S. GOVERDHAN REDDY
REGISTRAR GENERAL

HYDERABAD
Dt:03.11.2026

ROC.NO.955/SO/2025

To
All the Unit Heads in the State of Telangana.

Sir/Madam,

Sub:- High Court for the State of Telangana – Letter received from Assistant Registrar (PIL-Writ), Supreme Court of India – Forwarded Certified Copy of Order dated 22.04.2025 in Suo Motu Writ Petition (C) No.07 of 2024 IN RE: COMPENSATION AMOUNTS DEPOSITED WITH MOTOR ACCIDENT CLAIMS TRIBUNALS AND LABOUR COURTS – Instructions issued – User Manual for the MV Act Dashboard developed by the High Court – Forwarding the same for necessary action at your end - Reg.

05-11-26
CHECK & PUT-UP

PRL D&SJ

Ref:- 1) Letter D.No.26927/2024/SC/PIL (W), dated 24.04.2025 from the Assistant Registrar (PIL-Writ), Supreme Court of India, New Delhi.
2) High Court's letter in Roc.No.955/SO/2025, dt.13.05.2025, addressed to all the Unit Heads in the State of Telangana along with practice directions.
3) User Manual for Dashboard for Compensation of Motor Vehicles Act, 1988 and Workmen's Compensation Act, 1923.

PRL. DIST. & SESSIONS COURT
RECEIVED
05 NOV 2026
C.A.O.
NALGONDA

*****

Attention is invited to the reference 1st cited, wherein it was requested to furnish the report relating to unclaimed compensation amounts lying deposited with the MAC Tribunals as well as before the Commissioners under the 1923 Act of your Unit.

Dcco/S864/26/5-11-26

Further, it is to inform you that in pursuance of the directions issued by the Hon'ble Supreme Court of India in the above cited judgment, the in-house Software Development Team under the supervision of NIC team of this High Court has developed the "Dashboard for Compensation – Motor Vehicles Act, 1988 and Workmen's Compensation Act, 1923". The Dashboard is hosted on the official website of the High Court and can be accessed from

https:tg.tshc.gov.in/mvwc/. A user manual has been prepared for the general public and institutional users, and the manner of using the Dashboard.

Therefore, while forwarding the Order dt.22.04.2025 and User Manual for the MV Act Dashboard, I request all the Unit Heads in the State of Telangana to circulate the same among all the Judicial Officers working in your Unit with a direction to upload the relevant details in continuous manner without fail.

This may be treated as **"MOST URGENT".**

Yours sincerely,

REGISTRAR GENERAL

OFFICE OF THE PRINCIPAL DISTRICT JUDGE AT: NALGONDA

a. Citizens' Dashboard: 5

III. Institutional Users – Logins, features, and Workflow: 8

a) Admin User: 9

b) Court User: 15

c) Labour Court User: 21

d) District Legal Services Authority (DLSA) User: 27

e) State Legal Services Authority User: 32

I. Background and Introduction

Sri B.B. Pathak, a retired Judge from the State of Gujarat addressed an email to the Hon'ble Supreme Court of India bringing to the Apex Court's notice a serious problem: large amounts of compensation awarded under the Motor Vehicles Act, 1988 and the Workmen's Compensation Act, 1923 were lying deposited with Motor Accident Claims Tribunals (MACTs) and Labour Courts, even though the claimants were already entitled to receive those amounts.

Taking cognizance of the information, the Hon'ble the Chief Justice of India directed the registry of the Supreme Court to register the case as a suo motu writ petition. The Supreme Court initially sought information from Gujarat and it was revealed that an unclaimed MACT compensation of approximately Rs. 282 crores **was lying** in the MACTs in the State. Further, amounts of Rs. 239 crores in Allahabad and Rs. 459 crores in Bombay were lying with the MACTs.

Alarmed by the huge amounts of unclaimed compensations lying with the MACTs across these states, Hon'ble Supreme Court's Bench comprising of Hon'ble Sri Justice Abhay S. Oka and Hon'ble Sri Justice Ujjal Bhuyan, issued certain directions to all the High Courts in the country.

The Hon'ble Supreme Court directed the High Courts to undertake a massive drive to ascertain the whereabouts of persons who had been held entitled to compensation but had not received it, with the assistance of the District and Taluka Legal Services Authorities and para-legal volunteers. The State Governments were directed to assist with police and revenue officials where necessary. The State Legal Services Authorities were directed to monitor compliance.

Thus, the philosophy behind the dashboard can be expressed quite simply:

Award of compensation → IDentification of claimant → Tracking of compensation → Disbursement to claimant → Monitoring of undisbursed amounts

The Hon'ble Apex Court also directed the High Courts to create a dashboard, under the supervision of the Central Project Coordinator/Registrar (IT) of the concerned High Court, with assistance from the State Government. The purpose of the Dashboard is to monitor such unclaimed amounts and enable the High Court to undertake appropriate measures for ensuring that compensation reaches the persons entitled to receive it.

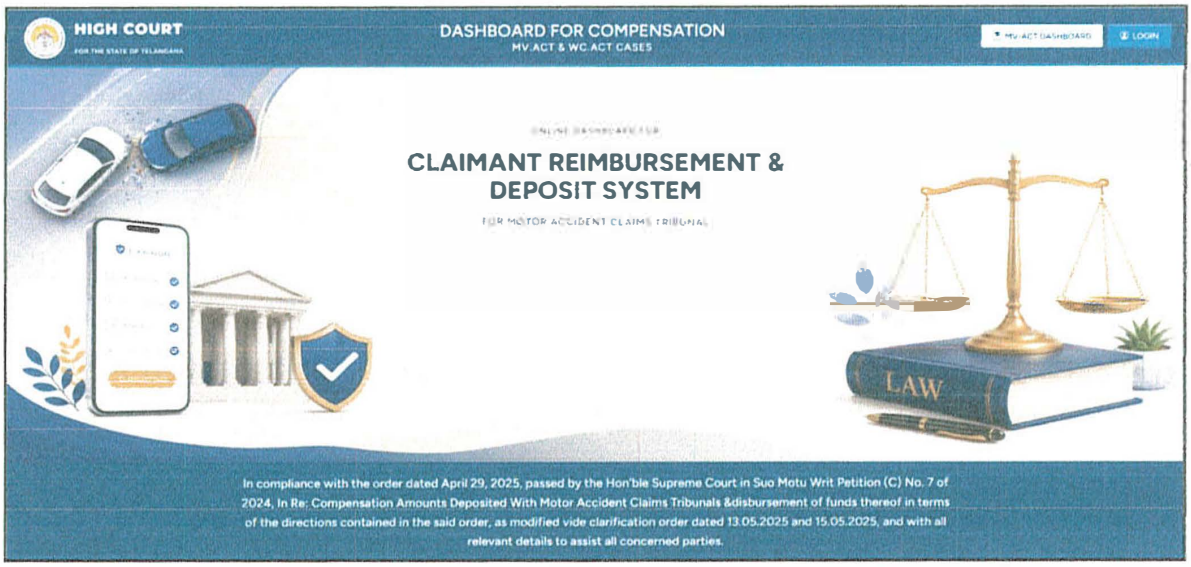

Pursuant to the aforesaid directions, the High Court for the State of Telangana has developed the **"M.V. Act / W.C. Act Cases Compensation Monitoring Dashboard"** to facilitate systematic monitoring of compensation awarded in cases under the Motor Vehicles Act, 1988 and the Workmen's Compensation Act, 1923, and to assist in ensuring timely IDentification, tracking and disbursement of compensation to the rightful beneficiaries.

The Dashboard can be accessed from:

https://tshc.gov.in/mvwc/

The user types, features and work flow of the Dashboard are explained in detail hereunder.

II. Welcome screen and Citizens' Dashboard:

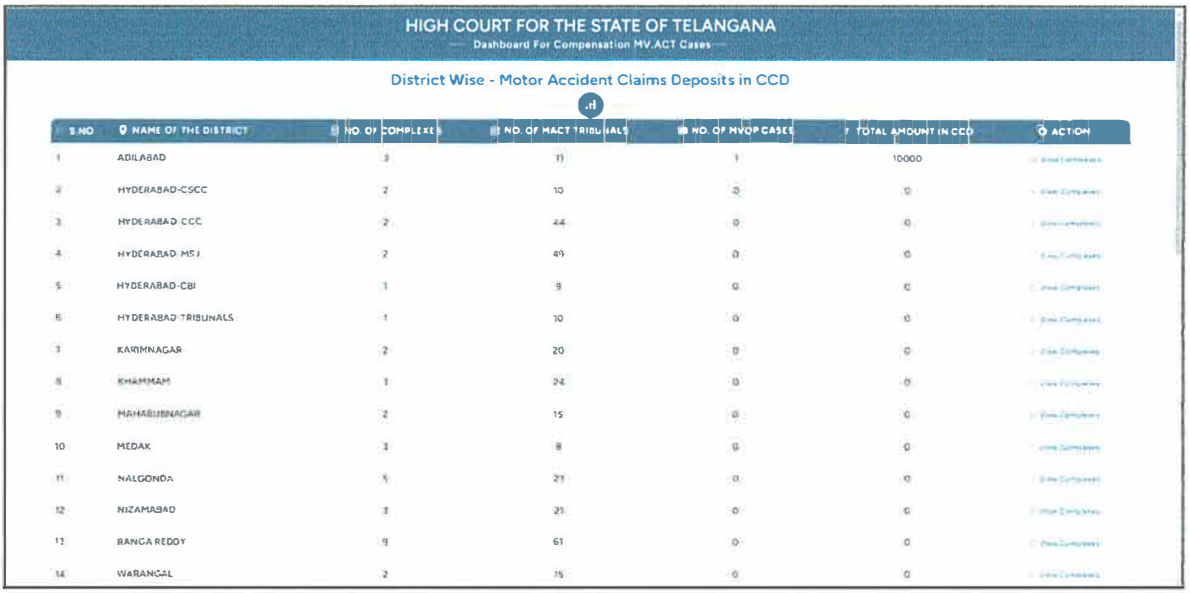

Dashboard - Welcome Screen

Upon entering the URL (Uniform Resource Locator), a welcome screen greets the users. On the top right corner there are two action buttons, name MV-Act Dashboard and Login. The general public can access the Citizens' Dashboard by clicking on the ***"MV-Act Dashboard"*** button.

Buttons

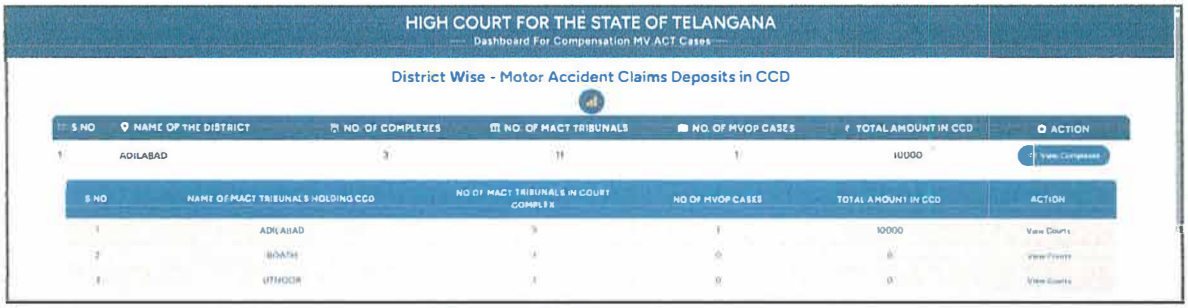

a. Citizens' Dashboard:

Citizen's Dashboard

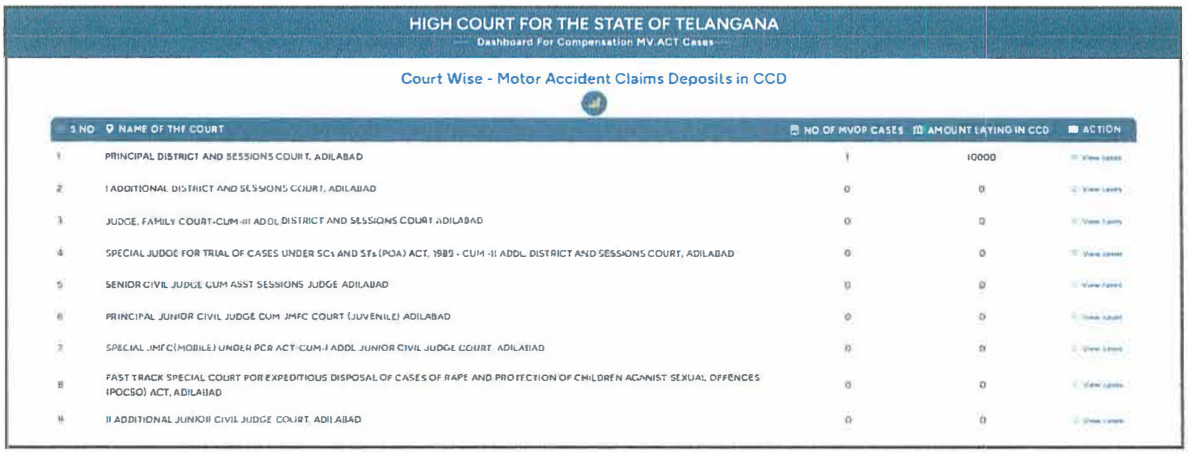

Using the Citizens' Dashboard, the general public can access statistics such as No. of Court Complexes in each District, No. of MACT Tribunals, No. of MVOP Cases and the Total Amount in CCD. The general public can further get these details Court Complex-wise by clicking on the ***"View Complexes"*** Button on the right hand side, at the end of the row.

Upon clicking on the "View Complexes" action button, the dashboard shows the details of the Court Complexes in that particular District. In the following screenshot, there are three court complexes in the district of Adilabad, and they are presented to the citizen along with the No. of MACT Tribunals in that Court Complex, No. of MVOP Cases and the Total Amount in CCD.

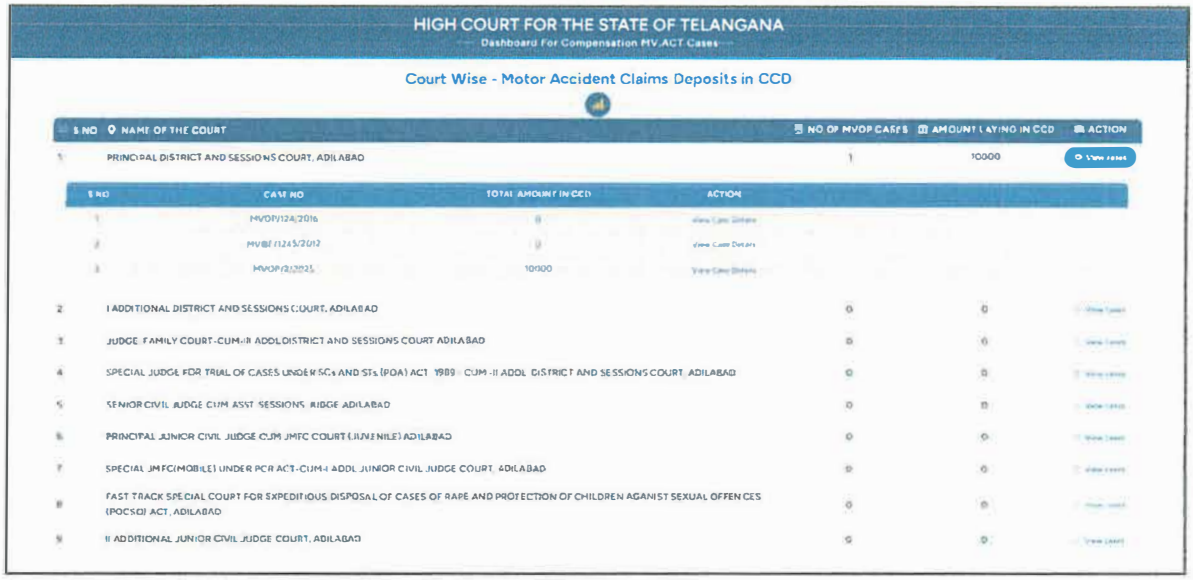

Citizen's Dashboard - Court Complexes

The citizen can further drill down the details to court level by clicking on the ***"View Courts"*** link on this page.

