WEBSITE MIGRATION AUDIT REPORT

URL	Date	Page
https://barwani.dcourts.gov.in	Thursday 21st of December 2023 12:19:13 PM	Page No - 2 of 3

1	Global site identity items have been added such as Site title, Tagline (if available), Site Name, Site logo, banners, Social media pages links etc. (Steps: Login to your website instance >> Customize>> Site identity)	Not In Compliance
	<p>Observations: Site title/tagline should be language specific, also title and tagline shouldn't be same. Site tagline would be a line which can describe speciality about your organization.</p>	
		
2	Ensure that the Search result for a specific topic should show the relevant page/text only. If the website is complete and ready to be uploaded, ensure that the dummy content or extra pages for the same section, if any, have been removed from the backend. For example, if you are searching "India," the search results should show only one result. Any other page such as Home1, Home12, etc. are extra pages which should be removed from the site. (Steps: Login to your department website>> go to site dashboard>> Check each content type and remove the dummy records.)	Compliance
	<p>Observations: Updated please check.</p>	
3	On the social media icons — ensure that social media (Facebook, Twitter, YouTube) pages links are provided, if available. Remove # from each box if not required. (Steps: Login to your department website>> Customize>> Site identity)	Compliance
	<p>Observations: Updated please check.</p>	
4	With respect to Home Page: 1. Ensure meaningful Title has been provided for Banner images, Site logo, Footer banners etc. Also, ensure that relevant Alternative Text for all these images has been added. (Alt text helps screen-reading tools describe images to visually impaired readers) 2. Ensure that all widgets/buttons on the home page are linked to the respective listing page. Relevant icons should be used with every widget wherever necessary.	Not In Compliance
	<p>Observations: SWaaS: Issue persist</p> <p>A. Please provide meaningful alt text which should be image and language specific. Please avoid using abbreviations, special/ numeric characters, generic words (like logo, image, photo, picture etc), repetitive text etc: The High Court of Madhya Pradesh logo at header PHOTO GALLERY</p> <p>B. Alt text should be in regional language for regional language site: Header icons at accessibility section State Emblem of India logo at header The High Court of Madhya Pradesh logo at header Banner Images</p> <p>Footer Carousels</p> <p>Note: Please use String Translator given in backend to translate into regional language.</p>	
5	Ensure pages with the following mark-up errors have been fixed: 1. Ensure only one <h1> tag is used on a page (By default, page title is generated with <h1> tag). Pages with subheadings should have proper use of <h2>, <h3>, <h6> tags. Use header tags for page structuring not for text sizing; so use the tags in order i.e. after h1, place <h2>, then place <h3> after <h2> only. Refer to https://www.w3schools.com/tags/tag_hn.asp for additional information 2. Paragraphs should be within <p> tag. Use provided classes to make text justify, centre, right, highlight etc. * 3. Ordered bullet list should be within tags. * 4. Unordered bullet list without tags. Use codes provided in Sample page under more menu of your chosen theme. * * Refer to https://3f1981e4b88af46d846201642f6276b3.s3waas.gov.in/sample-page/	Compliance
	<p>Observations: Updated please check.</p> <p>Please use list tags to populate content in a list: https://s3ec05a8166da05c5a0947dc03724b418.s3waas.gov.in/vision-document-for-phase-iii-of-ecourts-project/</p>	
6	Ensure that Inline style (For example: , align-justify, font colour, width-height etc.) is not used on pages. The presence of Inline style breaks the look and feel of the site and also makes the site inaccessible for the disabled users. Check the website thoroughly to make sure that no inline style is present.	Compliance
	<p>Observations: Updated please check.</p>	
7	Ensure that alternative text has been added for each image in English along with its translation in the bilingual version.	Not In Compliance
	<p>Observations: Alt text should be in regional language: https://s3ec05a8166da05c5a0947dc03724b418.s3waas.gov.in/hi/</p>	
8	Ensure that pages with stretched or blurred images are removed or replaced. Clear images enhance the look and feel of a website, making it more appealing to the users. Upload clear images in the recommended size available in each section.	Compliance
	<p>Observations: Updated please check.</p> <p>Please use more clear and featured images on banner. It will enhance look and feel of website.</p>	
9	Additional general checks: 1. It is the responsibility of the website and content owners of the website to populate accessible content as per the accessibility guidelines. 2. Content must be in HTML (Use sample-page for sample code such as heading tags, ordered unordered list, tables, etc.) 3. PDF must only be used for large documents and should be accessible PDFs and available in specific languages. 4. Uploaded PDFs should be accessible (As people with disabilities cannot read Inaccessible/Scanned PDFs through screen readers/assistive technology) 5. Guidelines to make PDFs accessible can be referred at https://cdnbbsr.s3waas.gov.in/s3e92a10324374fac681719d63979d00fe/creating_accessible_pdf.pdf 6. Scanned documents that are not accessible should be avoided. If it is necessary to publish a scanned document, ensure that its corresponding accessible document is also uploaded. Such accessible documents may be named clearly with prefix "Accessible." 7. Ensure that you have the ownership of the primary and alias domain names. The sites would be made live only on the primary and alias domains filled during the site creation at S3WaaS Portal. You can verify these domain names in your Authorization Letter.	Not In Compliance
	<p>Observations: A. Please remove repetitive content: https://s3ec05a8166da05c5a0947dc03724b418.s3waas.gov.in/publication/nstep-user-manual/</p> <p>B. Please provide accessible content: https://s3ec05a8166da05c5a0947dc03724b418.s3waas.gov.in/publication/national-lok-adalat-december-2023/</p> <p>C. Please fix permalink mismatch issue: https://s3ec05a8166da05c5a0947dc03724b418.s3waas.gov.in/Judges/judge-one/ [On Profile button of Principal District and Sessions Judge] https://s3ec05a8166da05c5a0947dc03724b418.s3waas.gov.in/hi/about-department/history-of-barwani-madhyapradesh-district-barwani-was-formed-on-25th-may-1998-it-was-carved-out-of-west-nimar-khargone-district-barwani-is-situated-on-the-south-west-side-of-madhyapradesh-and-h/</p> <p>D. Bilingual page not linked: https://s3ec05a8166da05c5a0947dc03724b418.s3waas.gov.in/gallery/district-and-sessions-court-barwani-mp https://s3ec05a8166da05c5a0947dc03724b418.s3waas.gov.in/publication/nstep-user-manual/ https://s3ec05a8166da05c5a0947dc03724b418.s3waas.gov.in/publication/national-lok-adalat-december-2023/</p> <p>E. English language content found at regional language page: https://s3ec05a8166da05c5a0947dc03724b418.s3waas.gov.in/hi/ - https://s3ec05a8166da05c5a0947dc03724b418.s3waas.gov.in/hi/</p>	
10	In the header, the logos/banners of national/state-level initiative should be linked to their website. For example, if there is a Digital India logo, a click on it should take the user to the respective website.	Compliance
	<p>Observations: Updated please check.</p>	
11	Pages showing tabular data should not have empty columns.	Compliance

WEBSITE MIGRATION AUDIT REPORT

URL	Date	Page
https://barwani.dcourts.gov.in	Thursday 21st of December 2023 12:19:13 PM	Page No - 3 of 3

	<p>Observations: Updated please check.</p> <p>https://s3ec05a8166da05c5a0947dc03724b418.s3waas.gov.in/documents/</p>
