Draft Disaster Management Plan

2021

Message

I am extremely happy to present the Disaster Management Plan of Chamba Sessions Division. The plan aimed to reduce potential loss of life and property in disasters as well as ensuring strong preparedness responses and recovery measuring to manage any disaster situation. The plan has been prepared for strengthening awareness and involvement in the implementation of the said plans for quick response of the stakeholders in the event of disasters/hazards. Disaster Management is not the responsibility of the institution only but all the stakeholders' i.e. Judicial Officers, Advocates, Court Officials, Revenue Officer, Medical Officer, Fire & Home Guard officials and Litigants. All will have to bear the responsibility and work for mitigating such disasters/hazards.

I hope that all the persons involved in Disaster Management Plan of Chamba will whole heartedly implement and develop this plan and will result in success in near future.

1. Introduction

The Disaster Management Act, 2005, the word 'disaster' has been defined to mean as a catastrophe, mishap, calamity or grave occurrence in any area, arising from natural or manmade causes, or by accident or negligence which result in substantial loss of life or human suffering or damage to, and destruction of, property or damage to, or degradation of, environment and is of such a nature or magnitude as to be beyond the coping capacity of the community of the affected area and in order to tackle such disasters which is defined to be a continuous and integrated process of planning, organizing, coordinating and implanting measures which are necessary or expedient for prevention of danger or threat of any disaster, mitigation or reduction of risk of any disaster or its severity or consequences, capacity-building ,preparedness to deal with any disaster, prompt response to any threatening disaster situation or disaster, assessing the severity or magnitude of effects of any disaster, evacuation, rescue and relief and rehabilitation and reconstruction, is imperative and need of the hour. Thus it is necessary to prepare a proper disaster management plan to reduce damages of such sudden events.

Section 2 (e) of the Disaster Management Act 2005 defines disaster management as follows:

Disaster Management means a continuous and integrated process of planning, organising, coordinating and implementing measures which are necessary or expedient for-

- 1) Prevention of danger or threat of any disaster.
- 2) Mitigation or reduction of risk of any disaster or its severity or consequences.
- 3) Capacity-building.
- 4) Preparedness to deal with any disaster.
- 5) Prompt response to any threatening disaster situation or disaster.
- 6) Assessing the severity or magnitude of effects of any disaster.
- 7) Evacuation, Rescue and Relief.
- 8) Rehabilitation and Reconstruction.

The Disaster Management Act, 2005 mandates every Government Department to prepare, review and update Disaster Management Plan. Courts, like other institutions are vulnerable to disasters as well. The disruption caused by disaster in working of Courts will severely affect the justice delivery system apart from the loss of life and property. This document describes the various processes and measures that form the comprehensive disaster management plan for District Courts Chamba H.P.

The major outline of this plan is as follows-

- Organizational structure and infrastructure of Courts Chamba H.P
- Vulnerability and capacity to deal with hazards
- Preparedness and response in such situations
- Knowledge Management and Dissemination of plan along with important contacts.

1.1 Definitions:

a) Hazard:

Hazard can be defined as a potentially damaging physical event, phenomenon or human activity that may cause the loss of life or injury, property damage, social and economical disruption and environmental degradation.

b) Risk:

Risk is a concept that denotes a potential negative impact to some characteristic of value that may arise from a future event.

c) Disasters:

Disaster is an event of nature or manmade causes that leads to sudden disruption of normal life of society, causing damage to life and property.

d) Mitigation:

Mitigation refers to the structural and non-structural measures undertaken to limit the adverse impact of natural hazards, environmental degradation and technological hazards.

e) Preparedness:

Preparedness refers to the activities and measures taken in advance to ensure effective response to the impact of hazard, including the issuance of timely and effective early warning and the temporary removal of the people and property from threatened locations.

f) Response:

- (i) The act of responding
- (ii) Reply to an objection in formal disputation.

g) Vulnerability:

Vulnerability is a set of conditions and processes resulting from physical, social, economical and environmental factors, which increases the susceptibility of a community to the impact of hazards.

1.2 The Aim & Objectives of the Disaster Management Plan

The aim of this document is to serve as a ready reference at times of disasters and to assess the preparedness and filling the gaps in capacity to tackle such events in a continuous manner.

