**Letter No. JHC/CPC/78/2026**  
**Dated 29.04.2026**

**To,**

**All the Principal District & Sessions Judges  
of the State of Jharkhand including  
the Judicial Commissioner, Ranchi.**

**Sub: Regarding upgraded version of the eCourts Services Mobile App i.e. Version 4.0.**

Sir/Madam,

This is with reference to the communication received from O/o e-Committee, Supreme Court of India regarding launch of upgraded version of the eCourts Services Mobile App i.e. Version 4.0 on 5<sup>th</sup> May, 2026.

The key enhancements introduced in Version 4.0 are:

**1) Technological Compliance:**

The application has been upgraded to support Android 14 (API Level 34), ensuring continued compatibility and availability on the Google Play Store for users with updated devices.

**2) Performance Optimization:**

Adoption of a native rendering framework has resulted in improved load times, smoother navigation, and better resource utilization.

**3) User Interface Redesign:**

Based on expert inputs, the application interface has been redesigned with a minimalist layout, incorporating bottom-tab navigation to facilitate ease of use, particularly for one-handed operation.

**4) Functional Enhancements:**

a. Direct access to order/judgment PDFs through clickable links within the "Case Status" module.

b. Introduction of a case conversion tracking feature displaying both old

and new case numbers.

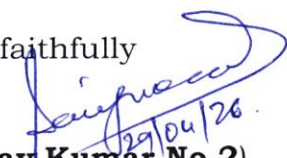

- c. Improved responsiveness in the “My Cases” section through pagination (10 records per page), addressing earlier performance issues.
- d. Consolidation of ancillary services such as ePay, NJDG, and eFiling under a unified “Quick Links” section for better accessibility.
- e. Integration with Bhuvan maps for locating Court Complexes.

In order to ensure data security and seamless transition across all judicial tiers, it is essential that users take a backup of their application data prior to migration. The existing application provides an “Export” functionality for backing up saved cases, which may be utilized by all users to prevent any loss of data arising from the transition to the new storage architecture.

In view of above, it is requested to display the public notice (as enclosed herewith) on the official website, eSewa Kendras and Court Complexes of your Judgeship, for creating awareness among Stakeholders.

With regards.

Yours faithfully

  
(Sanjay Kumar No.2)  
Central Project Coordinator

## **NOTICE**

It is hereby informed to all stakeholders and users of the eCourts Services Mobile App that an upgraded Version i.e. **eCourts Services Mobile App Version 4.0** will be rolled out with effect from **5<sup>th</sup> May 2026**.

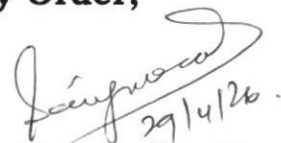

The upgraded version introduces significant improvements, including enhanced performance, improved user interface, and additional features such as direct access to court orders, case conversion tracking, unified quick links, and integration with BHUVAN maps for locating court complexes.

In view of the transition to a new technology platform, all users are **advised to back up their saved case data** from the existing eCourts Services mobile application to avoid any loss of information. Users may utilise the **“Export” feature** available in the current version of the app to securely back up their data prior to the rollout of eCourts Services Mobile App version 4.0.

Date: 29.04.2026
