e-Committee, Supreme Court of India

Chief Justice of India Inaugurates e-Sewa Kendra at High Court of Tripura.

On 23 December 2020, the Chief Justice of India, Hon'ble Mr Justice Sharad Arvind Bobde, inaugurated the e-Sewa Kendra at the Tripura High Court Registry in the presence of Hon'ble Mr Justice Akil Kureshi, Chief Justice of High Court of Tripura, Hon'ble Mr Justice S. Talapatra, Chairperson, Computer Committee of the High Court of Tripura, Hon'ble Mr

Justice S. G. Chattopadhyay, Judge, High Court of Tripura, and Hon'ble Mr Justice Ajit Singh (Retd.), Lokayukta, Odisha. The e-Sewa Kendra has been established under the guidance of Hon'ble Dr Justice D Y Chandrachud, Chairperson, e-Committee. The e-Sewa Kendra shall function as the first line of contact between the litigants and judicial establishment to

access eCourts Project-related services and legal aid. The e-Sewa Kendra is entirely paperless, equipped with four counters, and each counter has one all-in-one Desktop Computers, high-speed scanners, and LAN having access to CIS. The eSewa Kendra has a dedicated email id (esewa-thc@tripura.gov.in) for sending electronic communications

to the advocates/litigants. Shortly, the eSewa Kendra shall be made available virtually on the official website of the High Court to render its services to the litigants digitally. The High Court has also taken up the process to establish similar eSewa Kendras at all the Court Complexes of Tripura.

"Need to Create Accessible Legal Ecosystem with a Sense of Urgency," Dr Justice D Y Chandrachud writes to All Chief Justices

The Chairperson of the e-Committee addressed a letter to all the Chief Justices of High Courts on 19 December 2020, highlighting the urgent need of transforming the court infrastructure and digital ecosystem to enable lawyers and litigants with disabilities to participate in the legal profession at an equal footing. The Chairperson outlined several steps that can be taken to this effect and stressed the importance of having accessible websites on an immediate basis. The salient points covered in the letter are extracted below:

(a) The creation of accessible infrastructure, including digital infrastructure, and an appropriate support system in the judiciary for lawyers and litigants with disabilities is imperative to create a level playing field. This obligation is a natural corollary of the right to equality guaranteed to lawyers and litigants with disabilities under Article 14 of

the Constitution of India and the right to practice a profession of one's choice under Article 19(1)(g) of the Constitution of India.

(b) It is imperative to note that Section 12 (4)(b) of the *Rights of Persons with Disabilities Act, 2016* ("2016 Act") mandates that "*The appropriate Government shall take steps to (b) ensure that the filing departments, registry or any other office of records are supplied with the necessary equipment to enable filing, Storing, and referring to the documents and evidence in accessible formats...*"

The High Courts can take certain steps to make filings and their websites' more accessible. I request you to undertake these steps with a sense of urgency. Our work in this regard must be guided by two overarching principles. First, the onus to make filings accessible cannot be placed on disabled

lawyers. This would be much like serving a file to a non-disabled lawyer in a foreign language and placing the onus on them to translate it into English. Instead, we must ensure that we institutionalize systems that embed accessibility for all times to come. Second, instead of requiring a disabled lawyer to seek case-by-case intervention or having a separate system just for them, we have to ensure that existing filing practices are reconfigured to take account of their needs. I have outlined below the specific steps that need to be taken:

(i) Instead of printing and scanning their submissions, lawyers should be required to file PDF documents. The pleadings made in Microsoft word can easily be saved as PDF files. The current practice of printing and scanning documents is a futile and time-consuming process that does not serve any purpose.

(ii) If there are hard copy annexures that need to be made part of the paper book, these can be scanned. They must then be saved as a PDF

file, but only in Optical Character Recognition (OCR) based PDF format. After that, all the PDFs can be aggregated and uploaded. For documents that do need to be scanned, it must be ensured that the scan is of high quality, with 300 dots per inch at least, so that all the characters can be clearly made out by the talking software used by the visually challenged.

(iii) Further, stamps and watermarks should not be placed on the page in a way that hampers smooth access. This is a crucial intervention. The watermarks used by many High Courts on certified copies of judgments make the text difficult to read even for persons without visual challenges.

(iv) We have to devise a practice of using digital signatures, or requiring signatures only on the last page of paper-books, in order to ensure that lawyers do not feel compelled to print and then scan paper-books because of the signature requirement.

