

ANNOUNCEMENT

Kind Attention to All Advocates, Litigants, and the General Public

In view of the launch of the upgraded **eCourts Services Mobile App Version 4.0** on **13 May 2026**, all users are requested to **take backup** of their case details saved in the current eCourts mobile app to avoid any data loss.

You can use the **“Export”** option in the eCourts mobile app to save your **My Cases / saved case details**. Please follow the steps shown in the image.

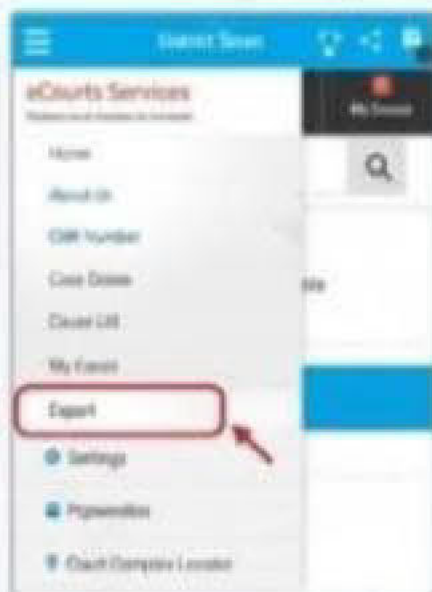

A **14-day period** is given to complete this backup. Kindly complete the backup **on or before 13 May 2026**.

All concerned are requested to complete the backup within the given time.

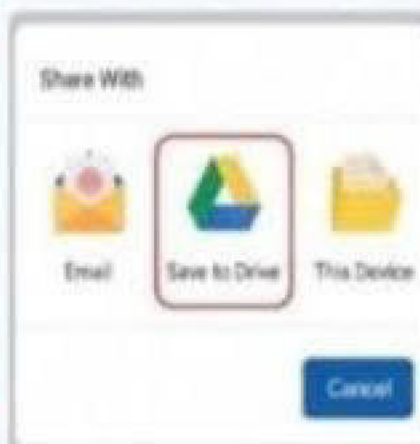

STEPS TO EXPORT AND SAVE YOUR CASE DETAILS

1 Open eCourts App and tap on Export

Open the eCourts Services app on your mobile phone. Tap on the menu icon at the top-left corner. From the menu, select **Export**.

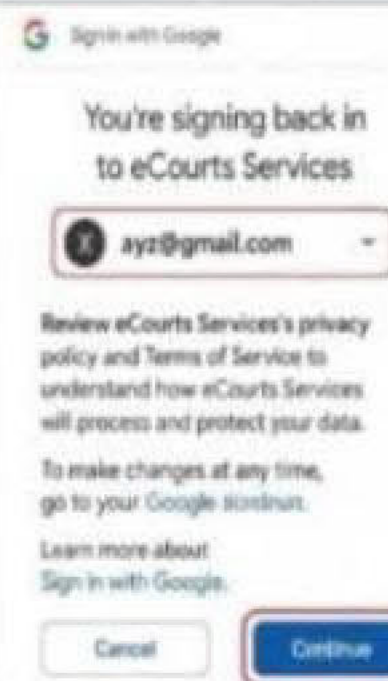

2 Choose Where to Save

You will see the Share With options.

- Tap **Save To Drive** to save the cases to your Google cases (use the email ID linked to your mobile).
- Or tap **This Device** to save the file directly to your mobile storage.

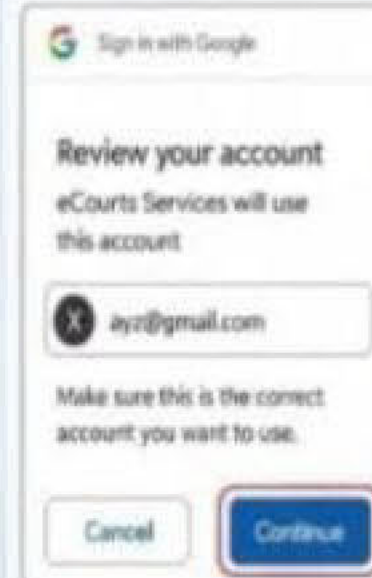

3 Select Your Email ID (for Drive)

If you chose **Save To Drive** in the previous step, you will be asked to select the email ID linked to your Google Account.

Choose the email ID you want to use and tap **Continue**.

4 Review Your Selected Email ID

Review the selected email ID carefully.

If it's correct, tap **Continue** to proceed.

5 Cases Saved Successfully

Once the process is complete, you will see a confirmation message:

“Saved in Drive Successfully”

Tap **OK** to finish.

A 14-day period is given to complete this backup. Kindly complete the backup **on or before 13 May 2026**.

e-Committee,
Supreme Court of India
