Data Archival Policy

NPS Contribution Management System

Re-Architecting of existing system into microservice based software using .NET Core/MS SQL Server 2022 Enterprise Edition

Implementation of Command Query Responsibility Segregation Pattern(CQRS) for various iHRMS Punjab Databases

Bilingual Chat Bot Support (NLU based) using Google DialogFlow/Vani Framework

GIGW Compliance audit of iHRMS Punjab web portal

Integration of All modules of iHRMS with IFMS

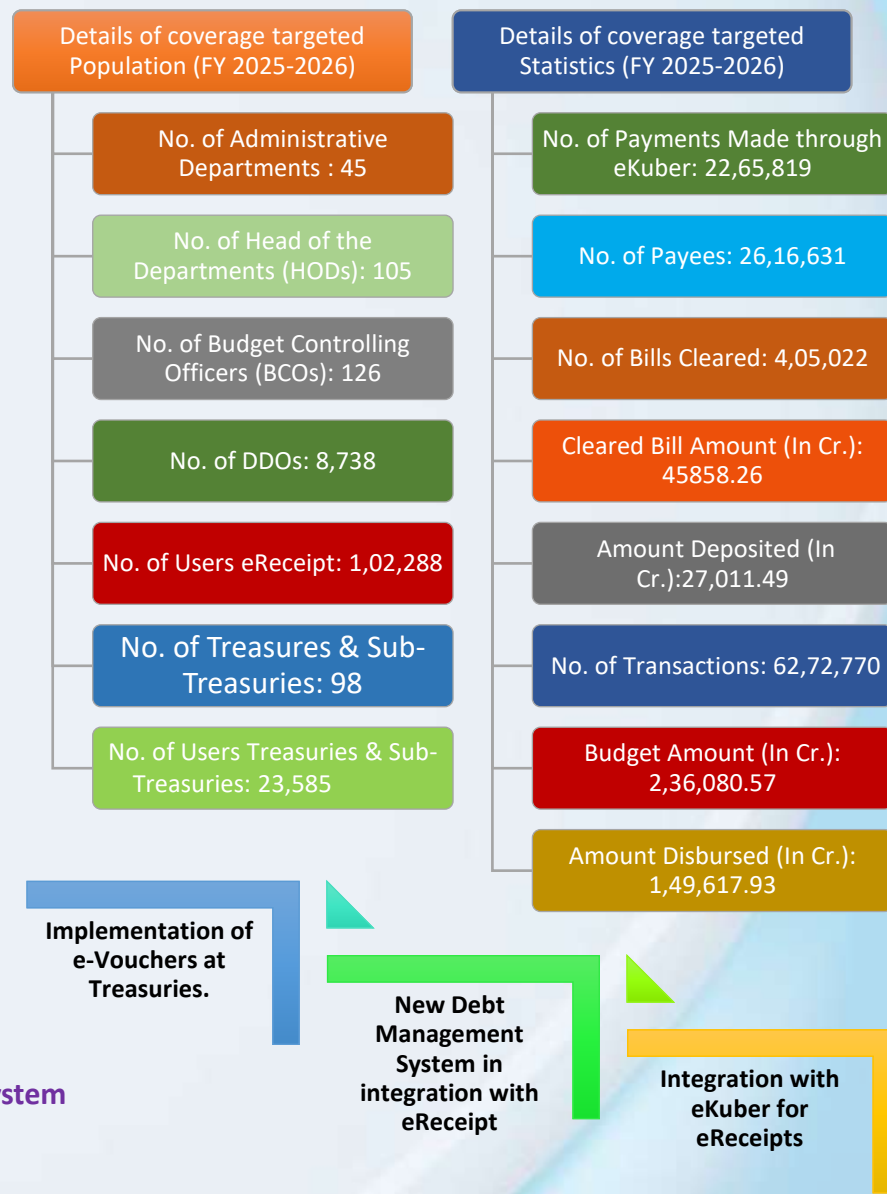

New Next Gen IFMS is designed to bring efficiency in financial planning and expenditure control in the state. This platform has brought stakeholders like Department of Finance, Treasuries, Administrative Departments, Accountant General (AG), RBI, Banks and Citizens on a single platform. Smart Dashboards have provided a better Decision Support System and brought efficiency in expenditure control.

Recently Implemented

- SNA SPARSH
- Non-Treasury Accounting (Works)
- Non-Treasury Receipt

In-Process Modules:

- Contractual Payment Management System

Facilitates the flow of funds between the state and central governments for Centrally Sponsored Schemes (CSS).

Integrated network of State IFMIS, PFMS, and RBI's e-kuber
Monitoring of fund release by central ministries, departments, and state governments.

Facilitates return of unspent funds to the Consolidated Fund of India (CFI) and the Consolidated Fund of the State.

Helps to monitor the utilization of funds released for CSS
Improve Cash Management and release funds "just-in-time".

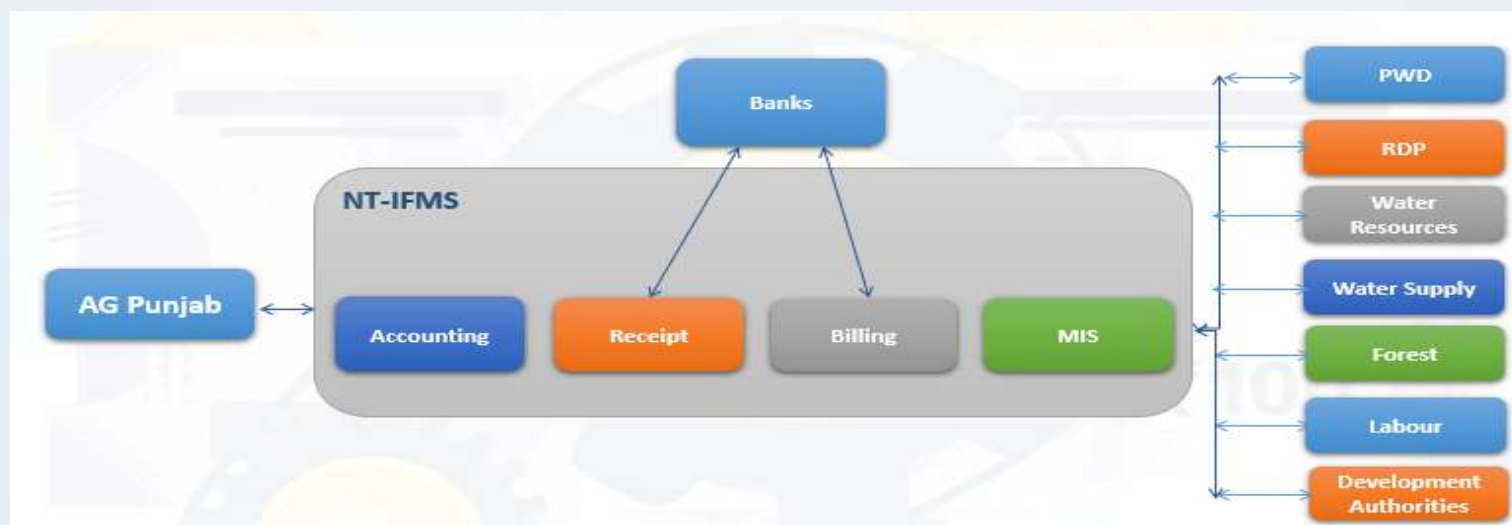

Single Nodal Agency (SNA) is responsible for managing funds for Centrally Sponsored Schemes (CSS).

