National Service and Tracking of Electronic Processes (NSTEP) has been successfully implemented in Jharkhand in April 2022. Samsung smartphones and internet connectivity have been provided to bailiffs/ process servers of Jharkhand for serving processes. Electronic processes in PDF format are being generated through CIS and

the process admin of the concerned Court is assigning the delivery of processes to bailiffs/Process Servers. After serving processes to the concerned party, the photo and signature of the party along with the latitude and longitude of the location are captured by the bailiffs / process servers by utilising internet-enabled smartphones.

1	2	3	4	5	6
	DEHATA DISTRICT SATNA M.P.				
	MOHALLA NARWAR P.S. DEHATA DISTT. SATNA				

Accepted

Particulars (in block letters of each Party Executing Vakalatnama)

Name & Enrollment No. in State Bar Council	Address of Service	E-mail Address (if any)	Telephone Number (if any)	Full Signature
1	2	3	4	5
	JABALPUR			
	JABALPUR			

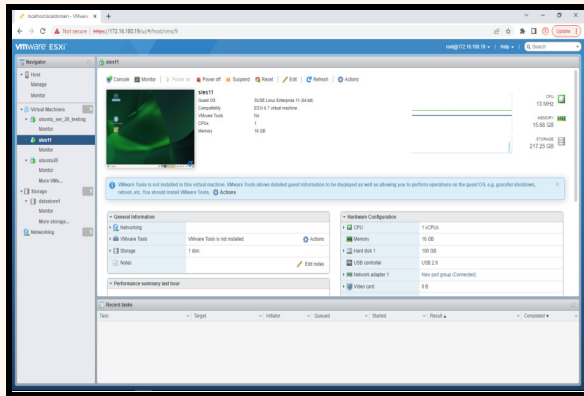

\*Cross out whichever is not applicable.  
The thumb Impression shall be attested by a literate person giving above particulars.

A module has been developed for instantly generating the Vakalatnama in the “case” tab at the High Court of Madhya Pradesh, Jabalpur and its Bench at Indore and Gwalior. Vakalatnama is on the dashboard of advocates in the “Additional Vakalatnama” tab provided by the High Court of Madhya Pradesh under the e-Diary facility provided to advocates. The same is available on the Login link of the official website of the High Court of Madhya Pradesh <https://mphc.gov.in/>.

After successfully logging into the e-filing module and after clicking on the “**Additional Vakalatnama**” tab, the user may fill in the case number and case year and click on the “**Submit**” button. Thereafter, the party details will appear dynamically from the database. Advocates/users may select “Petitioner” or “Respondent” and select the party name. Based on

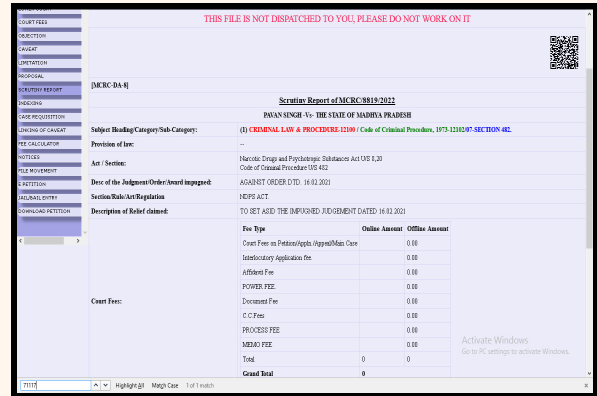

the advocate enrollment number and year, the advocate's name and other details will also appear. After filling in all details, the advocate may click on the “**Submit**” button. Thereafter, Vakalatnama will appear on the user’s screen, and the advocate may print the Vakalatnama by clicking on the print button.

## Implementation of Virtualization Software

The implementation of virtualization software is completed in servers at the High Court of M.P. Jabalpur and Madhya Pradesh State Data Centre, Bhopal. The hypervisor provides faster server provisioning and deployment, easier management, portability, minimised downtime, reduced operating costs, and increased IT productivity. Presently we are using 13, 09, and 03 virtual machines on 3 physical servers (hosts) respectively.