Citizen's Dashboard - Courts

Upon clicking on the "View Courts" button a new window opens up with the details of names of Courts in that Court Complex, No. of MVOP Cases in that particular court, Amount lying in CCD in that particular Court. The citizen can further drill down the statistics to get case-level details in each court of that particular court complex, by clicking on the ***"View Cases"*** action button.

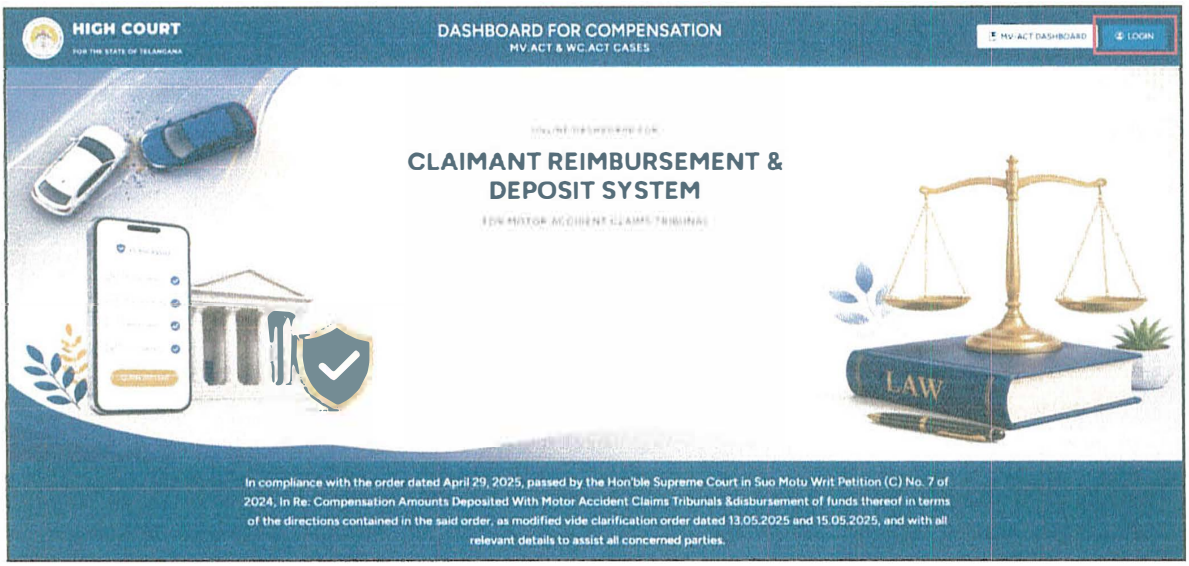

Citizen's Dashboard - Case

Upon clicking on the "View Cases" button, the citizens are presented with the case details of that particular court, like case no., total amount in CCD. The citizen can further drill down to Case level by clicking on the ***"View Case Details"*** link provided against each case.

As seen above, the citizens are provided with all the details of Districts, Court Complexes, Courts, where there are cases in which unclaimed amounts of compensation is lying, and they can further drill down to court level and case level details. This makes the whole process transparent and accessible to the general public.

III. Institutional Users – Logins, features, and Workflow:

All the Courts dealing with the Motor Vehicle (MV) OPs in the State, along with the Labour Courts, District Legal Services Authority (DLSA), and the Telangana State Legal Services Authority (TSLSA) are provided with user IDs and passwords.

Dashboard - Welcome Screen

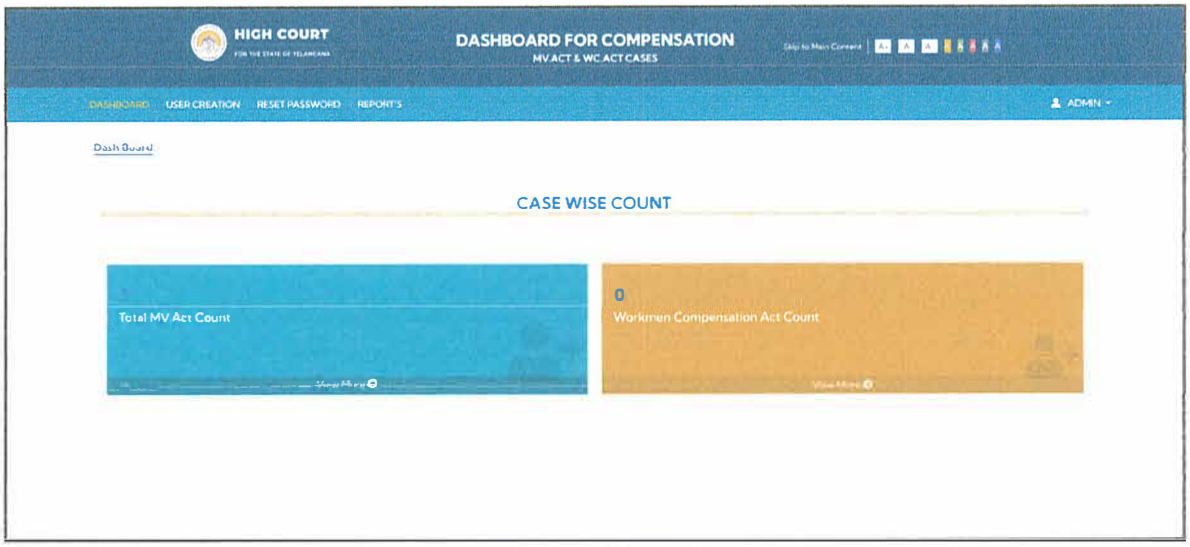

On the top right corner of the welcome screen there is a "***Login***" button. The institutional users (Courts, Labour Courts, DLSAs, and TSLSA) can log into the dashboard using this button and discharge their duties.

Dashboard - Login Screen

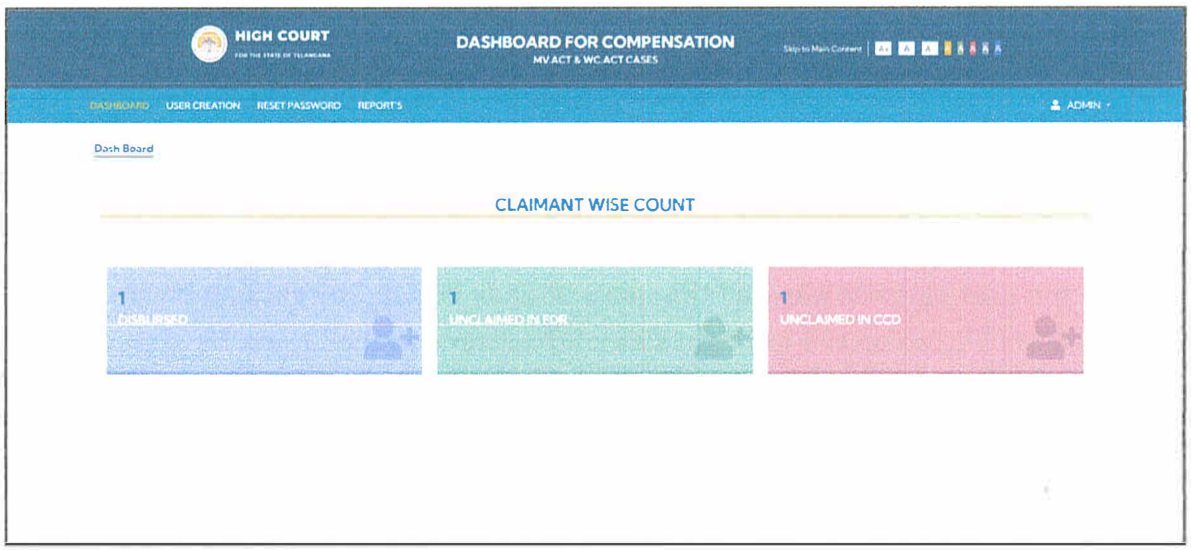

a) Admin User:

The Admin user carries out the administrative duties. Once the Admin user logs into their account they are greeted with the default screen of dashboard.

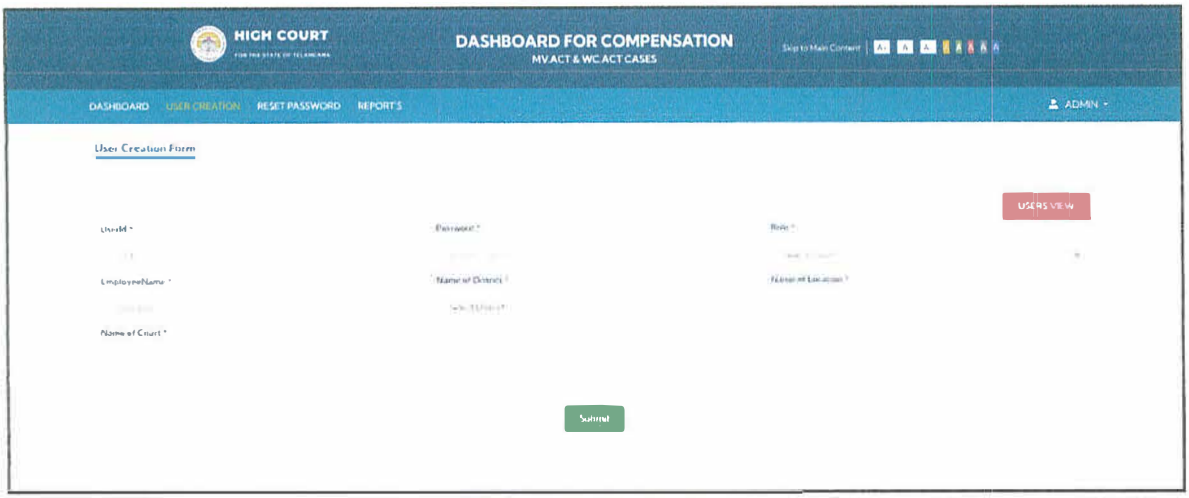

Admin User – Dashboard

Dashboard: The Dashboard shows the total number of MV Act cases and Workmen Compensation Act cases assigned by the Court users and the Labour Court users to the District Legal Services Authorities. Upon clicking on the "View More" button on the respective tab, the Admin user will get the number of cases in which the compensation was disbursed, the number of cases in which the unclaimed compensation is lying in FDRs and the number of cases in which the unclaimed compensation is lying in CCDs.

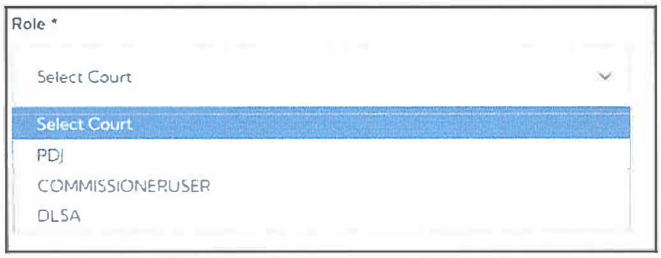

Admin User - Dashboard - Details of Cases

User Creation: As an Administrator of this dashboard, the Admin user is vested with the responsibility of user management. Whenever new courts/labour courts are sanctioned in the State, a user ID has to be created for that court/labour court. The Admin user can create new users using this menu option.

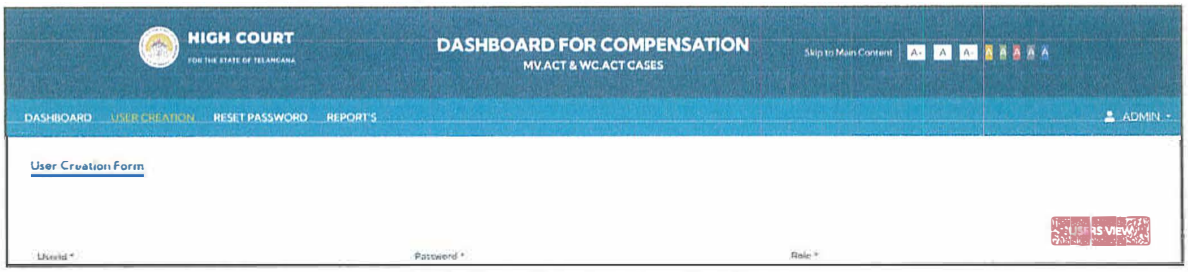

Admin User - User Creation

The Admin user can create a user ID by entering the details of User ID, Password, Role, Employee Name, Name of District, Name of Location, Name of Court. While the remaining fields are self explanatory, the ***"Role"*** drop-down menu presents the Admin user with three options, namely, PDJ, Commissioner User, and DLSA. When the Admin user is creating an ID for a Court user (who is dealing with MVOP Cases) the Admin user has to select the PDJ, and select Commissioner User while creating user ID for a Labour Court User, and finally DLSA for creating a new DLSA user.

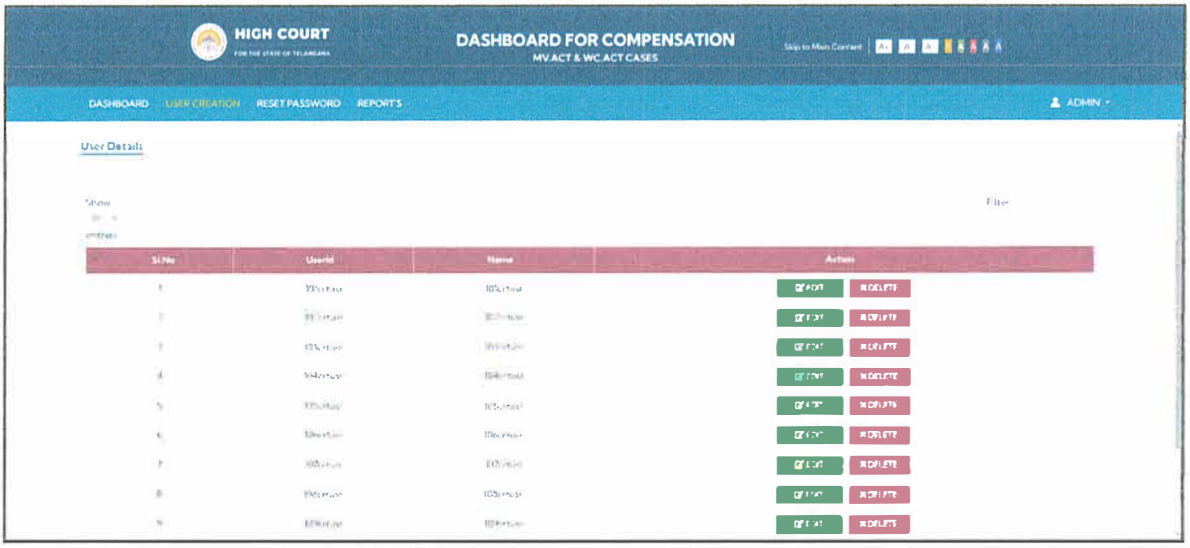

Admin User - User Creation - Role Drop-down menu

The Admin user can also view all the users already created by clicking on the ***"Users View"*** action button on the top right side of the screen in the Create User menu.