Implementing Agencies (IAs) are responsible for making payments to vendors and beneficiaries

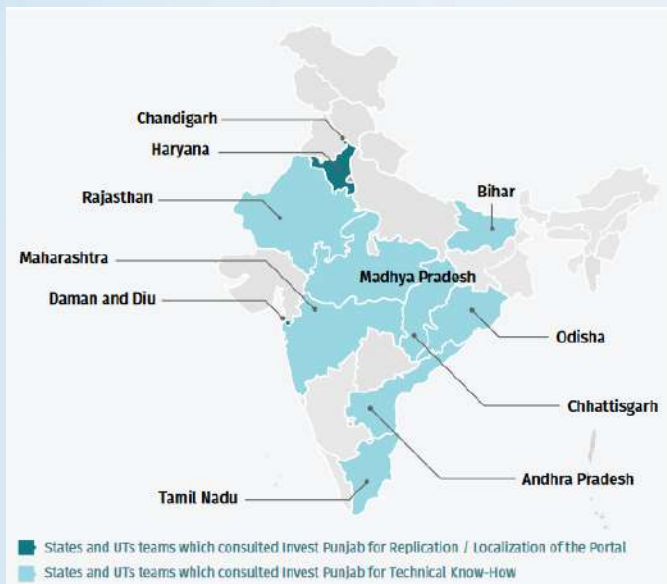

2025-26
State Linked Schemes processed: 48
Bills processed: 3,883
Amount of Bills processed: 427,08,70,591.00

Works Accounting System is a specialized financial management tool designed to handle the accounting needs of construction and infrastructure projects.

Handles funds that are not routed through Treasuries.
Funds are held in the bank accounts of the Department.
Funds are processed directly by the respective Departments.

Fast Track Punjab is a user-friendly state of art portal to facilitate new and existing investors of Punjab to obtain Regulatory Clearances & Fiscal Incentives for setting up and running businesses in the State of

It holds more than 20,061 projects with proposed investment of 12,36,557 crore and employment of 15,13,923. Using the portal, member departments have processed more than 1,35,767 clearances till date.