## Implementation of QR code module in CMIS software for quick file-tracking and information

The QR code system will be helpful in quick file-tracking, easy retrieval, and auto data feeding for information on cases at various sections/court rooms of the High Court of Madhya Pradesh. The scrutiny user may print the QR code on the label and affix it to the cover page in the file. QR code automatically gets printed on top of the scrutiny reports. All the cases filed at the High Court of Madhya Pradesh have a unique QR code for tracking cases.

## A Special Training Programme On NSTEP And e-Courts At Saharsa & Kaimur, Bihar

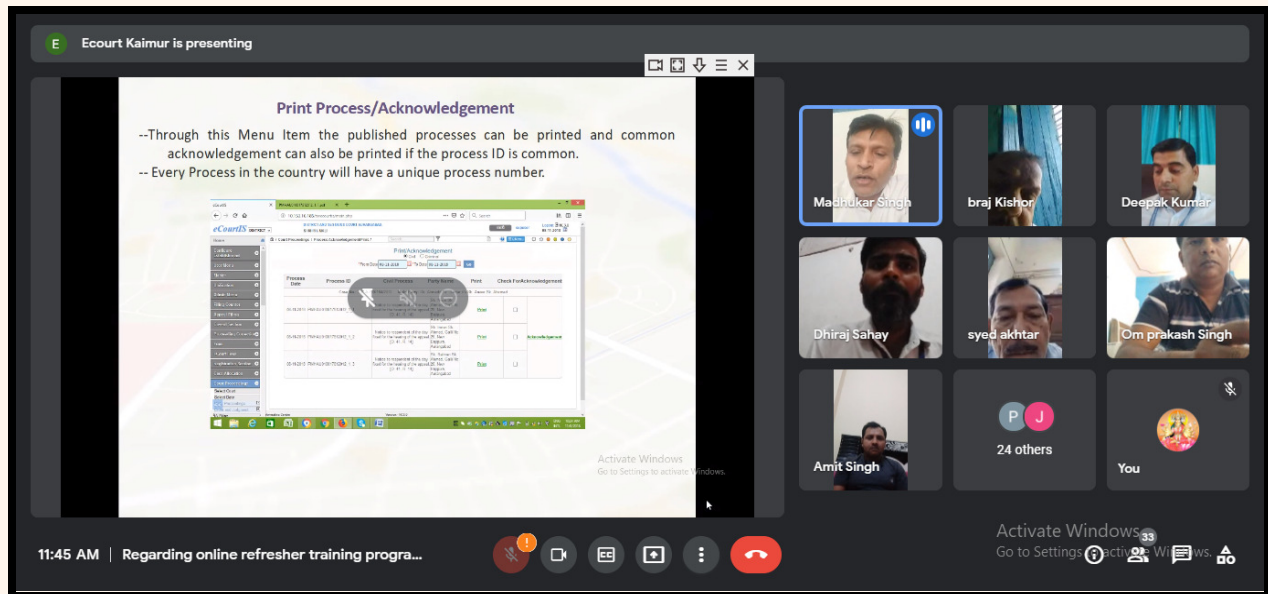

A refresher training programme of NSTEP and e-Courts was organised on 28-03-2022. The master trainer namely Sri Ravi Ranjan, ADJ, Saharsa imparted online training, especially to the Head Clerk, Nazir, and Process Servers of Civil Court, Saharsa as well as Civil Court, Khagaria for capacity building. The NSTEP (National Summon Tracking of Electronic Process) app has been developed by the eCommittee of the

Hon'ble Supreme Court of India. NSTEP has been developed for real-time tracking of the processes generated by the Courts online. It has been integrated with GPS which tracks the actual location of delivery of processes by the Courts Process Servers to the litigants. The master trainer paid special thanks to Sri Dr. Justice D.Y. Chandrachud, Hon'ble Chairman- cum- Judge, eCommittee, Hon'ble Supreme Court of India. He

---

explained the entire process of NSTEP. The process starts with the online generation in CIS 3.2 by the courts which are then uploaded on the NSTEP server by District Admin. The Process Servers have been equipped with Smart Android Mobile in which the NSTEP app is already installed. As soon as the process is generated online by the courts it becomes available on Nazir's ID and is allocated to the process servers on mobile. The process servers copy that process and reach the address of the concerned litigant. The process is served upon the litigant and digital signature, photo, and location are uploaded in the NSTEP app. After uploading these details, the status is automatically reflected in the Nazir and the Concerned Court. The main advantage of this

app is that the processes of other districts and also that of other states may be served electronically. NSTEP is in use in this judgeship for 8 months. Upon implementation of NSTEP, the appearance of witnesses has increased and brought transparency to the process. Recently the ICJS project has been implemented in the courts through which courts, police stations, and jails are connected to share data of police stations. Sri Ravi Ranjan has also discussed the different facets of the e-courts project which includes Virtual Studio Based Courts, installation of CCTV, Bihar VC Rules, e-Sewa Kendra, NJDG, Kiosk, e-Filing, e-Court fee, etc that enables paperless work by the courts in the near future.