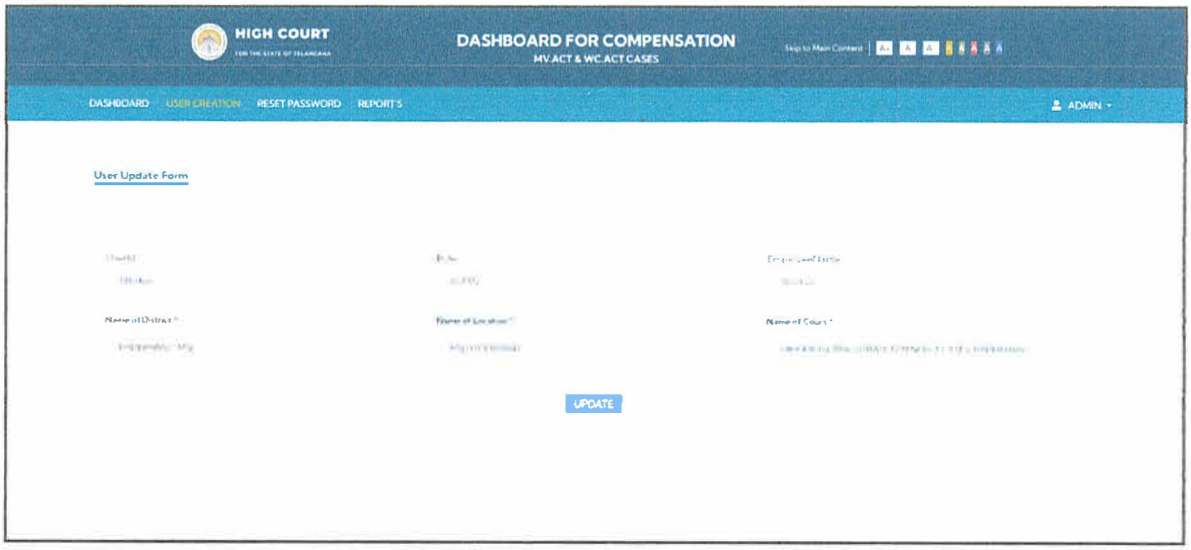

Admin User - User Creation - User View

Upon clicking on this "Users View" button the Admin user is presented with all the existing users previously created.

Admin User - User Creation - Users View Screen

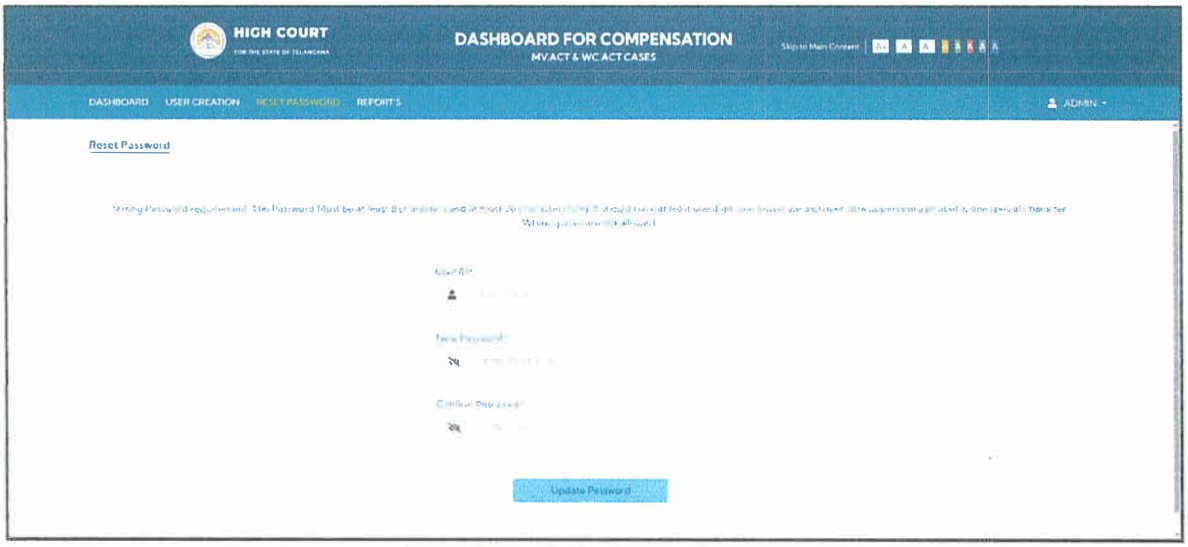

The admin user can Edit or Delete the users by clicking on the respective buttons provided on the right hand side of the corresponding users. Upon clicking on the "Edit" button the Admin user is presented with the "User Update Form". Here, the Admin user can only change the Role of the user from one user type to other, and change the Employee Name when the employee concerned is transferred and a new employee takes his place. The Admin cannot change/modify the User ID, Name of the District, Name of Location, and Name of Court. If any one of these are to be modified, the Admin user is advised to delete the user and create a new user with correct details.

Admin User - Edit User

Using the "Delete" button, the Admin user can delete the user from the dashboard.

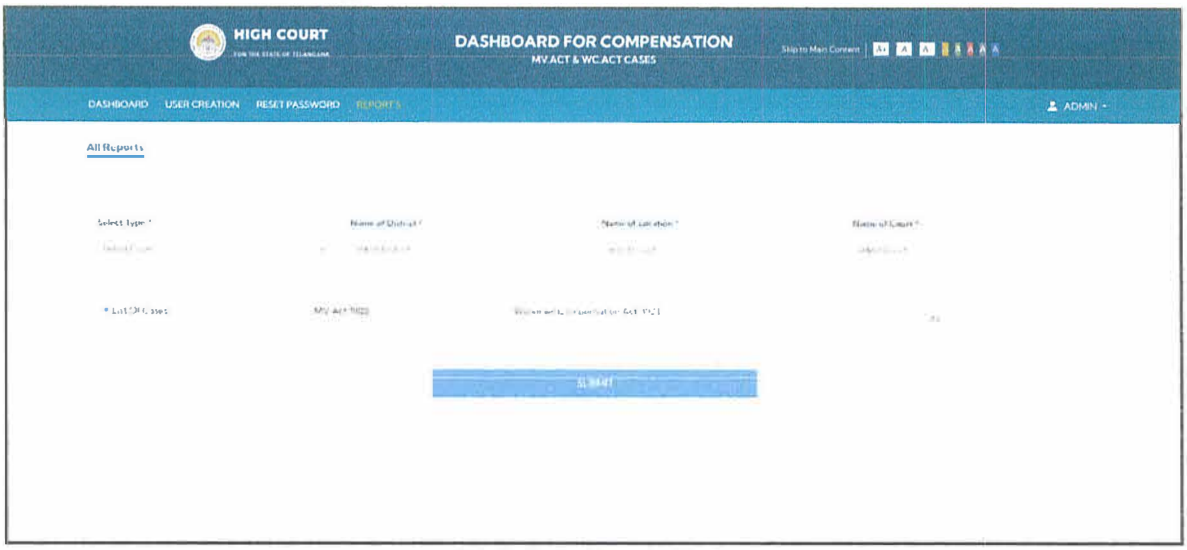

Reset Password: The users often forget their passwords, and it needs to be reset. The Admin user can reset the password of any particular user. However, whenever the password is reset by the Admin user, the court/labour court users are advised to change the default password to a new password of their choice, following the conditions laid out in the reset password form.

Admin User - Change Password Screen

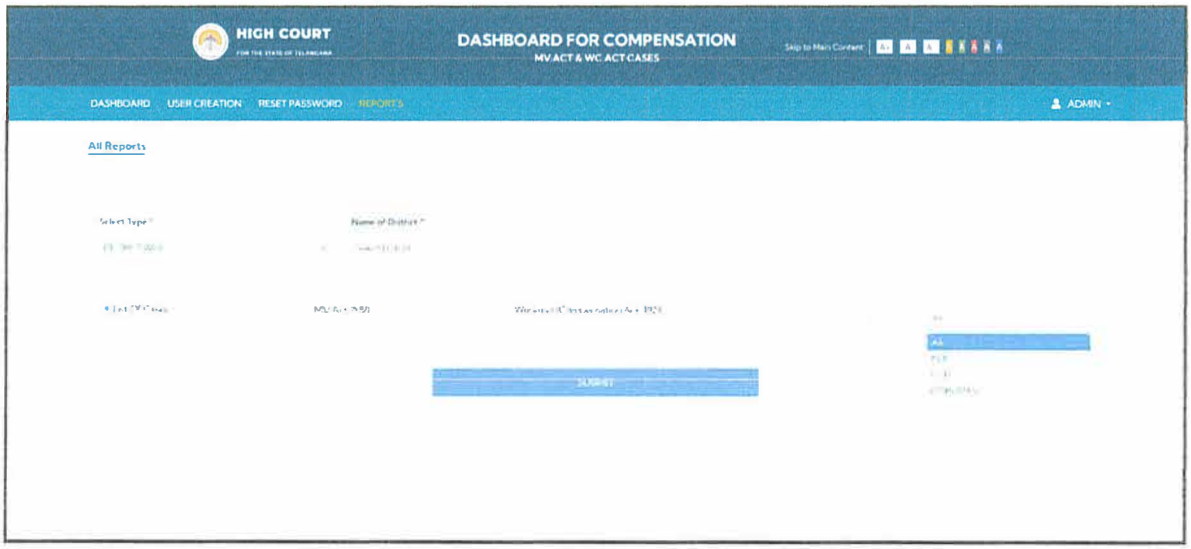

To change the password, the Admin user has to enter the User ID of the user for whom the password is being reset, then enter the new password and confirm the same using text fields. The Admin user then has to provide the newly set password to the concerned court user and advise them to change it on the first login itself.

Reports: The Admin user can generate reports on various parameters. They can view the number of cases assigned to the DLSAs District-wise and Court-wise.

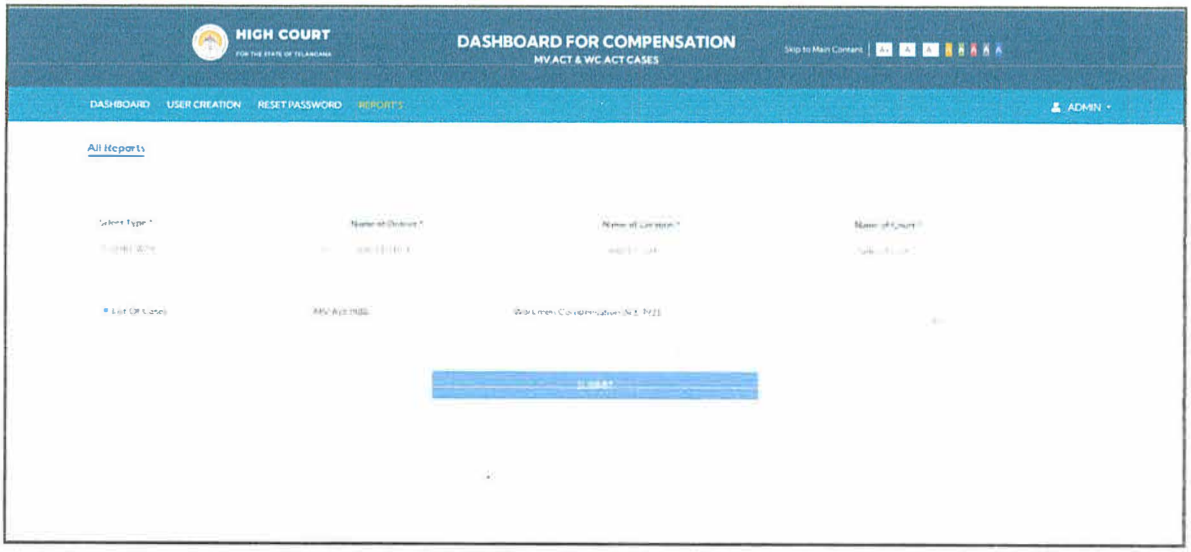

Admin User - Reports Menu

When the Admin user selects "***District-wise***" reports from the "Select Type" drop-down menu, they have to select the district for which they need to obtain the statistics for. Then the Admin user has to select whether they need report of all the cases assigned to DLSA of that particular district or only MV Act cases or Workmen Compensation Act cases, by clicking on the corresponding radio button. Finally the Admin user has to select whether they need reports of all the cases, or the cases in which the unclaimed compensation is lying in FDR or CCD, or the cases in which the claimant was traced by the DLSA and the compensation was disbursed by selecting the corresponding option from the drop-down menu.

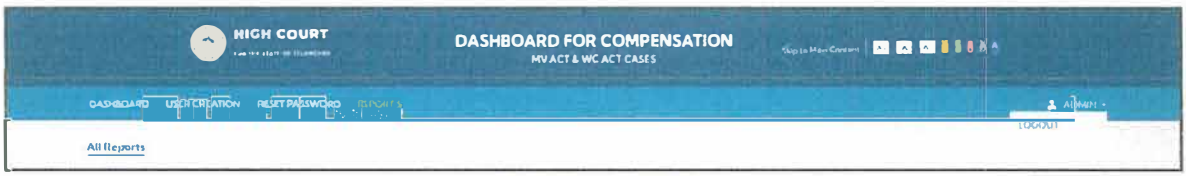

Admin User - Reports Menu - District-wise

The Admin user can also generate Court-wise report by selecting ***"Court-wise"*** from the Select Type drop-down menu.

Admin User - Reports - Court-wise

The Admin user has to select the name of the district, Name of the location, Name of the Court from the corresponding drop-down menus. Then they can generate a report of all the cases, or only MV Act cases or only Workmen Compensation Act cases then further refine the report based on four criteria "All, FDR, CCD, Disbursed" as explained above in the District-wise reports.

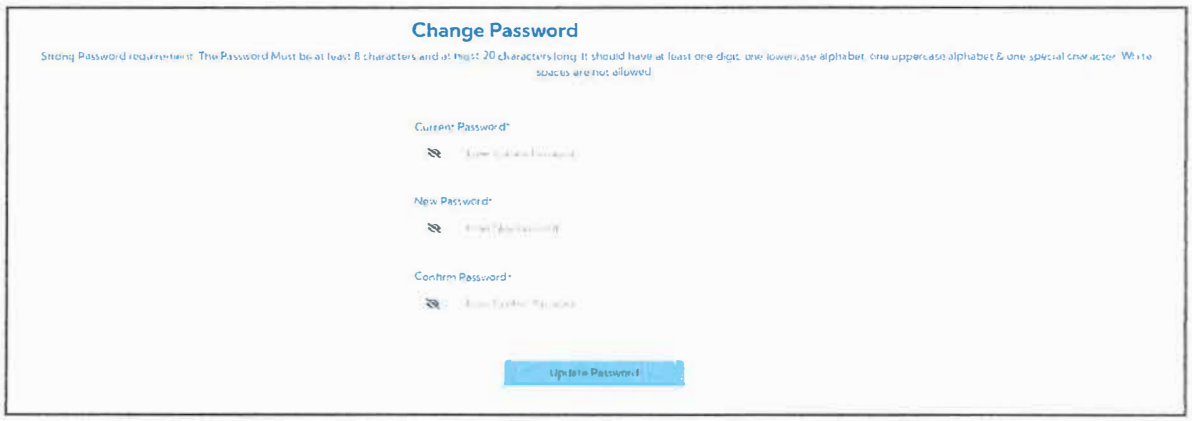

Admin User - Logout

The Admin user can logout of the dashboard using the ***"Logout"*** button available under their user ID on the top right side of the screen.

