Chief Justice of India

## Message from Hon'ble THE CHIEF JUSTICE OF INDIA

The second volume of the Supreme Court's Annual Report documents the High Courts' defining role in shaping India's judicial architecture. Inherent in their constitutional design, High Courts serve as the arbiters of justice across our federal structure, their mandate extending beyond traditional adjudication to uphold constitutional values and protect fundamental rights at the state level.

While Dr. B.R. Ambedkar termed Article 32 the heart and soul of our Constitution for its protection of fundamental rights, Article 226 takes a step further, empowering High Courts to address violations of both fundamental and legal rights. This remarkable constitutional provision has proven instrumental in shaping India's jurisprudence. Through this power to issue writs, High Courts have consistently checked administrative overreach and upheld citizens' rights, ensuring that justice permeates every level of governance. High Courts have also crafted enduring legal principles beyond case-specific relief through clear and reasoned judgments. This jurisprudential coherence has deepened public trust while providing authoritative guidance to the district courts.

In 2023-24, High Courts achieved significant milestones in judicial administration and innovation. They have balanced tradition with modern demands. The integration of e-filing systems, virtual courtrooms, and digital case management platforms exemplifies this transformation, enhancing institutional capacity through streamlined processes.

The twin mechanisms of arbitration and mediation have accelerated justice delivery by shifting disputes from courtrooms to consensus-based forums. These Alternative Dispute Resolution mechanisms, including robust Lok Adalats and mediation centres, have created parallel pathways for dispute resolution. The results are evident in improved case disposal rates and swifter resolution of matters.

These technological and structural advances have democratized access to justice while maintaining rigorous judicial standards. Digital solutions have made courts more accessible, while ADR mechanisms have brought justice closer to citizens. Together, these reforms have elevated both the efficiency and accessibility of the justice system.

While acknowledging these accomplishments, we remain resolute in addressing persistent challenges, particularly case pendency and the culture of adjournments. The High Courts have shown remarkable

resilience in their response, combining innovation, ingenuity and purpose. The technological infrastructure and procedural reforms implemented today are laying the foundation for a more efficient justice system.

The achievements documented here reflect how High Courts across the country steadfastly advance the principles of justice. Our vision ahead is clear: to accelerate modernization, remove barriers to justice, and enhance efficiency to clear the backlog, while upholding our constitutional values. Though significant ground remains to be covered, the foundations for transformative change are firmly in place. The continued coordination between District Courts, High Courts, and the Supreme Court will further strengthen the administration of justice in the year ahead. May our courts continue to serve as beacons of justice and constitutional values.

# Introduction

The Supreme Court of India, every year, endeavours to publish its Annual Report, providing a detailed compilation of its own operations as well as those of the High Courts. These reports serve as a comprehensive reference for the nation's judicial system.

## Brief Introduction

*The High Court in Allahabad was established under the Royal Charter of the then Queen of the United Kingdom (Queen Victoria), i.e. The Letters Patent of 17.03.1866 for the North Western Province replacing the old "Sudder Diwani Adalat" of Agra, which came to an end on 13.06.1866. For three years, during 1866 to 1869 the new High Court thus formed, continued to function at Agra and it was not before the autumn of 1869 when the Chief Justice of the High Court first sat at Allahabad. The area of North Western Province and the area of Oudh were named as United Provinces of Agra and Oudh in the year 1902. Two Courts i.e. the High Court in Allahabad for North Western Province and the Chief Court of Oudh at Lucknow, were functional simultaneously, exercising the powers of the High Courts over their respective territories. The High Court acquired its present status under the United Provinces High Courts (Amalgamation Order) 1948 enforced w.e.f. 19.07.1948. The Amalgamation Order 1948 in Article 3 provides, upon amalgamation, the High Court at Allahabad and the Chief Court at Oudh shall constitute one High Court by the name, The High Court of Judicature at Allahabad.*

