

PRL. DISTRICT AND SESSIONS COURT, BAGALKOTE

: PUBLIC NOTICE :

It is hereby informed to all the advocates and stakeholders that the Hon'ble e-Committee of the Supreme Court of India has upgraded the **e-Courts Services Mobile Application to Version 4.0**, launched during the National Conference held on **11th and 12th April 2026**. The updated version includes enhanced features and is compatible with **Android 14 (API Level 34)**.

All users are mandatorily required to back up their "**My Cases**" data using the "**Export**" option in the existing application **on or before 04-05-2026** to avoid data loss during migration.

The upgraded application will go live from 05-05-2026, after which users can restore their data using the "**Import**" option. Failure to complete the backup within the stipulated time may result in permanent data loss, for which this office will not be responsible. All concerned are directed to comply strictly within the given time frame.

Place: Bagalkot.
Date: 24.04.2026

-Sd/-
(N.V.Vijay)
Prl. District and Sessions Judge,
Bagalkot.

Copy for Information To:

1. All the Judicial Officers of this Unit with a request to publish in their notice board and a copy of this notice shall be sent to their respective Bar Associations for wide publication amongst the Advocates.
2. The President, Bar Association, Bagalkot.
3. The Software Technician of this Court with a direction to web host in the official website of this Court for information.
4. The notice board of this Court.

UPGRADE OF e-COURTS SERVICES MOBILE APPLICATION TO VERSION 4.0

The new version of eCourts Services 4.0 application will be made live from 5th May 2026.

Instructions to the Advocates, Litigants, Citizens and other Users

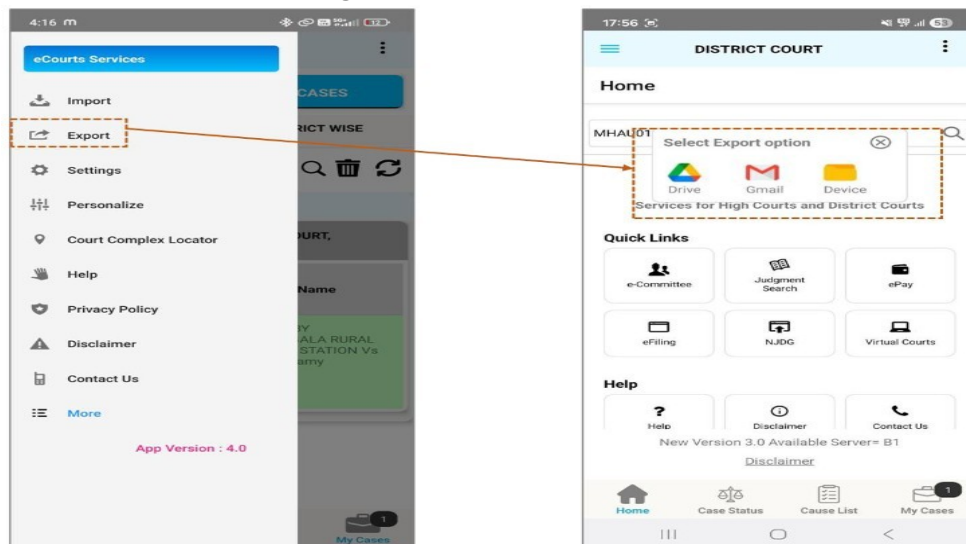

- To take data backup of My Cases by using Export option to prevent data loss during the transition to version 4.0.
- Once the application is upgraded, same backed up data can be imported using Import option.

Backup Facility

- Export the saved case data to create a backup file
- Import the previously exported backup file to restore saved cases when required

Export Option

- Open the Side menu and select Export
- Choose the preferred export location from the available options:
 - ◆ Email
 - ◆ Google Drive
 - ◆ Device Storage

Import Option

- Open the application menu and select Import
- Choose one of the following import options:
 - ◆ Import from Google Drive
 - ◆ Import from Device Storage
