This protocol prescribes guidelines while recording depositions of vulnerable witnesses in order to enable them to give their best evidence. Each witness is unique and is to be addressed accordingly. The vulnerability of a witness may emerge from a various circumstances. Vulnerable witnesses find their interaction with the legal process, especially the criminal justice process intimidating, particularly the Courtroom experience, which impacts the outcome of every trial. In the context of the criminal process the accused's right to a fair trial and due process, the right of the victim to take part effectively in the proceedings, to be treated sensitively and not be subject to secondary victimization, and the protection of the rights of a vulnerable witness (who may not necessarily be a victim), are effectively implemented.

- (b) In order to take a decision of usage of a live link, the Judge may question the vulnerable witness in chambers, or in some comfortable place other than the Courtroom, in the presence of the support person, guardian *ad litem*, prosecutor, and counsel for the parties. The questions of the Judge shall not be related to the issues at trial but to the feelings of the vulnerable witness about testifying in the Courtroom;
- (c) The Court on its own motion, if deemed appropriate, may pass orders in terms of sub-clause (a) or any other suitable directions for recording the evidence of a vulnerable witness.

24. Provision of testimonial aids to prevent exposure of vulnerable witness to the accused.—

The Court may *suomotu* or on an application made even by the vulnerable witness, prosecutor or counsel or the guardian *ad litem* order testimonial aid such as screens, one-way mirror, curtains or other devices to be placed in the Courtroom in such a manner that the vulnerable witness cannot see the accused/opposite party while testifying and at the same time ensuring that the opposite party/accused is in a position to hear the statement of the vulnerable witness and communicate with his advocate. The Court shall issue an order in writing stating the reasons and describing the approved Courtroom arrangement in the judgment.

25. Factors to be considered while considering the application under Guidelines.—

- (a) The Court may order that the testimony of the vulnerable witness be taken by live link if there is a substantial likelihood that the vulnerable witness would not provide a full and candid account of the evidence if required to testify in the presence of the accused/opposite party, his counsel or the prosecutor as

the case may be or if the vulnerable witness is likely to be traumatised by exposure to the accused.

(b) The order granting or denying the use of live link television shall state the reasons therefore and may consider the following:

- i. the age and level of development of the vulnerable witness;
- ii. the physical and mental health, including any intellectual or physical disability of the vulnerable witness;
- iii. any physical, emotional, or psychological harm related to the case on hand or trauma experienced by the vulnerable witness;
- iv. the nature of the alleged offence/case and circumstances of its commission;
- v. any threats against the vulnerable witness;
- vi. the relationship of the vulnerable witness with the accused or adverse party,
- vii. the reaction of the vulnerable witness to any prior encounters with the accused/opposite party in Court or elsewhere;
- viii. the reaction of the vulnerable witness prior to trial when the topic of testifying was discussed by parents or professionals;
- ix. specific symptoms of stress exhibited by the vulnerable witness in the days prior to testifying;
- x. testimony of expert or lay witnesses;
- xi. the custodial situation of the child and the attitude of the members of the child's family regarding the events about which the child will testify;
- xii. the wishes of the vulnerable witness on the manner in which he would like to render the testimony; and
- xiii. other relevant factors, such as Court atmosphere and formalities of Court procedure.

(c) Well before the commencement of the proceeding, the Court shall ensure that the equipment is working, recordings can be played and that camera angles will not permit the witness to see the accused/defendant. The Court shall not wait until the victim or vulnerable witness is in the video linkage room to run checks: delays and malfunctions can be disruptive to the vulnerable witness. Where a live link is being used during the vulnerable witness's testimony, it should be ensured that the questioner's face is visible to all. It should be explained that the Judge or Magistrates can always see the vulnerable witness over the live link even when the witness cannot see the Judge or Magistrates.

