

ORDER

Some applications have been received through e-mail by the office of Learned District and Sessions Judge, Rohtak and the same have been put up before the Committee. The Committee has perused the applications. The contention of some of the candidates is that on the date of proposed examination i.e. 10.02.2024, a separate examination is going to be conducted in Delhi for the post of Personal Assistant on Regular basis by the Hon'ble Delhi High Court and therefore, they cannot appear in two papers. In the considered opinion of this Committee, the number of candidates to appear in the proposed examination is 869 and the number of candidates seeking reschedule of the present examination is around 20. Considering the fact that there is every possibility that a simultaneous examination may be conducted in different States on a single date, the fact that the present examination is to select Stenographers on Adhoc basis only and further the fact that the number of candidates seeking reschedule of the examination is around 3% only, the Committee does not find any merit in the applications and the same stand declined. The order of the Committee be uploaded on the website of Rohtak Sessions Division for the knowledge of the candidates.
