

(Through e-mail)

From,

Registrar General,
High Court of Judicature at,
Allahabad.

To,

All the District Judges, and
All the Principal Judges, Family Courts,
State of Uttar Pradesh.

Letter No. 3752/XXII-CPC/eCourts/Allahabad

Dated: 29.05.2026

Subject: Regarding mandatory affixation of court seal and eSign/Digital Signature on every criminal process issued in electronic form through the NSTEP (Criminal Process Module) in CIS 4.0.

Madam/ Sir,

I am directed to inform that Hon'ble Court has issued the following directions regarding mandatory affixation of court seal and eSign/Digital Signature on every criminal process issued electronically through the NSTEP (Criminal Process Module) in CIS 4.0 by all District Courts and Family Courts in the State of Uttar Pradesh, in accordance with the provisions of the Bharatiya Nagrik Suraksha Sanhita, 2023 and the Uttar Pradesh Electronic Processes (Issuance, Service and Execution) Rules, 2026: —

"1. All District Courts and Family Courts of Uttar Pradesh be directed to mandatorily affix the image of the court seal and eSign/Digital Signature on every criminal process issued in electronic form through the NSTEP (Process Module) within CIS 4.0, in compliance with the provisions of the Bharatiya Nagrik Suraksha Sanhita, 2023 and Rules 5 and 6 of the Uttar Pradesh Electronic Processes (Issuance, Service and Execution) Rules, 2026.

2. Presiding Officer himself or the Stenographer (upon issuance of Digital Signature Certificates (DSCs) through the High Court) authorised by Presiding Officer be directed to affix the eSign/Digital Signature upon summons, notices and other criminal processes issued electronically, clearly mentioning the name of the Court and the capacity of the signatory, and bearing the image of the seal of the Court.

3. Every warrant of arrest issued in electronic form shall mandatorily be authenticated only by the eSign/Digital Signature of the Presiding Officer and shall also bear the image of the seal of the Court...."

Copies of the Notification dated 25.01.2026 regarding the Uttar Pradesh Electronic Processes (Issuance, Service and Execution) Rules, 2026 and the Standard Operating Procedure (SOP) for enabling court seal and eSign/Digital Signature facility in CIS 4.0 are enclosed herewith for reference and necessary action.

It is, therefore, requested to ensure urgent compliance of the aforesaid directions of the Hon'ble Court.

With regards,

Yours sincerely,

Jt. Registrar(J)(CPC)
For Registrar General

Enclosures:

1. Copy of the Notification No. U0-24/VI-P-09-2026-1908956 dated 25.01.2026 issued by the Government of Uttar Pradesh, Home (Police) Department-9, notifying the Uttar Pradesh Electronic Processes (Issuance, Service and Execution) Rules, 2026 (particularly Rules 5 and 6 thereof).
2. Standard Operating Procedure (SOP) for enabling and operationalising the court seal and eSign/Digital Signature facility in CIS 4.0 across all District Courts and Family Courts of Uttar Pradesh.

STANDARD OPERATING PROCEDURE

Court Seal/ Designation Emblem Upload & Verification

Case Information System (CIS) | eCourts Phase III

Module

Master Settings → Local Masters → Designation Emblem

1. Purpose & Scope

This Standard Operating Procedure (SOP) prescribes the steps for uploading, configuring, and verifying the Designation Emblem of a court in the Case Information System (CIS). The emblem is digitally affixed on court-generated process documents including Summons, Warrants, and Notices thereby authenticating them as official judicial instruments.

This SOP is applicable to all CIS Supusers responsible for maintaining court master data at the District and Taluka/Tehsil court complex level across Uttar Pradesh.

IMPORTANT – Image Specification: The Designation Emblem image **MUST** be in PNG format and should measure 150 × 150 pixels. Images that deviate from this specification may not render correctly on process documents. Ensure the image has a transparent or white background for clean printing.

2. Procedure

1**Login to CIS as Supuser**

Open a web browser and navigate to the CIS URL for your court complex (e.g., <http://172.16.xx.x/wecourts/index.php>). The eCourts / CIS login page will be displayed.

