  - (5) Non submission of required documents & document without self attested.
  - (6) Non submission envelope in proper manner
  - (7) NSQ Drugs Company in this hospital past period. or blacklisted firm in Maharashtra state or other state

# ANNEXURE -1

## INFORMATION , GENERAL TRERMS & CONDITIONS FOR QUOTATION SUBMISSION

TERMS AND CONDITIONS FOR LMO TANK PESSO LICENCE RENEWAL PROCESS BY THIRD PARTY  
EXPIRED ON 30 SEPT 2025

LMO tank PESO license expired on **30 September 2025**, the license is currently in a critical grace period. Under the **Static and Mobile Pressure Vessels (Unfired) Rules, 2016** (SMPV Rules), a license can still be renewed up to **one year post-expiry** upon payment of hefty late-fee penalties. However, because today's date is **16 October 2026**, the absolute final one-year window (which closed on **30 September 2026**) has officially elapsed.

The updated terms, consequences, and mandatory protocols for this specific scenario are detailed below:

### 1. Mandatory Shift to a "Fresh License" Application

Because the one-year late renewal timeline has been breached, the license is treated as permanently **lapsed/cancelled**.

- **The Third-Party Mandate:** The third-party agency must now register and log in to apply for a **completely fresh license** rather than clicking the "Subsequent Application (Portfolio)" or "Renewal" tabs.
- **Fresh Authorization:** A brand-new **Letter of Authorization or Power of Attorney (PoA)** must be issued to the third party, specifically stating they are authorized to apply for a *fresh grant* of an SMPV license for the existing asset.

### 2. Physical & Technical Re-Validation Conditions

Since it is legally a new application, PESO treats the system as a brand-new installation, requiring comprehensive compliance verification:

- **Fresh Hydrotest & Safety Certification:** The third party must coordinate with a PESO-recognised Competent Person to perform a physical inspection and pressure testing of the vessel. They must issue a fresh **Form AS-1 / AS-2 certificate** confirming structural and safety valve integrity.
- **No-Objection Certificate (NOC) Review:** The third party must re-submit the original District Magistrate (DM) NOC. If the local demographics or safety zones around your hospital/plant have changed significantly since 2025, PESO or local authorities may demand a fresh or validated NOC.
- **Mandatory Physical Site Inspection:** Unlike standard automated renewals, a fresh application for a lapsed facility **guarantees a mandatory physical site inspection** by a PESO inspector to verify safety distances, pipeline integrity, and vaporizer status before the tank can be re-licensed.

### 3. Immediate Operational Disruption Risks

- **Illegal Operations:** Operating, filling, or drawing Liquid Medical Oxygen from a tank with a license that expired over a year ago is a critical statutory offense under the Essential Commodities Act and Indian Explosives Act.

#### Next Steps for the Third Party

The third party must immediately prepare the following file structure for a fresh online submission:

1. **Original Expired License & Approved Site Blueprints** (to prove prior legitimacy).
  2. **Fresh PoA / Authorization Letter** signed by your authorized director.
  3. **Latest Test Certificates** from the certified external engineer.
  4. **Full Payment of Fresh Application Fees** (late-fee penalties no longer apply; instead, a complete fresh license fee schedule is charged).
- To help third-party agency navigate this urgent situation, please inform to this office.
  - Is the LMO tank currently **empty**, or are you actively using alternative backup supply (like Dura cylinders)?
  - Have you already contacted a **PESO-certified competent person** to perform the mandatory safety testing?
  - Do you have the **original signed blueprints and layout plans** from the initial license grant handy?

**\*\*\* Agency/LMO Mfg co/Contractor must do site visit for collection of documents and they must mention how many period will be take for renewal of procedure.**

  
(Dr.S.H.Patil)  
Civil Surgeon, Sindhudurg