The service of summons and processes by traditional methods are often a cause for delays in the speedy disposal of cases.. Once the process is adopted through CIS software by the respective courts, it will become available on the NSTEP web application in electronic format. NSTEP web application enables allocation of published processes to bailiffs if service is to be effected within their jurisdiction. It also facilitates the allocation of published processes to respective court

establishments, inter-district or inter-state.

NSTEP accomplishes the following significant goals:

1. Enables serving of Notices/ Summons in electronic form.
2. Posting and recording real-time updates from remote locations reducing inordinate delays in the process of service.
3. Time required for serving Inter-district or Inter-state processes by post is drastically reduced by serving it in electronic form.

4. Transparent tracking of service of process and summons by all stakeholders.

5. GPS connectivity with Bhuvan Maps (India's geo-platform developed by ISRO).

The bailiffs can view the allocated processes on the NSTEP Mobile App. Android smartphones are being provided to bailiffs which are integrated with the court's service modules.

### IT Cadre for District Courts has been notified at Bihar

# Paperless Software Module Rolled Out By High Court Of Punjab And Haryana

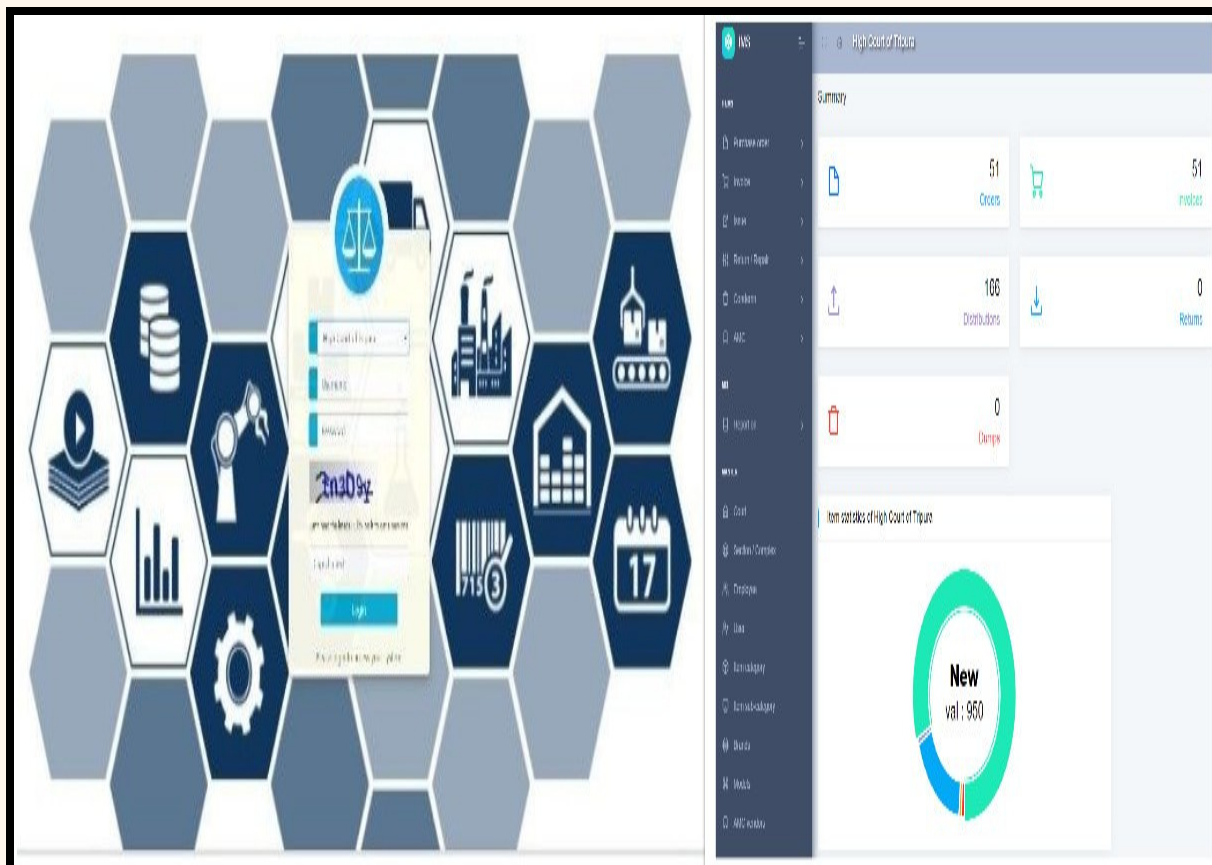

A new module has been developed to raise, track and resolve the issues related to the scanning of paper books. All the data of this High Court is scanned and available on DMS Server. Random Quality check was also done at the time of scanning.

During Covid-19, these scanned paper books were

integrated with ISHiCo for paperless court. For some of the paper books, it was reported by the court staff that the scanned paper books have some issues such as wrong scans, missing pages, incorrect order of pages, etc. This module facilitates the refining of the scanned data available on DMS.

## Launching of Inventory Management System (IMS) Software Application by the High Court of Tripura

On 5th April 2022, Hon'ble Mr. Justice Indrajit Mahanty, Chief Justice, High Court of Tripura has launched a software application namely, Inventory Management System (IMS) to maintain a digital

database of all the IT hardware of the High Court of Tripura and its District Judiciary. This software can keep track of all the computer hardware and peripheral items purchased by the High Court of Tripura and

---

