

4 Facilities in CIS

4.1 Dashboard

- 'Under Trial' tab in the CIS Dashboard displays under trial case count
- On drill down, percentage-based breakdown of prisoners according to the extent of sentence served (25%, 50%, 75%, and 100%) is displayed.

Within the dashboard, a dedicated section displays cases where prisoner ID is pending for tagging, along with a category-wise breakup showing how many are pending under Undertrial, Pre-trial, and Convicted cases.

The dashboard displays various case statistics as of 09-04-2025. A red dashed box highlights the 'Prisoner Id not updated' section, which includes 'Under Trial' (5), 'Pre Trial' (5), and 'Convicted' (5) counts. An arrow points from this section to a detailed view of cases under trial.

In convicted cases, if an accused is released on bail, the corresponding entry in the convicted section should be marked as 'Released'. An update button is provided to facilitate this action. It is important to note that in such cases, the accused will not be tagged with a Prisoner ID.

Note:

- Internally system tag a Prisoner ID with the corresponding party in a case. This ensures accurate linkage between court records and prison data.
- The same steps are to be followed for **tagging Pre-Trial and Convicted cases** as well.