26. Mode of questioning.—

(a) To facilitate the ascertainment of the truth, the Court shall exercise control over the questioning of vulnerable witness and may do so by:

- i. ensuring that questions are kept simple and stated in a form appropriate to the comprehension and developmental level of the vulnerable witness;
- ii. protecting vulnerable witness from harassment or undue embarrassment, character assassination, aggressive questioning, and ensure that dignity of the witness is maintained at all times during the trial;
- iii. avoiding waste of time by declining questions which the Court considers unacceptable due to their being improper, unfair, misleading, needless, unconnected to the case, repetitive or expressed in language that is too complicated for the witness to understand;
- iv. allowing the vulnerable witness to testify in a narrative form;
- v. in cases involving multiple accused persons or defendants, take steps to minimize repetition of questions, and the Court may require counsel for different parties to provide questions in advance from all the counsels;
- vi. in cases involving sexual offences against child victim, ensuring that questions are put to the child victim only through the Court;
- vii. objections to questions should be couched in a manner so as not to mislead, confuse, frighten a vulnerable witness;
- viii. The Court should allow the questions to be put in simple language avoiding slang, esoteric jargon, proverbs, metaphors and acronyms. The Court should ascertain the spoken language of the victim or vulnerable witness and the range of his vocabulary before recording the evidence. The Court must not allow the question carrying words capable of multiple meanings, questions having use of both past and present in one sentence, or multiple questions, which is likely to confuse a witness. Where the witness seems confused, instead of repetition of the same question, the Court should direct its re-phrasing.

Explanation: The reaction of a vulnerable witness shall be treated as sufficient clue that the question was not clear so it shall be rephrased and put to the witness in a different way.

(b) Given the developmental level of vulnerable witness, excessively long questions shall be required to be rephrased and thereafter put to witness;

(c) Questions framed as compound or complex sentence structure; or two part questions or those containing double negatives shall be rephrased and thereafter put to witness.

27. Rules of deposition to be explained to the vulnerable witness.—

The Court shall explain to a vulnerable witness to:

- i. carefully listen to the questions posed and to tell the Court the true version of events and, as far as possible (except in the case of very young child) not to respond by shaking his head to mean yes or no, when answering;
- ii. To specifically state if the witness does not remember or has forgotten something;
- iii. To clearly ask when the question is not understood.

A gesture by a vulnerable witness to explain what had happened shall be appropriately interpreted and recorded in the vulnerable witness's deposition. Assistance of an interpreter or special educator shall be taken if the witness is unable to communicate verbally and such statement should be video graphed.

28. Compensation.—

The Court shall apply its mind to the question of award of compensation in every case involving a victim who is a vulnerable witness, having regard to the applicable laws and schemes.

29. Protection of privacy and safety.—

Orders and judgments pertaining to cases involving vulnerable witness shall be made available on e-Courts or on the official portal of the Court after redacting identifying information of vulnerable witness. Any record containing identifying information regarding a vulnerable witness shall be confidential and kept under seal. Except upon written request and order of the Court, the record shall only be made available to the following:

- i. Members of the Court staff for administrative use;
- ii. The Public Prosecutor for inspection;
- iii. Defence counsel for inspection;
- iv. The guardian *ad litem* for inspection;
- v. Other persons as determined by the Court.

30. Protective order.-

The depositions of the vulnerable witness recorded by live link shall not be video recorded except under reasoned order requiring the special measures by the Judge. However, where any video or audio recording of a vulnerable witness is made, it shall be under a protective order that provides as follows:

- (a) A transcript of the testimony of the vulnerable witness shall be prepared and maintained on record of the case. Copies of such transcript shall be furnished to the parties of the case;
- (b) Recording may be viewed only by parties, their counsel, their expert witness, and the guardian *ad litem* in the office of the Court, following a procedure similar to inspection of documents;
- (c) No person shall be granted access to the recording, or any part thereof unless he signs a written affirmation that he has received and read a copy of the protective order, that he submits to the jurisdiction of the Court with respect to the protective order, and that in case of violation thereof, he will be subject to the contempt power of the High Court of Orissa and other penalties prescribed by law;
- (d) Any recording, if made available to the parties or their counsel, shall bear the following cautionary notice:
"This object or document and the contents thereof are subject to a protective order issued by the Court in (case title), (case number). They shall not be examined, inspected, read, viewed, or copied by any person, or disclosed to any person, except as provided in the protective order. No additional copies of the tape or any of its portion shall be made, given, sold, or shown to any person without prior Court order. Any person violating such protective order is subject to the contempt power of the High Court of Orissa and other penalties prescribed by law."
- (e) No recording shall be given, loaned, sold, or shown to any person except as ordered by the Court. This protective order shall remain in full force and effect until further order of the Court.

