EmailMyCaseStatus Service by High Court of Gujarat

In view of the present scenario of Covid-19 pandemic and the challenges being faced in the physical access of the Learned Advocates and Litigants to the Court campus, Honourable the Chief Justice of High Court of Gujarat, Mr. Justice Vikram Nath issued directions and guidance to evolve a facility whereby the learned advocates and the litigants or anyone from the public or organizations like Government Departments etc. can get the status of the High Court cases automatically in the email address of their choice, after necessary online registration of their request. The facility is supposed to have also the feature that once a request for the status of a case is registered for an email address, all future updates in the particular case would be sent automatically to that email address.

To further the cause of Access to Justice and ease of getting Court case information, this facility has been developed and is named as "**EmailMyCaseStatus**" which may be the first of its kind in the country whereby anyone, who otherwise is always able to search the status of the case on the website, would now also be able to get the automatic updates of the case in his/her email box directly. Only requisite details for this services to be availed would be a mobile number and an email address.

EmailMyCaseStatus Service by High Court of Gujarat will effectively serve as **a virtual Case Status Inquiry Counter** or **a Case Status eCounter**; with added functionality of getting even the future updates of the cases of interest to everyone and anyone.
