## eCommittee Digital Accessibility Training Program Covers 371 Visually Challenged Court Staff at Karnataka

The High Court of Karnataka recently held a valedictory program on 06.07.2024 to commemorate the successful completion of the eCommittee Digital Accessibility Training Program for visually challenged staff members. This eCommittee program was launched on 11.09.2023 at Karnataka, and sets a remarkable example for inclusive workplaces. The program covered 371 visually challenged staff members across the state judiciary in 19

batches spanning several months. It equipped the visually challenged court staff in Karnataka with the necessary skills and tools to navigate the digital ecosystem of the courts. The training covered a wide range of assistive technologies, including Screen readers, magnifying software, Optical Character Recognition (OCR) tools, Refreshable Braille Displays, Braille Notetakers, and Assistive mobile applications.

Some key highlights of valedictory function include:-

- Distinguished guests including Hon'ble Mr Justice S. Sunil Dutt Yadav (Chairman, Accessibility Committee, High Court of Karnataka), Dr Sanjay Jain (Member, Supreme Court Committee on Accessibility), and Mr Shivaram S Deshpande (Head of Operations, Samarthanam Trust for the Disabled) graced the event.
- A documentary showcasing the program's journey was presented.
- Trainees shared their positive experiences of the training.
- Dr. Sanjay Jain lauded the program as an international success story and a model for accessibility implementation.
- Mr. Shivaram S. Deshpande introduced project opportunities for visually challenged staff.

- Hon'ble Mr Justice S. Sunil Dutt Yadav emphasised collaboration and continuous improvement for an inclusive work environment.

The resounding success of the Digital Accessibility Training Program serves as a stepping stone towards a more inclusive future for the High Court of Karnataka. The participants' enthusiasm for further training on court-related software programs underscores their commitment to continuous learning and professional growth. This pioneering initiative of eCommittee stands as a beacon of hope for the Indian Judiciary to create a truly inclusive work environment where individuals with disabilities can reach their full potential.

## “E-Suvidha Facility Centre” For E-Filing In Rajasthan High Court & Jaipur Bench

To facilitate the Advocates/ Litigants and other Stakeholders, “e-Suvidha Facility Centre” has been set-up in Rajasthan High Court Jodhpur and Jaipur Benches. Services of scanning, Printing, e-filing and uploading of documents will be provided at a nominal rate under one roof in the High Court premises itself. The services are beneficial for those advocates/ litigants requiring technical assistance for e-Filing. In the presence of Hon’ble Judges,

members of Bar and Government Advocates including AG/AAGs, Hon’ble Mr. Justice M.M. Shrivastava, the Chief Justice of Rajasthan inaugurated e-Suvidha Facility Centre at Rajasthan High Court Jodhpur on 12.07.2024 and at Jaipur Bench on 25.07.2024. The advocates/ litigants will also be provided with technical assistance for e-filing at the Counters.

## Hands-On Training To Court Staff (VC Moderators) at Rajasthan High Court Jaipur Bench

Rajasthan High Court was the forerunner of the High Court to adopt hybrid mode of hearing in Rajasthan High Court, i.e. through Physical appearances as well as through Video Conferencing. 46 courtrooms in the Rajasthan High Court are well equipped with video conferencing setup. Training to Court Staff is being imparted for

proper functioning of VC Hearings through CISCO Webex. In this series, a training session was conducted on 15.07.2024 where the Technical Team imparted hands-on training to Court Staff (VC Moderators) at Rajasthan High Court Jaipur Bench. 13 Court Staff attended the training.

## Training Programmes for Advocates & Advocate Clerks Under ECT Outreach Program in Agartala, High Court of Tripura

eCommittee Capacity building One-day Training programmes (ECT\_7\_2024) for Advocates and Advocates Clerk were organised on 20.07.2024 at Bishalghar Court Complex under Sepahijala District

and on 14.07.2024 at Khowai Court Complex under Khowai District. 96 Advocates & Advocate Clerks were imparted training on various ICT topics by the nominated Master Trainer Judicial Officers.

TS MAC/10/2024

As a Citizen-Centric and Litigant friendly initiative, all the orders of the District Courts in Tripura which are uploaded on CIS will have unique QR Code affixed on them with effect from 01.08.2024. By scanning the QR Code, all the stakeholders will have

access to the current status and previous orders related to the case. For easy and convenient generation of such QR Codes, a module has also been developed by the in-house technical team of the High Court Registry.

## Madras High Court Deploys Technical Manpower in 298 eSewa Kendras Across Tamil Nadu

Under Phase-III of the e-Courts Project, the Madras High Court has recruited 298 Nos. of Technical Manpower on a Contract basis for the use of 298 eSewa Kendras in the District Judiciary of the State of Tamil Nadu and U.T. of Puducherry w.e.f. 05.08.2024. 3120 applications were received through online mode. Preliminary and Final interviews were conducted on 28.07.2024 (Sunday) in the District

Headquarters. The In-house software team of Madras High Court has developed a software module to view the data of the candidates, to verify the mark sheets of the candidates and to enter the marks scored by the candidates in the interview. All in One Desktops and High End Scanners have been procured to meet the immediate requirement of 298 e-Sewa Kendras, so as to make them operational immediately.

## Kerala High Court Collaborate With CUSAT University For AI Initiatives

The High Court of Kerala and Cochin University of Science and Technology (CUSAT) have undertaken a collaborative initiative aimed at integrating advanced AI solutions into judicial processes. The partnership leverages the IBM WatsonX generative AI technology.. This collaboration aims to enhance the efficiency, accuracy, and accessibility of judicial operations. The High Court of Kerala and

CUSAT have formalised the partnership through a memorandum highlighting the collaborative efforts in digitalising the High Court. During the International GenAI Conclave in Kochi, co-hosted by the Government of Kerala and IBM, the Hon'ble Acting Chief Justice of the Kerala High Court presented the Collaborative Initiative Report to the Vice-Chancellor of CUSAT.

## Dispatch of Judgments & Communications Between the District Judiciary And Government Departments Through E-Office

As an important step towards enhancing the efficiency of despatch of copies of Judgments and communications to Courts in the District Judiciary and various Government departments, it has been decided to dispatch copies of Judgments and communications as

digital copies through e-Office / email , instead of physical furnishing of the same. A Standard operating Procedure has been formulated for the transmission of the orders to the Trial Courts and the Government Departments through e-Office.

## Training Programs Conducted By IT Directorate in High Court of Kerala

A demo session for explaining the workflow for despatch of judgments and communications to Courts in District Judiciary and other Government Departments was

conducted in the IT Training Hall on 27.07.2024 in two batches for the officials of the Despatch Section, Filing Section (Petitions) and all Judicial Sections.

