Namaste,

Greetings from Capacity Building Commission!

Capacity Building Commission (CBC) invites all government employees across Central, State or Local government, (including group A, B or C) to share innovative practices that they have undertaken in public administration. This will be an opportunity for officers to showcase and share their work, initiatives and innovations. We request submissions from officers on a special page on the MyGov platform.

The submission page can be accessed at: https://innovateindia.mygov.in/cbc-invuing-innovation/18

CBC will use these submissions as case studies for capacity building of present and future civil servants, and to assist in developing a Knowledge Repository that can be accessed by all to scale-up successful innovations in the country. Select innovations will also feature as part of the Annual Health of Civil Services Report to be submitted to the Prime Minister's Public Human Resource Council (PMHRC)

Applications will be accepted from 4th February 2022 till 5th March 2022. At the end of the submission period, innovations meeting the evaluation framework fulfilling the criteria will be shortlisted and invited to present their work to the CBC for final selection.

Detailed eligibility criteria, participation guidelines, evaluation criteria and evaluation process is available on the application portal.

The event marked the launch of the portal, which would be open from February 4th to March 5th for government employees to share innovations undertaken by them. Capacity Building Commission invites all Government Employees to share their successful innovations at https://innovateindia.mygov.in/cbc-inviting-innovations. Selected Innovators will have the opportunity to showcase their leadership, creativity and initiatives to enhance governance and public service delivery in the Annual Health of Civil Services Report.

Lauding the role of CBC for successfully taking forward the vision of Prime Minister for genuine empowerment of civil servants within a short span of six months, Dr Jitendra Singh called upon them to set up Global Benchmarks to face global challenges head on.

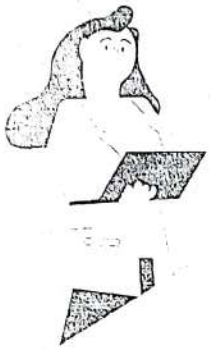

Dr Jitendra Singh said that Prime Minister Narendra Modi has a special penchant for governance reforms and in the last seven and half years several out of box ideas were implemented for scaling up the administrative output. He said, in 2016 a path breaking decision was taken making it mandatory for civil servants to undergo a three-month stint as Assistant Secretaries at the Centre before going to their respective cadre.

Similarly, the Minister said, the entire concept and format of the PM's Excellence Award has undergone a revolutionary change since 2014 as the focus shifted from Individual performance to competition among districts for excellence achieved in implementation of flagship schemes. The Minister said that India's governance model has become a Jan Andolan with people responding to the Prime Minister's call for Jan Bhagidari in major schemes.

Dr Jitendra Singh said the training is also undergoing a sea-change in LBSNAA Mussoorie and other Central Training Institutes with a renewed focus on modern curriculum and Integrative Approach. He said, through Mission Karmayogi, the ultimate objective of the Governance is to bring "Ease of Living " for the common man of India.

Chairman of Capacity Building Commission Adil Zainulbhai in his address said that Innovation Portal will be open for about 3.1 million civil servants to capture the innovations that will have huge

The Capacity Building Commission (CBC) will be publishing an 'Annual Health of Civil Services Report' (AHCSR) which would capture the structural and functional features of civil services in India. A part of the report will be dedicated to capturing and celebrating the innovations done by civil servants of the country. The selected innovations will feature in the report and will be used as case studies for capacity building of present and future civil servants.

The report shall discuss the blueprint of these innovations, their impact, the people behind them, and the lessons learned along the way. CBC invites civil servants who have undertaken work of this nature to apply for the chance to contribute examples to this section.

For applicants

- All persons employed in the civil services of the Central, State or local government
- Civil servants at any level (Group A, B, or C)

For innovations

- Work that goes beyond the bounds of existing managerial systems, in terms of its scope and methods
- Initiatives that have been undertaken in the last 5 years
- Initiatives that are not recognized by any National award in last 2 years

Applications received on email will not be considered. Applications will be received only on: https://innovateindia.mygov.in/cbc-inviting-innovations/

Ministry of Personnel, Public Grievances & Pensions

Union Minister Dr Jitendra Singh says, technology based governance is no longer an option, but a necessity; under PM Modi technological innovation has become a hallmark of the governance system

The Minister inaugurates "Innovations in Public Administration" programme of Capacity Building Commission of Mission Karmayogi

CBC Knowledge Repository will be created to be accessed by all to scale up successful innovations in the whole country: Dr Jitendra Singh

Innovation Portal will be open for about 3.1 million civil servants to capture successful innovations for effective governance

Posted On: 04 FEB 2022 5:24PM by PIB Delhi

Union Minister of State (Independent Charge) Science & Technology; Minister of State (Independent Charge) Earth Sciences; MoS PMO, Personnel, Public Grievances, Pensions, Atomic Energy and Space, Dr Jitendra Singh today said that technology based governance is no longer an option, but a necessity and under Prime Minister Narendra Modi, technological innovation has become a hallmark of the governance system.

The Minister was speaking after inaugurating "Innovations in Public Administration" program of Capacity Building Commission (CBC) of Mission Karmayogi to identify successful innovations in public service pioneered by civil servants. He said, these will serve as case studies for capacity building of present and future civil servants. The Minister said that a CBC Knowledge Repository will be created to be accessed by all to scale up successful innovations in the whole country.

boosting on efficiency of governance. He said, innovators will be rewarded suitably and the unique projects will be scaled up.

Member (HR) CBC, Shri Ramaswamy Balasubramaniam said that for the 1st time after 75 years of Independence, an Annual Health of Civil Services Report will be released. He also added that India can become a global repository of case studies of civil servants for successful innovations.

Member (Administration) Shri Praveen Pardeshi, Secretary, CBC, Hemang Jani and over 100 top bureaucrats across the country joined the launch event today.

During the event, the Commission invited three innovators from different states to share their experiences of driving innovation projects. Dr Rajendra Bharud, Commissioner, TRTI presented about Soak pit model for gutter free villages in villages of Maharashtra. Dr Rakesh Gupta, Joint Commissioner, Ministry of Women and Child Development, presented on Antyodaya Saral project implemented in Haryana to improve citizen service delivery; and Ms Kshipra Agre, Deputy Collector, Valsad presented on Early flood warning system implemented in Valsad, Gujarat.
