

R.O.C. No.112373/2023/Comp.3

Through e-Mail only

Date: 29.04.2026

From

A. S. Ravi, B.Sc., M.L.,
Registrar (IT-cum-Statistics),
High Court, Madras – 104.

To

1. The Principal Judge, City Civil Court, Chennai,
2. All the Principal District Judges in the State of Tamil Nadu
3. The Chief Judge, U.T. of Puducherry. (w.e.)

Sir/Madam,

Sub: e-Courts Project – Mail received from the Hon'ble-Committee, Supreme Court of India – User Manual and Training Video for eCourts Services Mobile Application Version 4.0 on Release Server–e-Courts Single Sign on Portal and e-Court Mobile Application V.4.0 – Requested to take necessary action – Regarding.

* * * * *

I am to state that the Hon'ble e-Committee, Supreme Court of India, has launched the e-Courts Single Sign-On (SSO) Portal (<https://ecourts.gov.in/ecourts2.0>) and the e-Courts Services Mobile Application Version 4.0 (Android only). The e-Courts web portal enables Advocates, Litigants and Government Officials to create a unified login and store their case details on a single platform for seamless tracking.

Further, the e-Courts Mobile Application incorporates the following features:

- a. **Direct Order Access:** Clickable links within the “Case Status” screen allow users to directly view order PDFs.
- b. **Case Conversion Tracking:** A dedicated table enables users to view both old and new case numbers for converted cases.

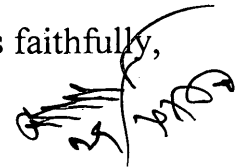

- c. **Personalization:** The “My Cases” section now includes pagination (10 records per page), resolving previous issues of unresponsiveness and page hanging.
- d. **Unified Quick Links:** Secondary services such as ePay, NJDG, and eFiling are consolidated into a single “Quick Links” menu for improved navigation.
- e. **Integration with BHUVAN Maps:** Enables users to locate court complexes.

Further, prior to upgrading the mobile application, it is **mandatory to back up user data** to ensure a smooth transition across all judicial tiers. Users may utilize the “**Export**” feature in the existing application to back up their saved cases. This step is essential to prevent any data loss during the migration to Version 4.0.

To facilitate this process, a public notice may be issued through official websites, e-Sewa Kendras, and Court Complexes, detailing the new features and advising stakeholders to complete data backup before migrating to the new version. The new version goes live on **5th May 2026**.

Therefore, I am to request your goodselves to issue necessary instructions to the Staff Concerned, to sensitize Advocates and Litigants regarding the features of the e-Courts Single Sign-On Portal and the e-Courts Mobile Application Version 4.0. The user manuals (.pdf format) for both are attached herewith for ready reference.

Yours faithfully,

Registrar (IT-cum-Statistics)