Fast Track Statistics

Total Projects: 22,963

Proposed Investment: 12,80,318

Proposed Employment: 68,211

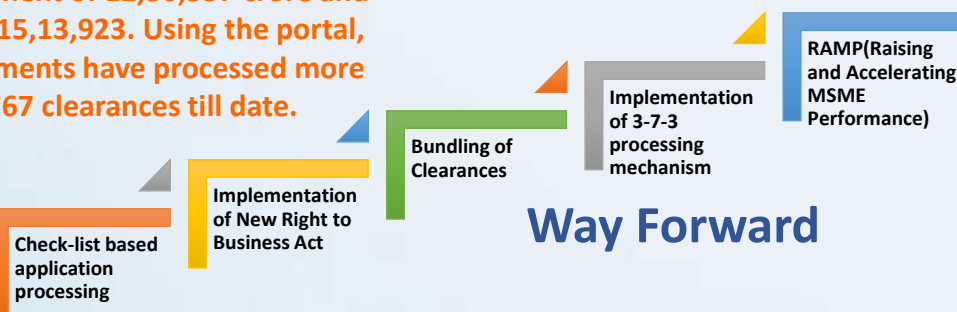

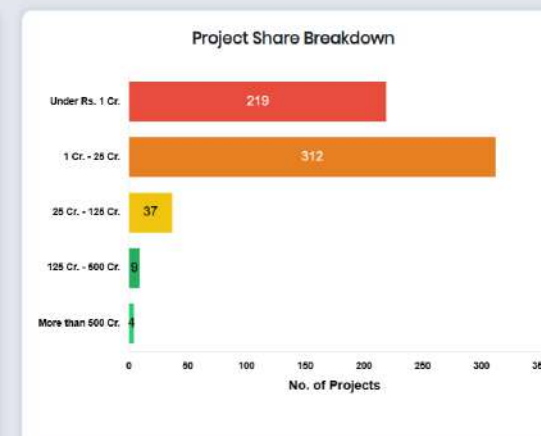

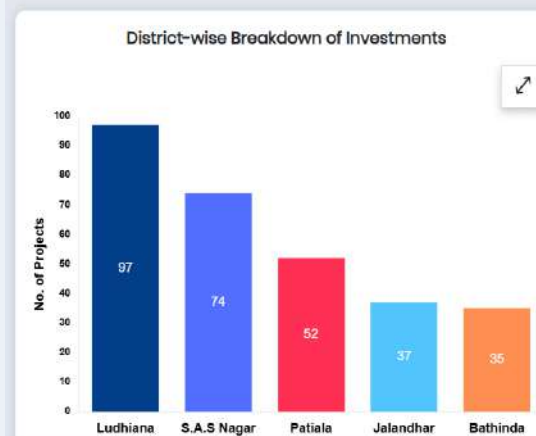

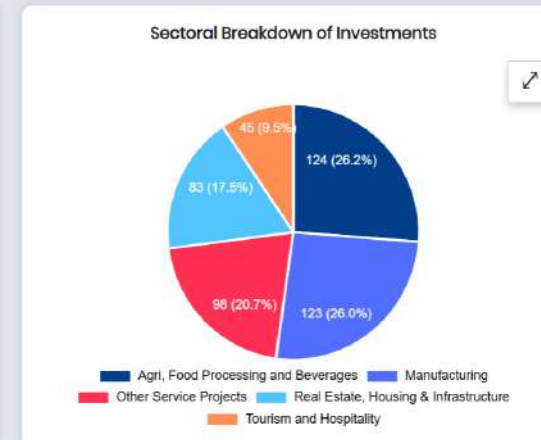

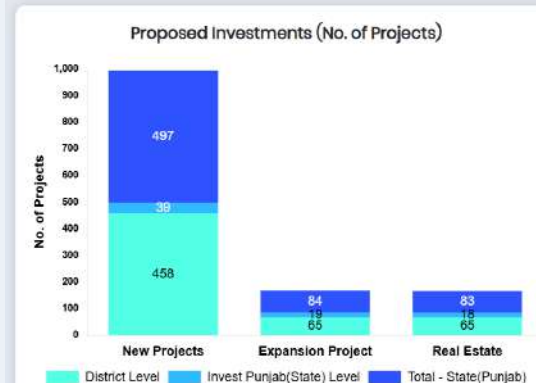

Regulatory Applications: 3,32,663

Incentive Applications: 9,009

Total No. of Investors: 1,90,123

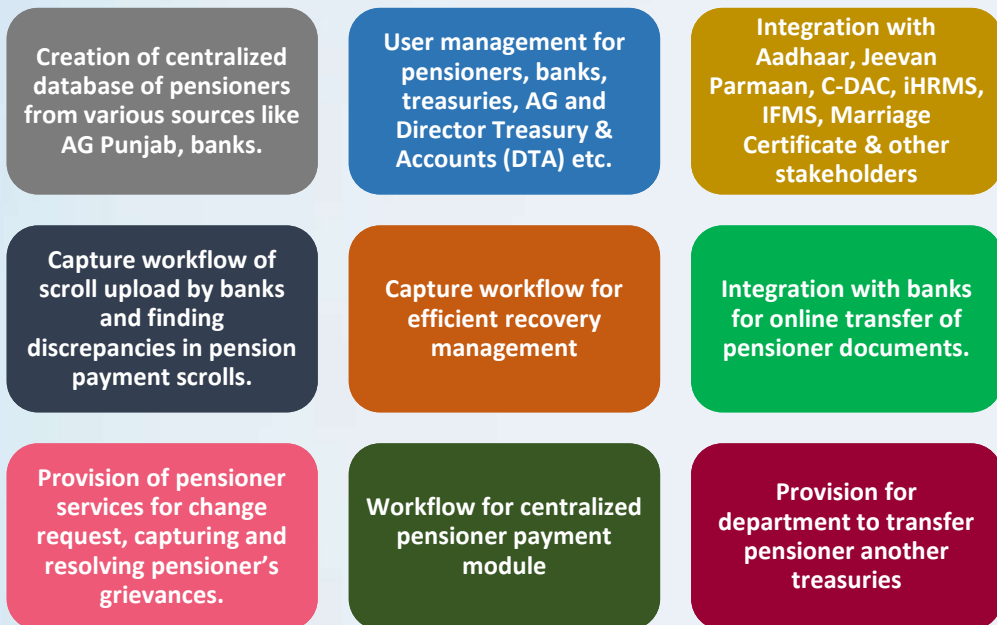

Total No. of Officials: 4,963

Stakeholder Departments: 45

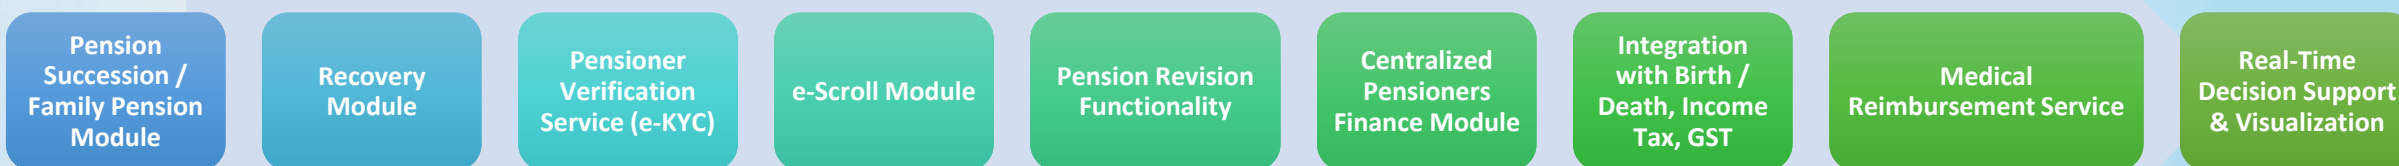

Serves as a comprehensive platform for pensioners, offering a one-stop solution to access various pension-related services. Can view their pension details, entitlements, profile information among other features. Further it also addresses the gaps existing in State's current Pension Processing & Disbursement Process.

Application Coverage

At each MC level:

- The proposals and various requests are submitted by the Councillors to the concerned MCs.
- After scrutiny and adding estimates/other necessary documents, the proposals are sent to the House Secretary through the hierarchy starting from HoD, Joint Commissioner, Commissioner and Mayor of the concerned MC.
- Agendas are prepared and resolutions are passed by the concerned MCs.
- After adding Commissioner comments, each Municipal Corporation/Council submits the resolutions to the Local Government for approval.

*
A cloud based Configurable Product for
delivering public websites and
authorised web portals for Local
Government and MCs using Parichay
Single Sign-On

*
Automate the process involved in
working of House of the Municipal
Corporations (13) and Municipal
Councils (101) of Punjab including
House Committee (F&CC) and managing
Ward Areas by the Councillors.

e-Ward Area Management

- Councillors may send complaints, information or demands of wards to the respective MCs and know the action taken on their requests.
- Ward-wise Monitoring of projects/works

At Local Government level:

- The Director LG has options either for approval, rejection, sending back for clarification, taking comments from experts at State level or sending for approval to the higher authority of Local Govt. viz. Secretary, Minister and Chief Minister.
- After approval of the resolutions, the Local Govt. authority has to monitor the implementation of approved resolutions in various Municipal Corporations/Councils of Punjab.
- Local Govt. authorities has option to monitor the activities of Wards in each MC of the Punjab.

One State One Application

First of its kind in India

Implemented at MC Mohali

Pilot test at MC Zirkepuri and LGD

Generic platform for registration of properties and document in Punjab

- Provision of online document & submission electronically.
- Online valuation module with stamp duty calculation
- SMS facility to send alerts to citizens and departmental users.

Punjab is the first state of India in Implementing NGDRS.

- ✓ Operational in the entire state since 2017
- ✓ Online valuation module with stamp duty calculation
- ✓ Role based access to citizens and department users
- ✓ SMS alerts to citizens & departmental users.
- ✓ Email enabled alerts to citizens & users
- ✓ Linkage with Land records system, Payment Gateway and Stock Holding Corporation OF India Limited (SCHIL)
- ✓ Daily, Monthly & yearly MIS reports and cash book/account related reports

One Nation One Application

Old DISE

DISE is a randomization software based on Client/Server architecture for Election Department for formation of various parties/teams, EVM machines etc. as per ECI guidelines and has been developed using Microsoft Technology. The software is designed to handle Assembly, Parliament, Panchayat and Municipal Elections. DISE-MC, DISE-GP and DISE-ZP are randomization softwares developed for State Election Commission to handle Elections for Municipal Corporation, Zila Parishad and Gram Panchayat Elections respectively.

