Us Salam case directed DGHS, MoHFW, Govt of India to conduct 100 % seats Counselling for All Deemed Universities under UGC as per their existing reservation policy including NRI, Muslim minority and Jain Minority.

MCC is successfully conducting the counselling for Deemed Universities till date for 100% seats of Deemed Universities, out of which 15% seats are allocated to NRI candidates as per directions issued by the Hon'ble Supreme Court of India in W.P.(C) No.689 of 2017 in the matter of Consortium of Deemed Universities in Karnataka & Anr. v/s Union of India & Ors.

Further, the Hon'ble Supreme Court of India in **W.P No. 13393 of 2007 and others (2008) (Anshul Tomar vs. State of M.P)** has set forth certain eligibility criteria for seats reserved under NRI quota.

The principles laid down in Anshul Tomar vs. State of M.P. and others (2008) are as follows:

- 1) *"If the mother or father of student is NRI and residing abroad ordinarily, then, either of the situations so held will be considered to be proper.*
- 2) *If the first-degree relation of the student is NRI and residing abroad ordinarily, then in such circumstances also, qua this year, should be considered eligible. It is natural that such definition would include the real brother and sister over and above the mother-father of the first-degree relation.*
- 3) *As per the definition revised by the Hon'ble Apex Court, interpretation of clause 3 thereof as not made limited but if made in a broad perspective, then, it is clear that the person who wanted to consider such student as ward (Palya), then, he be considered to be proper subject to compliance of the following conditions:*
 - a) *He should be the nearest relation.*
 - b) *In the definition of the nearest relation, committee has considered following relative having blood relations.*
 - *Real brother and sister of father i.e. real uncle and real aunt.*
 - *Real brother and sister of mother i.e. real maternal uncle and maternal aunt.*
 - *Father and mother of father i.e. grandfather and grandmother.*
 - *Father and mother of mother i.e. maternal grandfather and maternal grandmother.*

- *First degree-paternal and maternal cousins.*
 - *Such person should be NRI.*
- c) Such persons should ordinarily be residing abroad.*
- d) Such person should have looked after such student as the guardian of the student and evidence to that effect must have been produced before the committee by such person.*
- e) There should be affidavit with aforesaid fact.”*

MCC will seek evidential proof; a legal document from the candidates/guardian as in point 3 (d) & (e) of the order, during counselling, demonstrating that the sponsor is actually Bonafide legal guardian of the candidate. Hence, the candidates applying for NRI Quota seats have to comply with the above-mentioned eligibility criteria for change of their category from Indian to NRI

BOARD) U-11021/24204/2026-UGMEB**

NOTIFICATION

**GUIDELINES ON ASSESSMENT OF PERSONS WITH BENCHMARK
DISABILITIES (PwBD) FOR ADMISSION TO THE MBBS COURSE, 2026**

U-11021/24204/2026-UGMEB-In exercise of the powers conferred by Sections 10 and 24 of the National Medical Commission Act, 2019, read with Section 57 thereof, and in furtherance of the Graduate Medical Education Regulations, 2023, the National Medical Commission hereby issues the following Guidelines, namely:

1. Short Title and Commencement

1.1 These Guidelines may be called the "Guidelines on Assessment of Persons with Benchmark Disabilities (PwBD) for Admission to the MBBS Course, 2026".

1.2 They shall come into force on the date of their publication by the National Medical Commission.

2. Objectives

2.1 The National Medical Commission recognises that Persons with Benchmark Disabilities constitute an integral part of society and are entitled to equality, dignity, non-discrimination and reasonable accommodation in all spheres of life, including medical education, in accordance with the Constitution of India and the Rights of Persons with Disabilities Act, 2016.

2.2 Simultaneously, the National Medical Commission is entrusted with the statutory responsibility of maintaining high standards of undergraduate medical education and ensuring that every medical graduate acquires the essential competencies necessary for the safe, ethical and effective practice of modern medicine in accordance with the Competency Based Medical Education (CBME) curriculum.

2.3 Medical education demands the acquisition of knowledge, professional skills, clinical competencies, communication abilities and ethical values. The assessment of candidates with benchmark disabilities must therefore balance the rights guaranteed under the Rights of Persons with Disabilities Act, 2016 with the statutory obligation to maintain academic standards, professional competence and patient safety.

2.4 These Guidelines introduce a competency-based and function-oriented assessment framework, whereby the determination of eligibility shall not rest solely upon the numerical percentage or category of disability reflected in the UDID Card or other disability certification. While the benchmark disability prescribed under the Rights of Persons with Disabilities Act, 2016 shall continue to determine eligibility for reservation under the PwBD category, admission to the MBBS Course shall be based upon an objective evaluation of the candidate's functional competencies, with due regard to reasonable accommodation, assistive technology, environmental accessibility and contemporary advances in rehabilitation science.

2.5 For the purposes of these Guidelines, the certificate presently issued by the designated Medical Boards for admission to the MBBS Course, though commonly referred to as a "**Eligibility Certificate**",⁰ shall be known as the "**Eligibility Certificate**", as it is intended to certify the candidate's eligibility or otherwise for admission to the MBBS Course based on functional assessment rather than merely certifying the existence or extent of disability.

2.6 In order to facilitate greater accessibility, transparency and uniformity in the assessment process, the network of designated assessment centres has been expanded from **sixteen (16) to thirty-three (33)** Medical Boards across the country. For the purposes of these Guidelines, all such designated Boards shall be collectively referred to as the "**Medical Assessment Boards**", which shall undertake the functional assessment of candidates in accordance with these Guidelines.

2.7 These Guidelines accordingly establish a transparent, uniform, evidence-based and competency-oriented framework for the assessment of Persons with Benchmark Disabilities seeking admission to the MBBS Course throughout the country, with the objective of ensuring equal opportunity while preserving academic standards, professional competence and patient safety.

The determination of eligibility shall not be based solely upon the category or percentage of disability recorded in the UDID Card.

The Medical Assessment Board shall avoid reliance upon outdated medical opinions, stereotypes or unsupported assumptions relating to disability. Where advances in rehabilitation medicine, assistive technology or adaptive devices substantially improve the functional abilities of the candidate, due consideration shall be given to such advancements while determining eligibility.

(d) Reasonable Accommodation

Prior to declaring a candidate ineligible, the Medical Assessment Board shall examine whether reasonable accommodation, assistive technology, adaptive devices or appropriate infrastructural support would enable the candidate to successfully pursue and complete the MBBS Course without compromising the acquisition of the prescribed competencies.

Provision of reasonable accommodation shall not be construed as dilution of academic standards but shall constitute a measure to ensure substantive equality of opportunity for Persons with Benchmark Disabilities.

Reasonable accommodation may include, inter alia—

- (i) assistive devices;
- (ii) adaptive equipment;
- (iii) digital accessibility;
- (iv) accessible teaching and learning material;
