All the Additional Deputy Commissioner
-Cum-Chief Project Officers of State.

Memo no. HAREDA/2022/Pump/ 11541-62

Dated: 9/12/2022

Subject: REGARDING ACTION TO BE TAKEN AGAINST MISUTILIZATION OF SOLAR WATER PUMPING SYSTEM UNDER PMKUSUM COMPONENT-B

As you are aware that MNRE, GoI and State Govt. is providing financial support for installation of standalone solar pumps under component-B of PM-KUSUM scheme. Now, the Ministry has issued the instructions to stop the misutilization of pump (copy attached).

In this regard, it is intimated that solar pumps are provided with Remote Monitoring System (RMS) to monitor the performance of pumps. It has been observed that in some cases beneficiaries are misusing the pumps due to which firms are unable to integrate the RMS of pumps. To avoid the obstructing access to the system or integration of RMS, misuse of pumps and shifting of pumps from the approved site following actions shall be taken by the District Offices:-

1. On report of an act of misuse give a notice to the beneficiary to correct the misuse/act in contravention to the scheme provisions, within 7 (seven) days of the notice.
2. In case of misuse/ malpractice is not corrected within the given time, a second notice to be served to the beneficiary to that effect that subsidy provided by the Central and State Government will be recovered if the issue not is not resolved within 7 (seven) days of second notice.
3. If the misuse/ malpractice persists beyond 7 (seven) days from the issue of second notice, an FIR may be lodged at local police station against the beneficiary for misappropriation of Government subsidy.

In view of above, you are requested to take strict compliance of these instructions and widely publicize these instructions in press to stop misutilization of pumps. You are also requested to submit action taken report of such cases to this office on fortnightly basis.

Encl: As above