Besides Punjab, DISE is being used in Himachal Pradesh, Karnataka, Delhi, Chandigarh, Mizoram and Manipur

Challenges of Client/Server DISE

Technology old and obsolete.
Compatibility issues

Difficulty in maintainance and support

Seagate Crystal reports is out-of-date

Data entry and consolidation is difficult.

Installation and configuration is difficult because of obsolete technology

Web-based Application for importing available employees data from iHRMS/ Treasury using APIs/ CSV/ Excel files.

Random distribution of staff among various venues and scheduling of rehearsals.

Management of Exemptions, Absentees & Cancellations etc.

Generation of Duty Orders, Form 12, 12A and EDC etc.

Identity cards with photo for staff deployed on election duty.

Flexibility to tweak selection criteria depending upon the availability of staff in the districts.

Role based Dashboards and various types of reports.

Regular alerts and updates to the stakeholders using SMS.

AI model for detecting discrepancies in submitted data (Gender Classification AI model)

Current Successful Implementation

Implemented successfully in Punjab for General Election'24 to Loksabha, covering 13 PCs, 23 districts, 117 ACs and 24522 polling stations.

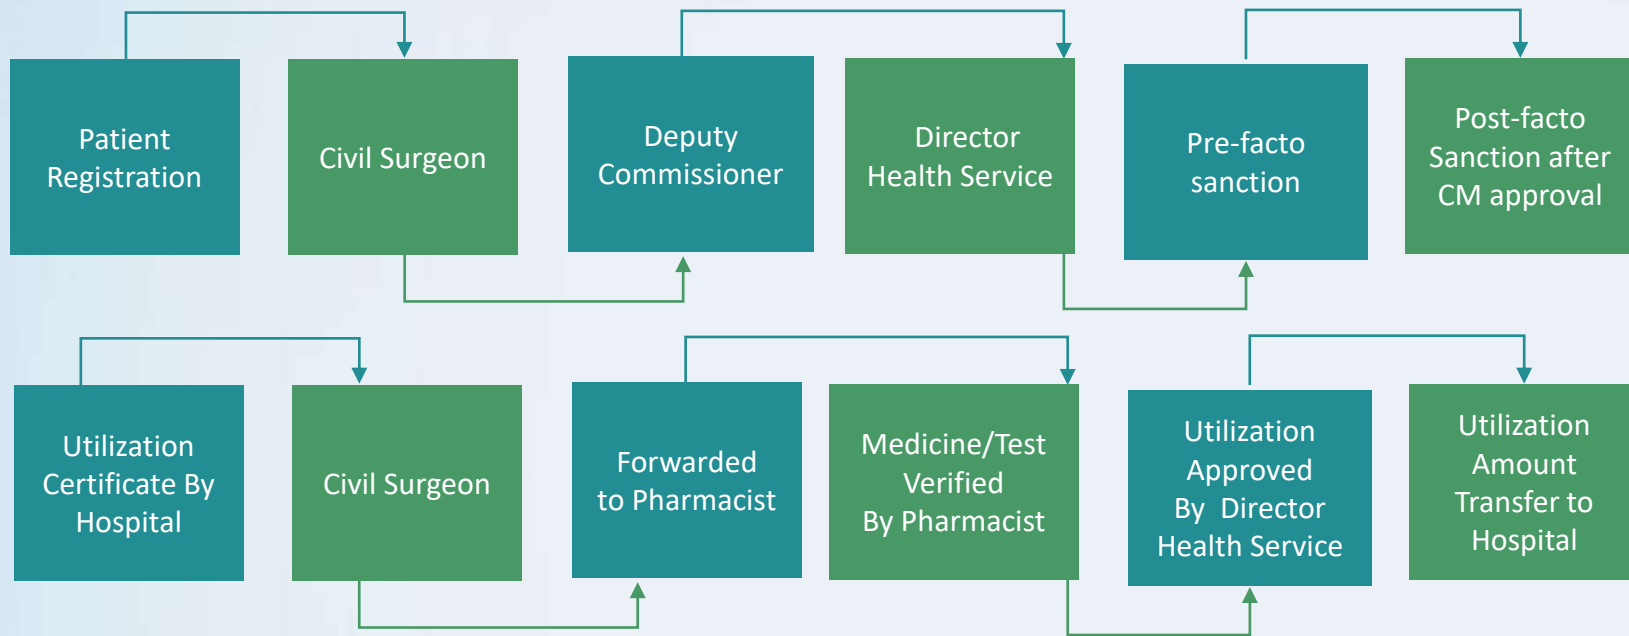

Replicated successfully for Loksabha 2024 Elections in Himachal Pradesh for all 4 PCs, 68 ACs and 7618 polling stations.

Replication has been successful for Loksabha 2024 Elections in UT Chandigarh for single PC having 599 booths.

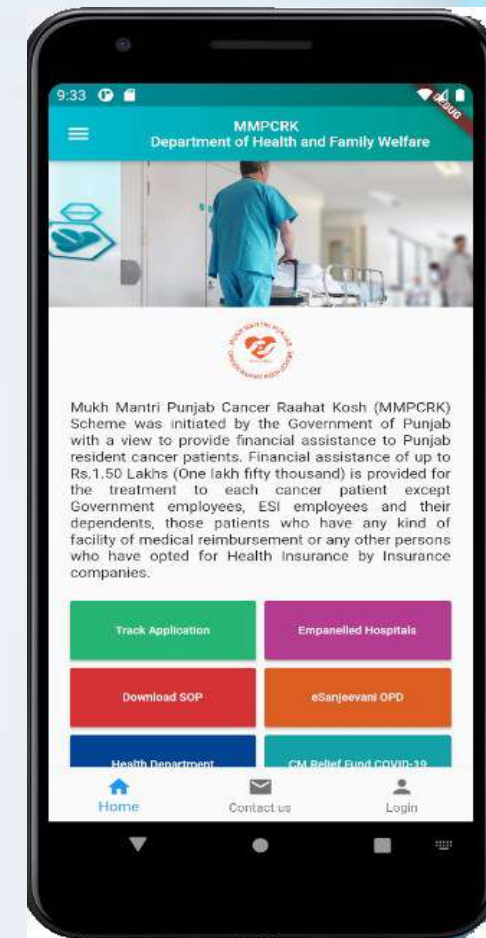

It has also been successful for By-polls to various Assembly Constituencies in Punjab and Himachal Pradesh.

NCT Delhi has tested the software during Lok Sabha elections and it will be implemented for upcoming elections to State Legislative Assembly scheduled to be held in February 2025.

NGRAM

NON-GOVERNMENT ORGANIZATION GRANT MONITORING

Functions

- NGO Registration.
- Submission of Proposal by NGO/MNGO.
- Forwarding the Proposal by DC/MNGO to AD after verification of Proposal.
- Submission of Consolidated Demand to DoP by AD/MNGO.
- Approval/Acceptance by Apex Committee.
- Release of Funds by DoP to AD/MNGO.
- Release of Funds to NGO/MNGO by AD/DoP.
- Submission of Progress Report by NGO/MNGO.
- Monitoring of NGO work progress by AD/MNGO.
- UC by NGO to AD/MNGO.
- Forwarding of UC by AD/MNGO to DoP.

