DISTRICT & SESSIONS COURT, DHOLPUR

No. Estt. /2026/293-294 Dated: 14/01/2026

To,

(1) All the Courts of Dholpur Judgeship
(2) Sr. Munsrim, District & Sessions Courts, Dholpur

Sub. :- Implementation of Browser-Based Digital Signature (DSC) for eSummon / Warrant in CIS 4.0

Dear Sir,

Apropos to the subject cited above, it is informed that a new feature has been introduced in the **Case Information System (CIS) 4.0**, enabling direct Digitally-Signing of processes within the system after their generation. The said facility also provides for **Bulk Digital Signature** of processes, thereby enhancing efficiency and expediting judicial workflows.

It is further informed that Rajasthan has achieved a significant national milestone by becoming the first State in the country to implement browser-based digital signatures with green-tick verification for the eSummon (TAWRIT) process in CIS 4.0.

The adoption of this advanced electronic signature technology enables seamless, secure, and paperless authentication of judicial and administrative summons directly through the browser, eliminating dependency on physical Signature and manual procedures. The green-tick verification mechanism ensures real-time validation, authenticity, and integrity of digitally signed eSummons.

Therefore, all the Presiding Officers are directed to issue necessary instructions to the concerned court staff to mandatorily use the Digital Signature (DSC) facility for eSummon and Warrant in CIS 4.0. It shall be ensured that digitally signed summons and warrants are properly generated and transmitted to the Police (CCTNS) authorities through the system. A user manual is attached herewith for ready reference.

Encl : As above

District & Sessions Judge,
Dholpur