*The foundation stone of the present building of the High Court at Prayagraj was laid in 1911. The construction of the building started in the year 1914 and was completed in 1916. On 27 November 1916 the court was shifted to the present building. The Court also has a permanent seat at Lucknow, the administrative capital of the State. A new High Court building has been constructed at Gomti Nagar, Lucknow on 40 acres land. A museum was established on a permanent basis, during the High Court's Centenary celebrations held in 1966, making it the first High Court to have its own museum. The Museum is having a rich collection of judgments, deeds, photographs, dress, furniture and the original charter of Her Majesty the Queen Victoria of 17 March 1866, by which the High Court was created and established.*

## Brief Introduction

*The High Court of Bombay is a chartered High Court and one of the oldest High Courts in the country. It was inaugurated on 14<sup>th</sup> August, 1862. The present building of the High Court (which was completed in 1878) is of an early English-Gothic architecture, designed by Colonel J.A.Fuller, R.E. The walls of the building are of rubble and chunam faced with blue basalt roughly dressed and in shallow causes.*

*In addition to the Principal Seat at Bombay, the Bombay High Court has its benches at Nagpur and Aurangabad. The building for full fledged High Court at Nagpur was designed by Mr. H. A. N. Medd, Resident Architect. The building is two storied, constructed with sandstone, and has a garden courtyard in the centre. The building also has Ashlar stone facing and brick heating. The flooring in the corridors and offices is of Sikosa and Shahabad flag stones. A Bench of the High Court at Bombay commenced its sitting in this building with effect from 1<sup>st</sup> November 1956. The Aurangabad bench was established in 1982. The present building of the Aurangabad Bench, having 6,202.18 Square Metres built up area, is functional from June 1995.*

*Parliament, by an Act, extended the jurisdiction of High Court at Bombay to the Union territory of Goa, Daman & Diu and established a permanent Bench of that High Court at Panaji on 30<sup>th</sup> October 1982. With the passing of Goa, Daman & Re-organization Act, 1987 by the Parliament conferring Statehood on Goa, the High Court of Bombay became the common High Court for the States of Maharashtra and Goa and the Union territories of Dadra & Nagar Haveli and Daman & Diu w.e.f. 30<sup>th</sup> May 1987.*

### Brief Introduction

*The High Court of Delhi began its journey on 31<sup>st</sup> October, 1966 in modest surroundings, initially housed in a residential bungalow; but soon moved to the 'Travancore House' on Kasturba Gandhi Marg and later to the 'Patiala House,' near India Gate. On 25<sup>th</sup> September, 1976, the court finally settled into its purpose-built space on Sher Shah Road. The central 'A' Block, the heart of this complex, was adorned with murals by the renowned artist Sh. Satish Gujral. In December 2005, the 'Extension Block' was added. This was followed by the 'Administrative Block,' which was completed in March 2012, further expanding the court's infrastructure. On 25<sup>th</sup> July, 2018, the Delhi High court unveiled the four-story 'New Courts Block'. This expansion was followed by the inauguration of the 'S Block' on 6<sup>th</sup> December, 2022—a twin-tower edifice.*

*Within its expansive jurisdiction over the National Capital Territory of Delhi, the Delhi High Court holds a unique position, being one of the few High Courts in India vested with Original Civil Jurisdiction. The establishment of the Commercial Division and Commercial Appellate Division further underscores its vital role in the legal landscape of the nation's capital.*

## Initiatives for The Judicial Year 2023-24

### Administrative Achievements

An *Advanced Cardiac Life Support (ACLS)* system has been installed in the Delhi High Court which became functional in January 2023. Additionally, infrastructure improvements have been made to accommodate Specially-abled litigants, lawyers and staff, ensuring the Court is accessible to all. The vision for constructing additional court complexes for Delhi District Courts at Karkardooma, Shastri Park, Rouse Avenue, and Sector-26 Rohini was set in motion with active efforts to secure funding from various government agencies. Additionally, new proposals were actively pursued for the development of a *"Centralized Record Room & Digitization Centre"* at Tikri Khurd and the construction of 34 Digital Court Rooms on the 7<sup>th</sup> floor of the Rouse Avenue Courts Complex.

