Respected Sir,

Recently the upgraded version of the eCourts Services Mobile App (Version 4.0) was launched during the National Conference on Judicial Process Re-engineering and Digital Transformation April 2026 and is scheduled for rollout shortly in the second half of May 2026 . The upgraded version represents a significant technological transition from the legacy Cordova framework to React Native, aimed at enhancing performance, responsiveness, and overall user experience.

The last date for support/ extended timeline of earlier Version has been set as **13.05.2026** by Hon'ble eCommittee Supreme Court of India. Since the earlier Version is being used extensively by stake holders (Advocates and Litigants) therefore in order to ensure smooth transition Hon'ble eCommittee has issued following advisory regarding backup to be ensured by stakeholders:-
"All users are required to **mandatory take backup of their saved case data** by utilizing the **"Export"** feature available in the current version of the mobile application within the timeline. Further, **failure to take backup may result in permanent loss of saved case data**, particularly in the event of any technical issues during the upgradation process."

It has also been asked to circulate above information among all users through:-

- Wide dissemination of this advisory through District Court websites.
- Display of public notices at eSewa Kendras and Court Complexes etc.
- Sensitization of advocates, litigants, and court staff regarding mandatory

So that it may be ensured that all stakeholders complete the backup process **within the extended timeline i.e. by 13.05.2026.**

Therefore, it is requested to kindly direct concerned to circulate/share the above advisory extensively among all stakeholders at HQ and Outlying Court Complexes.