## NSTEP is Implemented in District Judiciary of Himachal Pradesh

Sr No.	Establishment Name	Number of Bailiffs	Total Process Consumed	Process Allocated To Bailiff	Process Delivered By Bailiff	Process Pending With Bailiff

processed through eOffice. As on 07.08.2024 a total of 757 files have been created in eOffice and 672 files are currently in movement.

## Training Programmes for Court Staff on Creating Accessible Court Documents & Court Fees at High Court of Orissa

The ICT & Hands-on training session was conducted for the Civil Court Staff at the Regional Judicial Academies. Training on “Standard Operating Procedure (SOP) for creating Accessible Court documents and dealing with the needs of persons with disabilities with appropriate care and sensitivity” for the Civil Court Staff was conducted at Regional Judicial Academies.

Further, a one day Refresher Training programme on Court Fees Act, Stamp Act, Suits Valuation Act, GR & CO (Civil & Criminal), Duty of the Ministerial Staff in proper functioning of the court, e-Court Filing (CIS), VC Rules, Protection of Women from Sexual Harassment and Time and Resource Management was conducted. The total number of participants) who were trained is 214.

## Digital Court Application Programme at Tis Hazari Court

The Digital Court Application dashboard provides a quick glance of counts of listed, pending, disposed, undated, delayed, transferred, contested, uncontested cases through respective login credentials. The details of all the scheduled cases are also available in the cause list. The annotation feature to highlight, underline the contents or to add notes is also available. The introduction of the Digital Court Application, developed under the aegis of the Hon'ble Supreme Court of India, stands as a testament to the

commitment of Delhi District Courts in fostering a paperless, digital court system. This innovative platform enables judges to access case files remotely, thereby enhancing efficiency and transparency in judicial processes. Hon'ble Mr. Justice Rajeev Shakhder and Hon'ble Mr. Justice Suresh Kumar Kait also graced the occasion and shared their insights on the transformative impact of hybrid hearing facilities, signalling the onset of a new era of technology in judicial practice.

## Inauguration of Pilot Hybrid Court at Tis Hazari Court, Delhi

The Delhi District Courts achieved a significant milestone in ICT technology with the inauguration of the Pilot Hybrid Court equipped with Speech to Text facility and Digital Court application for Judicial officers at the Tis Hazari Courts Complex on 19.07.2024. The event was graced by the esteemed dignitaries including Hon'ble Mr. Justice Manmohan, Acting Chief Justice-High Court of

Delhi, Hon'ble Mr. Justice Rajiv Shakhder, Hon'ble Mr. Justice Suresh Kumar Kait, Hon'ble Mr. Justice Sanjeev Narula, Hon'ble Mr. Justice Purushendra Kumar Kaurav, Hon'ble Mr. Justice Tushar Rao Gedela, Hon'ble Mr. Justice Girish Kathpalia, Prominent Members of the Bar, judicial officers and president of various bar associations graced the function.

## E-Courts Training Programme For The Advocates & Advocate Clerks & Digital Signature Training Programme For Court Staff Conducted At Delhi

E-Courts Training Programme ECT\_07\_2024 at Taluk/Village for the nominated Advocates & Advocate Clerks on 24.07.2024 conducted by Judicial Academy, Delhi. Training Programme w.r.t. to Digital Signature on the Orders-Judgements (individual or bulk) imparted to all

the Stenographers posted in the East, North East and Shahdara District held on 25.07.2024 at Karkardooma Courts, for all the Stenographers of Central and West District on 25.07.2024 at Tis Hazari Courts and on 26.07.2024 conducted by Computer Branch, PHC, NDD.

**e-Committee Supreme Court of India  
Special Edition**

Justice Manindra Mohan  
Shrivastava, Chief Justice  
Rajasthan High Court

MESSAGE

The special issue of e-Committee Newsletter on Rajasthan High Court is a matter of great pride for us, for which I congratulate the Hon'ble e-Committee.

I am delighted to share that it is remarkable development regarding ongoing e-Court project, a transformative initiative that aims to revolutionize the way justice is delivered in our legal system. As we continue to embrace the advancements in technology, the e-Court project marks a significant step towards justice delivery system.

The initiation of the e-Courts Mission Mode Project, as part of the National e-Governance Plan, underscores a strategic approach denoted by 'Mission Mode'. This signifies the project's adherence to well-defined objectives, scopes, implementation timelines, milestones, and measurable outcomes.

The success of the e-Court project relies on the collaborative efforts of all stakeholders, including Judges, Lawyers, Court Staff and litigants also. As we embrace this digital transformation, I am confident that the e-Court project will not only enhance the efficiency of our legal system but also improve easy access to justice for all.

I urge all members of the legal community to embrace this initiative wholeheartedly and adapt to the changing landscape of legal proceedings. Together, we can make the e-Court project a model for other jurisdictions to follow, further reinforcing the strength and adaptability of our judicial system.

I applaud the sincere efforts put in by the officials of Hon'ble e-Committee and look forward to pursuing future endeavors.

JUSTICE DINESH MEHTA  
Chairperson, Computer  
Committee

MESSAGE

It is heartening to know that Hon'ble e-Committee, Supreme Court of India is publishing a special issue of e-Committee Newsletter on Rajasthan High Court. Initiative of releasing special issue of e-Committee Newsletter for each High Court is commendable.

e-Court project is an initiative poised to redefine how justice is administered within our legal framework. By leveraging the latest technological advancements, the e-Court project ensures more streamlined, transparent and readily accessible justice delivering system to all.

The effectiveness of the e-Court project rests on the collective association of key stakeholders, encompassing judges, lawyers, court staff and litigants. I believe that collectively, we can establish the e-Court project as a benchmark for other jurisdictions to emulate, thereby fortifying the resilience and adaptability of our judicial system. Publication of newsletter will work as a catalyst in the endeavour, as dissemination of information motivates the person serving the institution on the one hand and further it makes the recipients of service facilities aware of the advancements and efforts being undertaken, so as to make optimum use of the projects.

While complementing each and every contributor for this endeavour, in publication of special issue of e-Committee Newsletter on Rajasthan High Court, I assure full support and cooperation of e-Committee of Rajasthan.

(g) NSTEP: NSTEP (National Service and Tracking of Electronic Processes) for electronic service of processes of civil courts was launched on 27.09.2019. Mobile Handsets with internet connectivity have been provided to process servers and bailiffs. This NSTEP Mobile App has been prepared in Hindi.

### **On-Going Projects of eCourts Phase-III**

Out of 24 components for implementation in Phase III of eCourts Project, Rajasthan High Court has planned and taken initiatives in following modules:

**Hardware for Existing Courts covered under Phase I & II:** As per plan of Phase III, One Scanner, Four Desktop PCs and Four Digital Tokens are to be procured for 1240 Courts already covered under Phase I

& II. Work orders for above all the items have been issued after initiation of tender process.

