Adverting to the subject and references cited, I am to inform that all the Units fed the statistics in NIVEDIKA Software from January, 2025 to July, 2025 except Ranga Reddy District. The Registry noticed that some of the discrepancies in the statistics like institutions, disposals (Lok Adalat, After Full Trial (AFT), Otherwise, etc.). Further, it is noticed that some of the Districts have not properly segregated the sub-category case types viz. OS-Title and also noticed that some of the Districts have not fed the data of year-wise break-up and Miscellaneous Cases.

Further, I am to inform that the option to add sub-category of case types under new criminal law (BNS) is now provided in addition to certain sub-category case types which are already existing under old criminal law (IPC) in NIVEDIKA Application.

Further, I am to inform that previously there is common entry column for Exparte/Hostile, now as per the suggestions given by the District Judiciary, separate column is created for entry for Exparte and Hostile respectively.

In view of the above circumstances, it has become difficult in database to segregate sub-category of case types under new Criminal law (BNS) in addition to sub-category case types of old criminal law (IPC) from January, 2025 to June, 2025 in NIVEDIKA Application. Hence, it is required to make fresh

entries duly segregating all category of cases including new and old criminal laws from July, 2025 to maintain correct statistics for future references. In this regard, all the Unit Heads are requested to direct the concerned to take printouts court-wise, category-wise on month-wise/quarterly/half-yearly from the data uploaded on NIVEDIKA Software from January, 2025 to July, 2025 **on or before 06-09-2025** and also instruct to maintain softcopy for further reference.

Therefore, I am to request all the Unit Heads to direct the concerned with strict instructions to feed correct and complete data with category-wise (including categories of BNS), at the concerned court level for the month of July, 2025 in NIVEDIKA Software **on or before 22-09-2025** and subsequently feed the data for the month of August, 2025 in NIVEDIKA Software **on or before 29-09-2025** and to update the data every succeeding month from time to time and ensure that the data shall be filled up on or before 5th of every month and maintain softcopy as well as hard copy of the same at court level and District level for future reference. Uploading the incorrect data will be viewed seriously and no further changes will be permissible after 5th of every month as the entry window will be freezed.

Yours sincerely,

3/9/2025