- In the Login panel, select the appropriate user type from the dropdown — choose Supuser.
- Enter the Supuser Username and Password.
- Verify the displayed date is correct, then click the Login button.

Fig. 1 — CIS Login page. Select 'Supuser' from the dropdown, enter credentials, and click Login.

2 Navigate to Designation Emblem Master

After successful login, locate the left-side navigation panel and follow the path:

Menu Path: Master → Local Masters → Designation Emblem

- Click Master in the left menu to expand it.
- Expand the Local Masters sub-menu.
- Click Designation Emblem — the Designation Emblem form will load in the main panel.

Fig. 2 — Designation Emblem Master form. Navigate via Master → Local Masters → Designation Emblem.

3 Fill the Designation Emblem Form

The Designation Emblem screen contains the following mandatory and optional fields:

***Designation (mandatory):** Select the court designation from the dropdown (e.g., Civil Judge, District Judge).

Special Court: Select if applicable; leave as 'Select' if not a special court.

Civil / Criminal: Tick the appropriate checkbox to associate the emblem with Civil or Criminal proceedings.

Browse and select the PNG image:

- Click the Browse button.
- Navigate to the folder where the court emblem PNG is saved.
- Select the correct 150 × 150 px PNG file for the court.

4 Upload / Add the Emblem

After selecting the image file, complete the upload:

- Click Add Emblem (or Submit, depending on CIS version) to upload the image.
- The system will confirm successful upload. If an error appears, verify the image is 150 × 150 px PNG and retry.
- To replace an existing emblem, browse the new PNG for the same designation and click Submit — the new image overwrites the previous one.

Repeat Steps 3 – 4 for each court designation / additional court that requires an emblem upload. Each designation must be configured separately.

5 Verify the Emblem via Summons Generation

After uploading, always verify that the emblem appears correctly on process documents:

- Select the Case Number for a test case of the relevant court.
- Select the Party / Respondent and set Process Type = Summons.
- Ensure the correct Court is selected in the court selector.
- Click Generate (or Draft) to produce a document preview.
- Confirm the court emblem appears correctly at the bottom-left of the process document.

Finalise:

- If the emblem is correct — click Save, Publish, or Print Summons as required.
- If the emblem is missing or incorrect — return to Designation Emblem Master and re-upload the corrected PNG.

3. Expected Output

Upon successful completion, the court emblem appears on all process documents (Summons, Warrants, Notices) generated through CIS for the configured designation. The sample below shows the correct placement:

The emblem should appear at the bottom-left of the process, clearly printed alongside the judge's DSC. If the emblem is absent or appears distorted, revisit Section 3 Steps 3–4 and re-upload the corrected PNG.

1 Introduction

Criminal process serving is streamlined through three integrated systems:

- **CIS** (Case Information System): Courts generate and manage summons digitally.
- **NSTEP** (National Service and Tracking of Electronic Processes): NSTEP facilitates the sharing of criminal processes and tracking of delivery status through integration with ICJS.
- **ICJS** (Interoperable Criminal Justice System): Connects police, courts, prisons, and other agencies to enable seamless data exchange and acknowledgment of served processes. ICJS shares criminal processes received from NSTEP with the police and, in turn, updates NSTEP with delivery status received from CCTNS.

Following new facilities are introduced in CIS 4.0 for Criminal Processes:

1. Categorization of criminal processes into Summons, Notices, Bailable Warrants, Non-bailable Warrants, Prison, and Others to facilitate process delivery by the Police.
2. Bulk e-signing of processes - the facility will enable e-signing of process within the system. Earlier, processes needed to be downloaded, e-signed (external to CIS) and then uploaded again.

This document explains the overall flow of criminal processes, along with all procedures and newly introduced facilities.

2 Warrants/ Summons flow

Overall flow of Criminal Processes is shown below.

3 User Roles

User	Tasks
CIS: Court User	Generate Process Digital signing of Processes Publish Process
CIS: District System Admin	Replicate database and pdf files of processes on NJDG server
NSTEP: Process Admin	Consume processes from CIS (The process is automated; if required, it can be done manually)
NSTEP: State Admin	Get status through APIs provided by ICJS (The process is automated; if required, it can be done manually)

4 Pre-requisites

4.1 Pre-requisites for categorisation of Criminal Processes

Update 'Criminal Process' JSON as pre-requisite for availing facility of categorisation of criminal processes as explained in **ANNEXURE A**

Type of the criminal process will be visible in bracket (parenthesis), next to process name, in 'Publish Process' form.

