HIGH COURT OF ANDHRA PRADESH AT AMARAVATI

CIRCULAR

ROC No. 210/SO/2025 **DATED 07.03.2025**

As part of the initiative of the E-Committee, Supreme Court of India and as part of Digitization of Court records, all the records in the trial Courts in the State of Andhra Pradesh are being digitized. The data pertaining to cases from the time of filing till the disposal is being fed into CIS.

Earlier, to easily track daily orders and judgments, all the trial Courts were directed to upload daily case business in to the CIS. Through the CIS, QR code and Unique CNR number can be generated for each and every case. As of now, the daily orders and judgments are being uploaded by the trial Courts without printing either QR code or CNR number. If the QR code and CNR number is affixed over the orders and judgments, it would be easy for the litigant public as well as higher Courts to go through the details and consume the data of the trial Court cases.

Therefore, all the Judicial Officers in the State are directed to ensure that each and every order and judgment is affixed with the QR code and CNR number for the benefit of litigant public and for the benefit of consuming the data by the higher Court.

Any deviation in this regard will be viewed seriously.
