

NOTICE

Dated: Calcutta, 04th Day of May, 2026

All Ld. Advocates, Litigants-in-Person, Court Clerks, and individuals using the eCourts Services Mobile Application are hereby informed that a new version of the application, namely **eCourts Services Mobile Application 4.0**, has been launched by the eCommittee of the Hon'ble Supreme Court of India during the National Conference on Judicial Process Re-engineering and Digital Transformation held on 11th-12th April 2026. The application is scheduled to go live on **5th May 2026**.

The new version represents a significant technological transition from the legacy Cordova hybrid framework to **React Native v0.77.0**, thereby ensuring enhanced performance and responsiveness under heavy data loads. It also incorporates compliance with the latest hardware standards, introduces a redesigned user interface, and offers several functional improvements, including:

- Direct order access
- Case conversion tracking
- Personalization features
- Unified quick links
- Integration with **BHUVAN Maps** for locating court complexes

Before migrating to the new version, it is essential that all users safeguard their existing data, including saved cases, by creating a backup. This can be done using the **"Export" feature** available in the current version of the application. Only after completing this step should users proceed with the transition to the upgraded version.

A copy of the **User Manual of eCourts Services Mobile Application 4.0** has been published on the website of the District Court.

Chief Judge,
City Sessions Court, Calcutta