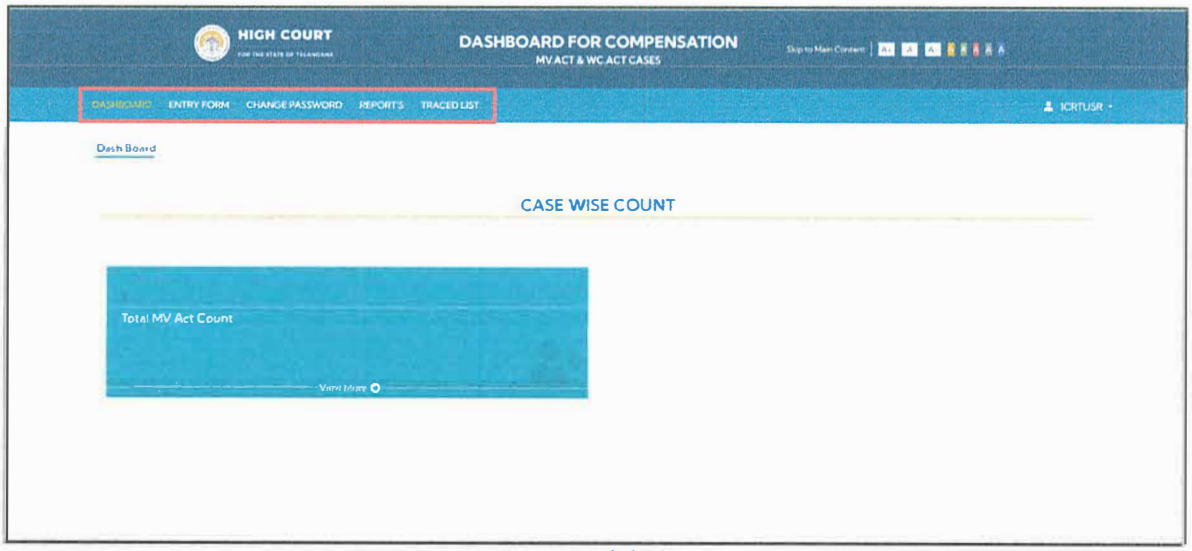

b) Court User:

Once they click on the "Login" button they are greeted by the above Login Screen comprising of text fields to enter User ID, Password, and Validation Code. They then need to click on the "LOG IN" button to enter into the Dashboard. All the institutional users are provided with login IDs and a predefined (default) password. The users are required to change their password from the default password to a password of their choice, by meeting the password requirements mentioned on the screen, to make it more secure.

Dashboard – Change Password Screen

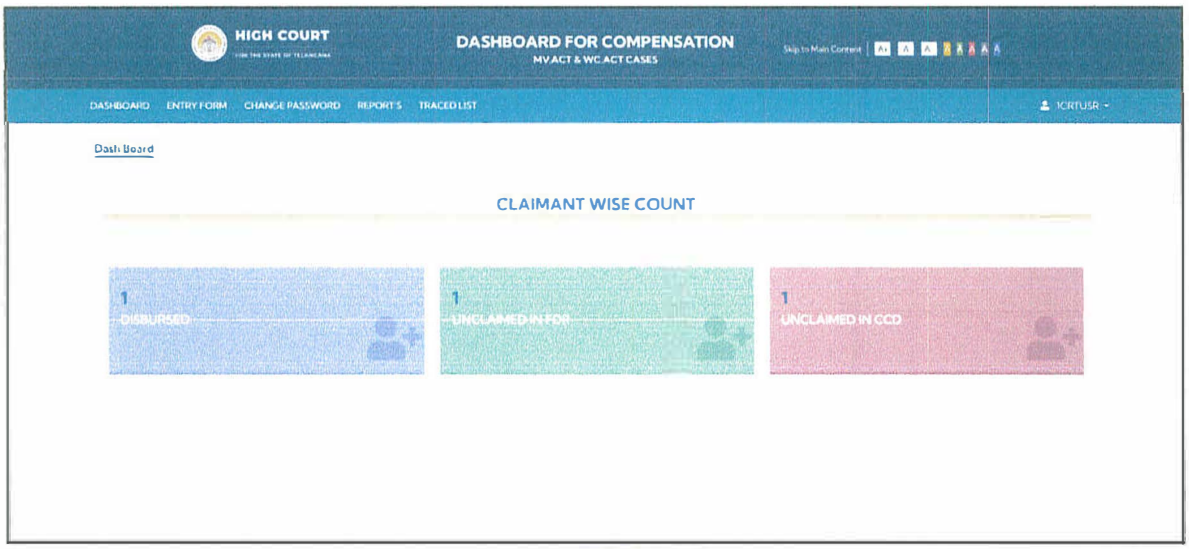

Once logged in, they are greeted with the default "Dashboard" view and a few menu options on the top of the screen. The top menu options are Dashboard, Entry Form, Change Password, Reports, and Traced List. Let's explore each of these.

Court User's login

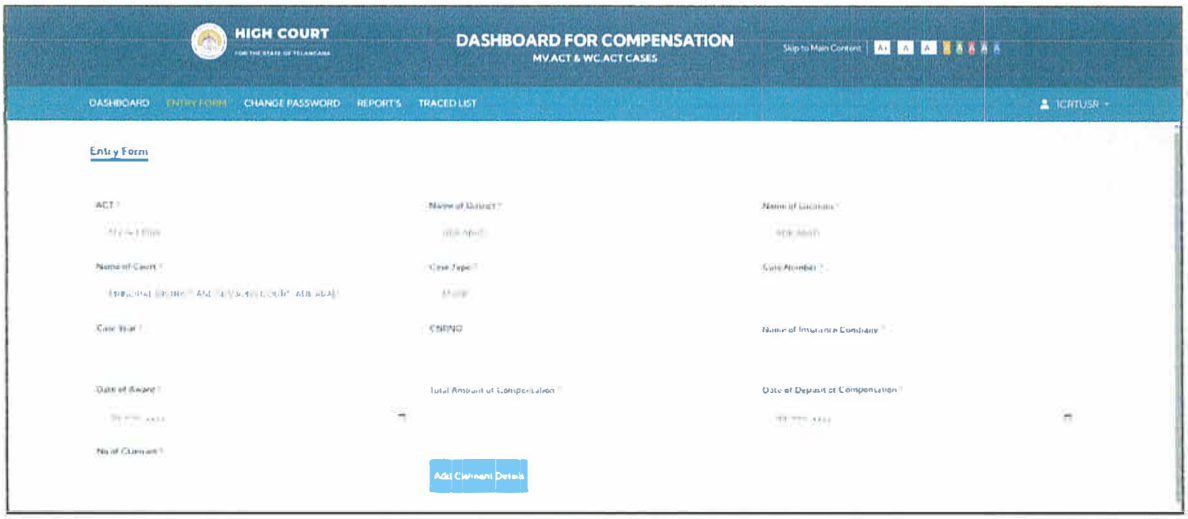

Dashboard: The dashboard is the default screen after logging in. It shows the exact number of cases where the court user has entered details of untraced claimants in

MVOP cases. Upon clicking on the ***"View More"*** button, the dashboard will show the number of cases in which the amount was disbursed, number of cases in which the amount is unclaimed and is kept in Fixed Deposit Receipts (FDR) and number of cases in which the amount is unclaimed and is kept in Compulsorily Convertible Debenture (CCD).

Court User's Dashboard

Entry Form: The second top menu item is the entry form, using which the court staff can enter the MVOP case details where the claimants were untraceable and the compensation amount was not disbursed.

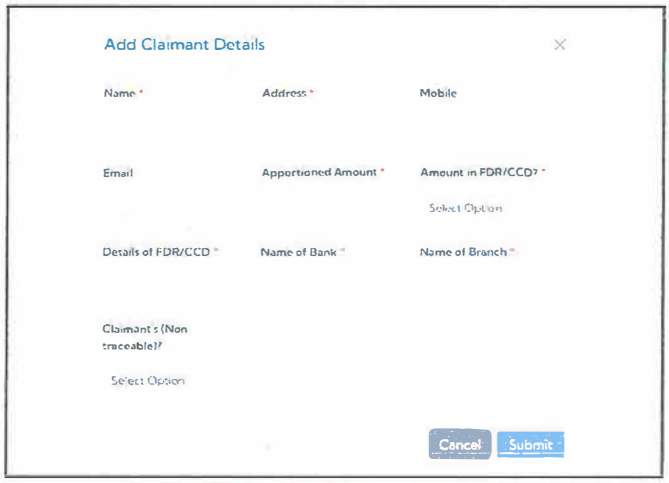

Court User's Entry Form

Using this form, the court staff can enter the Case Number, Case Year, CNR No., Name of the Insurance Company, Date of Award, Total Amount of Compensation, Date of Deposit of Compensation and No. of Claimants. After entering the no. of claimants, the court user can enter the details of the claimant by clicking

on the ***"Add Claimant Details"*** button which appears next to the no. of claimants text field.

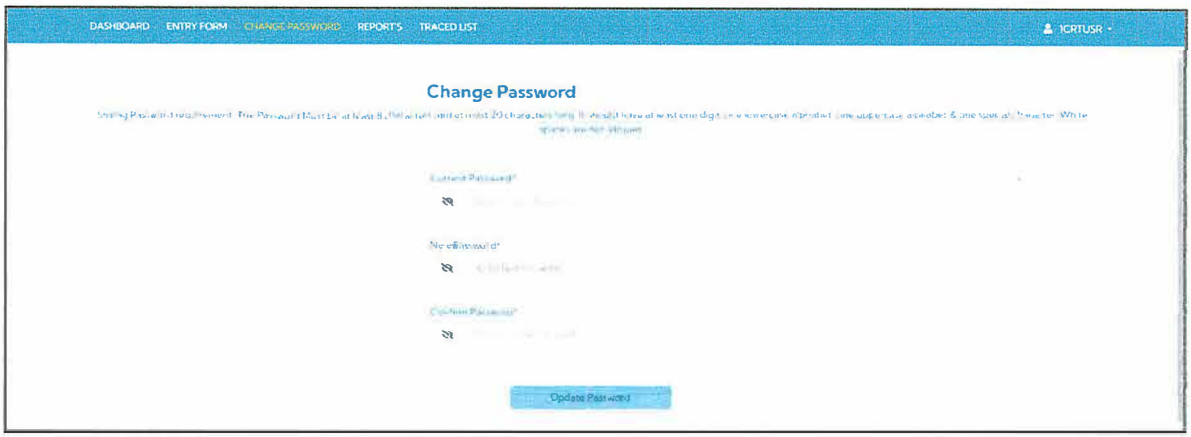

Upon clicking the Add Claimant Details button, a pop-up appears on the screen with text fields to provide the claimant details, such as Name, Address, Mobile number, Email ID, Apportioned Amount, Amount in FDR/CCD, Details of FDR/CCD, Name of the Bank, Name of the Branch, and a drop down menu to select whether the claimant is traceable or not. After filling all these details the court user has to click on the ***"Submit"*** button to save these claimants' details.

Court User - Add Claimant Entry Form

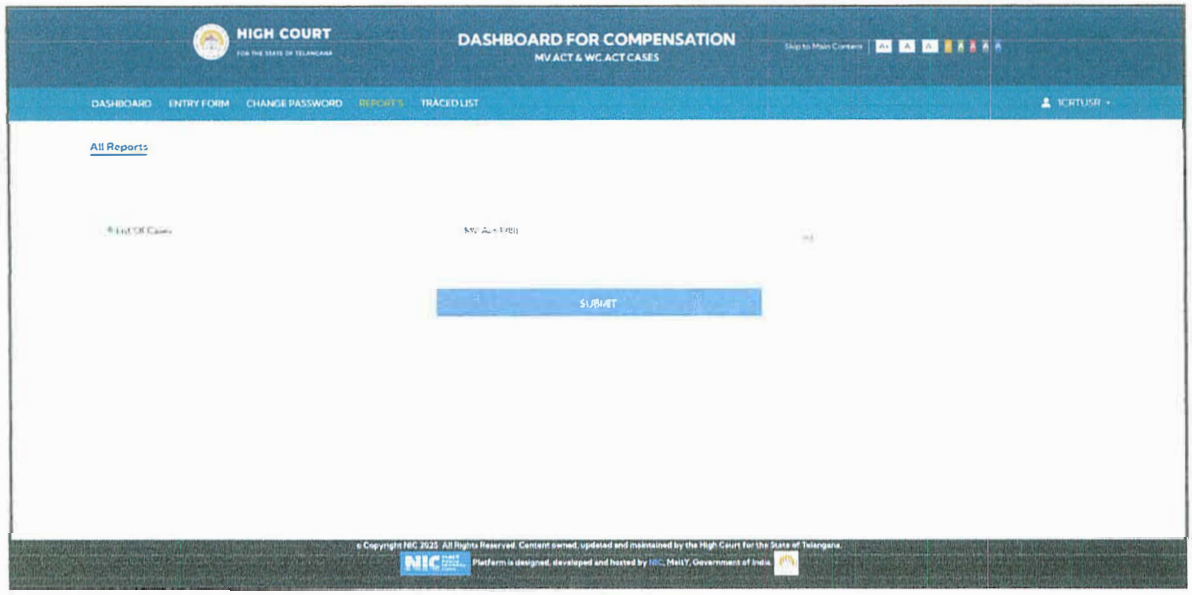

The court user can add as many untraceable claimants as there are in the case. The details entered here by the court user are forwarded to the District Legal Services Authority (DLSA) user, and will be displayed on their dashboard.

Change Password: Using this menu option the court user can change their login password. For safety and security reasons it is recommended to change the default password on the first login itself. It is also recommended to change the password frequently, once every three months. The password must contain at least 8 characters, and it should contain at least one lowercase letter, one uppercase letter, one special character. Blank spaces are not allowed.

Court User - Change Password Form

Reports: Using this menu item, the court user can generate reports of cases where the claimants are untraceable and are transferred to the DLSA user. The court user can get the reports of all the MV Act cases based on 4 factors: All, FDR, CCD, and Disbursed. All means all the cases taken up by the court, FDR means the cases in which the compensation is deposited in Fixed Deposits, CCD means the cases in which the compensation is deposited in CCD and Disbursed means the cases in which the claimants were successfully traced by the DLSA and the compensation was successfully disbursed to the claimant.