**Solar Power System:** One court Complex from every District Judgeship has been identified for installation of Solar Power System and a total 36 Solar Power Systems are to be installed. Memorandum of

Understanding (MoU) was executed between Rajasthan High Court and REIL on 03.02.2024.

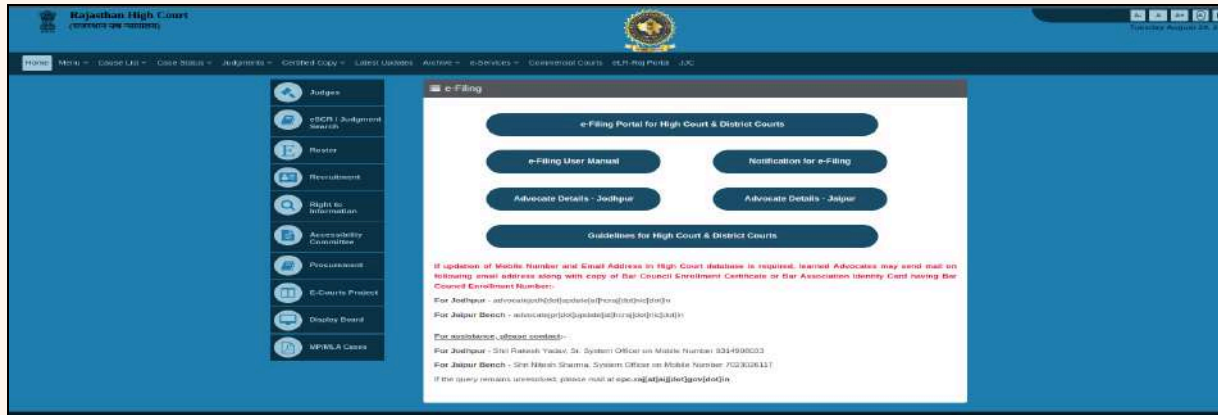

**Technical Manpower:** Services of 4 Technical Manpower (as per directions) are being taken through NICS. Funds for the purpose have been transferred to NICS on 09.02.2024.

## **Best Practices (e-Initiatives) of Rajasthan High Court**

**Paperless Courts:** Taking a big stride towards digitisation and paperless functioning, Rajasthan High Court has started Paperless Courts. For management of paperless courts, a unique in-house "Peripheral Paperless tModule" programme has been developed with separate logins for Hon'ble Judges, Court Masters, Registry Officers, Section In-charge, dealing clerks, Scanning Agency etc. 44 Courts Rooms of Rajasthan High Court are equipped with all appropriate hardware, touch screen

displays etc. for paperless courts. Hands-on training has been imparted to High Court Staff in order to perform their roles and responsibilities as per Standing Order No.19/S.O./2020 dated 02.11.2020. During Inaugural function of Platinum Jubilee Celebration of Rajasthan High Court on 14.10.2023, Hon'ble the Chief Justice of India launched functioning of Paperless Courts of Rajasthan High Court.

## E-Filing:

E-Filing through e-filing portal of Hon'ble e-Committee, Supreme Court of India has been made functional for all case types of Rajasthan High Court since April 2020. Exhaustive Guidelines for e-filing have also been published and uploaded on Website. e-Filing 3.0 has been implemented in Rajasthan High Court and District Judiciary of the State w.e.f. 20.08.2023.

**E-filing Centres for Advocates and Litigants:** Rajasthan High Court has set up e-filing Centres both at its Principal Seat Jodhpur and Bench at

Jaipur and under one roof, the process of e-filing can be done by Advocates and Litigants. All these facilities have been made available to Advocates and Litigants on a very nominal charge of only 50 paise per page for scanning.

### **Online ePay Facility:**

Rajasthan High Court has started the facility of payment of online Court Fees and fine for High Court. ePay is directly integrated with eGRAS of the State Government. Program has been developed to Deface the court fees/ fine receipt.

**Wi-Fi Enabled Campus:** Free Wi-Fi Internet Facility is available in the entire campus of Rajasthan High Court at Jodhpur and Jaipur which is provided by the Department of Information Technology & Communication (DoIT&C).

**Scanning and Digitization:** Scanning & Digitization of disposed case records of Rajasthan High Court is in progress since October 2018 both at Jodhpur and Jaipur. Almost 7 Crore pages of decided cases upto year 2015 are to be scanned and digitized. As on 22.02.2024, 4,38,06,569 pages (62.58%) have been

scanned and uploaded in DMS, out of which, Quality Check (QC) of 3,30,97,571 pages (47.28%) have been completed. All criminal files registered w.e.f. 1st January 2022 and all case (fresh and pending) files of other case types w.e.f. February 2023 are being regularly scanned and digitized through outsource.

**JustIS Mobile App:** JustIS Mobile App 2.0 launched by Hon'ble Prime Minister of India on 26<sup>th</sup> November 2022 being used to monitor and supervise the pendency and disposal of Districts under their jurisdiction. The Details of High Court Judges of

Rajasthan High Court has been entered on Portal to make the JustIS Mobile App Services.

**Integrated Digital Solution Software with e-Prisons:** Rajasthan High Court has developed an indigenous Digital Solution Software in collaboration with NIC New Delhi. The programme is integrated with e-Prisons Software which has been launched in the month of December 2022. Details of inmates maintained through ePrisons by police authorities which includes unique identification number of prisoner (PID), date of arrest, undergone period, absconding period, paroles history, criminal antecedents, issuance of custody certificate and other factors are migrated into this software. Simultaneously, the database of courts is also integrated with ePrisons like court case details, court orders, hearing details and causelist

etc. The developed software incorporates a statistical database of prisoners, under trial/ convicted and has multiple segments.

**Neutral Citation Numbers:** An in-house programme for auto-generation and displaying Unique Citation Number on each and every judgement of Rajasthan High Court was developed and implemented in January 2023.

**FASTER (Fast and Secured Transmission of Electronic Records):** For effective implementation of FASTER System in terms of directions of Hon'ble Supreme Court issued in Suo Motu Writ Petition No.4/2021, In Re: Delay in release of convicts after grant of bail, standing Order dated 22.10.2021 for compliance in High Court and Circular dated 22.10.2021 for compliance in courts of District Judiciary have been issued. Email IDs created within the domain@jcn.nic.in

All 36 District Courts of Rajasthan have been activated, and all the District & Sessions Judges have also been directed via letter dated 10.11.2021 to regularly access email IDs to ensure timely compliance and the due execution of orders and other processes.