The objectives of the Disaster Management Plan shall be as follows:-

- To make the Court secure against disasters
- To plan and implement disaster reduction activities in the Court.
- To effectively prepare and respond to disasters.
- To train and build awareness among Court staff, Advocates and other stakeholders of the court about disasters.
- To coordinate with local government offices and other emergency services.

1.3 Profile of District Courts Chamba (Organizational Structure)

District Courts Complex Chamba H.P houses four courts, namely court of the District and Sessions Judge, Additional District and Sessions Judge, Civil Judge(Sr.Div.)-cum – Chief Judicial Magistrate and Civil Judge (Jr.Div.)-cum-JMIC. The Civil and Sessions Division Chamba has one taluka court at Dalhousie. The District and Sessions Judge is the controlling officer in respect of the judicial officers and employees working in the Civil and Sessions Division Chamba (H.P).

1.4 Infrastructure

The District Court Complex is a two storied building which houses all the courts and offices. The Court of District & Sessions Judge is situated on the ground floor of the building. The Court of Additional District & Sessions Judge and Civil Judge (Sr.Division)-cum-CJM are on the first floor of the building. The court of Civil Judge (Jr.Div.)-cum-JMIC is on the top floor of the building.

The Advocates bar room, Video conference room, library and record rooms are on the top floor of the building whereas the server room is on the ground floor of the building.

The building has ample passages and open spaces for easy approach from different directions. The complex has parking space in the backside and sideways of the building. The entry for the judges is separate and lies on the backside of the building from parking side. The main entry gate falls on the road and easily approachable from outside.

The Mediation center is situated outside the court complex on the ground floor of an old court building adjacent to the SBI bank and approximately 50-70 meters away from the court complex.

2. Hazard, Vulnerability, Capacity and Risk profile

District Courts Chamba is highly vulnerable to certain natural and manmade disasters. The Chamba District Courts is prone to major disasters like: Earthquake, landslide, flash floods, fire accidents, and stampede.

2.1 Major Hazards in Chamba

- Earthquakes
- Floods
- Forest Fires
- Domestic fires
- Landslides
- Stampede

2.2 Risk Analysis/Vulnerability for District Courts Chamba

Apart from natural calamities and hazards as stated above, many manmade disasters can have devastating effect on human life and property. Courts being the backbone of justice delivery system, effects of such disaster will be multifold.

District Court Complex Chamba is the hub of activities with advocates, litigants and other stakeholders along with employees and officers. Such a public office is prone to various catastrophes such as-

- Stampede- Normal working hours in courts see a huge rush and crowd. Such a situation is an easy recipe for stampede.
- Fire- Fire whether accidental or manmade has severe impact, reckoning the huge quantity of records and file apart from human life.
- Courts also see under trails and prisoners regularly, some of them are hard core criminals, thus possibility of security hazard cannot be ruled out.

2.3 Capacity of Department to deal with disasters

District Court Complex is structurally well built with ample open spaces. There are multiple exit routes which are critical in hazardous situations. Open passageways and shafts in the complex aid to sufficient lighting and ventilation which is helpful at times of fires.

Proximity of the complex to major Government departments and hospital is an added asset. The court complex is easily approachable for relief vehicles such as firefighting vans and ambulances etc. For quick response, in the event of disaster there are four vehicles of judicial officers that can be used for rescue and relief work

2.4 Gaps in existing capacity

Self assessment of capacity is essential to deal with disasters effectively and that too, in continuum. The disaster management plan must focus on lacunae and shortcomings so that they can be corrected well before some untoward event happens.

District Courts Complex, Chamba has certain gaps in capacity necessary to deal with disaster effectively-

- Lack of firefighting facility or equipments: - there are no fire extinguishers and alarms installed in the complex. No provision for setting up of fire hydrants has been done.
- No signboards to help people navigate viz. Exit signboards etc. guiding people to navigate inside the building are available.
- Mock Drill:- No mock drill has been conducted to ascertain the preparedness for dealing such disasters.
- Lack of awareness among staffs and advocates- No training or awareness material is available for court staff.
- Clogged Exits: - Main exit points are clogged by the haphazard sitting arrangements of advocates and notaries.

- Parking- Parking of vehicles in orderly manner in the premises is not followed which may hamper easy approach in critical times.