Following Process Types are available:

Sr No	Process type Displayed on the screen	Description
1	S	Summons
2	N	Notices
3	B	Bailable Warrants
4	W	Non-bailable Warrants
5	P	Prison
6	O	Others

Note: Category is visible only for newly generated processes i.e. processes which are generated after updating the criminal_process.json

4.2 Pre-requisites for Digital Signature

The facility to digitally sign criminal processes in bulk is made available in CIS. To use this facility, complete all the steps explained in **ANNEXURE B**.

5 CIS User Manual

5.1 Court User

Tasks

1. Generate Processes
2. Apply Digital Signatures
3. Publish Processes

5.1.1 Generate Processes

1. Court user generates Process for the Criminal cases by selecting **Criminal** radio button, **Case no** and **Process** in CIS application.

CIS: Court Proceedings > Civil-Criminal Process > Process Generation

The screenshot shows the eCourtS interface for generating a civil-criminal process. The left sidebar lists various court proceedings, with 'Civil-Criminal Process' and 'Process Generation' highlighted. The main form displays the details of a 'Warrant of arrest [Sec. 70]' for 'Spl Case MSB/533/2017'. The form includes fields for State (MAHARASHTRA), District (ALURANGABAD), Police Station (BEGAMPURA), and FIR No. (1). It also shows the Next Date (20-11-2025) and Purpose (Order). The form is divided into sections for Address, Party Name, and Act Sections (Act 1 to Act 4).

5.1.2 Apply Digital Signatures

Two options are provided in CIS to apply digital signatures:

- **Sign the Process PDF file on Client:** The user must download the processes, digitally sign them on their client machine, and then upload the signed PDFs into the system.
- **Sign the Process PDF file on Server:** Processes can be signed directly within the CIS application. This is newly introduced facility. [Refer **Annexure B** for pre-requisites]

a) Sign the Process PDF file on Client

I) Download Processes for Digital Signature

Facility provided to the Court users to download documents in bulk for digital signatures

CIS: Court Proceedings > Civil-Criminal Process > Bulk Process Download

The screenshot shows the eCourtS interface for downloading bulk processes. The left sidebar lists various court proceedings, with 'Bulk Process Download' highlighted. The main form displays a table of processes for download. The table has columns for Sr. No., Date, Case No., Main Party, Criminal Process, Address Name, Draft, and Download. The first row shows a process for 'Spl Case MSB/533/2017' with a warrant of arrest, dated 01-06-2024. The table also includes a 'Draft' column and a 'Download' button for each row.

II) Upload signed processes in bulk.

CIS: Court Proceedings > Civil-Criminal Process > e-Signed Bulk Process Upload

5.3 Get Status from ICJS

Facility is available in CIS to check the status of delivered processes.

Click on the 'Get Status' button to update the status to the latest for criminal cases.

CIS: Court Proceedings > Civil-Criminal Process > Process Status

The screenshot shows the 'NSTEP Process Status' web application. The interface includes a sidebar with navigation links such as 'Court Proceedings', 'Civil-Criminal Process', and 'Process Status'. The main content area features a search filter with options for 'Civil', 'Criminal', 'All', 'Pending', 'Served', and 'Unserved'. Below the search filter, there are date range selectors for 'From Date' (01-11-2025) and 'To Date' (09-12-2025). A table displays the process status for two cases, both marked as 'Pending'. A 'Get Status' button is highlighted in the top right corner of the table area.

Sr. No.	Case No.	Process ID/Process Title	Receiver Name/Address	Date of Publishing	Process Manager	Date of Allocation	Date of Service	Status of Service	Reason	Nstep Status	View Details
1	Cr.M.A.263/2025	PMHAL010059652025_1_1 Proclamation requiring the appearance of a person accused [Sec. 82] Next Date: 01-12-2025 CCTNS status	Yogendra Kumar	05-12-2025				Pending			
2	Cr.M.A.263/2025	PMHAL010059652025_1_3 Proclamation requiring the appearance of a person accused [Sec. 82] Next Date: 01-12-2025 CCTNS status	Yogendra Kumar	05-12-2025				Pending			

The report displays the delivery status of criminal case processes along with other details such as case number, process ID, receiver's name, and address.