(v) We must also ensure that court websites become more accessible for disabled lawyers. The following steps can be undertaken to make the High Court websites more accessible:

- ❖ Wherever entering visual captchas is a requirement to access any information, audio captchas must also be provided. Such audio must be clear the audio captcha deployed on the Supreme Court website is a good example of a functional audio captcha.
- ❖ Judgments/orders are sometimes inaccessible due to the placement of watermarks on each page which must be done away with.
- ❖ Further, judgements in PDF format should be auto tagged to

be accessible to visually challenged persons.

- ❖ PDFs are, overall, not user friendly for visually challenged users. Therefore, The High Courts should consider releasing judgements in HTML format on their websites, along with their PDF equivalent.
- ❖ Court websites must have Clearly labelled buttons, and calendars to select dates must be accessible. This can be done by using a regular edit box for entering a date, month, and year, instead of using read-only boxes. An example of such a regular accessible box is the box that one is presented with for entering the date on <http://www.main.sci.gov.in>, after clicking judgments' and 'judgment date'.

First High Court Workshop on NJDG conducted by Madhya Pradesh High court

On 7 December 2020, the first-ever High Court level workshop for High Court Judges on the usage of the NJDG portal as a court and case management tool was held by the Madhya Pradesh High court through video conferencing. The Chairperson of the e-Committee addressed a letter dated 13 August 2020 to all Chief Justices for getting all the High court judges and members of Computer Committees of High Courts acquainted with the services available on NJDG.

Based on the said Chairperson's letter, the Acting Chief Justice of High

Court of Madhya Pradesh Shri Sanjay Yadav and Hon'ble Shri Justice S.C. Sharma, Chairman Computer Committee, High Court of Madhya Pradesh, conducted the workshop. The workshop commenced with the opening remarks of Hon'ble Justice Sanjay Yadav. Ms R Arulmozhiselvi, Member (H.R.) of the e-Committee, Supreme Court of India, gave the presentation on the various features of NJDG and how it can be used as a court and case management tool. Mr Ashish Shiradhonkar, HOD e-Court's project, NIC, Pune, gave a live demo of the various NJDG features.

Patna High Court organizes NJDG Workshop for acquainting High Court Judges on NJDG.

On 16 December 2020, Patna High Court held the workshop on NJDG for all High Court Judges. The Patna High Court conducted the workshop under the aegis of the e-Committee. It commenced with the opening remarks of Hon'ble Chief Justice Sanjay Karol. An introductory presentation on NJDG as a court and case management tool was given by Ms R. ArulmozhiSelvi, Member, Human Resources, e-

Committee. A live demo followed this on the NJDG by Mr Ashish J. Shiradhonkar, HOD e-Court's project. The various topics of NJDG on Query Builder, Delay Reason, Generation Reports, Pendency data, Judge wise Disposal, Return Report and Establishment Report were covered in the workshop. The queries of the judges were addressed at the end of the session.