Work Flow

- NGO Registers on NGRAM Portal to get Login Credentials using NGO Darpan Portal Unique Registration ID.
- Submission of Proposal by NGO/MNGO to DC.
- Forwarding the Proposal by DC/MNGO to AD after verification of Proposal.
- Submission of Consolidated Demand to DoP by AD.
- Approval/Acceptance by Apex Committee.
- Release of Funds by DoP to AD.
- Release of Funds to NGO by AD/MNGO and information about this is Reflected to DC.
- Submission of Progress Report by NGO/MNGO and same is Reflected to DC.
- Monitoring of NGO work progress by AD/MNGO and information about this is Reflected to DC.
- UC by NGO to AD/MNGO and reflected to DC.
- Forwarding of UC by AD/MNGO to DoP.

The following Vahan & Sarathi services are integrated with Sewa Kendra through API

Sarathi Services

S.No.	Name of the Service
1	Application for Learner License (LL).
2	Change of Address in Learner License.
3	Change of Name in Learner License.
4	Issue of Duplicate Learner License.
5	Issue of Duplicate Driving License (DL)
6	Renewal of Driving License for which test of competence to drive is Not required.
7	Replacement of Driving License.
8	Change of Address in Driving License.
9	Change of Name in Driving License.
10	Change of Date of Birth in Driving License.
11	Driving License Extract provisioning.
12	Surrender of Class of Vehicle from License.
13	Extension of Learner Licence
14	Issue of Public Service Vehicle (PSV) Badge to Driver.
15	Renewal of Conductor License.
16	Issue of International Driving Permit.

Vahan Services

S.No.	Name of the Service
1	Application for issue of duplicate Certificate of Registration (RC).
2	Application for Grant of No Objection Certificate (NoC) for Certificate of Registration.
3	Change in Address in Certificate of Registration.
4	View Registration Certificate (RC) particulars against fee.
5	Application for Transfer of Ownership of motor vehicle (non-Transport)
6	Payment of additional Life Time Tax (Transfer of ownership Case).
7	Endorsement of hire-purchase agreement.
8	Update Mobile Number in record for transport services.
9	Issue of Duplicate Fitness certificate.
10	Issuance of fitness Certificate for Commercial vehicle – (Three-wheeler or Quadricycle or LMV).
11	Issuance of fitness Certificate for Commercial vehicle – (Medium Motor vehicle Manual/automated).
12	Issuance of fitness Certificate for Commercial vehicle – (Heavy Motor vehicle Manual/automated).
13	Continuation of hire-purchase agreement. (This service is available with Transfer of Ownership/ Change of Address)
14	Termination of hire-purchase agreement.
15	Alteration of vehicles

Launch

- Mohali Smart City ITMS has been successfully integrated with eChallan ITMS. The project was launched by S. Bhagwant Singh Maan, Hon'ble Chief Minister of Punjab on 6th March 2025

Key Developments

- eChallan application was launched on August 2023 by using POS machine for Traffic & Transport
- Integrated with Axis Bank Payment Gateway
- Integration of Jalandhar, Amritsar Smart Cities ITMS with eChallan ITMS is under process, UAT is awaited
- Integration of Speed Gun (Interceptor) ITMS with eChallan ITMS is under process, UAT is awaited
- Integration of eChallan with Virtual Court for Mohali Circle under SAS Nagar for CCTV challans has successfully been done. The module is under testing with the Virtual Court team.

Demonstrations:

- DEMO on Virtual Court given in November & December 2024
- DEMO on e-Detection Module given in November 2024

e-Detection at Toll Plaza

- Request letter received for initiation of e-Detection application for the issuance of challans at Toll Plaza

Virtual Court

- Mohali circle of district SAS Nagar of eChallan Traffic for CCTV challans has successfully been integrated with Virtual Court as a Pilot testing.
- The module is under testing with Virtual Court Team

iRAD-eDAR (Integrated Road Accident Database- Electronic Detailed Accident Report)

Project initiated by MoRTH to provide integrated digital platform for all stakeholders and to collect realtime accident data in the entire country to analyse the causes of crashes and in devising safety interventions to reduce accidents and fatalities.

iRAD

- Dashboard from National level to lower most level for all stakeholders
- Map based, Grid based analysis
- Transition Matrix
- NH-Every 500 meter stretch analysis
- 51 Reports can be abstracted/filtered to get several thousand reports
- API integration with Vahan, Sarathi, CCTNS, TMS, Data Lake of NHA & eCourts for MACT.
- Almost all parameters of road accident data including Vehicles & persons involved in investigation point of view.

eDAR

- 70% Technical data of accident, 30% financial data related to earning/liabilities /damage, treatment expenditure can help digital generation of eDAR (Detail Accident Report)
- eDAR gets digital processing at MACT, Insurance, companies, SLA, CWC for compensation to victims, this help to claim settlement at fast track
- Cashless Treatment through NHA by hospital application TMS linked with eDAR

Implementation Status for Punjab

- Implemented in the State of Punjab since April 2021 (till date **3466** accident registered)(Legacy data migrated for 2022 & 2023 is 5911 & 3664 respectively).
- **Police Logins**- 23 district administrator, 391 Police stations, approx. 1200 Field officer users
- **Roads** - All the divisions, subdivisions of road agencies from NHA, PDW(B&R) and PMB Roads are on-boarded on portal.
- **Transport**- 23 RTOs and 23 MVIs registered for motor vehicle inspection
- **Health** - 230 Hospitals and 10750 patients are registered in iRAD
- **Manpower**-1 SRM and 22 DRMs at NIC District centre for continuous technical support
- **Trainings**- 8212 participants are trained in 1418 training sessions from all the 4 stakeholders departments at state and district level

SIMPLIFYING THE ADMISSION PROCESS

One integrated configurable solution

Automation of all major activities

100 % compliance with state reservation policies

Reduced cost and time involved in manual paper work and
conventional postal system

Allocation of Institute and Trade as per merit and
reservation policies and candidate preference

Integration with Payment Gateway, SMS and Email

Department of Information and Public Relations (DIPR), Government of Punjab

Features

Web based workflow based online system
Customized dashboards for each user
Online submission and approvals
System was launched in December 2020
Creates synergy between PR Department and other stakeholders

Highlights

- One stop end to end solution for releasing Govt. ads in print media
- Transparent process
- Real time tracking of release orders
- Online billing to media houses
- Standardization of formats across departments and media houses
- Better reporting system and audit process

Dashboard for Analytical Review of Projects across the Nation

Access to the Dashboard from anywhere anytime with Periodically Updated Data in Real Time

Tool to deliver real-time, dynamic project monitoring without the need for coding or programming through web services

This initiative envisions the increased use of data-driven monitoring mechanisms to improve government programmes and public service delivery for the citizens. The dashboard will also help monitor the progress of various projects, identify areas for improvement, and facilitate data-informed driven decision-making.

