Subject: Publication of a notice for all stakeholders across official websites, eSewa Kendras, and Court Complexes regarding the upgraded Version 4.0 of the eCourts Services Mobile Application launched by the Hon'ble eCommittee, Supreme Court of India.

Sir / Madam,

With reference to the subject noted above, I am directed by Their Lordships to forward herewith a notice regarding the launch of the upgraded Version 4.0 of the eCourts Services Mobile Application by the Hon'ble eCommittee, Supreme Court of India. The notice contains details of the new features of the upgraded eCourts Services Mobile App and advises all the stakeholders to back up their saved cases to prevent any data loss during the transition to the new React Native storage architecture.

In this regard, I am directed by Their Lordships to request you to take the necessary steps to publish this notice on the official websites of the District Judiciary, at eSewa Kendras, and within Court Complexes for the information of all stakeholders.

With regards,

Sincerely,

REGISTRAR GENERAL

HIGH COURT OF GUJARAT
NOTICE

No. ITC /1053/2026 **Date: 29/04/2026**

Subject: Launch of upgraded eCourts Services Mobile Application Version 4.0 by the Hon'ble e-Committee, Supreme Court of India and mandatory data backup.

It is hereby brought to the notice of all the stakeholders that the Hon'ble eCommittee, Supreme Court of India, has launched the upgraded Version 4.0 of the eCourts Services Mobile App.

Core Enhancements of the version are:

1. Technological Compliance: The app now targets Android 14 (API level 34), ensuring continued availability on the Google Play Store for users with the latest hardware.
2. Performance Upgrade: The shift to native rendering engine facilitates faster load times, smoother animations, and more efficient resource management.
3. Ergonomic UI Redesign: Following expert consultation, the interface features a minimalist design with bottom-tab navigation menu for easier one-handed use.
4. Functional Improvements:
    a. Direct Order Access: Clickable links within the "Case Status" screen allow users to view order PDFs directly.
    b. Case Conversion Tracking: A new table enables users to view both old and new case numbers for converted cases.
    c. Personalization: The "My Cases" section now utilises pagination (10 records per page) to resolve previous unresponsiveness and "page hanging" issues.
    d. Unified Quick Links: All secondary services like ePay, NJDG, and eFiling are consolidated into a single "Quick Links" menu for intuitive navigation.
    e. Integrated with BHUVAN maps for locating Court Complexes.

To safeguard user data, and ensure a seamless migration across all judicial tiers, **it is mandatory to take data backup of the mobile App**. Users can use the **"Export"** feature in their current app to back up their saved cases. This is essential to prevent any data loss during the transition to the new React Native storage architecture.

Users are provided a 15-day window for data backup before the upgraded version goes live on May 5, 2026. All stakeholders are advised to complete their data backup immediately to ensure a seamless transition to the upgraded digital platform.

The User Manual for a detailed step-by-step guide on using the new features and performing the data migration is available at https://gujarathighcourt.nic.in/pdf/eCourts_Service_Mobile_App_User_Manual.pdf

By Order,

Registrar General

HIGH COURT OF GUJARAT
NOTICE

No. ITC /1114 /2026
Date: 09 /05/2026

SUBJECT: EXTENSION OF TIMELINE - MANDATORY DATA BACKUP OF SAVED CASES IN ECOURTS SERVICES MOBILE APPLICATION VERSION 4.0.

Reference: Notice No. ITC/1053/2026, dated 29/04/2026.

In continuation of the earlier Notice No. ITC/1053/2026 dated 29/04/2026 regarding the launch of upgraded Version 4.0 of the eCourts Services Mobile App and the requirement for mandatory data backup, it is hereby brought to the notice of all stakeholders **that the last date for taking data backup has been extended up to 13/05/2026.**

All users are required to take mandatory backup of their saved case data by utilizing the "Export" feature available in the current version of the mobile application within the extended timeline. It may be noted that failure to take backup may result in permanent loss of saved case data, particularly in the event of any technical issues during the upgradation process.