Orissa's Every District Court Complex gets e-Sewa Kendra

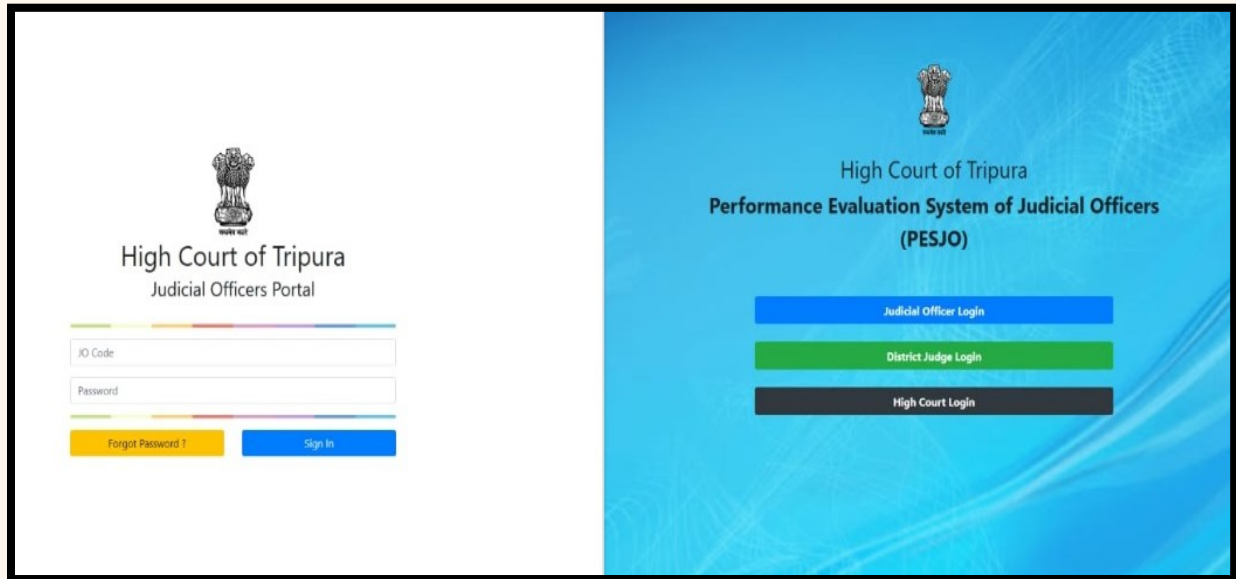

On 22 December 2020, Hon'ble Mr Justice Mohammad Rafiq, the Chief Justice of Orissa High Court, inaugurated e-Sewa Kendra in every District Court complex of the State. For Cuttack, the second e-Sewa Kendra was inaugurated at the Civil Court complex, Salipur. All e-Sewa Kendras were inaugurated simultaneously in the presence of judges of the Orissa High Court and the Advocate General Odisha. The

Judicial Officers and Advocates of the respective District Courts were present in the event as well. There are 32 e-Sewa Kendras in the State of Odisha after the inauguration, including one e-Sewa Kendra in the Orissa High Court, one in every District Court complexes, and two in Cuttack, i.e. District Court complex, Cuttack and Civil Court complex, Salipur.

'PESJO-Performance Evaluation System of Judicial Officers launched by the Tripura High Court

On 21 December 2020, Hon'ble Chief Justice of the High Court of Tripura launched an in-house developed software application, namely 'PESJO' (Performance Evaluation System of Judicial Officers). The software is an automated evaluation system of Judicial Officers. The software itself will calculate the disposal units obtained by the officer concerned and award the appropriate grade as per the benchmark of disposal fixed by the High Court. The software is also equipped with an SMS alert facility and generates quarterly and annual Report of disposal of cases by the

Judicial Officers. This software will now enable the Judicial officers to dispense with the manual submission of the Report for their quarterly performance appraisal. A video tutorial is also made available on the Official YouTube Channel of the High Court of Tripura. The High Court of Tripura's in-house software development team developed this software under its Central Project Coordinator's guidance. Click to view the video tutorial on PESJO' <https://www.youtube.com/watch?v=C4amA-pf90II&t=211s>

Odia – the First Non-Hindi Regional Language Version of the e-Committee Website goes live

On 22 December 2020 - the Odia language version of the e-Committee website went live. Consequentially, Orissa High Court became the first High Court to go live with a non-Hindi, regional version of the website.

One Person Per Court – e-Committee Training Module Trains 69,750 Court Staff

The e-Committee Training programme aimed at covering one person from each court of District Judiciary in e-Court services throughout the country was covered under ECT 12-2020, ECT-13-2020, ECT-14-2020, in which around 69,750 court staffs were trained. The training for the third batch was concluded in December 2020 in

which 23,250 persons were trained and which recorded feedback rating of Outstanding 23.4 %; Good 56.7 %, Satisfactory 17.9 %. The training was carried as per the e-Committee training TOT module in coordination with the CPCs of All High Courts and through the inhouse DSA master trainers.

Special e-Courts Training Programme through the National Judicial Academy

As per the directions of the Chairperson e-Committee to reach out to more judges, including the High Court Judges, a special half an hour programme has been introduced in the National Judicial Academy. In December 2020, the following three programmes were held.

S. No.	Training Programme	Date	Participants Category	No. of Participants
1	P1232_NJA	05.12.2020	District Judges from all over India	36
2	P1233_NJA	12.12.2020	High Court Judges	29
3	P1234_NJA	13.12.2020	High Court Judges	30

Entry Of “DELAY REASONS ” In 44,36,927 Cases

Delay reasons entry in CIS has been made in 44,36,927 cases as of 30 December 2021 throughout the country. Rajasthan, Madhya Pradesh and Maharashtra High courts topped the list in entering the delay reasons in CIS for the maximum number of cases. Entering delay reason option is provided in CIS, and delay reasons

need to be entered for every case which is more than two years old. The Chairperson of the e-Committee has highlighted the importance of entering delay reasons as the delay can be pinpointed and tackled quickly for disposal. The statewide delay reason entry statistics are provided herewith .

Status of Delay reasons as on 30.12.2020
