That Paper Merchants Association (Regd.) is deciding the disputes of members with members and non members through arbitration proceeding as per the arbitration clause and after decision of the case either of the parties approached the Hon'ble court for execution of the award and/or for filing objections against the award.

That in those proceedings currently the normally in most of the cases the arbitrator was arrayed in the list of parties as formal party to file the arbitration proceedings in the court alongwith the complete file alongwith original award, accordingly the orders of the Hon'ble court was complied by the Ld. Sir you are requested not to Summon the Arbitrator giving that honourary services for the same submitting the award file in terms of the award to the court. The same will be submitted through the person of the Association appointed by the Association for submitting the file and the Ld.