Performance Monitoring

- District Performance Report / Department wise monitoring of Schemes

Data-Driven Decision Making

- Indicators regularly reviewed for timely action / Improved service delivery and program implementation

Resource optimization

- Helps in reallocation of resources to most impactful programs

Streamlined data Systems

- Centralized system housing all department KPIs in a standardized format

VISION

Use data driven monitoring mechanisms to improve government programs and service delivery for ~29.6 million citizens of Punjab.

MISSION

Collect, analyse, and visualise program data regularly through a sophisticated dashboard. Stakeholders to draw insights to make decisions regarding course corrections and introduce new programs.

Approach

KPI Identification

1. Centrally and State Sponsored schemes
2. CM Announcements
3. State budget allocation
4. Agenda 24*7 and Important projects

Framing indicators in 4 categories:

- I. Achievement against Target
- II. % Pendency
- III. Budget Utilised against Allocated
- IV. % Change (MOM/YOY)

Data Collection

APIs for real-time data update

Form-functionality to enter data

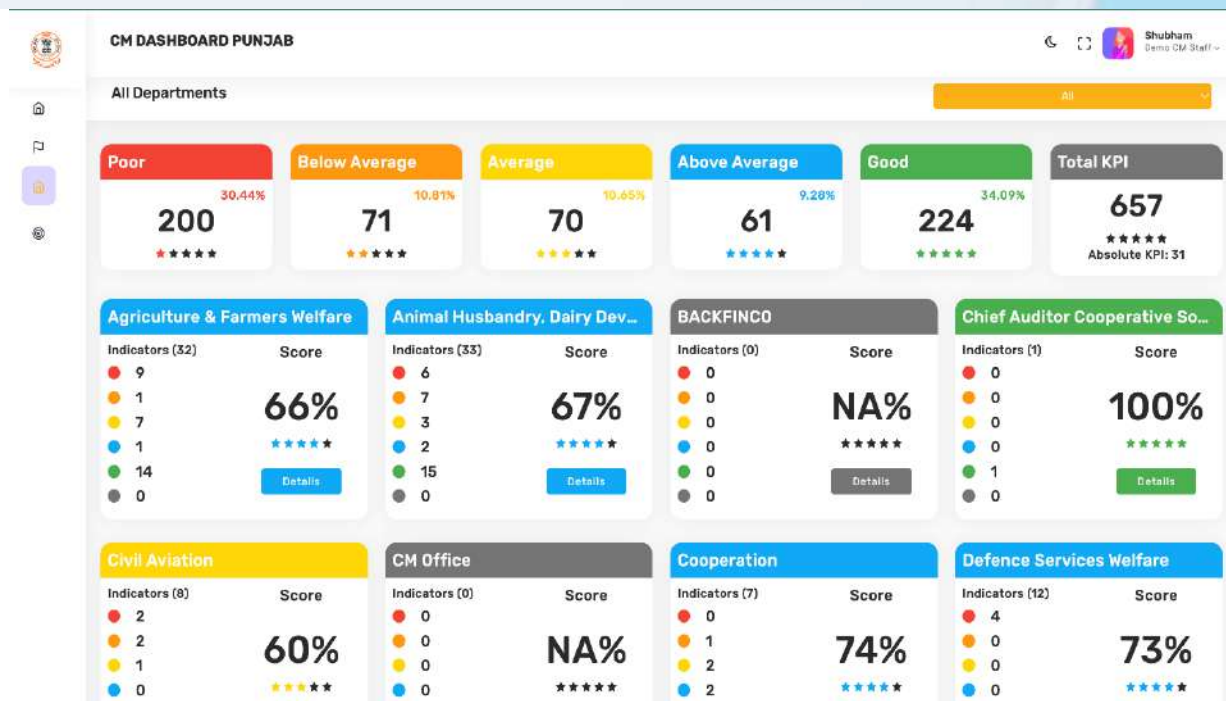

Visualization & Customisation

Assessing performance through ranking, scoring and data visualization.

Customised views for
1.Chief Minister
2.Administrative Secretary
3.Deputy Commissioner

Review

Monthly review of depts. and districts at the level of Chief Minister and Chief Secretary.

Suite of various modules available on cloud as SAAS

Standardized & Streamlined Process With State Specific Configuration

The Government of Punjab has formed a policy regarding the placement of deposits with banks by various Government Departments and Government Entities (Board, Corporations, Autonomous Bodies, Societies, Local Bodies and other state agencies).

These departments collect funds through various levies, fees, Cess or funds received in any other form. The Directorate of Institutional Finance and Banking (DIFB) shall empanel banks after following various eligibility criteria like financial performance, fiscal performance, and base of the banks in the state of Punjab apart from the performance of banks in implementing various schemes/programs of the Centre/State Government.

Stakeholders

- Directorate of Institutional Finance & Banking
- Administrative Departments
- Boards/Corporation/Societies
- Finance Department
- Empanelled Banks

Salient Features

- Web based portal for the efficient management and monitoring of funds
- Facilitates on-boarding of Departmental Nodal Officers and Nodal officers of empanelled banks
- Master management and User Management
- Facilitates departments nodal officer to create bids, invite quotes to deposit their funds in Term Deposit
- Provision for Bank Nodal Officer to submit the online quote against the invited bid
- Provision for bulk upload to update monthly balance of Savings & Current Accounts and Term deposits balance
- Provision to compile the bid by the concerned Nodal Officer of the Department after bid closing deadline is over
- Provision to withdrawn the bid by the department nodal officer with the approval of Competent Authority
- Role based and two factors authentication (Password & OTP)
- SMS and e-mail Integration
- Integrated with Parichay Single Sign on (SSO)
- Uploading and moderation of News & Notifications
- Provision for Finance Department (Budget Branch) user to accord approval regarding opening/renewal of Savings/Current account
- Data Analytical Dashboard

Administrative Departments - 56
Office under Administrative Departments - 1867
Empanelled Banks - 24