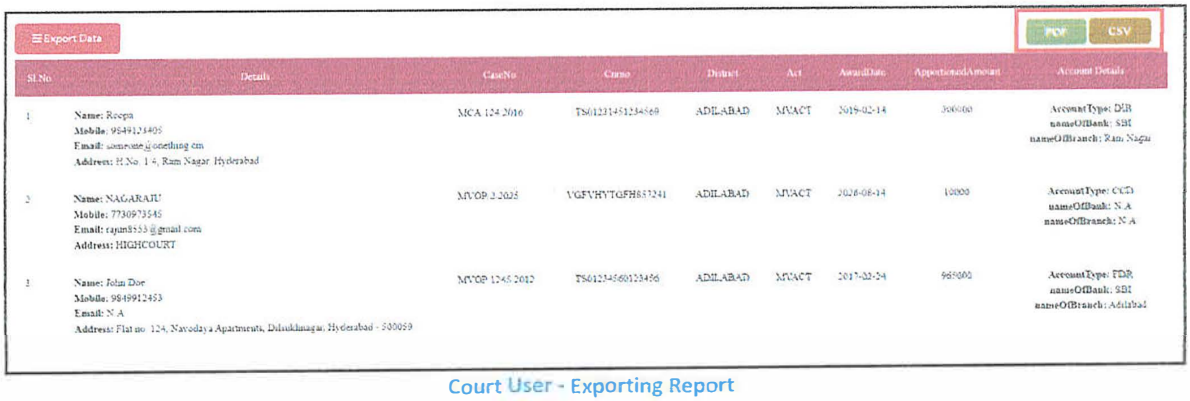

Court User - Reports Menu

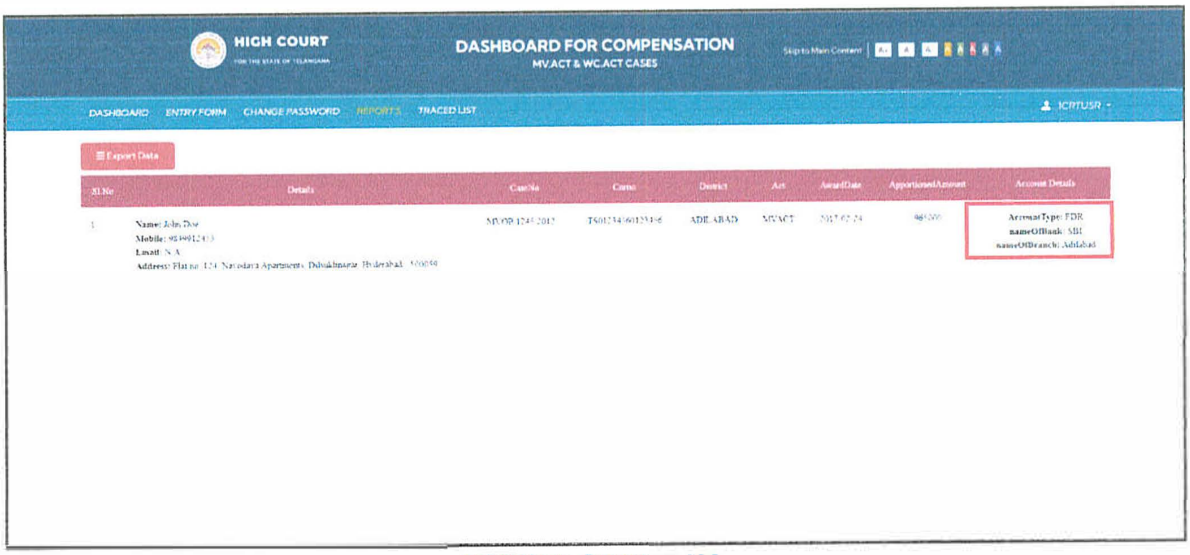

Court User - Reports – All

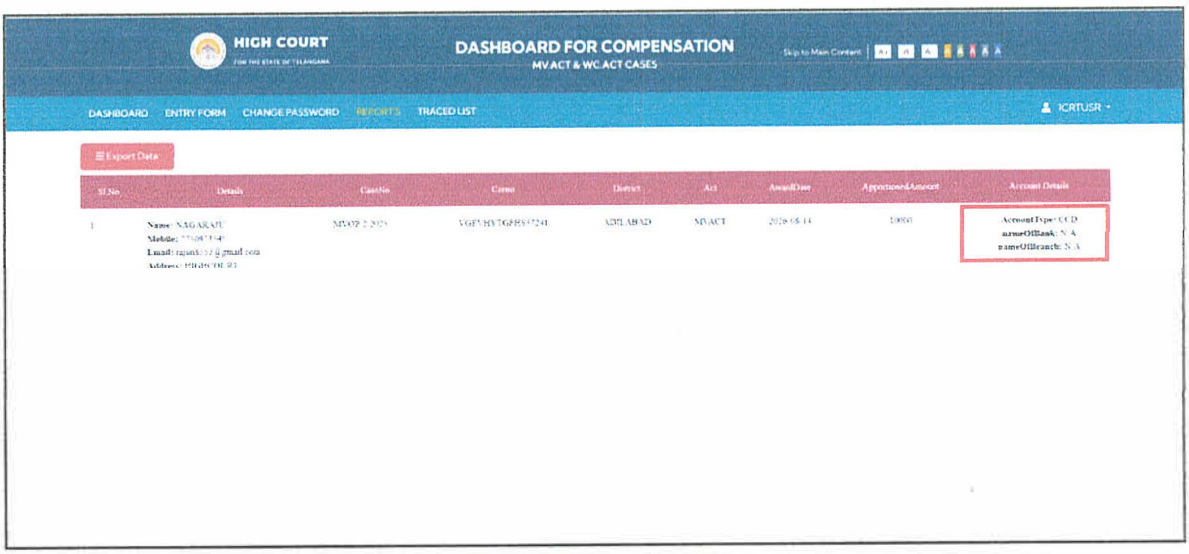

Using the ***"Export Data"*** action button the court user can export the report in one of two file formats either into Portable Document Format (PDF) or Comma Separated Values (CSV).

Court User - Exporting Report

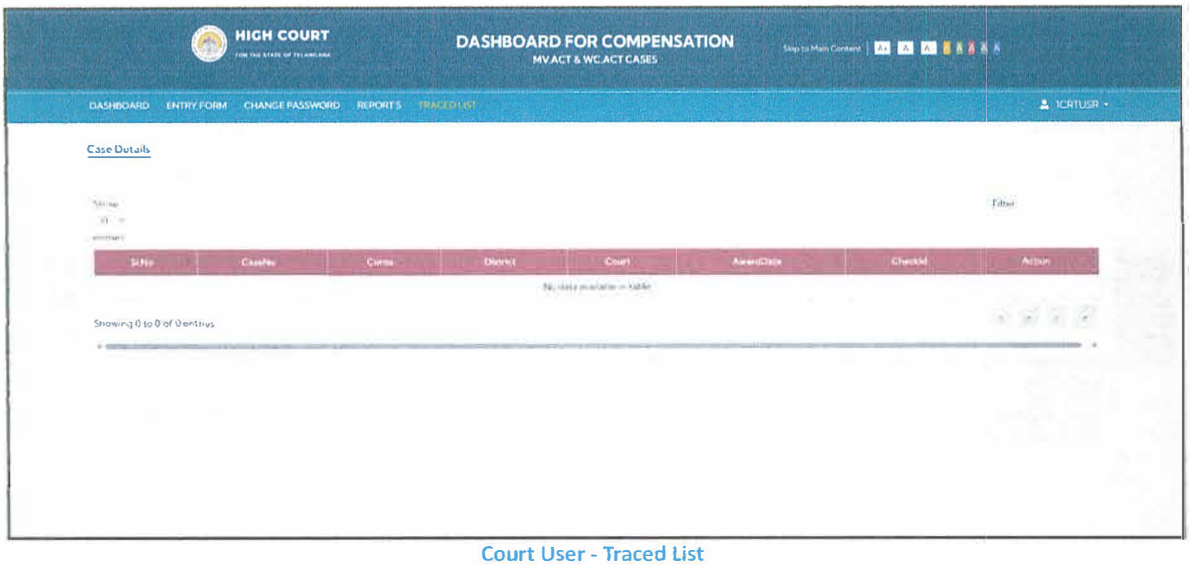

Court User - Report on FDR

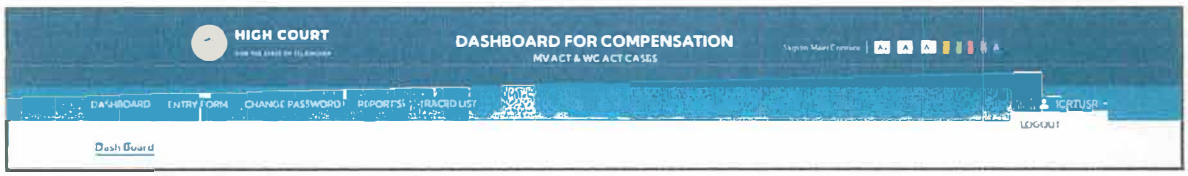

Court User - Report on CCD

Traced List: tHe final menu item in the Labour Court User's login is the Traced List, using which, the court user can get the information of all the cases in which the claimants are traced by the DLSA user.

Court User - Traced List

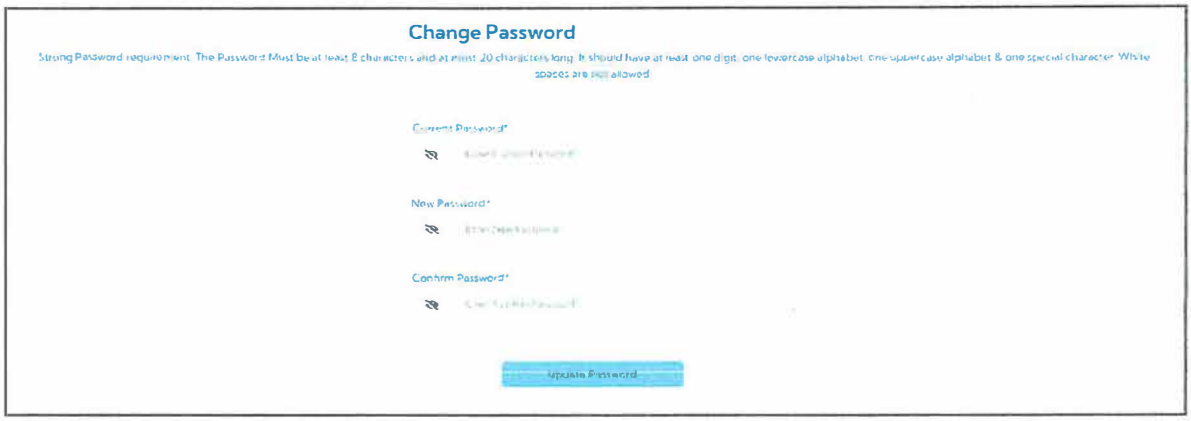

Court User – Logout

The Court user can log out of the dashboard using the ***"Logout"*** button available under their user ID on the top right side of the screen.

c) Labour Court User:

On the first login, the labour court user is required to change their password from default to password of their choice, by meeting the password requirements mentioned on the screen, to make it more secure.

Dashboard – Change Password Screen

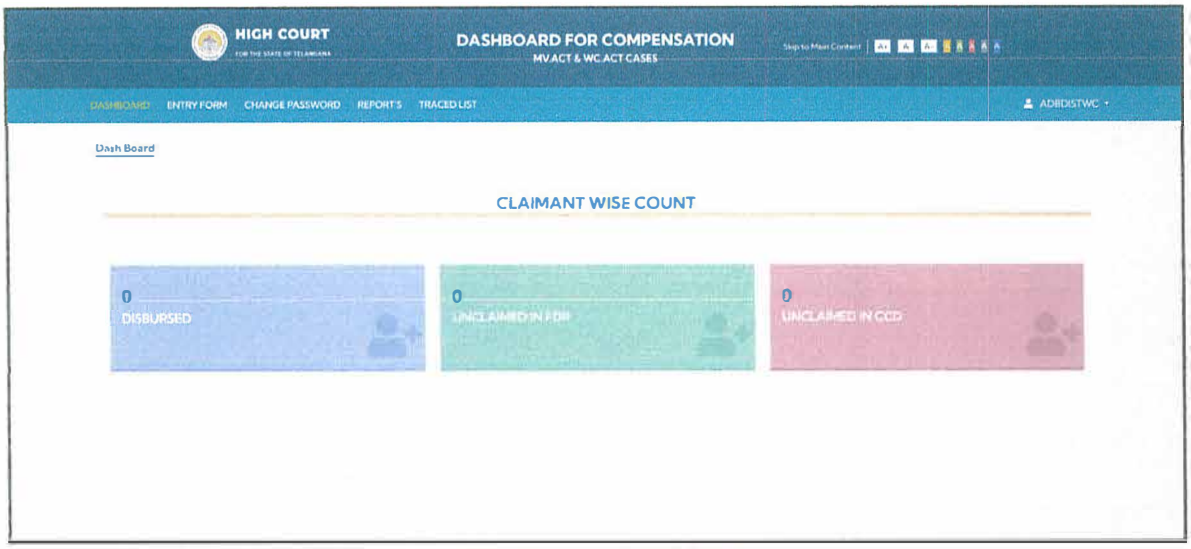

Once logged in, they are greeted with the default "Dashboard" view and a few menu options on the top of the screen. The top menu options are Dashboard, Entry Form, Change Password, Reports, and Traced List. Let's explore each of these.

Labour Court User's login

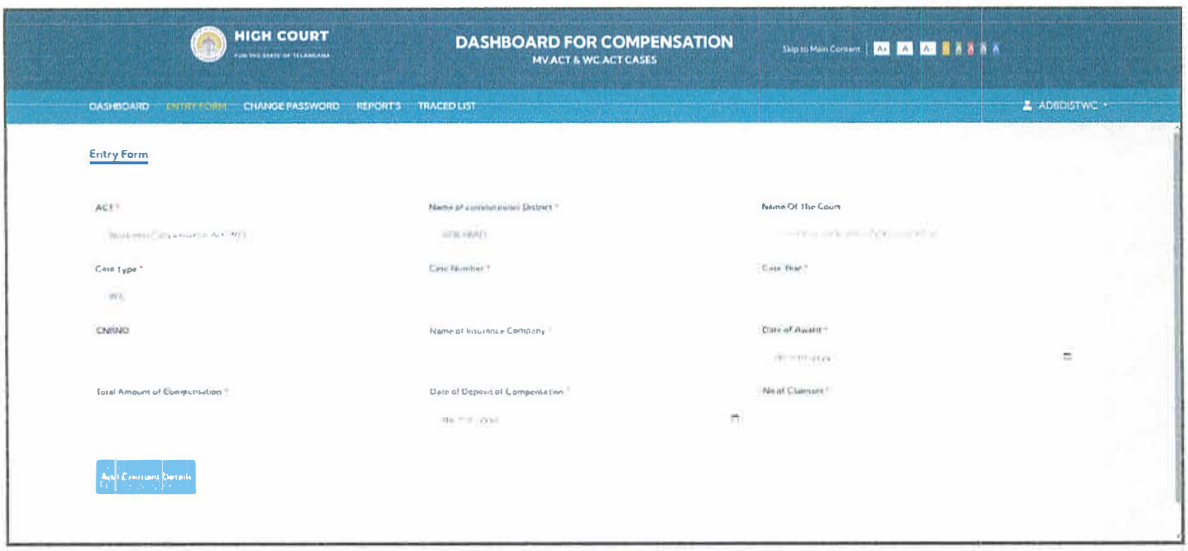

Dashboard: The dashboard is the default screen after logging in. It shows the exact number of cases where the labour court user has entered details of the untraced claimants in the workmen's compensation cases. Upon clicking on the ***"View More"*** button, the dashboard will show the number of cases in which the amount was disbursed, number of cases in which the amount is unclaimed and is kept in Fixed

Deposit Receipts (FDR) and number of cases in which the amount is unclaimed and is kept in Compulsorily Convertible Debenture (CCD).

Labour Court User's Dashboard

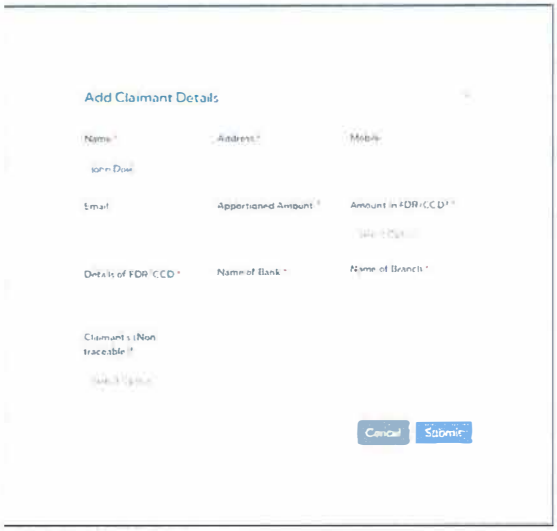

Entry Form: The second top menu item is the entry form, using which the labour court staff can enter the details of workmen's compensation cases in which the claimants were untraceable and the compensation amount was not disbursed.

Labour Court User's Entry Form

Using this form, the labour court staff can enter the Case Number, Case Year, CNR No., Name of the Insurance Company, Date of Award, Total Amount of Compensation, Date of Deposit of Compensation and No. of Claimants. After entering the no. of claimants, the labour court user can enter the details of the claimant by clicking on the ***"Add Claimant Details"*** button which appears next to the no. of claimants text field.