31. Personal details during evidence likely to cause threat to physical safety of vulnerable witness to be excluded.-

A vulnerable witness has a right at any Court proceeding not to testify regarding personal identifying information, including his name, address, telephone number, school, and other information that could endanger his physical safety or that of his family. The Court may, however, require the vulnerable witness to testify regarding personal identifying information in the interest of justice.

32. Destruction of videotapes and audiotapes.— Any video or audio recording of a vulnerable witness produced under the provisions of these guidelines or otherwise

made part of the Court record shall be destroyed as per rules framed from time to time by the High Court of Orissa.

33. Protective measures.—

At any stage in the justice process where the safety of a vulnerable witness is deemed to be at risk, depending upon the intensity of the threat perception, the Court shall *suomotu* arrange to have protective measures put in place for the vulnerable witness or refer the matter to the Competent Authority under the Witness Protection Scheme, 2019. Those measures may include the following:

- (a) prohibiting direct or indirect contact between a vulnerable witness and the accused/opposite party at any point in the justice process;
- (b) restraint orders;
- (c) direct continuation of bail conditions during trial;
- (d) protection for a vulnerable witness by the police or other relevant agencies and safeguarding the whereabouts of the vulnerable witness from disclosure;
- (e) any other protective measures that may be deemed appropriate, including those stipulated under the Witness Protection Scheme, 2019.

34. Review and Monitoring.—

The implementation of the guidelines shall be reviewed annually and for this purpose the High Court of Orissa shall engage independent research bodies or organisations, reputed academic institutions or Universities or constitute a multi-disciplinary committee including experts having the experience of working with vulnerable witnesses. The recommendations received shall be promptly acted upon and the guidelines may also be updated based on relevant legal developments.

The questions asked to assess the competency of a child witness shall be appropriate to the age and developmental level of the child; shall not in any manner be related to the issues at trial; and shall focus on the ability of the child to remember, communicate, distinguish between truth and falsehood, and appreciate the duty to testify truthfully.

36. Continuing duty to assess competence.-

The Court has the duty of continuously assessing the competence of the vulnerable witness throughout his testimony and to pass appropriate orders, as and when deemed necessary.

37. Appointment of Guardian *ad litem*.-

The Court may appoint any person as guardian *ad litem* as per law to a vulnerable child witness who is a victim of, or a witness to a crime having regard to his best interests, after considering the background of the guardian *ad litem* and his familiarity with the judicial process, social service programs, and human development, giving preference to the parents of the child, if qualified. The guardian *ad litem* may be a member of bar/practicing advocate, except a person who is a witness in any proceeding involving the vulnerable witness.

40. Frequent breaks during testimony.—

The child witness or child victim may be allowed reasonable periods of relief and breaks while undergoing depositions, as often as necessary, depending on his age, disability, and developmental need.

41. Measures to protect the privacy and well-being of child victims and witnesses.—

- (a) Confidentiality of vulnerable witness and judicial transparency are not mutually exclusive and vulnerable victim's/witness's right to information and access to Court records in his own case shall not be restricted in the name of protecting his privacy and confidentiality. The Courts should maintain anonymity of vulnerable witness through simple name suppression measures which would enable release of Court documents without endangering his privacy;
- (b) To ensure the privacy and physical and mental well-being of a child victim and to prevent undue distress and secondary victimization, taking into account the best interests of the vulnerable witness, the Court may order one or more of the following measures to protect the privacy and physical and mental well-being of the vulnerable child witness or victim:
- i. concealing from the public record any names, addresses, workplaces, professions or any other information that could lead to the identification of the child victim or witness in orders, judgments, or any case records accessible to the public.  - vii. holding *in-camera* trials;

- viii. if the child victim or witness refuses to give testimony in the presence of the accused or if circumstances show that the child may be inhibited from speaking freely in that person's presence, the Court shall give orders to temporarily remove the accused from the Courtroom to an adjacent room with a live link or a one way mirror visibility into the Courtroom. In such cases, the defence lawyer shall remain in the Courtroom and question the vulnerable witness, and the accused's right of confrontation shall thus be guaranteed;
- ix. taking any other measure that the Court may deem necessary to advance the right to privacy, including, where applicable, anonymity, taking into account the best interests of the child witness and the rights of the accused.

(c) Orders and judgments pertaining to cases involving vulnerable child witness shall be made available on e-Courts or on the official portal of the Court after suppressing his identifying information.