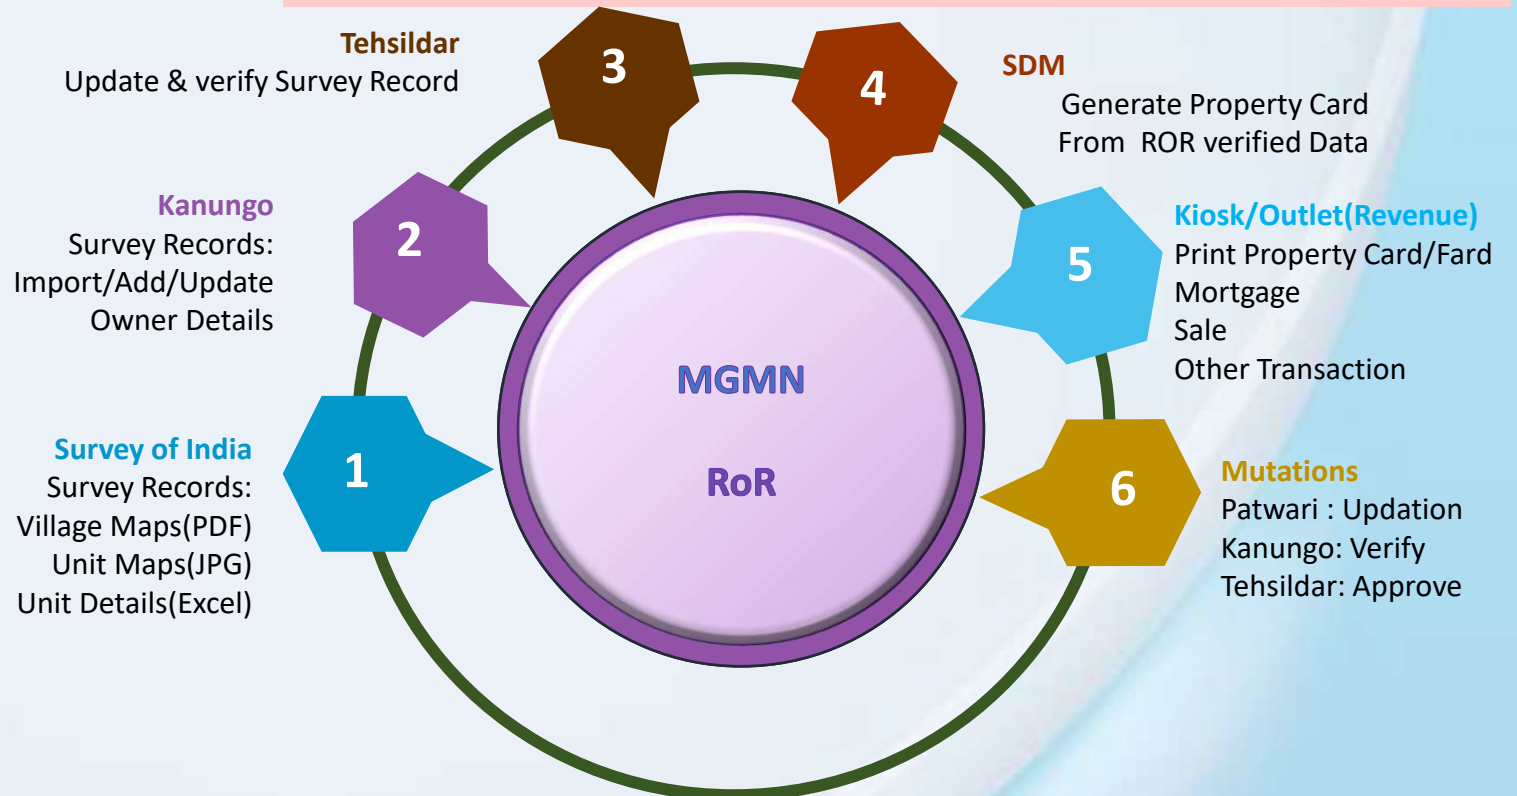

Total Bids Raised since August 2021 -- 1214
Total funds placed in banks -- Rs. 27,37,47,703.46 Lakhs through bidding

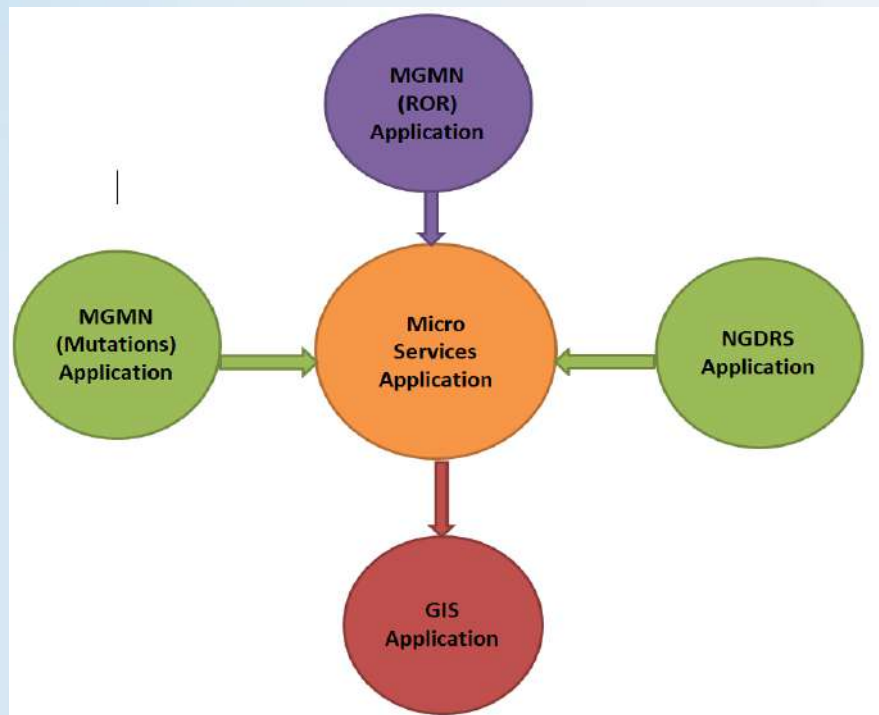

- MGMN scheme has been launched in Punjab in order to bestow property rights to the people who are living in houses that are situated within the Lal Dora of villages and cities. Around 13000 villages will be covered under this scheme.
- MGMN application aims to capture/store **Svamitva Survey Data** and verifying by concerned authorities of revenue Department to create Record of Rights (ROR) as per Punjab Abadi deh (Record of extent and Rights) Act, 2021.

Salient Features:

- ❖ Centralised MGMN portal
- ❖ Role Based User Management
- ❖ Uploading Village and Unit Maps after Drone Survey
- ❖ Updating attribute data of survey units by concerned Kanungos
- ❖ Verifying attribute data of survey units and unit maps by concerned Tehsildars
- ❖ Generating Property Cards by SDMs
- ❖ Citizen Interface for downloading Property Cards using OTP
- ❖ OTP-bases Authentication for updating, verifying and generating records

An integrated
Micro-services based
configurable Product for
Record of Rights &
Mutations
using open source
technologies

Objectives:

- Preparing a centralized portal consisting of attribute data and spatial data of inhabitants living under lal dora area of villages in Punjab.
- Creating Record of Rights (RoR)
- Integration of property parcel seamlessly to help analysis for planning.
- Associated view of property card with property parcels.
- Establishment of Seamless and accurate mutation process.
- Thematic based visualization based on selected parameter for property parcels of selected village.