supplied to the District Judiciary by maintaining information like Stock Details, Order Details, Invoice Details, Summary, and Detailed Reports of hardware, section-wise issue report, AMC Report, Item Warranty Status Report, Item History, and Item Return Report. The software further works in breaking down data silos of the Nodal Officers to monitor proper utilisation, distribution, and maintenance of the IT hardware available in the respective Court Complexes. This Software application has been made available on the intranet of all the Court Complexes, which is accessible through e-Courts WAN during the Court's working hours. This Software application(IMS) has been directed to be used by all the Court Complexes of the District Judiciary of Tripura

under the supervision of the Nodal Officers concerned who shall ensure data entry of IT hardware in this software by system assistants. The Nodal Officers have further been directed to periodically verify the reports generated by the IMS software and the entries in the Asset Register maintained in the Court Complexes to eliminate the instances of data mismatch of the IT hardware. This software application has been conceptualised by the Central Project Coordinator of the High Court of Tripura as per the direction of the Hon'ble Judge-in-Charge, ICT including eCourts Project, High Court of Tripura, and the application has been developed by the in-house development team of the Central Project Coordinator.

## Virtual Inauguration Of E-Sewa Kendra At Gandacherra Court Complex, Tripura On 13th April 2022

On 13th April 2022 at 4 pm, Hon'ble Mr Justice S. Talapatra, Judge-in-Charge, ICT including eCourts Project, High Court of Tripura and Hon'ble Mr. Justice A. Lodh, Portfolio Judge of Dhalai Judicial District have virtually inaugurated the eSewa Kendra at Gandacherra Court Complex through Video conferencing from the Judges' Lounge of the High Court of Tripura.

Gandacherra Court Complex is the remotest complex among all the Court of the District Judiciary of Tripura as it is geographically located in the hilly terrains of the Dhalai District of Tripura mostly populated by different tribal communities. For this purpose, a brief

programme was organised at Gandacherra Court Complex by the SDJM-cum-Civil Judge (Jr. Div.), Gandacherra where all the Judicial Officers serving in that station, members of the local Bar Association, officials of Civil and Police Administration of the Gandacherra Sub-division and litigants present in the Court have participated. At the High Court of Tripura for the virtual inauguration of the eSewa Kendra, Hon'ble Mr. Justice S. Talapatra, Judge-in-Charge, ICT including eCourts Project, Hon'ble Mr. Justice A. Lodh, Portfolio Judge, Dhalai District and Hon'ble Mr. Justice S.G. Chattopadhyay, Judge, High Court of Tripura was