A Fire Tender Station/Post has been established adjacent to the Ancillary Block near Gate No.12 of the 'S' Block building, which was inaugurated on 6<sup>th</sup> December, 2022. This facility, which became operational in mid-June 2024, houses a fire tender and a team of 11 firefighting crew members working in shifts round the clock.

The Delhi High Court has also made substantial progress in the digitization of judicial records. Initiated in 2006 for disposed of cases, the digitization process has expanded to include pending cases. By June 2024, approximately 22.4 crore pages had been digitized, with 1,01,53,064 pages scanned between 1<sup>st</sup> July 2023 to 30<sup>th</sup> June 2024. Advanced scanning equipment, including ADF scanners capable of scanning 60 pages per minute and real-time OCR have been installed to expedite the digitization process. As

### Brief Introduction

The history of the Gauhati High Court dates back to the resolution of the Assam Legislative Assembly as adopted on 9<sup>th</sup> September, 1947, for the then province of Assam. Accordingly, the High Court of Assam (the old nomenclature of the Gauhati High Court) was established on 5<sup>th</sup> April, 1948.

The High Court of Assam was originally functioning in the then capital of Assam, i.e., Shillong but was later shifted to Gauhati on 14<sup>th</sup> August, 1948. With the constitution of the State of Nagaland on 1<sup>st</sup> December, 1963, the Assam High Court came to be known as the High Court of Assam and Nagaland. Further, by dint of North-Eastern Area (Re-organisation) Act, 1971, the jurisdiction of the High Court of Assam and Nagaland extended to five North-Eastern States of Assam, Nagaland, Meghalaya, Manipur and Tripura as well as to the two Union Territories of Arunachal Pradesh and Mizoram. With this expansion of jurisdiction of the Assam High Court, it was renamed as the Gauhati High Court.

Later, Gauhati High Court exercised jurisdiction over the seven North-Eastern States, popularly known as seven sisters, after the attainment of Statehood by Arunachal Pradesh and Mizoram on 20<sup>th</sup> February, 1987. Later, on 23<sup>rd</sup> March 2013, with the establishment of separate High Courts for the States of Meghalaya, Manipur and Tripura, the Gauhati High Court, presently exercise its jurisdiction on four States, namely, Assam, Nagaland, Mizoram and Arunachal Pradesh, having principal seat at Guwahati and permanent benches at Kohima, Aizawl and Itanagar respectively.

### Brief Introduction

*Before bifurcation of the State of Jammu and Kashmir into two Union Territories- Union Territory of J&K and Union Territory of Ladakh- by coming into force of the Jammu and Kashmir Reorganization Act, 2019 on 31st October, 2019, the State of Jammu and Kashmir consisted of three different divisions namely Jammu, Kashmir and Ladakh. The political and geographical amalgamation of these three divisions took place on 16th March 1846. In the Year 1928, a full-fledged High Court of Jammu and Kashmir was established. Vide the Jammu and Kashmir Constitution Act, 1939, an independent judicial body with the High Court of Judicature at the top was established. The accession of Jammu and Kashmir to India in October, 1947 was followed by promulgation of the Constitution (Application to Jammu and Kashmir) Order, 1950 by the President of India, specifying the provisions of the Constitution of India which were applicable to the State. In 1957, the Constitution of Jammu and Kashmir came into force and a provision was made so as to ensure that the High Court established under Order No.1 of 1928 issued by Maharaja of the State could continue to exercise the jurisdiction in relation to the State even after coming into force of the Constitution of Jammu and Kashmir. Vide Constitution (Application to Jammu and Kashmir) Amendment Order, 1960, the jurisdiction of Supreme Court of India in its entirety, was extended to the erstwhile State of Jammu and Kashmir.*

*Vide the Constitution (Application to J&K) Order 2019, C.O 271 notified vide Notification dated 05.08.2019 read with Declaration under Article 370(3) of the Constitution, C.O 273 notified vide Notification dated 06.08.2019, provisions of Constitution of India as amended from time to time, without any modifications or exceptions, have been made applicable to the State of J&K.*

