No. :- Com/ 4151 /2026

CIRCULAR

It is informed that the upgraded version of the **eCourts Services Mobile App i.e. Version 4.0** was launched during the National Conference on Judicial Process Re-engineering and Digital Transformation held on 11th and 12th April 2026 in Supreme Court of India. The eCourts Service Mobile App User Manual and eCourts Service Mobile App Video is attached herewith for your ready reference. **Kindly note that the upgraded version will go live on May 5, 2026.**

It is also directed to take mandatory backup of the mobile App. To prevent of data loss during the transition to version 4.0, This notice can detail the new features and advise stakeholders to back up their saved cases.

Your good self requested to circulate the user manual and training video for the eCourts Service Mobile Application version 4.0 for the awareness of the litigants, lawyers and other stakeholders.

Copy of this CIRCULAR be displayed on Notice Board of Court premises., e Seva Kendras., & District Court Website.

Tripathi

21st April 2026

(S.T. Tripathi)
District Judge -3 &
District Project Coordinator
LATUR

Copy forwarded for information and necessary action to :-

1) The District Judge – 1 Ahmedpur / Udgir / Nilanga
2) The President, District / Taluka Bar Association, Latur/Chakur/Ahmedpur/Udgir/Deoni/Nilanga/Ausa/Renapur
3) The Civil Judge J.D. Chakur/Deoni/Ausa/Renapur
4) Registrar, District Court, Latur
5) Superintendent (C & F), District Court, Latur
6) The District System Administrator, Computer Section Latur is directed to publish this circular on Dist. Court Website.

Core Enhancements **eCourts Services Mobile App i.e. Version 4.0** are :

1. Technological Compliance: The app now targets Android 14 (API level 34), ensuring continued availability on the Google Play Store for users with the latest hardware.

2. Performance Upgrade: The shift to a native rendering engine facilitates faster load times, smoother animations, and more efficient resource management.

3. Ergonomic UI Redesign: Following expert consultation, the interface features a minimalist design with a bottom-tab navigation menu for easier one-handed use.

4. Functional Improvements:

1. Direct Order Access: Clickable links within the "Case Status" screen allow users to view order PDFs directly.

2. Case Conversion Tracking: A new table enables users to view both old and new case numbers for converted cases.

3. Personalization: The "My Cases" section now utilises pagination (10 records per page) to resolve previous unresponsiveness and "page hanging" issues.

4. Unified Quick Links: All secondary services like ePay, NJDG, and eFiling are consolidated into a single "Quick Links" menu for intuitive navigation.

5. Integrated with BHUVAN maps for locating Court Complexes.

To safeguard user data, and ensure a seamless migration across all judicial tiers, it is mandatory to take data backup of the mobile App. Users can use the "Export" feature in their current app to back up their saved cases. This is essential to prevent any data loss during the transition to the new React Native storage architecture.