Users can filter results by process type, process status, court and date range.

The CCTNS status provides comprehensive details for each process, including the receiving police station, current handling status, and execution status.

6 NSTEP User Manual

6.1 Process Admin User

NOTE: New facility is provided to push processes from CIS to NSTEP automatically.

The option to consume processes manually (explained below) is retained.

Select Court establishment/s and click on **Pull** to consume processes from CIS

NSTEP: Process Management > Consume Data

All consumed criminal processes are made available for ICJS. ICJS retrieves these processes through API.

6.2 State Admin User

6.2.1 Get Status from ICJS

There are two options to fetch data from ICJS: manually or automatically through CRON.

- CRON jobs are configured to update data at regular intervals automatically.
- The manual option is available to fetch details as needed using the “Get Criminal Process Status from ICJS” menu as explained below. Once the process status is updated in NSTEP, it becomes available to consume in CIS.

To fetch the latest status manually, enter the start and end dates for the required period and click Go.

ANNEXURE A

JSON updation for displaying type of criminal process

To avail the facility of categorization of criminal processes, following are the pre-requisites

1. Update 'Criminal_Process' JSON

- Go to http://<IP_address>/swecourtishc4.0/process_master_json/criminal_process_json_generation.php
- Assign 'Type of Process' for each 'Name of Process/ Process Code' by selecting the 'Type of Process' from the dropdown and click on 'Submit'.

Criminal Process JSON Generation

Sr No	Process Code	Name Of Process	Type Of Process	Provision Of Law	Individual Or Bulk	Help	Tab Id	Ord	Addressee Different	Addressee Type	Selected Party Type	Name Of Process In Local	P
1	200001	Summons to an accused person	Summons	Sec. 61	B	Tab 1: Select one or more accused as Addressee Tab 2: Examine details and address of each accused. Tab 3: Fill in Act Section of offence Tab 4: FIR, Police Station Information and GENERATE	2,3		Y	6	3	अभिषिक्त व्यक्ति को समन	ध
2	200002	Warrant of arrest	Bailable Warrant	Sec. 70	B	Tab 1: Select Police Officer as Addressee Tab 2: Select one more accused against whom warrant needs to be issued. Tab 3: Check their personal details and address. Tab 4: Fill in Act Section of o	2,3		Y	6	3	गिरफ्तारी वारंट	ध

Submit

Please upload the downloaded file to /home/court/swecourtis/process_master_json/criminal_process.json.
Take a backup of the previous file before replacing it.

- On Submit, criminal_process.json is created and auto downloaded.
- Take back-up of existing criminal_process.json
- Copy the downloaded criminal_process.json in the following folder in CIS (replace the existing file)
/home/court/swecourtis/process_master_json/

Give appropriate permissions to the new json file

ANNEXURE B

Pre-requisites for Digital Signature

A digital signature setup enables secure and verifiable signing of electronic documents. It uses cryptographic methods to ensure that the content is authentic and has not been altered.

Key Components:

- Digital Signature Certificate (DSC): An electronic credential that proves your identity.
- USB Token (DSC Token): A secure pen drive-like device that stores your DSC and private key.
- Signing Software: NIC DSign is used as signing software.

Detailed procedure for setting up signing software is given below:

Following setup needs to be completed at Client side:

1. Proxy key Setup
2. NIC DSign Setup

1.1 Proxy Key Setup

1. Install Java using the command: `sudo apt-get install openjdk-8*`
2. Save the provided package file (proxkey_ubuntu.deb) on **desktop** and Install it.
 - **Double-click** to install

OR

 - Use following commands to install

```
sudo apt update
sudo apt install bzip2
sudo dpkg -i proxkey_ubuntu.deb
```
3. Search for "Proxy" in your applications. You'll see **ProxyKey Token Tool** and **ProxyKey Diagnostic Tool**.

