ECourts Portal – 7 Simple Ways To Get Information On Any Court Case

The Ministry of Law & Justice, eCommittee and the Supreme Court of India have taken a unique initiative and have launched eCourts Services Mobile App and eCourts Portal (website). These platforms enable finding the status of any case anytime, anywhere, quickly and directly led in any High Court, District Court or Taluka Court.

These services enable searching for a case by CNR Number. Cases can also be searched by Party Name, Case Number, Filing Number, Advocate Name, FIR Number or Act Type. The portals facilitate receiving notifications regarding next date of hearing of a case, searching for caveat and also getting copies of judgments.

The services available on the eCourts portal are

• Cause list

• Notifications regarding next date of hearing

• Online copies of judgments

• Individual date case list for advocates

• Appeal notifications

• Caveat status and information

eCourts Services Mobile App – Through the eCourts Services Mobile App (with QR Code facility), all case related information would be available through the Mobile App with portfolio management tool 'My Cases'.

eCourts Website – All litigant-centric information would be available through http://ecourts.gov.in

Email – Automated mails would be received in the litigant's mailbox on registration of email addresses.

Judicial Service Centres (JSCs) – Case related information for litigants and lawyers shall be available at every JSC.

Information Kiosks – Case related information available through kiosks at every JSC.

SMS Push – On registration of mobile no., regular updates at each stage would be received.