*On bifurcation of the State of Jammu and Kashmir into two Union Territories from 31st October, 2019, by application of the Jammu and Kashmir Reorganization Act, 2019 its Section 75 provides that the existing High Court of Jammu and Kashmir shall be the common High Court of Union Territory of Jammu and Kashmir and Union Territory of Ladakh. Pursuant to Order of Ministry of Law and Justice, Department of Justice issued vide S.O. 2860(E) dated 16.07.2021 read with High Court Order No. 559 of 2021/RG dated 23.07.2021 the High Court is called "The High Court of Jammu & Kashmir and Ladakh".*

*The High Court has two buildings, one at each wing of the High Court at Srinagar and Jammu. Both the wings of the High Court function throughout the year. The Chief Justice and Judges of the High Court move from one wing to other as per roster. The Judicial branches of the High Court remain functional in each wing of the High Court throughout the year. Keeping in view the future requirements, the High Court of J&K and Ladakh has also initiated the process for construction of new High Court buildings both at Jammu and Srinagar. For the High Court Complex Srinagar total land of 500 kanals has been acquired at Rakh-i- Gund, Bemina, Srinagar and construction work of the said project is presently going on. ### Brief Introduction

*Initially, administration of justice in the erstwhile princely State of Mysore graduated from the locally confined Sadar Munsiff to the judges of the Huzur Adalath and to the Judicial Commissioner of Mysore in 1856. The post was re-designated in the year 1881 as the Chief Judge, while the Court was renamed as the Chief Court of Mysore on 28 May 1884. The Chief Court was designated as "High Court of Mysore" on 30 January 1929. The Chief Court of Mysore expanded its territorial jurisdiction beginning from the retrocession of the Civil and Military Station Area in Bangalore to the then Maharaja of Mysore, by Act XXIV of 1947, to the inclusion of the State of Coorg by Mysore High Court (Extension of Jurisdiction to Coorg) Act, 1952 and Bellary (now Ballari) district in the year 1953.*

*On the re-organization of States in the year 1956, High Court of Mysore extended its jurisdiction to the entire State of Mysore, which was re-named as 'High Court of Karnataka', with effect from 1<sup>st</sup>*

To bridge the digital divide, e-Seva Kendras are coming up in all the Court Complexes in the State to enable the Advocates and the Litigant Public to have free access to the systems to enable them to make e-Filing and to avail various e-Courts services free of charge. Secondly, as a part of knowledge management and to give open and free access to the reported and reportable Judgments, an e-ILR platform has been rolled out with several search parameters for ease of making investigation of many precedents. Similarly, the introduction of bilingual online ILR would also meet the agenda of the AI Assisted Legal Translation Advisory Committee

of the Supreme Court of India i.e., to start digital law reports accompanied by making available translated versions of Judgments in vernacular language. Further, the e-Filing platform 3.0 is rolled out in all the Court establishments of the State. The enablement of e-Pay portal is also part of implementation of feature in e-Filing 3.0 which has been enabled in all the Courts in the State.

In order to enable the alleged offenders of traffic violation to participate in the proceedings where challans are issued by the Police, the system called Virtual Court is in the place at Bengaluru which provides for virtual process eliminating the presence of offenders before such Court and now the said system of Virtual Court is being rolled out in five other cities of the State where Police Commissionerates are functioning. Online Digital Case Diary is one

of the platform provided by the High Court for the Advocates, Litigants and Government Departments to profile their cases across the State in the form of a dashboard to keep track of the same digitally eliminating the usage of paper based diary.

Under Phase III of the e-Courts Project, migration of websites to new S3WAAS (Secure, Scalable & Sugamya Website) platform is projected and in the said effort the High Court of Karnataka completed the migration of all the 30 District Courts. To improve User Interface (UI) and User Experience (UE), the website of the High Court has been revamped with a new look and feel having additional features making it an accessible website. As a part of the revamped website, a dedicated dashboard has been developed for the Judges with login credentials having beneficial features to access various services.