**RHC-FASTER System:** On the lines of the FASTER System of Supreme Court, a programme has been developed for sending orders/ judgments and/ or documents related to a case file from Rajasthan High Court to the concerned stakeholders through Electronic Mailing System. Official email IDs of District Judges, all the courts of District Judiciary, District Collectors, Senior Officers of police including SP/ACP/ Commissioner of Rajasthan have been mapped with this programme to send the orders/ judgments.

**Implementation of AI Translation Tool 'SUVAS':** Rajasthan High Court

was selected as pilot State to carry out the task of using AI in translation of judicial records in regional language. Translated judgments of the Supreme Court as well as Rajasthan High Court in Hindi language are being regularly uploaded on the website of Rajasthan High Court and made available for the public under the head of 'Vernacular Judgments'.

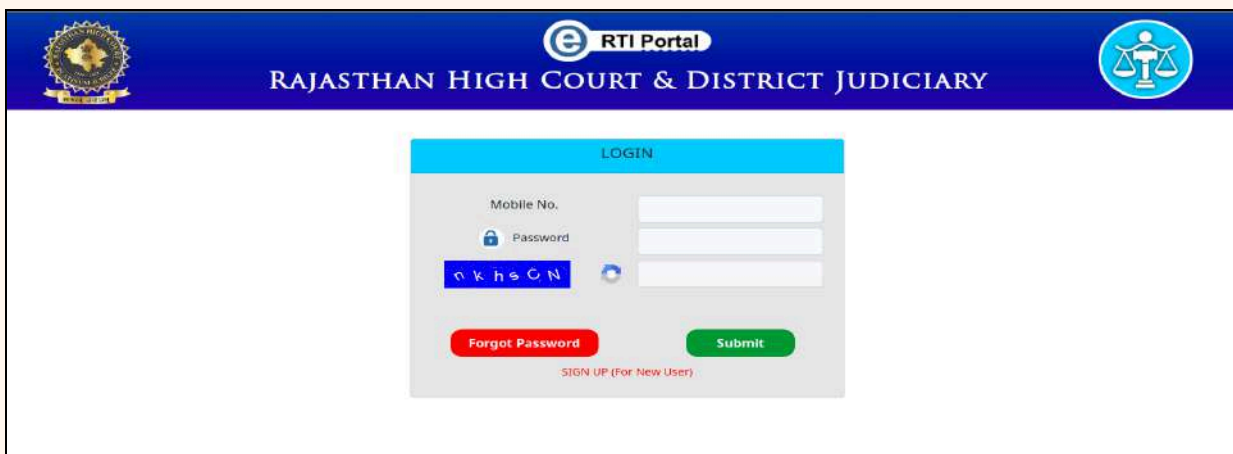

**Website of Rajasthan High Court:** The Official website of Rajasthan High Court i.e. [hcraj.nic.in](http://hcraj.nic.in). has been designed with the latest technology and on an advanced platform with an entirely new look and design. The website is screen responsive, i.e., it can be seen on mobile, iPad, or laptop screens of any size. The new website is disabled friendly and has been made fully compliant for specially-abled users with screen reader, high contrast fonts etc. accessibility features.

**Webpage for Commercial Courts of Rajasthan:** The webpage has live statistical data of all Commercial Courts and Commercial Appellate Division functional in Rajasthan. Links for e-filing, e-Pay, Court e-RTI Portal:

Orders, Case status, Causelists are also available on this webpage and users can avail all e-services pertaining to Commercial Courts in a single page.

In compliance with directions passed by Hon'ble Supreme Court on 20.03.2023 in Writ Petition (Civil) No.1040 of 2019, Pravasi Legal Cell Vs. UOI & Ors, e-RTI Portal for Rajasthan High Court and District Courts has been developed and made live by Rajasthan High Court within time frame. The eRTI Portal has been integrated with eGRAS Portal of the State Government for deposits of fee as per rules. e-RTI Portal was inaugurated and made live w.e.f. 05.06.2023.

**Telegram Channel:** Rajasthan High Court has developed a Telegram Channel, where a database of cause-lists, rosters, notices etc. and other information are being made available in real-time. Telegram Channel was launched during the occasion of the inaugural function of the Platinum Jubilee Celebration of Rajasthan High Court on 14<sup>th</sup> October 2023. Telegram Channel of

Rajasthan High Court can be joined by using the following link- <https://t.me/hcrajtc>.

**Unique CIS Report Menu (Comprehensive periphery for statistics):**

A comprehensive peripheral utility program named Report Menu has been prepared for the High Court. This program provides access to about 50 different types of reports to users providing ready reference for various statistical figures, administrative reports etc.

Peripheral Utilities with CIS 1.0 of Rajasthan High Court:

- Certified copies without movement of files using the orders and judgment uploaded.
- Judgment/ Order template generation for Court Staff.
- Cause List generation and order/judgment download with seal and QR Code.
- Tracking of records of Trial Courts.

- Physical verification of files, Limitation calculation, filing status etc.
- Computer programme for maintaining Digits in all the Judicial Sections for proper handling of files.
- Computer programme for keeping complete track of receipt, movement and return of the trial court records.
- Computer programme for reckoning the period spent in Judicial Custody.
- Computer programme for calculation of limitation period in cases.
- Computer Programme for Roster wise Peshi Dates in Rajasthan High Court
- Computer programme (ePass System) for automated generation of e-Passes for Sr. Advocates, Advocates, litigants and parties in person for entry in court-rooms and offices. Automated permissions can be generated and SMS are received by applicants.
- Pagination programme to display the last page number of the petition/ appeal on the website of Rajasthan High Court.

### E-Services Mobile App:

Rajasthan High Court has its own Mobile App both for Android and iOS. This Mobile App has facility of various case related information along with unique feature 'MY DIARY' through which any Advocate can make an e-diary of his cases which updates automatically every day. Search for cases within my diary may be made.

**Computer Programme to manage transfer/postings of Judicial Officers:**

A unique software for managing the administrative task of transfer/ postings of Judicial Officers has been developed which has a database of complete posting details of all the Judicial Officers of Rajasthan. The software automatically takes care of all conditions which are to be applied while affecting the transfer/ postings.

**Go-Green Initiative for Causelist and Automated EMail Facility:**

Go-Green initiative has been

launched since August 2019. On requisition of advocates, Cause List is made available to them on their email Ids; these customized weeklies, daily and supplementary cause lists are automatically emailed to advocates as soon as they are finalised by the Cause list section. The outcome of the above initiative is that the printing of the cause list has been dispensed with.

**Justice Clocks:** Two Justice Clocks, the LED Video Walls, for information dissemination and creating awareness are functional in the premises of Rajasthan High Court, Principal Seat at Jodhpur and Bench at Jaipur. Special Software has been developed to display the approved information and live data from NJDG on the Justice Clocks viz. age wise and category wise pendency of High Court and District Courts etc. Other ICT facilities in Campus:

- Computerised Centralised filing section linked to CIS
- Display Boards for Case Status
- Physical Gate pass counter linked to CIS.
- Information Kiosks
- e-Mitra plus Kiosk with 19 different types of Digital Services.
- E-Stamp counter for online court fees through Stockholding Corporation.

### **DISTRICT JUDICIARY:**

**Paperless Courts:** Four Commercial Courts of Jaipur Metro-I have started functioning on paperless mode w.e.f. 14.10.2023 after launch by Hon'ble the Chief Justice of India in presence of 5 Hon'ble Supreme Court Judges and other respective Dignitaries. Presently, Commercial Courts of Jaipur Metro started functioning on paperless mode using available infrastructure for scanning and digitization of case files.

**Video Conferencing facilities in District Judiciary:** In order to equip all the District Judiciary of Rajasthan to efficiently conduct court proceedings through Video Conferencing, dedicated Zoom VC

Software licences, internet-broadband connectivity have been provided to 1344 Courts. VC remote points have been established at all 36 Districts Headquarters. Any person may use the facility of these VC remote points for getting his evidence recorded or for other court proceedings with any court of the State. VC Remote Points have also been established at other different government institutions. 95 jails in State of Rajasthan are equipped with VC hardware. An intensive training has been imparted to a team of five techno-savvy persons for use and features of Zoom VC Application Software.

### **Bilingual Toggling System in CIS:**

In CIS 3.2, there is a feature of bilingual toggling system by which all the case related data can be entered in local language. The user can very well switch over to the bilingual language without logging out. Thus, this enhancement in CIS 3.2 has made the bilingual option more user friendly and time saving. After successful migration of CIS bilingual versions in Pilot Districts, the same has been implemented in entire Judgeships of Rajasthan in the month of October 2022.

**ICJS (Inter-operable Criminal Justice System):** Rajasthan is the first state to successfully implement ICJS in CIS. During the exercise of integration of ICJS, Rajasthan has become the first State in the country where all the Courts across the State are getting the CCTNS generated copy of FIR in the CIS along with the scanned copy of report and its

enclosures. The Director General, Police of Rajasthan has made it mandatory from January 2020 to upload each and every case diary in digital form on CCTNS.

**Calendar Program (Periphery of CIS):** A computer programme has been developed to facilitate effective court and docket management by showing the number of cases stage-wise listed on a particular day and between any two dates. Program also helps in maintaining paperless peshi registers, and generates a cause list in PDF.

**Computer Programme for Online Statement of work done by the Judicial Officers:** To make the entire process paperless and to accomplish the task in a scientific and analytical manner, a Computer Programme has been developed which is linked with CIS of every Court. The moment a case is disposed of in CIS, it is reflected in the Programme and the

credit admissible for such disposed cases is entered therein. After successful testing, the programme has been launched for the entire State of Rajasthan w.e.f. 01.04.2022.

**Portal for Leave Management System (LMS):** Leave Management System (LMS) has been launched on 22.02.2023 by Hon'ble the Acting Chief Justice and made live w.e.f. 1.03.2023.

**Email Addresses of all courts of District Judiciary:** All the courts of District Judiciary of Rajasthan have been provided with official Email address on NIC domain and thereafter on High Court domain.

These email addresses have also been shared with the Police Department to exchange information related to processes.

**E-Directory of Judicial Officers:**

e-Directory of all the Judicial Officers is available on the website of Rajasthan High Court. This directory is designed to give it the look and feel of a physical book. The directory is also mobile responsive.

**Judicial Officers Assessment Portal:**

A portal has been developed for comparative assessment of work. It was launched by the Judicial Officers with officers posted in the same court in previous years in similar conditions. This portal has been designed to assist reporting officers while evaluating Annual Performance Appraisal Reports.

**Solar Systems:** 26 Court complexes in Rajasthan are running on Solar Power. Solar System in 36 Court Complexes of Rajasthan is under process in Phase III of eCourts Project.

**MEDLEAPR Implementation:**

MEDLEAPR is a software, through which Injury Reports, Post-Mortem Reports and other reports of Medico Legal Cases can be uploaded online and communicated to courts. MEDLEPR Software has been launched on pilot basis in two Hospitals. This software may further be launched throughout Rajasthan and all courts will start receiving Medico Legal documents in digital format.

**e-Committee Supreme Court of India  
Special Edition**

Hon'ble Mr. Justice Biswanath  
Somadder, Chief Justice  
High Court of Sikkim

MESSAGE

The progress of the e-Courts Project can be gauged from the fact that from being a provider of basic case related services it has now become a dynamic e-system touching every aspect of judicial administration.

Accessibility has become one of the biggest boons after the adoption of technology in the justice delivery system. The information relating to cases, particularly judgment and orders of any Court that hibernated in the dark physical record rooms previously are no longer in sleep mode but alive and awake and available for everyone just at the click of a button; thus easing the process of delivery of information to a great extent. This benefit of technology of easy accessibility was truly realized during the COVID-19 pandemic when there were movement restrictions in place all over the country.

Another form of accessibility that has come about – by use of technology – is the virtual accessibility to Courts. This, to a great extent, has not only reduced the queue in the trial Courts but also eased the process of appearance of litigants, formal witnesses and sometimes even material witnesses. The Courts in Sikkim were fully functional during the COVID-19 pandemic due to the virtual accessibility facility installed not only in the Court rooms but also in the State Correctional Homes. Thus, technology has the potential of being a single factor that would contribute to halting unnecessary and avoidable adjournments due to non-appearance of parties in person, which traditionally choked the movement of cases leading to delayed disposals.

Phase I and Phase II of the e-Courts Project was a mammoth task, which entailed equipping the Courts across the country with the technology and the hardware as well as training the manpower. The High Court of Sikkim is at par with any other Court of the country, having been provided with computer hardware, network connectivity, display televisions, video conferencing facility, power backup facility from fuelled generators and now, with a more green solution, in the form of solar energy. The Case Information system (CIS) was also implemented. Laptops were provided to all the judicial officers, which continues to be replaced every five years. Numerous Information Communication Technology (ICT) training sessions for judicial officers, advocates and staff were conducted. E-filing and e-payment was implemented across all jurisdictions from 2nd August 2020 and I would be happy to share that the practice of e-filing is robust in Sikkim.

E-sewa Kendras have also been established in all the Courts which serves as a single point facilitator for e-services of cases. These e-Sewa Kendras extend assistance particularly to those lawyers and litigants who have no access to good quality internet, computers, scanners, etc, which are required for e-filing of cases. All the assistance rendered at our e-Sewa Kendras including scanning of documents are free of cost.

The delivery of processes in civil matters have been operationalised under NSTEP as part of e-Courts Project Phase II. The High Court and all the District Courts have Justice Clocks installed in its premises. Scanning and digitisation of disposed case records are also progressing and in time we shall have complete up-to-date digitized case records. The Neutral citation project too has been implemented and is now at its third phase of progress.

I would also like to share that the option of procuring certified copies online has also been made available and I have recently approved the proposal and consequent amendment to the relevant Rule exempting from payment of any kind of fees to the certified copies applied and delivered online for judgments and orders available in the CIS. Certified copies with QR code security are also being accepted within our jurisdiction for all purposes.

Sikkim has its own share of challenges, quintessential to its mountainous terrain. The unforgiving torrential rains during the monsoons often causes landslides/mudslides affecting the quality of network connectivity with constant disruptions. The tough terrain also poses another challenge in the delivery and installation of equipment. Nevertheless, there is always a consistent effort at all levels to overcome these challenges.

During the Phase III of e-Courts Project we are aiming, among other things, to put in place and achieve quality live streaming of Court proceedings and establishment of paperless Courts. The exploration of use of Artificial Intelligence during Phase-III to assist the administration of justice is also a welcome step but crucial in so far its use should not mechanize the judicious attributes, which a judge – as a human – is expected to possess. Phase III of e-Courts project in the next coming years, given the vision and technological potential, will surely bring accessibility to justice at the easy reach of all users of the facilities which are being provided. I wish all success for the e-Courts Phase III Project and also hope that this special edition of Newsletter showcasing High Court initiatives under e-Courts Project reaches out to all stakeholders.

Hon'ble Justice Bhaskar Raj Pradhan,  
Chairperson , Computer Committee

#### MESSAGE

It is indeed a privilege to write this message as the Chairperson of the Computer Committee of the High Court of Sikkim for the special issue of e-Committee newsletter.

During the Phase-I the Computer Committee managed to computerize and make operational all four Court Complexes including ten Court Rooms. During Phase-II we launched e-filing 1.0 for the High Court and all District Courts of Sikkim. Simultaneously, Online Electronic filing (e-filing) Rules, 2020 was also implemented. The year 2020 also saw the introduction of the e-payment system for the High Court as well as District Courts of Sikkim. Video conferencing/Hybrid mode of hearing is available in all Courts of Sikkim. e-Sewa Kendras were established in the High Court and all other Courts under the e-Courts Project. Solar Photovoltaic Plants have been installed and are functional in all Districts and sub-Divisional Courts in the State of Sikkim. Justice Clocks have also been installed in the premises of the High Court as well as the District Court complex at Gangtok, Gyalshing, Mangan and Namchi. It is also installed in the Court of the Civil Judge cum- Judicial Magistrate, Chungthang, Mangan and Soreng. The District Courts websites have been safely migrated to S3Waas platform. Additional V.C. equipment was provided to State Central Prison, Rongyek and District Prison, Namchi to facilitate seamless Video Conferencing between the Courts and the Jails. Steps have been taken to ensure that the internet connectivity of all the Courts in Sikkim is good. The High Court website is maintained and updated within the prescribed parameters. Data for the National Judicial Data Grid is timely and regularly updated. While the High Court of Sikkim has implemented CIS 1.0. All other Courts of Sikkim have implemented CIS 3.2. Interoperable Criminal Justice System (ICJS) module is available in CIS 3.2 for all Courts in Sikkim. The High Court of Sikkim has also completed Phase-II of the Neutral Citation Project and would soon progress to Phase-III. The Sikkim Judicial Academy in coordination with the Central Project Coordinator regularly conducts ECT Training programmes.

The High Court of Sikkim has also developed e-Services Portal providing round the clock citizen centric services for the public. The services are efficient and user-friendly. Online RTI platform, online Certified Copy application portal, online Grievance Redressal Portal are some of the key features. We have also developed a file tracking system which helps the High Court easily track physical files. The High Court of Sikkim has also developed its Android and IOS Applications as a single window to access information of the working of the High Court including cause list, case status, daily orders, judgments, notifications, recruitments and free text search of all judgments.

Paperless Court has been designed and is presently in trial stage in use in Court No.3 of the High Court of Sikkim. A health record management system has also been designed for the employees of the High Court of Sikkim that allows medical professionals attached to the High Court to securely store, update, access employee health records, test results, prescriptions and treatment plans. A centralized antivirus security system is in place to ensure that the IT assets of the High Court of Sikkim are well protected. Our team of IT professionals are currently working in developing Inventory Management System, Digital Repository and Employee Record Management System.

I take this opportunity to complement the Central Project Coordinator and his team in ensuring that the High Court of Sikkim's e-initiatives are up to date and at par with the rest of the Country.

## Achievements of the Phase I of eCourts Project of High Court of Sikkim

Four Court Complexes namely District Courts at Gangtok, Gyalshing, Namchi and Mangan, which included ten Court Rooms of the complexes were covered under Phase I of the eCourts Project. Major activities like Site preparation for installing hardwares (server, client,

printer, scanner, projector, power backup etc.) Laptops to Judicial Officers & Judge, ICT Training for Judges and Court Staff, Video conferencing, LAN installation CIS deployment were completed during this phase I.

## Achievements of the Phase II of eCourts Project of High Court of Sikkim

**E-payment:** E-payment system for High Court and all the District Courts of the State of Sikkim was launched on 2.08.2020 along with E-Filing 1.0.

**Video conferencing/hybrid mode of hearings:** Rule for Video Conferencing for Courts, 2020 was notified vide Notification No.81/HCS dated 12.05.2020 and VC/hybrid mode of hearing is available in all Courts.

**VC for all the Courts with Jails:** Additional VC equipment was provided to State Central Prison, Rongyek and District Prison Namchi under eCourts Project, Phase II to facilitate VC between Courts and Jails in the month of December, 2022. Prior to this, these jails were provided with one Desktop based VC equipment each.

## E-filing:

E-filing 1.0 for the High Court and all the District Courts of the State of Sikkim was launched on 2.08.2020. Rules of online electronic filing (e-filing), 2020 was notified vide Notification No. 02/HCS dated 26.06.2020. With the objective of making the courts digital and accessible by electronic means, direction for compulsory e-filing of certain case types has been issued by the High Court of Sikkim in the District Courts as well as the High Court w.e.f. 01.01.2022. E-filing

version 3.0 is in the testing phase and it will be implemented soon.

### **Scanning and Digitization:**

Scanning and digitization of legacy and disposed case records is an on-going process in the High Court and Subordinate Courts of Sikkim. Twenty-nine (29) scanners have been provided for High Court and Subordinate Courts of Sikkim for scanning and digitization under 14<sup>th</sup> Finance Commission. As on date, 7078 case files have been scanned so far.

## **e-Sewa Kendras:**

eSewa Kendras have been established in the High Court and all the Subordinate Courts of Sikkim, under eCourts Project (Phase II), as the first line of contact between the litigants and judicial establishment for the purpose of accessing eCourts Project related services.

All the services in eSewa Kendra including scanning of petitions are provided free of cost.

## **Solar Energy for power backup:**

Solar Photovoltaic Plants have been installed and are functional in all the District And Sub-Divisional Courts in the State of Sikkim. All the Court

Complexes in Sikkim are now equipped to harness solar energy as an alternate source of energy.

## Justice Clocks:

Justice Clocks have been installed under eCourts Project, Phase II and are functional in the premises of the following Court Complexes of the State of Sikkim:

- High Court of Sikkim, Gangtok,
- District Court Complex, Gangtok,
- District Court Complex, Gyalshing,
- District Court Complex, Mangan,
- District Court Complex, Namchi,
- Court of Civil Judge-cum-Judicial Magistrate, Chungthang Sub-Division, Mangan.

- Court of Civil Judge-cum-Judicial Magistrate, Soreng.

Additionally, Justice Clock was also procured and installed in the premises of Department of Justice, Jaisalmer House, New Delhi on its request from the fund provided for Sikkim High Court.

### **Migration of District Courts Website in S3Waas platform:**

In the view of ensuring transparency, accessibility and seamless dissemination of information to the public, migration of website of

District & Sessions Court, Namchi, Sikkim, to the new S3Waas platform (<https://namchi.dcourts.gov.in/>) was completed under the guidance of the eCommittee, Supreme Court of India as a part of 14 pilot district court websites on 26.11.2022. Thereafter, the migration of the District Court websites for the Gangtok, Gyalshing & Mangan (<https://gangtok.dcourts.gov.in>, <https://gyalshing.dcourts.gov.in>, <https://mangan.dcourts.gov.in>) to S3Waas platform was completed on 18.07.2023.

**WAN connectivity for the Courts of Sikkim under eCourts Projects:** The P2P NIC NET leased line connectivity has been provided in district and session courts of Gangtok, Gyalshing, Namchi, Mangan, Soreng, Chungthang, Rangpo, Rongli, Jorethang, Yangang. Additionally, the following BSNL MPLS WAN Connectivity (10 MBPS

for each Court) have also been provided in District Courts Complex, Sichey, Gangtok, Court Of Civil Judge-Cum-Judicial Magistrate, Soreng, Court Of Civil Judge-Cum-Judicial Magistrate, Rongli Sub Division, District & Sessions Court, Gyalshing, Court Of Civil Judge-Cum-Judicial Magistrate, Jorethang SubDivision, Court Of Civil Judge-Cum-Judicial Magistrate, Rangpo Sub Division, District & Sessions Courts Complex ,Namchi, Court Of Civil Judge-Cum-Judicial Magistrate, Chungthang Sub-Division, District & Sessions Court, Mangan, Court Of Civil Judge-Cum-Judicial Magistrate, Yangang Sub Division.

**Accessibility Parameters in High Court website:** The following features have been integrated in the website of the High Court of Sikkim to enhance and meet accessibility standards from February, 2021:

1. Contrast features (Black and White).
2. Font increases and decreases features.
3. Keyboard (Tab) navigation features for website accessibility.
4. Labelling of image and text.
5. Screen Reader option placed at the front page of the website which will be easily visible to the user.
6. Calendar features incorporated in the website for display of Final Orders/Judgments.
7. Final Order and Judgments are uploaded in pdf as well as HTML format on the website of the High Court of Sikkim.

**CIS (Case Information System):** High Court of Sikkim has implemented CIS 1.0. All Subordinate Court of Sikkim have implemented CIS 3.2

**ICJS (Interoperable Criminal Justice System):** Interoperable Criminal Justice System (ICJS)

module is available in CIS 3.2 of Subordinate Courts and is operational in all the District Courts of Sikkim.

**NSTEP (National Service and Tracking of Electronic processes):** Training programme on the usage of NSTEP Mobile & Web Application was held on 02.03.2019 at the High Court of Sikkim. 21(Twenty-One) smartphones along with stylus pen were also handed over to the Process Servers.

**Neutral Citation:** High Court of Sikkim has completed Phase II of the Neutral Citation Project and will progress to phase III.

**eCommittee Special Drive Training and Outreach Programme:** Sikkim Judicial Academy in coordination with the Central Project Coordinator, High Court of Sikkim has conducted 15 (fifteen) ECT training programmes in the Academic Year 2022-23.

## On-Going Projects of eCourts Phase-III, First Year

For the successful and timely implementation of the ongoing phase III of the eCourts Project during the FY 2023-24, the procurement of the hardware items like Desktops/AIO PCs, Scanner, Digital Tokens, Handheld Device-NSTEP, High Speed A3 Scanner for Scanning & Digitization of Judicial Case Records

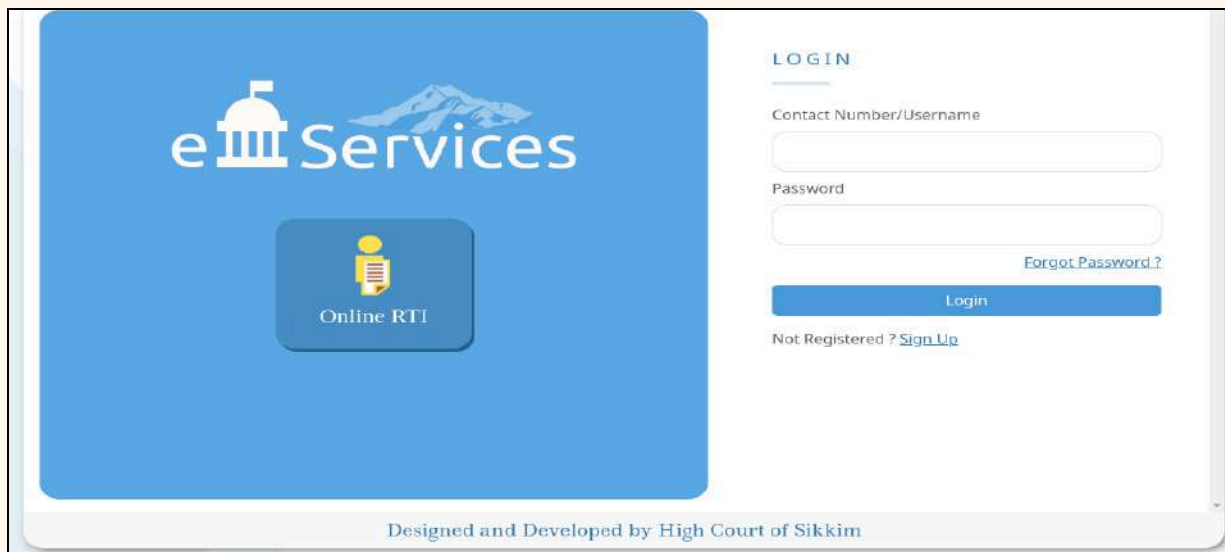

from GeM is under progress. According to the plan and the targets provided by the eCommittee. Six ECT Training programmes are being conducted under eCourts Phase III-Capacity building training in coordination with the Sikkim Judicial Academy for the period from Jan 2024 to March 2024.

## Best Practices (e-Initiatives) of the High Court of Sikkim

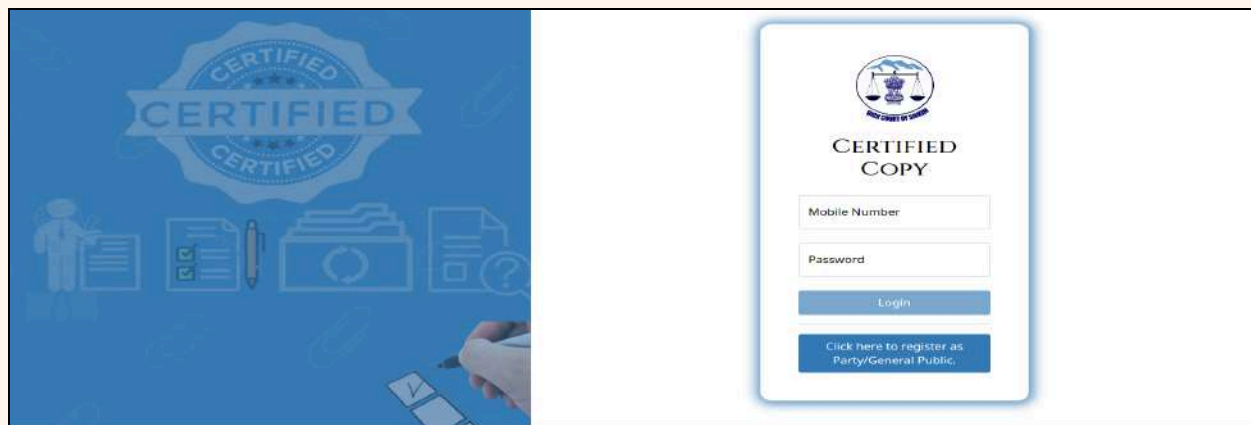

**eServices Portal:** The High Court of Sikkim has developed an eServices Portal wherein various citizen centric services have been provided for the use of the general public. The portal is designed to fulfil the needs of the lawyers and the general public, by providing online services that were traditionally accessed through more time-consuming, in-person processes. The key services that will be offered through this portal include Online RTI (Right to Information),

Online Certified Copy for Orders and Judgments and Grievance Redressal.

**Online RTI Portal:** The Online RTI service is a pivotal feature of the portal, enabling individuals to file RTI applications and seek information electronically. Applicants can track the status of their RTI requests through the portal, ensuring transparency and accountability in the information distribution process.

### Online Certified Copy for Orders/Judgements:

The eServices Portal allows users to apply for and obtain these certified copies for Orders and Judgements online, eliminating the need to physically visit the court premises.

**Grievance Redressal:** The Grievance Redressal system within the portal is

designed to address the concerns and complaints of the public regarding judicial services. Users can submit their grievances online and track the progress of their grievance, ensuring that their issues are addressed in a timely and transparent manner.

### File Tracking System:

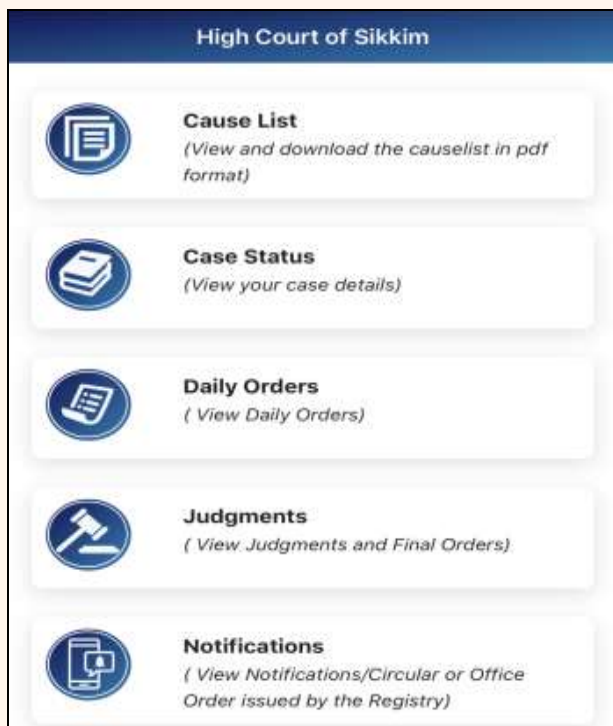

The File Tracking System is a web based application used in the High Court of Sikkim which enables easy tracking of physical files.

**Paperless Court:** The Paperless Court module was designed for digitising court processes, case files, and documentation. The court

enhances operational efficiency and reduces reliance on physical paperwork. Currently, paperless court is in trial stage and is being used in Court Room No. 3 of the High Court of Sikkim.

## Android Application of High Court of Sikkim:

Android Application ‘High Court of Sikkim’ was released on 12.08.2017 followed by iOS version in November, 2021. This application provides a single window to access the case status of the High Court anywhere, anytime.

**Health Record Management System:** The Health Record Management System was designed for the employees of the High Court of Sikkim that allows medical professionals to securely store, update, and access employees health records from anywhere, facilitating efficient and accurate care.

**Centralized Antivirus:** SEQRITE Endpoint Security has been implemented in the High Court of Sikkim to protect all IT assets and provide real time protection against cyber security threats. Further, the planning for the following applications are under development:

- **Inventory Management System:**

Inventory Management System will enable us to track and update the inventory of hardware equipment in the High Court of Sikkim by providing real-time insights into stock levels and usage patterns. It optimises resource allocation and reduces wastage and will contribute towards effective resource utilization.

- **Digital Repository:** The Digital Repository is a platform to store and manage case files/legal documents in electronic format. This system enables seamless access to case files, judgments, and legal precedents. The repository's security measures ensure the integrity and confidentiality of sensitive legal information.

Ultimately, this digital repository will promote transparency, accessibility, and informed legal proceedings.

- **Employee Record Management System:**

The Employee Record Management System was designed to streamline and organise employee-related information within the High Court of Sikkim. It will allow concerned Section(s) of this Registry to efficiently store, update, and retrieve employee records. By centralising this data, the system enhances HR processes, enabling better decision-making and resource allocation. The vision of this project is not limited to High Court but also to board Subordinate Courts in future.

## Number of Cases Dealt With (Virtual Hearings) on VC In High Courts And District Courts As On 31.07.2024
