A Deaf teacher of Indian Sign Language (ISL) holds a unique and valuable perspective as both a member of the Deaf community and a teacher. Here are key tenets or instructions that would guide a Deaf teacher in their role:

01. Pride in Deaf Culture: A Deaf teacher should embrace their Deaf identity and encourage students to do the same. They play a critical role in building a positive self-image and pride within the Deaf community.

02. Cultural Role Model: Be an ambassador for Deaf culture and communicate its richness and importance to students. This helps to strengthen their connection to their own culture and language.

03. Mastery of ISL: A Deaf teacher naturally uses ISL as their primary language, setting an example of fluent and native use of the language for students. This will enhance the learning experience for students who are either native or beginner ISL users.

4. Create a Deaf-Centric Learning Environment: Ensure the classroom is conducive to visual communication. Arrange seating in a way that students can see each other and the teacher at all times, ensuring optimal visibility for sign communication.

05. Use Natural Communication Methods / Interactive Communication: Encourage an interactive, student-led approach to learning. Use direct communication in ISL, avoiding reliance on written or spoken language. This supports immersion in the language and its nuances.

6. Encourage Self-Expression/Fostering Confidence: Encourage students to express themselves freely in ISL, allowing them to use the language in creative ways. This will foster both linguistic and personal confidence.

7. Facilitate Peer Learning and Community Engagement/Collaborative Learning: Create opportunities for students to engage with each other and practice in real-world scenarios, whether through group projects, discussions, or outings to Deaf events.

8. Teach from Experience and Empower Students/Real-Life Experiences: Use personal experiences as a Deaf individual to enrich lessons and offer students real-world context. Share stories, challenges, and triumphs that help students relate to the language and community.

09.. Advocate for Deaf Rights and Education / Promote Equal Access: Advocate for equal educational opportunities for Deaf individuals, both within the classroom and in society at large. Highlight the importance of accessible education, including the availability of sign language interpreters and materials in ISL.

Note.. 01. ISL Teachers (Qualified) willing to add there details in this directory, follow this link....