*Principal Bench of the High Court, Bengaluru*

A platform called FASTER-Karnataka has been developed in the High Court of Karnataka. Same would help in minimizing the physical movement of any such communication between High Court and District Judiciary. The High Court of Karnataka has implemented CCTV Projects in 12 District Courts. The High Court of Karnataka, as a part of CIS module, has started generating summons and notices in vernacular language for easy access of the contents of the same by the common litigants in the local language known to them.

The High Court of Karnataka imparted digital accessibility training to visually challenged employees of the State Judiciary from 11.09.2023 onwards for 2 days in 18 batches.

As a part of preparedness for digital ecosystem, namely to have a paperless workflow, the High Court has taken up the project of placing integrated hardware for running VC Platform and for paperless workflow in 300 District Courts in addition to the High Court. In order to ensure uninterrupted power supply to ICT hardware in courts, the Solar Power Backup Project has been taken up in 40 Court locations under Phase III of the e-Courts Project.

**e-HCR / D-HCR of the High Court:** High Court of Karnataka has rolled out an e-ILR/e-HCR platform with several search parameters. Similarly, introduction of bilingual online e-ILR would also meet the agenda of AI Assisted Legal Translation Advisory Committee of Supreme Court of India i.e., to start digital law reports accompanied by making available translated versions of Judgments in vernacular language. However, no separate platform as D-HCR is established. The existing eILR/e-HCR platform is made available in separate URL of High Court of Karnataka website.

### Brief Introduction

*The State of Madhya Pradesh which came into existence on 1<sup>st</sup> November, 1956 under the State Reorganization Act, 1956, earlier formed part of "Central Province and Berar" and was within the jurisdiction of Nagpur. The Nagpur High Court was established for Central Province and Berar by virtue of the Letters Patent dated 2<sup>nd</sup> of January 1936, issued under Section 108 of the Government of India Act, 1915, by King Emperor, George the Fifth. The Letters Patent, where under the Nagpur High Court was constituted and invested with jurisdiction, continued in force even after adoption of the Constitution of India on 26<sup>th</sup> of January 1950 by virtue of Articles 225 and 372 thereof.*

*After creation of the State of Madhya Pradesh, the Nagpur High Court was shifted to Jabalpur with effect from 1<sup>st</sup> November, 1956 and rechristened as "High Court of Madhya Pradesh" with its Principal Seat at Jabalpur; and two temporary benches of the High Court were constituted at Indore and Gwalior. Later, by virtue of Presidential Notification dated 18 November, 1968, the President of India, after consultation with the Governor of Madhya Pradesh and the Chief Justice of the High Court of Madhya Pradesh, established permanent Benches of the Madhya Pradesh High Court at Indore and Gwalior. The High Court of Madhya Pradesh at Jabalpur is functional in a building designed by Henry Irwin, CIE, PWD, in 1886 and completed in 1889 at the cost of Rs.3 lacs. The building is constructed in brick-lime with ornamental towers and cornices. The architecture of the building is mixed baroque and oriental.*

Eleven Judgeships (Districts) in Bihar and one in Odisha were subject to the jurisdiction of the Patna High Court.

The Patna High Court began sitting in circuit at Cuttack from 18<sup>th</sup> May, 1916. On 30<sup>th</sup> April, 1948, the Governor-General of India in exercise of the powers conferred by Section 229(1) of the Government of India Act, 1935 issued the Orissa High Court Order, 1948 providing for constitution of the High Court for the Province of Orissa from 5<sup>th</sup> July, 1948. Subsequently, by Orissa High Court (Amendment) Order 1948, the date of formation was changed to 26<sup>th</sup> July, 1948. The High Court was established on 26<sup>th</sup> July, 1948 at Cuttack.

