Bombay.

Dr Justice D Y Chandrachud
Chief Justice of India

7 January 2023

Dear Chief Justice

The Supreme Court of India has launched the electronic version of the Supreme Court Reports (e-SCR). This is an initiative to provide the digital version of the judgments of the Supreme Court as they are reported in 'Supreme Court Reports', the official law report.

This project endeavors to take a step forward towards fulfilling the objective of the digitization of the Indian Judiciary for the benefit of litigants, judges, members of the Bar, law colleges and universities, governmental institutions, law clerks and researchers, judicial academies, civic society and the public at large. e-SCR will facilitate access to the judgments of the Supreme Court, free of subscription or any other expense for the user.

The data base of e-SCR contains at present about 34,000 reported judgments of the Supreme Court. The search facility in e-SCR provides for free text search, search, within search, case type and case year search, judge search, year and volume search and bench strength search options. The inbuilt elastic search facilitates quick and user-friendly search results.

Chief Justice of India

The access link/tab of e-SCR has been provided on the Supreme Court website, the mobile application of the Supreme Court as and on the judgment portal of the eCourts project (<https://judgments.ecourts.gov.in>).

I request you and colleagues in the High Court to effectively avail of the facility of e-SCR.

The e-SCR is available free of cost, for the benefit of law students, researchers, educational institutions, lawyers and litigants who cannot afford licenced products to access Supreme Court judgments. I request you to disseminate this information to law colleges, educational institutions, and Bar associations withing your State. The State Judicial Academy may also be made aware of the availability of e-SCR for the use of judicial officers. You may also consider of providing access to the link of e-SCR on the official website of your High Court.

Your insight and support will help in the utilisation of the facility of e-SCR by all the stakeholders of the judicial system.

Best wishes for this New Year

With warm regards

Yours sincerely

Dharmendra Chandra
