REGARDING CALL FOR QUOTATION FOR REPAIRING OF PRINTERS IN BHAGALPUR JUDGESHIP

It is submitted that several printers installed in various Courts of the Judgeship of Bhagalpur are not functioning properly and require repairing, servicing and replacement of defective parts/consumables, as the case may be. Due to the non-functioning/poor performance of these printers, the day-to-day court work is being adversely affected.

In view of the above and as per the resolution passed by the District Court Computer Committee, Bhagalpur, it is considered necessary to get the defective printers inspected and repaired/serviced at the earliest so as to ensure their proper functioning and avoid disruption of official work.

Accordingly, it is proposed that quotations may be invited from reputed/eligible firms/agencies for repair and servicing of the printers installed in the Judgeship of Bhagalpur, including the cost of required spare parts, wherever necessary.

The firms may be requested to inspect the printers and submit their quotations within 03 days indicating the model-wise/repair-wise charges, cost of spare parts, service charges and applicable taxes, separately, so that the same may be placed before the competent authority/committee for consideration and further necessary action.