4. Insert the ProxyKey token (USB Token / Dongle)
5. Run the ProxyKey Diagnostic Tool to verify system configuration and token detection.
6. Launch the ProxyKey Token Tool, enter the Token PIN, and log in.

1.2 NIC DSign Setup

Prerequisites: Ensure you have the following:

- DSC token driver
- Java 8

1. Uninstall any previous version of DSCSigner: `sudo dpkg --purge dscsigner`
2. Go to `/home/ubuntu/Desktop/`
3. Unzip the NICDSign-ubuntu.zip file using the command `unzip NICDSign-ubuntu.zip`
4. Go to `NICDSign2_0_1_Ubuntu` folder using the command `cd NICDSign2_0_1_Ubuntu`
5. Install NICDSign by running: `sudo dpkg -i NICDSign.deb`
6. NICDSign will start automatically when the DSC token is connected. The NICDSign status window shows the status as 'Running'.

1.2.1 Browser Configuration

The browser must be configured prior to the use of NICDSign tool to configure the browser to trust the NICDSign Client. The configuration for the browsers are given below.

1.2.1.1 Mozilla Firefox

1. Open Mozilla Firefox and type the following in the address bar and press enter.
<about:preferences#privacy>

2. Scroll down to view the Certificate section and click on the View Certificates button to open the certificate manager.

3. In the Certificate Manager popup, click on the Authorities tab and then click on Import button.

4. Browse to NICDSign2_0_1_Ubuntu/ssl folder and select the rootCA.crt file and click on the Open button.

5. Check the 'Trust this CA to identify websites' and click on OK button to complete the root certificate export.

The configuration is complete and now you can use Mozilla Firefox for digital signing using NICDSign. You may restart the firefox.

1.2.1.2 Google Chrome

1. Open Google Chrome browser and type the following in the address bar and press enter:
<chrome://flags/#allow-insecure-localhost>
Click on Enable link to enable
2. On the address bar type <chrome://settings/certificates>
3. Choose Authorities tab from available tabs and click on the IMPORT link. Choose root Certificate file from your file system, then a popup appears with options.
4. Choose 'Trust this certificate for identifying website' and click OK. The root certificate will be listed under the tab.

Now chrome can be used for signing in Ubuntu

UTTAR PRADESH SHASAN

Grih (Police) Anubhag-9

In pursuance of the provisions of clause (3) of Article 348 of the Constitution, the Governor is pleased to order the publication of the following English translation of Notification No^{Ud-1/}VI-P-09-2026-1908956, Dated: 25-01-2026

NOTIFICATION

(POWERS)

No.-Ud-24/VI-P-09-2026-1908956

Lucknow, Dated: 25-01-2026

In exercise of the powers conferred by sub-section (1) of section 64 and clause (i) of section 530 of the Bharatiya Nagarik Suraksha Sanhita, 2023 (Act No. 46 of 2023) read with section 21 of the General Clauses Act, 1897 (Act No. 10 of 1897), the Governor hereby makes the following rules with a view to provide for speedy, effective and transparent trial by issuing, serving and execution of processes issued by the Court through electronic means:

Uttar Pradesh Electronic Processes (Issuance, Service and Execution)

Rules, 2026

Short title and commencement	1	(1) These rules may be called the Uttar Pradesh Electronic Processes (Issuance, Service and Execution) Rules, 2026 . (2) They shall come into force from the date of their publication in the Gazette.
Definitions	2	(1) In these rules, unless the context otherwise requires- (a) " CCTNS " means Crime and Criminal Tracking Network and Systems, a system software used by the Police for the collection of data and execution of instructions; (b) " CIS " means Case Information System, a system software used by the District Judiciary and High Courts for the collection of data and execution of instructions; (c) " Disclosed Electronic Mail Address " means the email account of a person or organization that is used by the person or organisation to send and receive

messages over internet, and is shown to be admitted, or provided by such person or organization either personally or on a website or portal;

(d) **"Electronic Communication"** as defined in Section 2(1)(i) of the Sanhita;