present. Officers of the Registry of the High Court of Tripura led by Shri D.M. Jamatia, Registrar General and the Technical Team of the High Court were also present. During this virtual inauguration programme, three sites i.e., the High Court at Agartala, the District Court of Dhalai at Ambassa and the Programme venue at Gandacherra were simultaneously connected via video conferencing through the BSNL MPLS Leased Line Network. Shri Goutam Sarkar, District & Sessions Judge of Dhalai District also participated in the programme via video conferencing sitting at the District Headquarters at Ambassa and delivered his welcome speech virtually from Ambassa during the programme. Hon'ble Mr. Justice A. Lodh has emphasised upon the importance of a helpdesk counter in a remote Court Complex like Gandacherra which is meant to serve the need of the Bar Members and the litigants in accessing information pertaining to the justice delivery system. Hon'ble Mr. Justice S. Talapatra, Judge-in-Charge,

ICT including eCourts Project, High Court of Tripura has highlighted the importance of the establishment of eSewa Kendras at each and every Court Complex of Tripura and said that the setting up of eSewa Kendra is a milestone in the eCourts initiative. During his Lordship's deliberation, the various services meant to be provided through the eSewa Kendra were discussed at length and he also requested the Bar Members and litigants to avail these services so that the eSewa Kendra may function with its aim to provide various citizen centric services.

With the inauguration of this eSewa Kendra at Gandacherra Court Complex, the High Court of Tripura has completed setting up of eSewa Kendra at all the 15 Court Complexes of Tripura for which funds were released by the Department of Justice and at present all the Court Complexes of the District Judiciary of Tripura and the Registry of the High Court of Tripura are having functional eSewa Kendra.

## State Wise Launch Of Comprehensive Software Programme For Online Quarterly Return No. V<sup>th</sup> by Judicial Officers Of Rajasthan

For the purpose of evaluation of work done by a Judicial Officer, every Judicial Officer has to manually submit a quarterly return to the High Court through the District Judge. In order to accomplish the task in a paperless, scientific, and analytical manner, a Computer Programme has been developed indigenously by the technical team of the Rajasthan High Court which is linked with the CIS of every Court. Initially, this programme was launched on a pilot basis in two Judgeships i.e. Sirohi and Tonk for

preparing quarterly return statements for 1st Quarter of 2022. After successful testing, the programme has been launched for the entire State of Rajasthan w.e.f. 01.04.2022 after the successful E-launch ceremony of this comprehensive programme on 01.04.2022 with the kind blessings of Hon'ble Mr. Justice M.M. Shrivastava, the Acting Chief Justice and Hon'ble Mr. Justice Arun Bhansali, Chairman Steering Committee.

## Hands-On Training To Jail Authorities On Video Conferencing Software

In the State of Rajasthan, 1292 Courts, and 95 jails are equipped with VC hardware. Dedicated VC Software (Zoom) and internet connectivity have been provided in 1292 Courts. The production of accused from jails through Video Conferencing will not only save time, and energy and minimise the movements of inmates but also ensure security. In this

series, intensive training has been imparted to a team of five tech-savvy persons nominated by the Director General of Prisons Rajasthan Jaipur on 25.04.2022 at Rajasthan High Court, Jaipur Bench for use. The nominated persons will further impart training to the authorised persons at every jail.

## Training on Implementation of mandatory E-Filing of cases in High Court of Madras to the Advocate Master Trainers

### Training for the Advocate Master Trainers in the Madurai Bench of Madras High Court at Madurai through Video Conferencing

As per the direction of the Hon'ble Computer Committee, High Court of Madras, the Registry had conducted a training programme to Advocate Master Trainers towards implementation of mandatory e-filing

of cases in the Principal Seat and Madurai Bench of Madras High Court on 19.04.2022 through Video Conferencing.

## **e-Committee, ECT\_3\_2022 – ICT Programme of the E-Courts project for new Master Trainers by the Tamil Nadu State Judicial Academy**

An Outreach and Awareness Programme (ECT\_3\_2022) on the ICT initiatives of the e-Courts Project for New Master Trainers was conducted by the Tamil Nadu State Judicial Academy (TNSJA), Chennai in

coordination with the Hon'ble e-Committee Supreme Court of India and the High Court of Madras on 24.04.2022 at Tamil Nadu State Judicial Academy, Chennai.