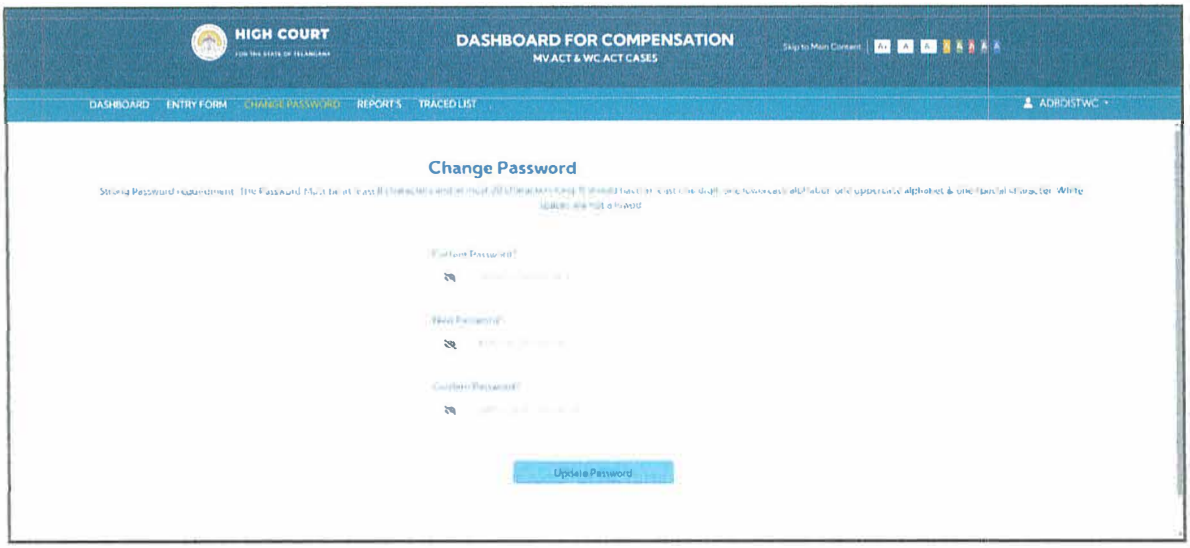

Upon clicking the Add Claimant Details button, a pop-up appears on the screen with text fields to provide the claimant details, such as Name, Address, Mobile number, Email ID, Apportioned Amount, Amount in FDR/CCD, Details of FDR/CCD, Name of the Bank, Name of the Branch, and a drop down menu to select whether the claimant is traceable or not. After filling all these details the court user has to click on the ***"Submit"*** button to save these claimants' details.

Labour Court User - Add Claimant Entry Form

The labour court user can add as many untraceable claimants as there are in the case. The details entered here by the labour court user are forwarded to the District Legal Services Authority (DLSA) user, and will be displayed on their dashboard.

Change Password: Using this menu option the labour court user can change their login password. For safety and security reasons it is recommended to change the default password on the first login itself. It is also recommended to change the password frequently, once in three months. The password must contain at least 8 characters, and it should contain at least one lowercase, one uppercase alphabet, one special character. Blank spaces are not allowed.

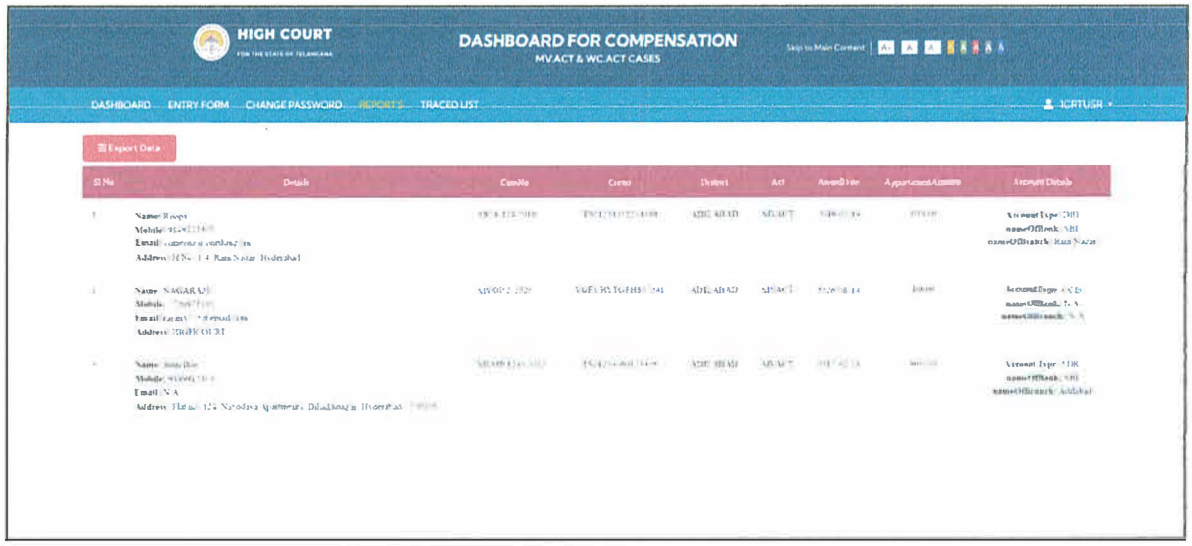

Labour Court User - Change Password Form

Reports: Using this menu item, the labour court user can generate reports of workmen's compensation cases where the claimants are untraceable and are transferred to the DLSA user. The labour court user can get the reports of all the Workmen's Compensation Act cases based on 4 factors: All, FDR, CCD, and Disbursed. All means all the cases taken up by the court, FDR means the cases in which the compensation is deposited in Fixed Deposits, CCD means the cases in which the compensation is deposited in CCD and Disbursed means the cases in which the claimants were successfully traced by the DLSA and the compensation was successfully disbursed to the claimant.

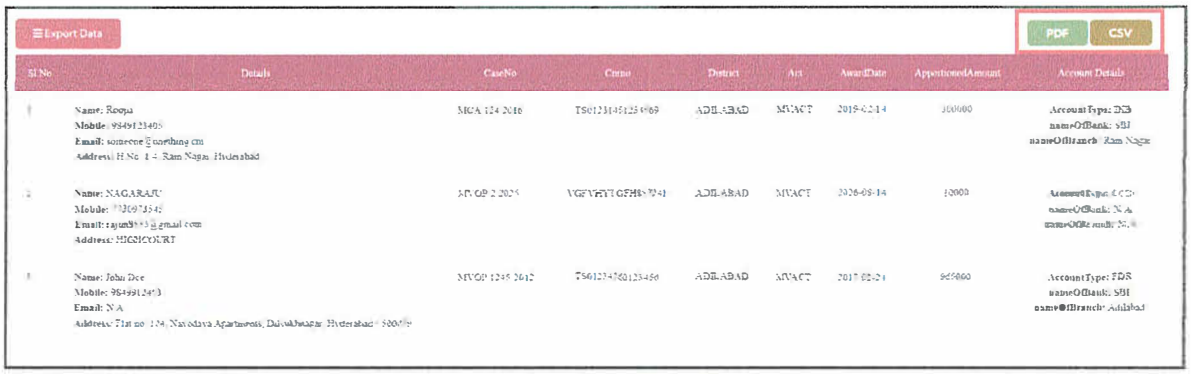

Labour Court User - Reports Menu

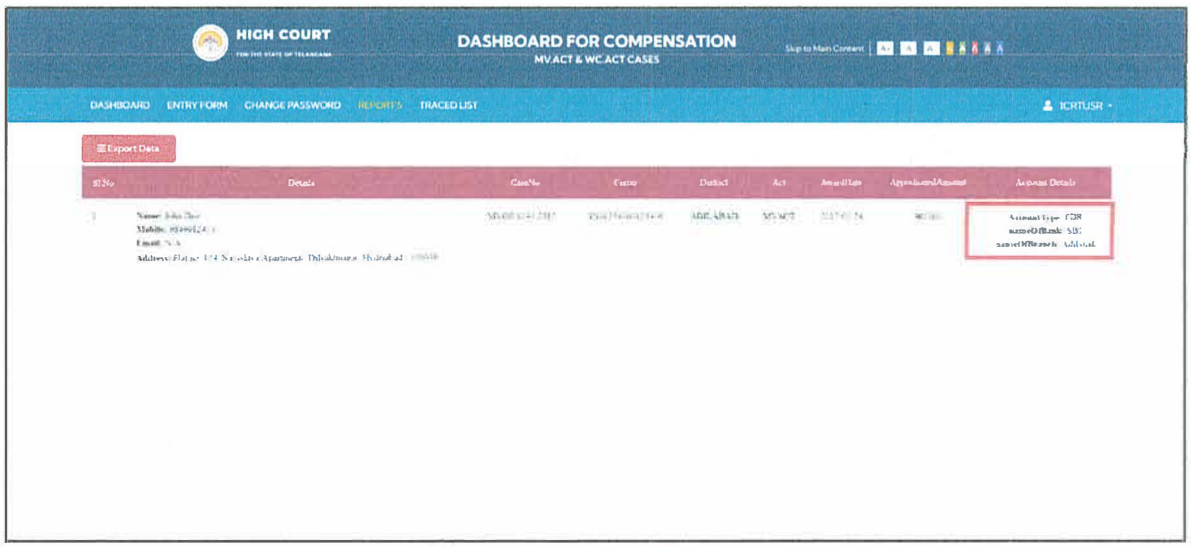

Labour Court User - Reports – All

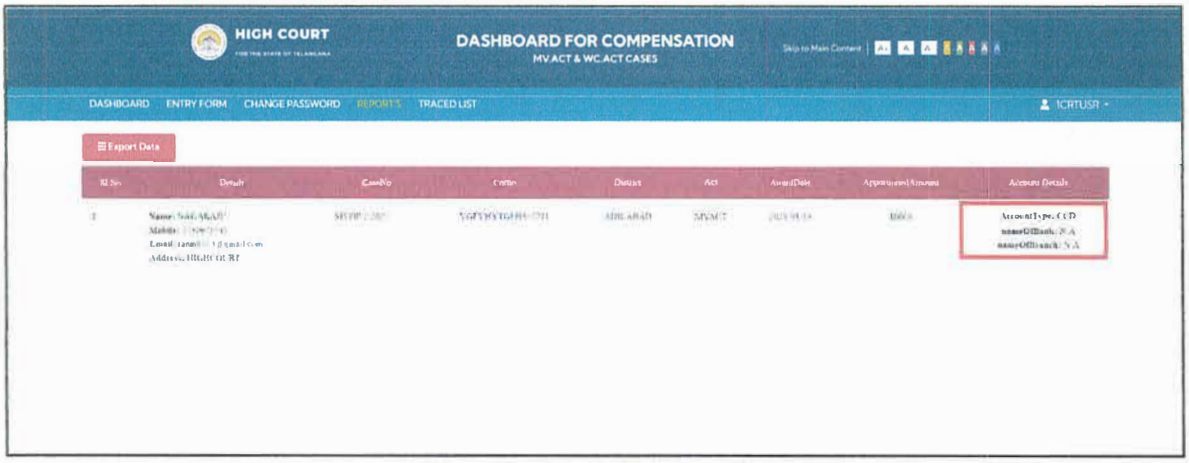

Using the ***"Export Data"*** action button the labour court user can export the report in one of two file formats either into Portable Document Format (PDF) or Comma Separated Values (CSV).

Labour Court User - Exporting Report

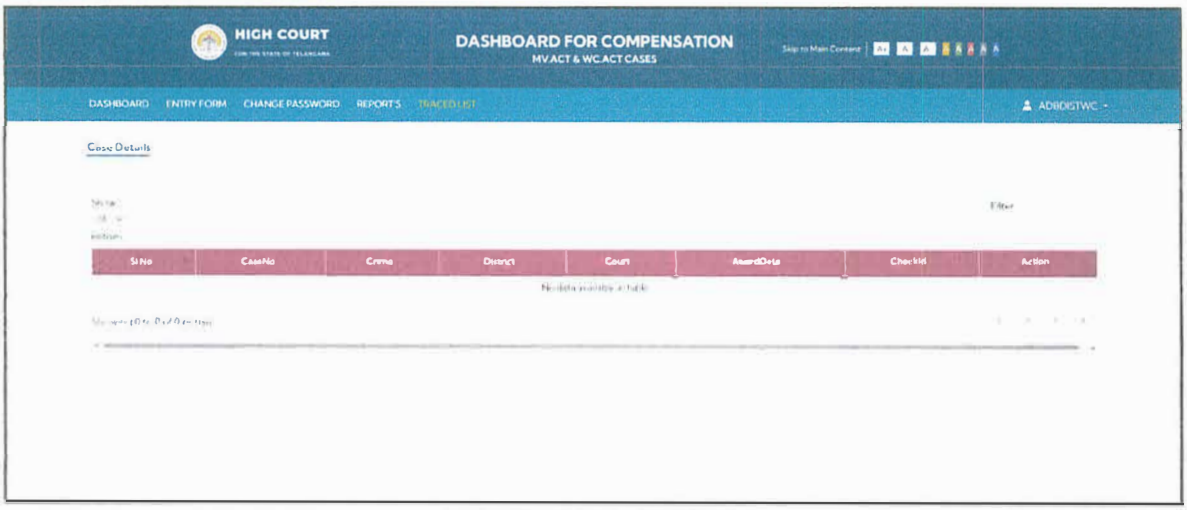

Labour Court User - Report on FDR

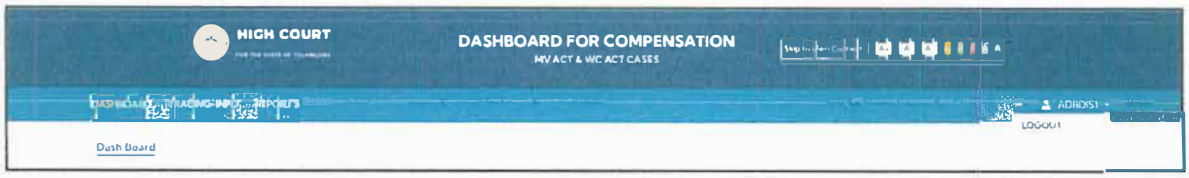

Labour Court User - Report on CCD

Traced List: The final menu item in the Court User's login is the Traced List, using this, the labour court user can get the information of all the cases in which the claimants are traced by the DLSA user.

Labour Court User - Traced List

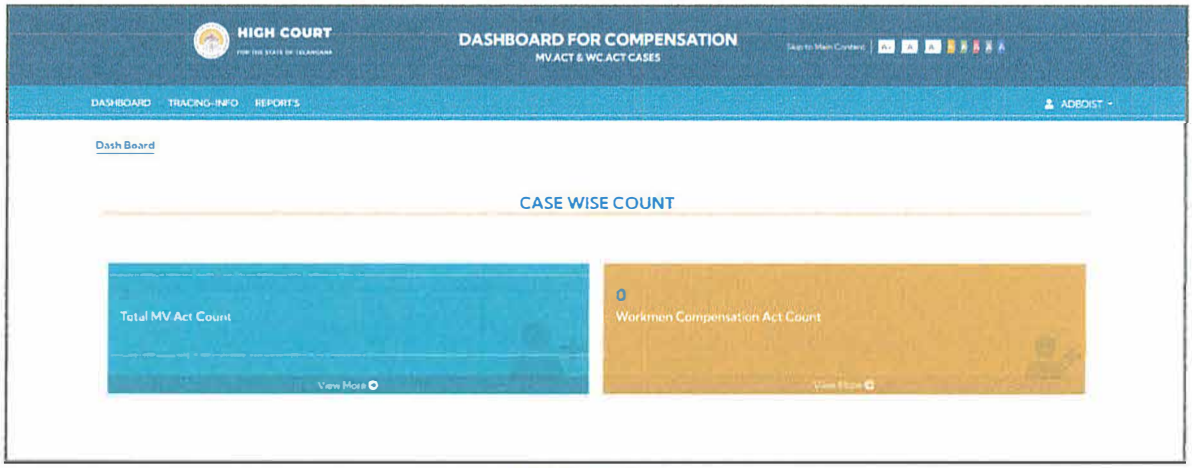

Labour Court User – Logout

The Labour Court user can logout of the dashboard using the ***"Logout"*** button available under their user ID on the top right side of the screen.

d) District Legal Services Authority (DLSA) User:

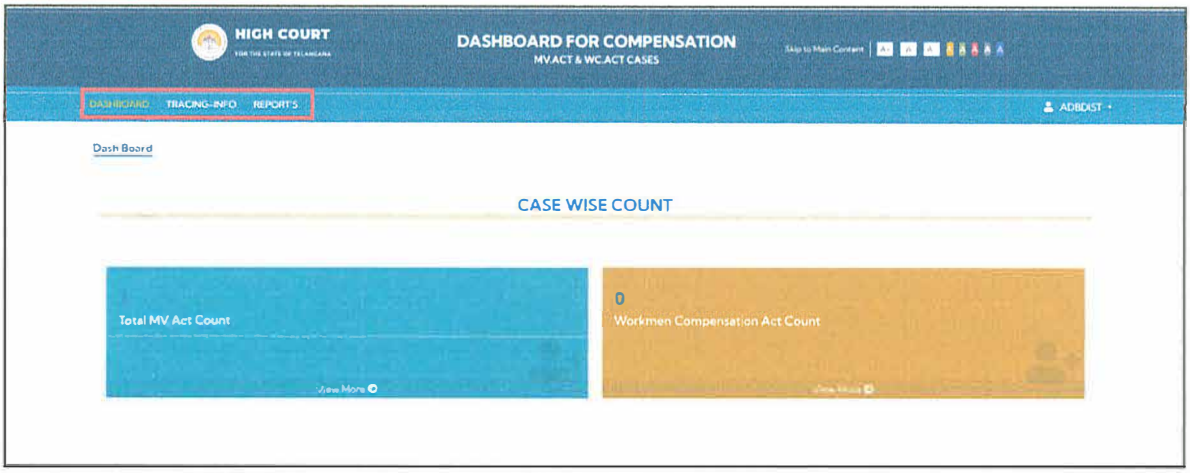

All the District Legal Services Authorities in the State are provided with login credentials, using which they can log into the Dashboard to find the details of cases in which claimants were not traceable and which have been transferred to them by the Motor Vehicle Accident Tribunals and the Labour Courts. They can monitor these cases, update the details of the claimants and generate various reports for office use.

DLSA User – Login

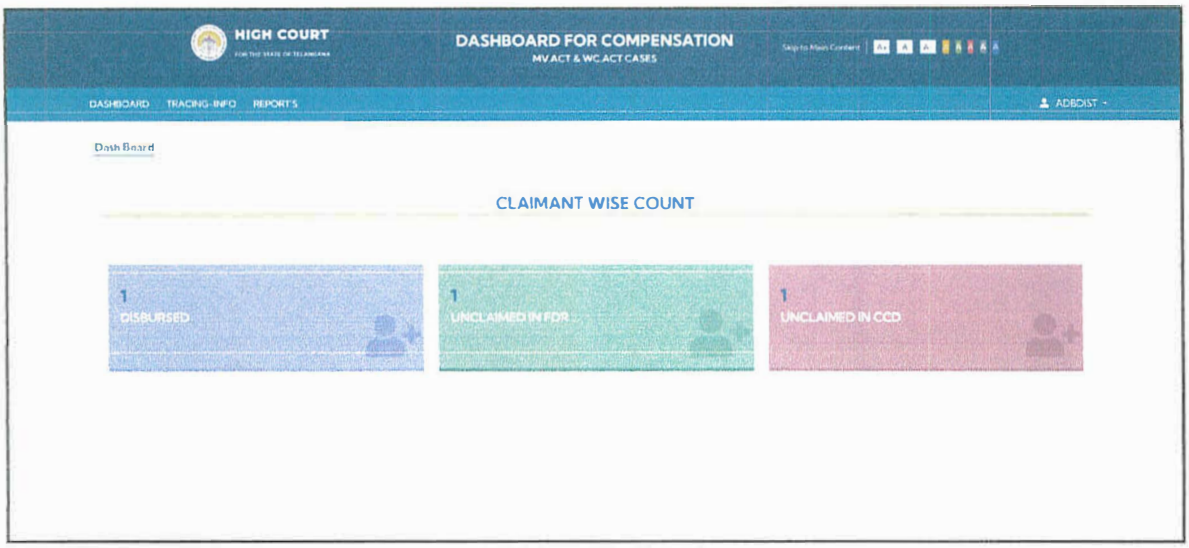

As explained in the introduction, the District Legal Services Authority (DLSA) User's core functionality is to trace out the untraced claimants in MVOP and Workmen's Compensation cases. Such cases are assigned by the Court user and Labour Court user using the "Entry Form" from their respective logins. The DLSA user gets the details of such untraced claimants on their dashboard. In turn the DLSA has to trace the claimants, and update the status on this dashboard using the "Tracing-Info" menu item in their login.

Upon login the DLSA user is greeted with the default screen, i.e., Dashboard. Apart from Dashboard there are two more menu items namely Tracing-info and Reports.

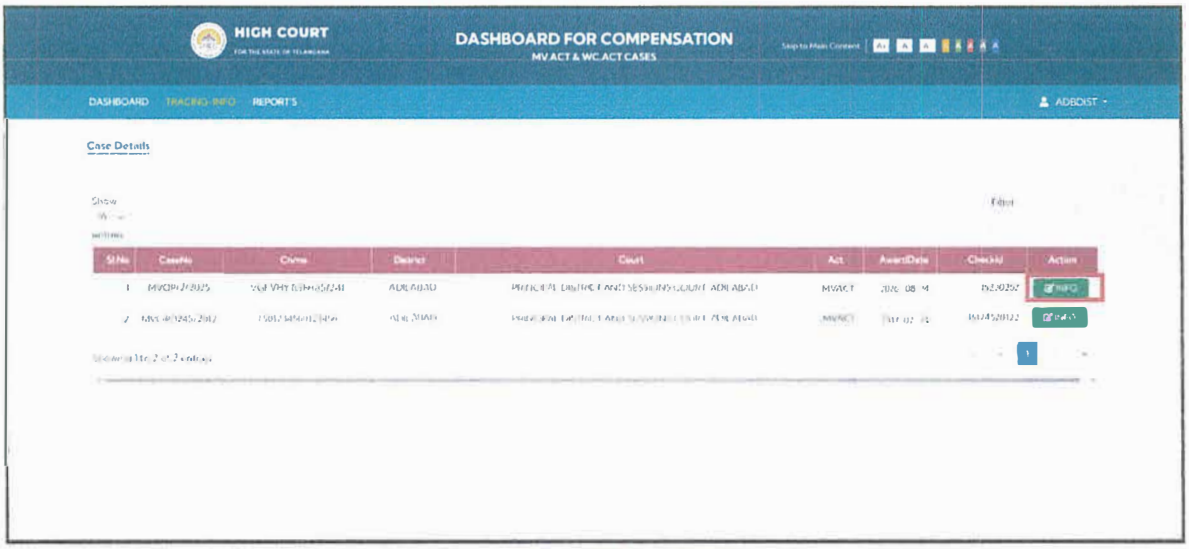

DLSA User - Menu Items

Dashboard: The Dashboard gives a statistical outlook of the cases assigned to the DLSA user by the court user and the labour court user. Upon clicking on the "View More" button, the dashboard displays the number of cases in which the compensation is disbursed to the claimants, the cases in which the compensation is unclaimed and is lying in FDR and finally the number of cases in which the compensation is unclaimed and is lying in CCD.

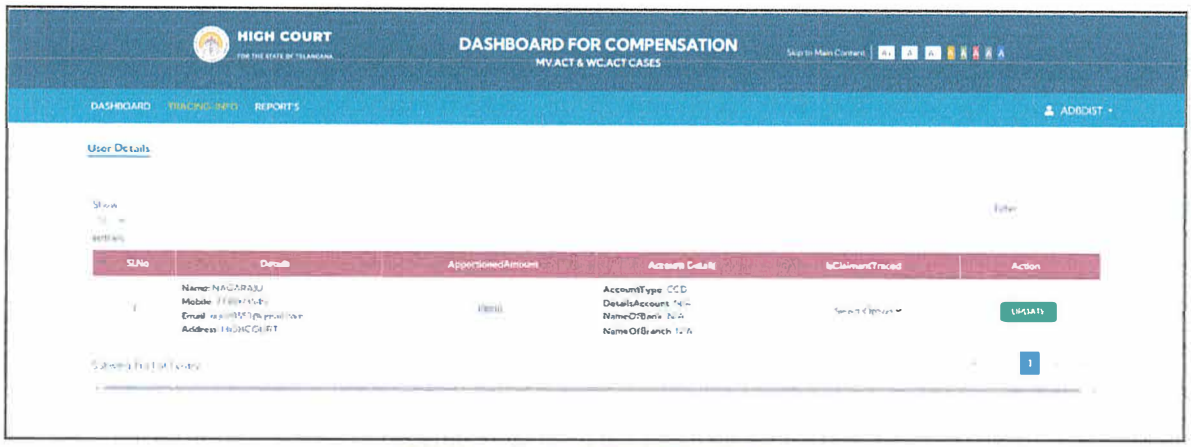

DLSA User - Dashboard

Tracing Info: Using this menu item, the DLSA User can access all the cases assigned to them by the court user and the labour court user. The DLSA user is presented with the case number, CNR no., District, Court, Act details, date assigned, and finally there is an ***"Action"*** button on the right hand side, using which the DLSA user can update the status, i.e., whether the previously untraced claimant is traced or not.

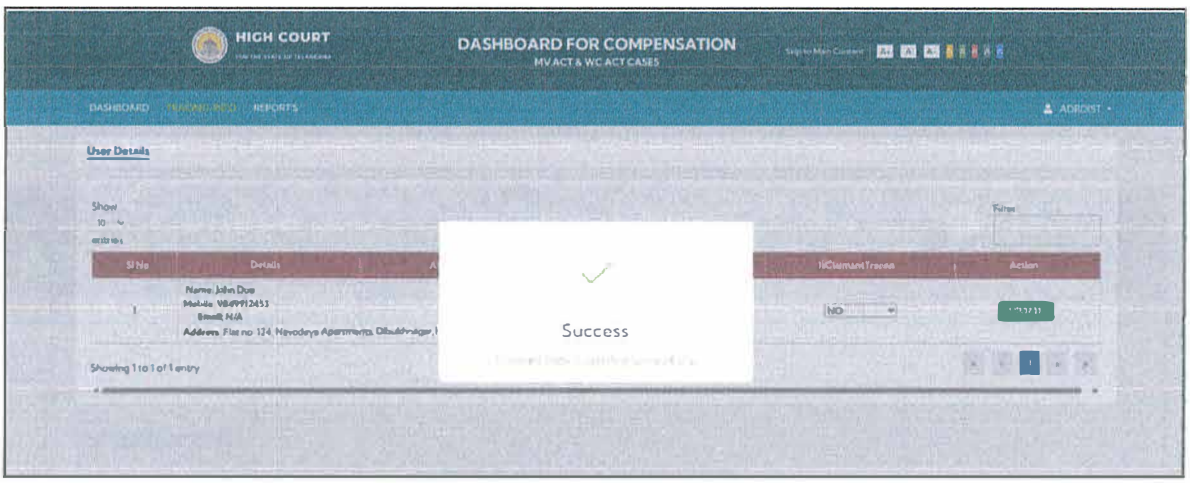

DLSA User - Tracing-Info Menu

Upon clicking on the ***"Info"*** button on the right hand side of the screen, the DLSA user is presented with a 'User Details' update screen. On this screen the DLSA user is presented with Claimant details, viz., Name, Mobile number, Email and Address, these details were previously entered by the court user on their end, which in turn are provided/entered by the petitioner at the time of filing the case. The actual current mobile number, email address, and address may not be correct. It is the responsibility of the DLSA to trace the claimant and obtain the current contact details of the claimants with the help of Mandal Legal Services Committees and Para Legal Volunteers.

DLSA User - Tracing-Info - Update Button

If the DLSA made an attempt, whether or not the claimant was traced, the DLSA user has to update such attempt on this portal using the ***"Is Claimant Traced"*** and ***"Update"*** sub-menu options on this screen. The DLSA user can select "Yes" or "No" from the drop-down menu under the sub-menu item "Is Claimant Traced" then click on the Update button to update the claimant status. A success message will be displayed once the status is updated.

DLSA User - Tracking-Info - Success Pop up

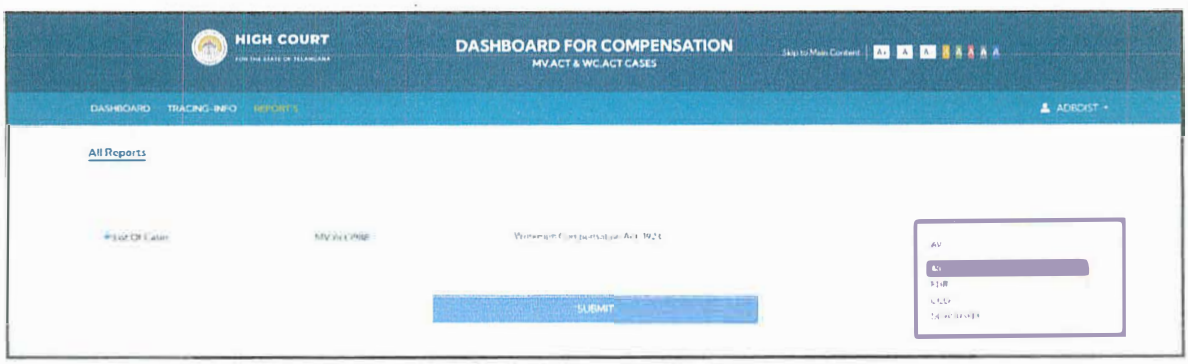

The court user's dashboard is accordingly updated, and if the claimant is traced by the DLSA, the court user will get the update on their dashboard. If the DLSA has made an attempt but the claimant was still not traced, then also the status will be updated at the court user's dashboard, and a report can be generated on number of attempts made by the DLSA and the recent attempt made by the DLSA in this regard.

Reports: Using the Reports menu, the DLSA user can get the details of all the cases assigned to DLSA by the Court user and the Labour Court user. The DLSA user can get the combined list of cases assigned by both the court user and the labour court user, and they can also get separate list of MV Act cases assigned to them by the court user or the Workmen's Compensation Act cases assigned to them by the labour court user, simply by selecting the radio buttons: "List of Cases", "MV Act, 1988", and "Workmen Compensation Act, 1923", respectively.

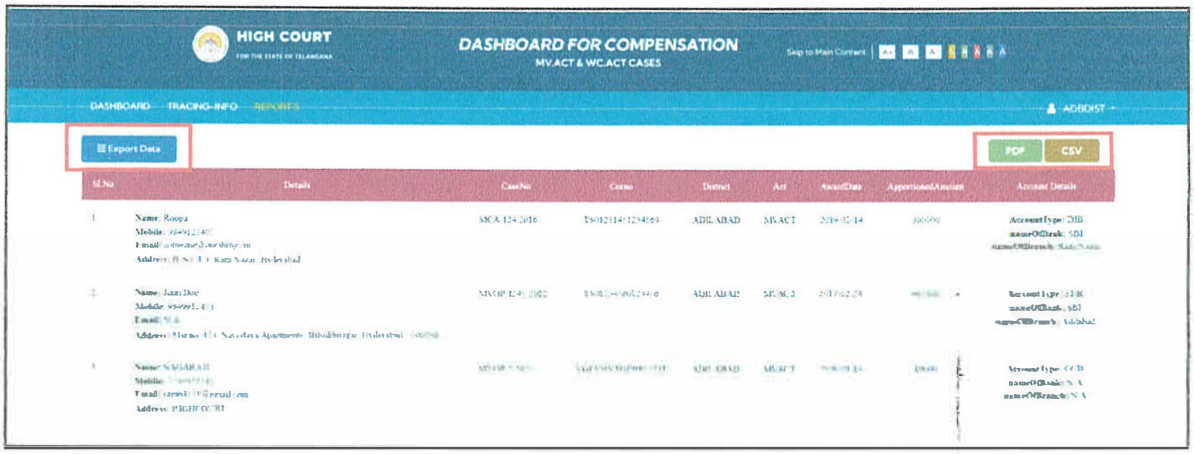

DLSA User - Reports Menu

The DLSA user can further refine the report based on four aspects: (i) All, to get the details of all the cases assigned to them, (ii) FDR, to get the details of cases where the compensation is lying in FDRs, (iii) CCD, to get the details of cases where the compensation is lying in CCDs, and (iv) Disbursed, to get the details of cases where the claimants were traced and the amount was disbursed to them.

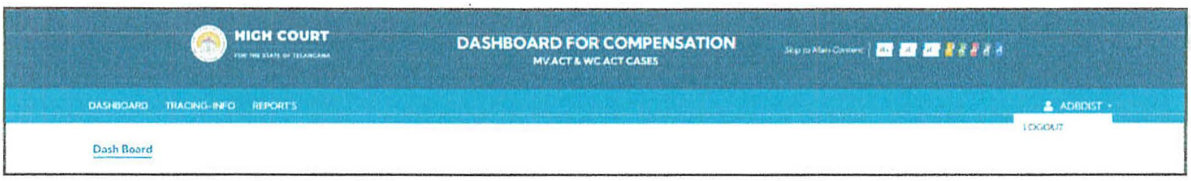

DLSA User - Reports – Criteria

DLSA User - Report Export to File

The DLSA user can also export the report to either Portable Document Format (PDF) or Comma Separated Values (CSV) format for office use by using the ***"Export Data"*** button available on the top left corner of the screen.

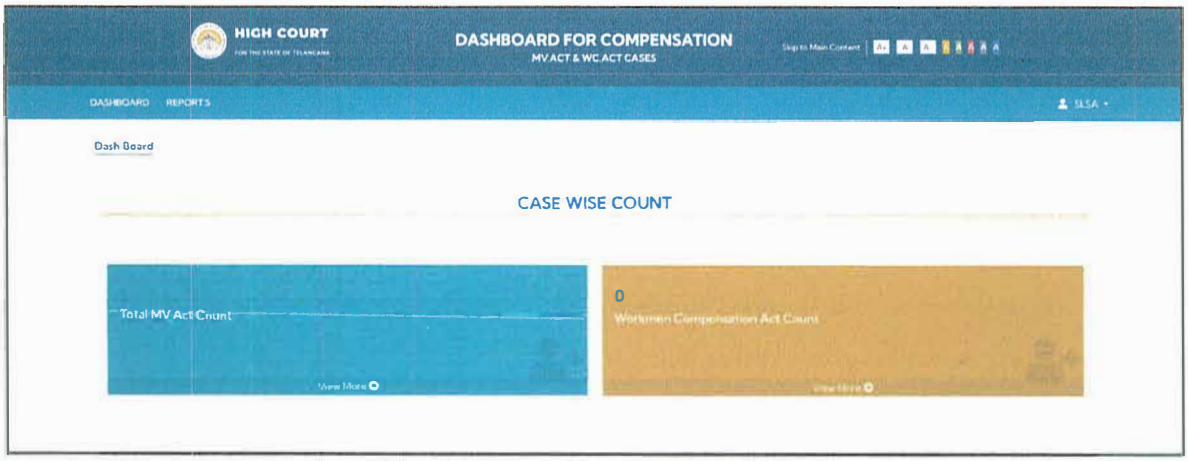

The DLSA user can log out of the dashboard by clicking on the ***"Log out"*** button provided under the user name on the top right side of the page.

DLSA User - Log out

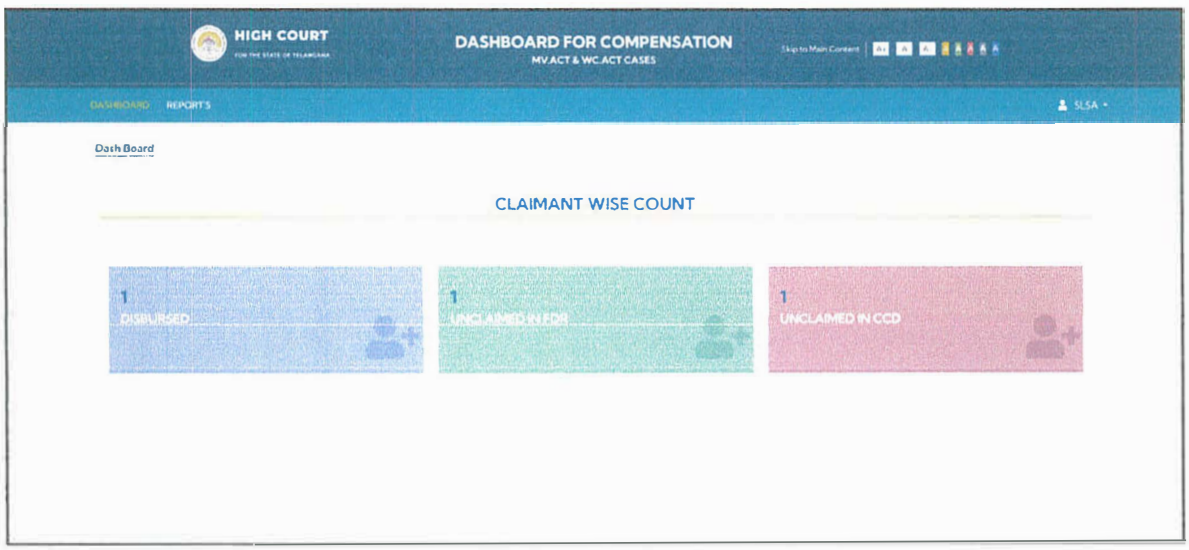

e) State Legal Services Authority User:

The State Legal Services Authority (TSLSA) is the monitoring authority, as such they can access the details of all the cases assigned to various District Legal Services Authorities by the Courts dealing with MVOPs and Labour Courts dealing with the Workmen's Compensation Cases.

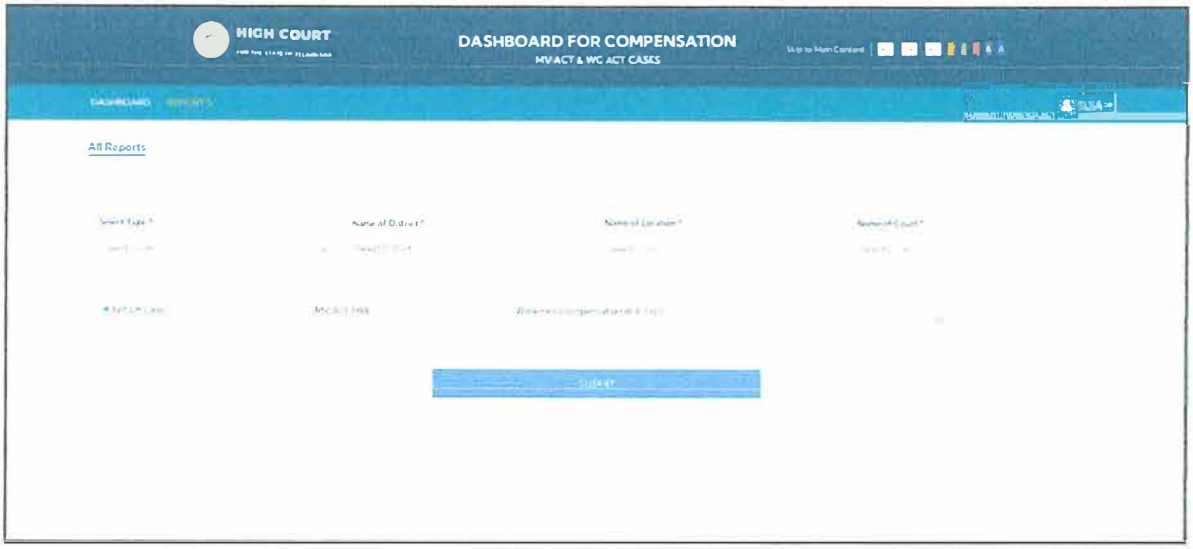

State Legal Services Authority's Dashboard

Upon login, the SLSA is presented with two menu items: "Dashboard", and "Reports". The Dashboard shows the number of cases assigned by the Courts and the Labour Courts to the District Legal Services Authorities in the State in two separate tabs. Upon clicking on either tab, a detailed count of cases will be shown under three heads: (i) Disbursed, showing the number of cases in which the claimants were IDentified and the compensation was disbursed, (ii) Unclaimed in FDR, showing the number of cases in which the compensation is not claimed and is lying in FDR, and (iii) Unclaimed in CCD, showing the number of cases in which the compensation is not claimed and is lying in CCD.

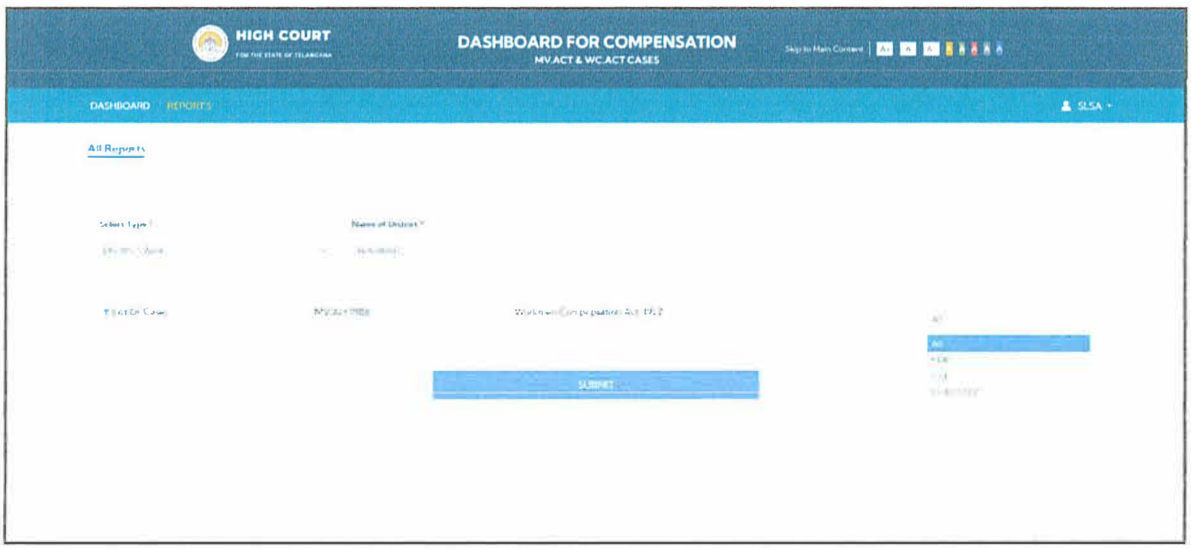

SLSA User – Dashboard

Reports: The SLSA user can generate reports on various parameters. They can view the number of cases assigned to the DLSAs District-wise and Court-wise.

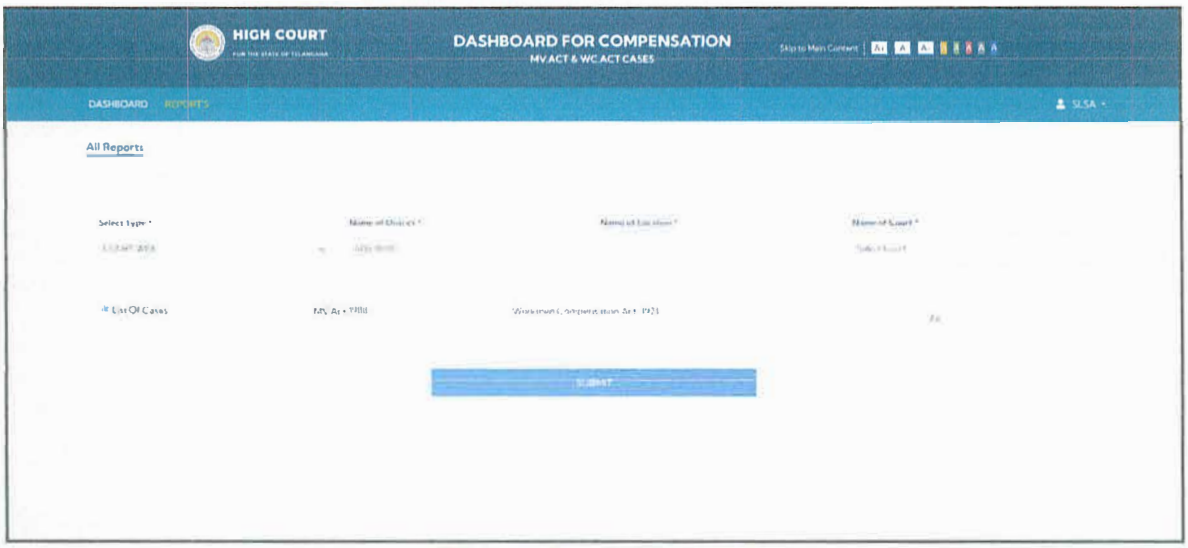

SLSA User - Reports Menu

When the SLSA user selects ***"District-wise"*** reports from the "Select Type" drop-down menu, he has to select the district for which he needs to get the statistics for. Then the SLSA user has to select whether they need a report of all the cases assigned to DLSA of that particular district or only MV Act cases or Workmen's Compensation Act cases, by clicking on the corresponding radio button. Finally the SLSA has to select whether they need a report of all the cases or the cases in which the unclaimed compensation is lying in FDR or CCD, or the cases in which the claimant was traced by the DLSA and the compensation was disbursed by selecting the corresponding option from the drop-down menu.

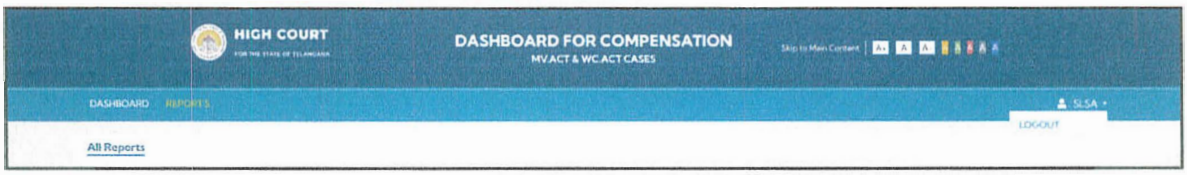

SLSA User - Reports Menu - District-wise

The SLSA user can also generate a Court-wise report by selecting ***"Court-wise"*** from the Select Type drop-down menu.

SLSA User - Reports - Court-wise

The SLSA user has to select the name of the district, Name of the location, Name of the Court from the corresponding drop-down menus. Then they can generate a report of all the cases, or only MV Act cases or only Workmen Compensation Act cases then further refine it based on four criteria "All, FDR, CCD, Disbursed" as explained above in the District-wise reports.

The SLSA user can log out of the dashboard using the ***"Logout"*** button available under their user ID on the top right side of the screen.