(e) **"eSign"** means authentication of any electronic record by a subscriber or court, by means of the electronic technique specified in the Second Schedule of the Information Technology Act, 2000 (21 of 2000) and includes digital signature. Also, when a process or report generated in electronic form is authenticated by means of electronic signature, it shall be deemed to be authenticated by signature of the person who affixed the electronic signature;

(f) **"High Court"** means the High Court of Judicature at Allahabad;

(g) **"Process"** includes summons, warrant or any other forms set forth in the Second Schedule of the Sanhita, with such variations as the circumstances of each case may require, issued for the respective purposes as mentioned in the Sanhita;

(h) **"Rules and Orders"** means the Uttar Pradesh Rules and Orders (Criminal);

(i) **"Sanhita"** means the Bharatiya Nagarik Suraksha Sanhita, 2023 (Act No. 46 of 2023);

(j) **"Seal"** means image of the seal of the Court;

(k) **"State"** means the State of Uttar Pradesh;

(1) **"Summons"** means any summons issued under the Sanhita;

(m) **"Warrant"** means a warrant issued under the Sanhita and includes bailable warrant and non-bailable warrant.

(2) Words and expressions used but not defined in these rules shall have the same meaning as assigned to them in the Bharatiya Nagarik Suraksha Sanhita,

		2023 (46 of 2023); the Bharatiya Nyaya Sanhita, 2023 (45 of 2023); the Bharatiya Sakshya Adhiniyam, 2023 (47 of 2023) and the Information Technology Act, 2000 (21 of 2000).
Preparation of process in electronic mode	3	The Courts shall generate and issue process in electronic mode through CIS in such forms as set forth in the Second Schedule of the Sanhita, with such variations as the circumstances of each case may require. The same shall be served by an officer of the Court issuing it.
Service by police officer or other public servant	4	When the Court does not possess required electronic address/contact details of the person to whom such process is intended to be served or when the process issued as per rule 3 is not served, it may direct the same to be served by a police officer or other public servant.
Language of process and seal of the court	5	Every process issued in form of electronic communication under the Sanhita must ordinarily be written in the language of the court and shall be in an encrypted form of electronic communication and shall bear the image of the seal of the Court and eSign.
Signature and seal on process	6	Every process issued electronically shall contain eSign in such a manner that the name of the Court and the capacity in which the signatory or subscriber acts, should be clearly mentioned. The summons generated in electronic form shall bear image of the seal of the court and eSign of the appropriate officer of the Court or the Reader or any person authorized in writing in this regard as the case may be. Every warrant of arrest in electronic form shall be issued by eSign of the Presiding Officer of the Court and shall also bear the seal of the Court.
Presumption and effect	7	Where the processes generated in electronic form are received on CCTNS through a secured system, in an encrypted or any other form of electronic communication, it shall be presumed to be issued by the Court. Further, any printout of such process shall

Entry of verified details	8	<p>have the same effect as issued in original for the purpose of its execution.</p> <p>The Officer-in-charge of the Police Station shall ensure that the verified details relating to address, disclosed electronic mail address, phone number and messaging application used by the accused or witnesses, as the case may be, are recorded during arrest, investigation or inquiry and entered in CCTNS. Such details shall also be entered in the Register maintained at the Police Station in compliance with sub-section (1) of section 64 of the Sanhita. If any of such details is not available, the Officer-in-charge of the Police Station shall make an endorsement to that effect in the Register:</p> <p>Provided that any such details may be amended on the basis of further verification or on the basis of an application by such person.</p>
Details of address, email address, phone number etc. of accused and witnesses provided by complainant	9	Where a case is filed on the basis of a private complaint, the complainant shall provide the details relating to address, disclosed electronic mail address, phone number and messaging application of the accused and witnesses along with the complaint. If any of such information is not available, the complainant shall make an endorsement to that effect.
Details of addresses etc. transmitted electronically and maintained in CIS	10	The details relating to address, disclosed electronic mail address, phone number and messaging application shall be transmitted in electronic form and maintained in CIS and may be used for issuance of process. Such digital information shall form part of the register under Section 64 of the Sanhita.
Details of address etc. of victim and witnesses not disclosed to accused	11	The details relating to disclosed electronic mail address, phone number and messaging application of the victim and witnesses shall not be disclosed to the accused.
Forwarding	12	The Officer-in-charge of the Police Station or any Sub-