The Judicial Officer (Master Trainers) has imparted training to the Newly nominated Master Trainers (Judicial Officers) on the following topics viz.,

Overview of e-Courts Project, CIS in District Judiciary, NSTEP, e-Filing, Virtual Courts, e-Payment, Video Conferencing Rules, and e-Filing Rules.

## E-Committee ECT Programmes For New Master Trainers & For Advocate/Advocate Clerk Conducted By The Meghalaya Judicial Academy

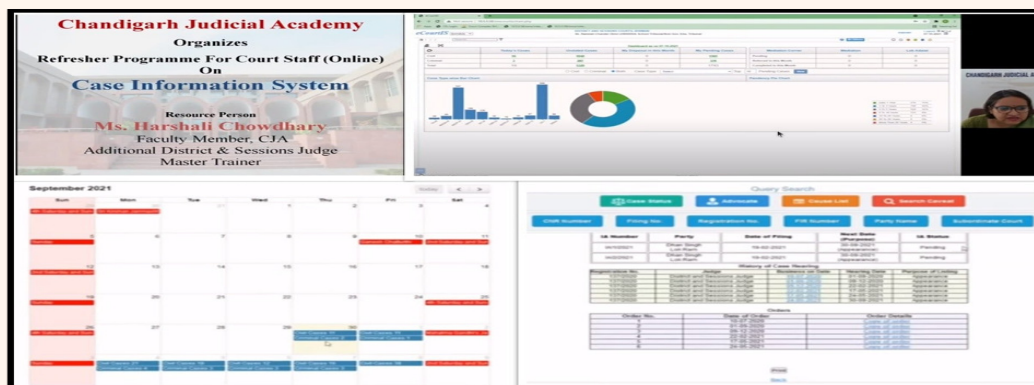

Master Trainer Programme for new Master Trainers under the e-Committee Special Drive Training and Outreach Programme was conducted on the 2nd April 2022 in the Meghalaya State Judicial Academy at Shillong. The proposed six master trainers were trained by the four master trainers, Smti Barisuk Khriam (District and Sessions Judge, Jowai), Shri F S Sangma (Special Judge (POCSO) Shillong), Shri Albert W Lanong (Chief Judicial Magistrate, Resubelpara) and Shri Temsu T M

Sangma (OSD, Meghalaya State Legal Services Authority, Shillong). ECT-4 2022 Training Programme for advocates / advocates' clerks was conducted on the 22nd April 2022 where 24 nominated advocates from Shillong Bar Association & High Court Bar Association were trained in the Meghalaya State Judicial Academy at Shillong by the Advocate Master Trainer Adv Shyambor Marpan and Adv Farchie G Momin.

## e-Committee ECT Program on Case Information Software for Court Staff by Chandigarh Judicial Academy Crosses 21 K Views

Taking the vision forward as put forth by the e-Committee, the Hon'ble Supreme Court of India and the Chandigarh Judicial Academy organised a one-day Refresher Program for Staff on the "Case Information System" on 9.4.2022. The said program was broadcasted live on the YouTube channel of Chandigarh Judicial Academy. The resource person for the online training was Ms. Harshali Chowdhary, a faculty member and session judge master trainer at the

Chandigarh Judicial Academy. The program was divided into three parts: (i)Introduction of CIS; (ii)Q Menu; and (iii)Configure Establishment.

The target audience of the program was the Court Staff across Punjab, Haryana, and UT Chandigarh. The entire program had a total viewership of 21000 views and has been received positively with thunderous applause. The said program is available on the YouTube channel of Chandigarh Judicial Academy for future reference:

<https://youtu.be/vWhujP-8E5w>

## *Court and case management through NJDG (part -4 )*

### **National Judicial Data Grid (NJDG) Admin Login**

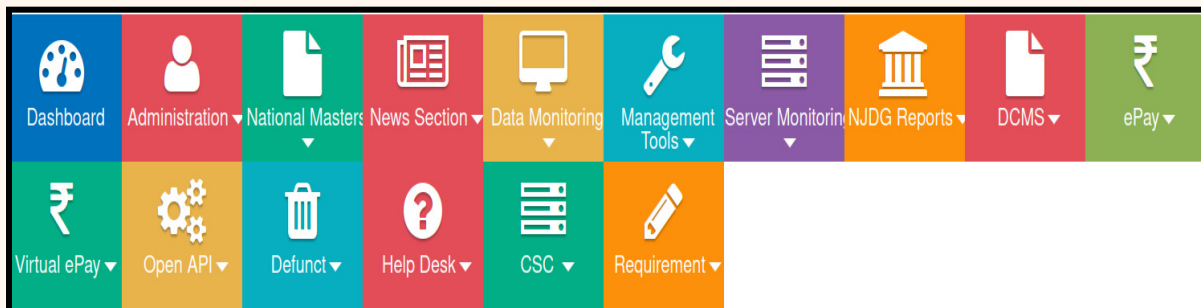

The screenshot shows a login interface for the National Judicial Data Grid (NJDG). At the top, there is a blue header with a lock icon and the word "LOGIN". Below the header, there are two radio buttons: "High Court" (unselected) and "National" (selected). Underneath are two input fields for "Username" and "Password". At the bottom, there are two buttons: a green "LOGIN" button and a blue "RESET" button.

Administrative Judges can use Admin login to NJDG for a variety of administrative purposes. This login for Admin can be created by the respective Central Project Coordinators of the High Courts for the portfolio Judges of High Courts, Principal District Judges, Chief

Judicial Magistrates, and other Administrative Registrars, as per the administrative requirement of each High Court. The login through the Admin user ID will open up a variety of tabs, as shown in the screenshot below, which can be used as a Court and Case Management tool by the Administrative Judges.

## Admin Main Tabs

The Admin Login has several tab options in the NJDG as shown above under the following headings: Dashboard, Administration; National Masters; News Section; Data Monitoring;

Management Tools; Server Monitoring; NJDG Reports DCMS; E-Pay; Virtual E-Pay; Open API; Defunct; Help Desk; CSC; and Requirement.

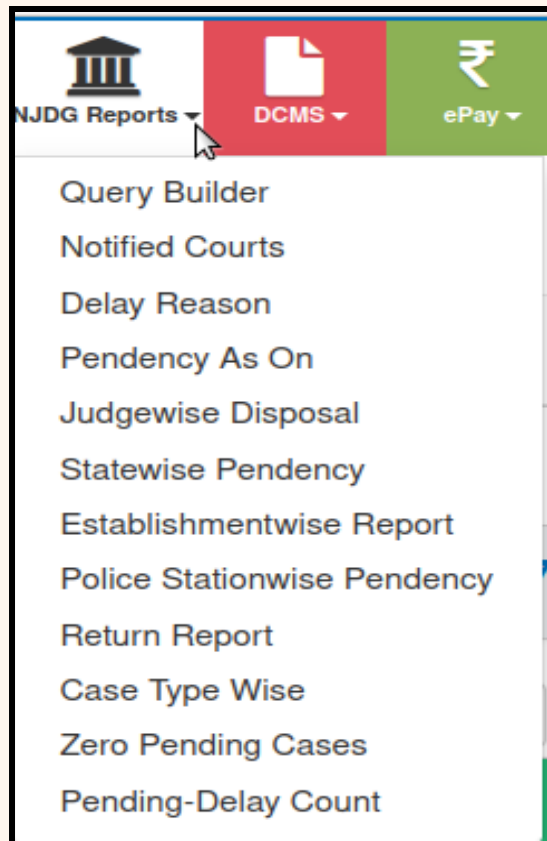

## Admin Sub menus

Under each of the main NJDG tabs, a bundle of sub-menus are available. For example, under the tab “Data Monitoring”, there are 15 sub-menus as shown on the right side of the screenshot above. It includes options such as Year Wise Victim Count, Email Sent Count, Mobile Email Details, Court Complex Report,

Summary Report of Courts, etc. Similarly, under the tab “NJDG”, several important sub-menus are made available, including Query Builder, Return Report, Judgewise Disposal, Establishment-wise Reports, Police Station-wise Pendency, Case Type Wise, etc. The list of sub-menus is available under

the “NJDG” tab and is also captured in the screenshot herewith. These NJDG reports can be put to multiple uses. For example, if a crime meeting is arranged, the details of the station-wise pendency report of NJDG reports can be utilised for

review and discussion of a crime meeting. These data are real-time statistics that can be put to use to improve the efficiency of various Courts. The other tabs and their submenus are tabulated herewith for easy reference.

*(to be continued).....*

## e-Courts Statistics:
