

E-Court a Mission Mode Project

E-Court Mission Mode Project

The E-Courts Project was conceptualised on the basis of “National Policy and Action Plan for Implementation of Information and Communication Technology (ICT) in the Indian Judiciary - 2005” submitted by the e-Committee of the Hon’ble Supreme Court of India.

The e-Courts National portal (ecourts.gov.in) was launched by Hon’ble the Chief Justice of India on 7th August 2013. This provides Case Status, daily Cause-list, Cases Filed, and Cases Registered through the Case Information System (C.I.S) Software.

The e-Courts National portal also provides training material for judicial officers and staff, links to District Court websites and statistical reports that can be used as a judicial management information system. This portal is expected to play a key role in bringing about judicial reforms.

The main objectives of the e-Court Project are as follows:

- To provide efficient & time-bound citizen-centric service delivery.
- To develop, install & implement decision support systems in courts.
- To automate the processes to provide transparency of Information access to its stakeholders.
- To enhance judicial productivity both qualitatively & quantitatively, to make the justice delivery system affordable, accessible, cost effective & transparent.

Constitution of District Court Computer Committee :

The District Court Computer Committee has been constituted and entrusted to nurture and monitor the implementation of the eCourt Project and ICT infrastructure at District & Sub-divisional Courts of Gaya Judgeship. The constitution of the Committee is as follows:-

District Court Computer Committee (D.C.C.C.)

1. Sri. Madan Kishore Kaushik, District & Sessions Judge – cum - Chairman, D.C.C.C., Gaya