summons		ordinate Officer deputed by him upon receipt of summons issued in pursuance of rule 4 may forward the summons on the disclosed electronic mail address, phone number or messaging application of the person summoned.
Presumption of summons delivery and service	13	<p>(1) Where summons are served by way of electronic mail, service shall be deemed to have been made if the service provider generates acknowledgement of the delivery.</p> <p>(2) When any summon is sent to a person or organization on disclosed electronic mail address, unless the delivery of the electronic mail is disrupted or bounced back for any reason whatsoever, the delivery shall be deemed to be effected; and unless the contrary is proved, be deemed to have been effected at the time at which the electronic mail would be delivered.</p>
Proof of service of summons/process	14	<p>(1) Where summons are served by way of any other electronic communication including messaging application, the acknowledgment shall form part of the report of the service and the report shall contain details including mobile number, messaging application and screenshot/photo of the application reflecting delivery of the communication.</p> <p>(2) Such delivery may be deemed to be due service of summons/process and a copy of such summons/process along with report of service shall be kept in record as a proof of service of summons/process.</p> <p>Explanation- Acknowledgement under this rule or under rule 14 include an acknowledgement given by-</p> <p>(a) any communication by the addressee, automated or otherwise; or</p> <p>(b) any conduct of the addressee, sufficient to indicate to the originator that the electronic record has been received.</p>
Alternative	15	In case verified details of the email address, phone

procedure		number or messaging application relating to the person summoned are not available, the officer-in-charge of the police station or any police officer deputed shall make an entry in that regard and after taking printout in duplicate of the summons issued in electronic mode, shall execute the same in accordance with procedure prescribed under the Sanhita.
Procedure in case of non-service or obstructed delivery of summons	16	When summons are not served by an electronic mail or other mode of electronic communication, or delivery is disrupted and undelivered or bounced back for any other reason, the concerned officer shall prepare a report in that regard containing all details including mobile number, messaging application and screenshot/photo of the application confirmation of delivery and may proceed as per applicable process.
Procedure in case of warrant	17	In case of warrant or any other process required to be served in person is issued in electronic mode, the officer in charge of the police station or any police officer deputed by him shall take a printout of the warrant or process and execute the same in accordance with the Sanhita and rules made therein.
Procedure in case of process received through non-electronic means	18	Where any process is served or executed other than through electronic mode, the Police Officer while making service or executing the process shall take acknowledgement of the Recipient and may capture photograph, which shall form part of the report of the service.
Transmit of report regarding due service or non-service of warrant	19	Upon due service or non-service of the warrant, the serving officer of the concerned Police Station shall transmit the service along with relevant documents including bail bonds, photographs, acknowledgment, if any, to the concerned Court in electronic form through CCTNS/NSTEP.
Printout of report for satisfaction as to service/execution of process	20	The Court, upon receiving the report in electronic form, under rule 19, may act upon such report as deemed appropriate. Such report or printout of such report shall be deemed to be original for the purpose of satisfaction as the service/execution of the process.

Identity of victim not to be disclosed in any way during service or execution	21	Where any process is issued in cases relating to offences under sections 64 to 71 of The Bharatiya Nyaya Sanhita (45 of 2023) or offences against woman or child or offences under The Protection of Children from Sexual Offences Act, 2012 and Juvenile Justice (Care and Protection of Children) Act, 2015, the concerned officer shall ensure that the identity of the victim is not revealed in any manner in course of service or execution.
Application of other laws not barred	22	The provisions of these rules shall be in addition to, and not in derogation of, the Uttar Pradesh Bharatiya Nagarik Suraksha Rules, 2024, and any other law or rules for the time being in force for the issuance, service and execution of process by the Court.
Power to remove difficulty	23	If any difficulty arises in giving effect to the provisions of these Rules, the State Government may, by a notified order, make such provisions, not inconsistent with the provisions of this Act as appear to it to be necessary or expedient for removing the said difficulty.
Protection of action taken in good faith	24	No suit, prosecution or legal proceeding shall lie against the State Government or any person authorized by the Government in respect of anything which is in good faith done or intended to be done in pursuance of these Rules.
