

THE HIGH COURT OF ORISSA: CUTTACK

No. OHC-COMP-ECP-0028-2022-7720(30)/ Dated: 11.05.2026

From

**Soumya Sourav,
Central Project Coordinator**

To

The District Judge (All)

**Sub: Mandatory Data Backup for the rollout of eCourts Services Mobile App
Version 4.0 – Sensitization of Stakeholders**

Respected Madam/ Sir,

With reference to the subject cited I am directed to inform you that the e-Committee, Supreme Court of India, is set to roll out an upgraded version of the **eCourts Services Mobile App (Version 4.0)**. This version introduces a major architectural shift from the legacy Cordova framework to React Native to ensure high performance, responsiveness, and compatibility with Android 14. A copy of the eCourts Service Mobile App User Manual is enclosed herewith.

In view of this transition, it is imperative to note that saved case data in the current application will not migrate automatically. To prevent permanent data loss, all users (Advocates, Litigants, and Court Staff) are **mandatorily required to take a backup of their saved cases using the "Export" feature available in the current version of the App.**

The e-Committee has given the timeline for this **backup process until 13.05.2026**. In this regard, you are requested to ensure the following on priority:

- Sensitization: Wide dissemination of this advisory among the members of the Bar Associations and Litigants within your Judgeship.
- Public Notices: Display of clear notices at prominent locations, specifically at eSewa Kendras, Filing Counters, and Court entrance gates.
- Website Update: Uploading regarding this advisory on the District Court website.

It may be emphasized to all stakeholders that failure to **complete the backup by May 13, 2026**, may result in the loss of their personalized "My Cases" list once the app is upgraded to Version 4.0.

This is for favour of kind information and necessary action.

Encl: As above

Yours faithfully,

Central Project Coordinator
