

Hon'ble CM chaired a meeting on 19th June, 2018 to review the Action Plans of different departments to implement the 5-point programme decided on the Environment Day 2018. After a detailed discussion on various aspects, the CM desired the following for the 'replacement of conventional lights in government offices with energy-efficient LED lights':

1. Expense for replacement of lights should be borne by the concerned departments and offices only
2. HAREDA would be the nodal agency for ensuring compliance and sending regular reports.