In 1948, the Patna High Court exercised jurisdiction over the territories of the Province of Bihar & Orissa until 26 July 1948, when a separate High Court was constituted for Orissa.*

*The Patna High Court opened a circuit bench at Ranchi in 1972. In 1976, the circuit bench of the Patna High Court at Ranchi became a permanent bench. In November 2000, under the Bihar Reorganisation Act, 2000, the State of Bihar underwent a division resulting in the creation of two provinces: Bihar and Jharkhand and the circuit bench of the Patna High Court at Ranchi became the Jharkhand High Court. The architectural splendour of the Patna High Court's historical edifice is truly remarkable. Designed by the renowned architect Mr. Munnings in the neoclassical style, the building spans two stories, forming a U-shape, and features a pedimented portico that leads to a towering dome above the central hall, imparting a sense of grandeur to the entire edifice. Notably, the antique open lifts, featuring wrought iron grills intended for use of the Judges, are an integral and distinguishing feature of the High Court's architecture, significantly contributing to its distinctive character.*

*Preserving an invaluable historical legacy, the Central Record Room houses records of immense significance, dating back to 1793. These records encompass the proceedings of the Sadar Dewani and Sadar Nizamat Adalat. Among these archives lie noteworthy decisions from the Mughal era, including those made during the period of the East India Company. In response to the Court's growing demands, a "centenary building" was inaugurated on 27th February 2021 which is equipped with 43 court rooms, 57 Chambers, 2 Libraries, 6 Committee rooms, a large conference room and an underground parking facility for more than 100 vehicles.*

## Brief Introduction

*The High Court of Punjab and Haryana previously known as "The High Court of Judicature at Lahore" having jurisdiction over Delhi and East Punjab, was established through a Letters Patent dated 20th March, 1919 by King George V under Section 113 of the Government of India Act, 1915. After independence of India, the High Court of Lahore (being in Pakistan) ceased to have jurisdiction over Delhi and East Punjab. A new High Court of Judicature for the territory of East Punjab (India) was created on 15 August, 1947 at Amritsar and was later shifted to Shimla. When the Constitution of India came into force on 26th January, 1950, the State of East Punjab was renamed as Punjab and the seat of the High Court was shifted from Shimla to Chandigarh. Thereafter, there was merger of Patiala and East Punjab States Union (PEPSU) into the State of Punjab, and the State of Haryana and the Union Territory of Chandigarh came into existence from 1<sup>st</sup> November, 1966 and the High Court of Punjab was renamed as the 'High Court of Punjab and Haryana'. Since then, the High Court of Punjab and Haryana has been operating for the States of Punjab, Haryana and Union Territory, Chandigarh from its present building, which was designed by Le Corbusier, a well-known, French Architect.*

*Prior to its merger with the Union of India, Sikkim was under a monarch. In 1955, the then Maharaja of Sikkim issued the High Court of Judicature (Jurisdiction and Powers) Proclamation, by which the High Court in Sikkim was established. The High Court was made the final Court in all judicial matters, civil or criminal, subject to exercise of prerogative by the Maharaja to grant mercy, pardon, remission, commutation or reduction of sentence in case of conviction. The Maharaja also retained his prerogative to set up a Special Tribunal for the review of any case, civil or criminal. On its merger with India in 1975, Sikkim became the 22<sup>nd</sup> State of India and the High Court functioning immediately prior to the date of merger, became the High Court for the State of Sikkim under the Constitution of India. The said High Court remained a common High Court for both the two States till 31.12.2018. Consequent upon*

*Presidential Notification dated 26.12.2018 with effect from 01.01.2019, a separate High Court was established for the State of Andhra Pradesh at Amaravathi and the existing High Court was renamed as High Court for the State of Telangana.*

*Originally the High Court building was situated on the southern bank of the river Musi and spread across an area of 9.20 acres. In the year 2009, an additional land of 9.50 acres annexed to the building Block C, D and H (Old Maternity Hospital) was allotted by the Government.*

*The construction of High Court building commenced on 31 March 1919 and the building was inaugurated on 20 April 1920, by Nizam VII, Mir Osman Ali Khan, who was also the Architect of the High Court building. Built by using red and white stones in saracenic style, it is one of the finest buildings in the city of Hyderabad. There are 47 Court Halls and Chambers in the High Court.*