Salient Features:

- Work flow for capturing Property Survey Data and creating Record of Rights
- Document Registration (Mortgage, Sale Deeds etc.) and integration with NGDRS
- Work flow for transacting mutations and real-time auto-updating the Record of Rights
- Inclusion of GIS technologies
- Seeding of ULPIN with each property unit
- Seeding of Aadhaar with each owner of the property
- Integration with Block chain System

Current Status

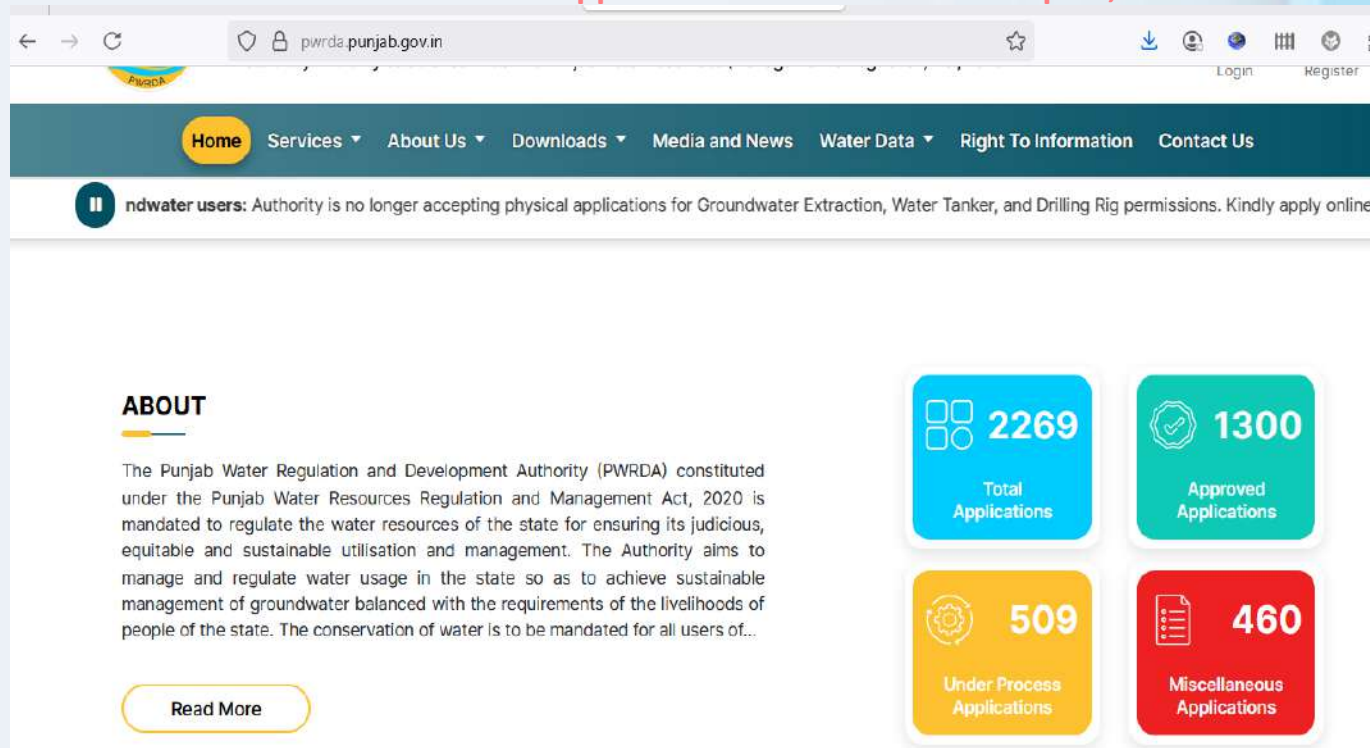

- Notified Villages :8689
- Drone Flying : 8124
- Village Field Book : 321
- Record of Rights : 29159
- Property Cards : 25795

A solution to provide a one-stop access point for organization information and applications/services for Punjab Water Regulation Development Authority using Open-Source Technologies.

- Online Fresh/ Miscellaneous/ Intimation Permissions for Ground Water, Water Tanker and Drilling Rig
- Integration of APIs (Business First Portal, PSPCL, PPCB and Payment Gateway, Email/ SMS/ Sandes)
- Complete customization of Work Flow
- SMS/ Sandes/ Email/ NICDSign/ Bharat Maps/ Payment Integration
- Dashboard for Work Flow Players
- Application Fee Calculators
- Android and iOS Mobile APP
- MIS Reports
- Payment Module

PWRDA Punjab, the first Authority to adopt such solution to manage and regulate ground water usage in the state across India

PWRDA Portal & Web Application was launched on Sep 06, 2023

Way Forward

Integration with Fast Track Punjab

Inclusion of Telemetry and Piezometer data

Implementation Status

GePNIC implemented in Punjab State in November 2017 but its active usage started since January 2018

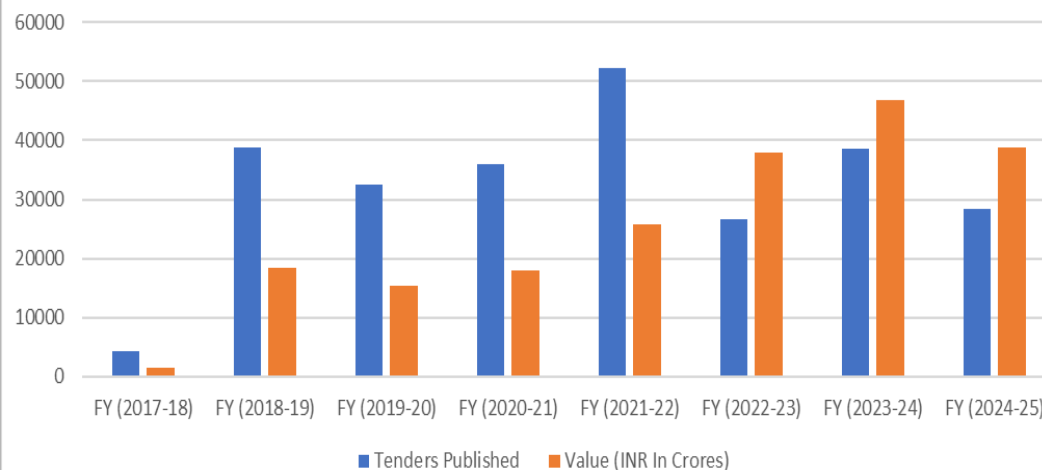

Total Tenders – 267042
Total value - ₹ 2,02,418 Crore
Total Revenue (upto Feb2025)– ₹ 120,34,19,211

Salient Features of GePNIC

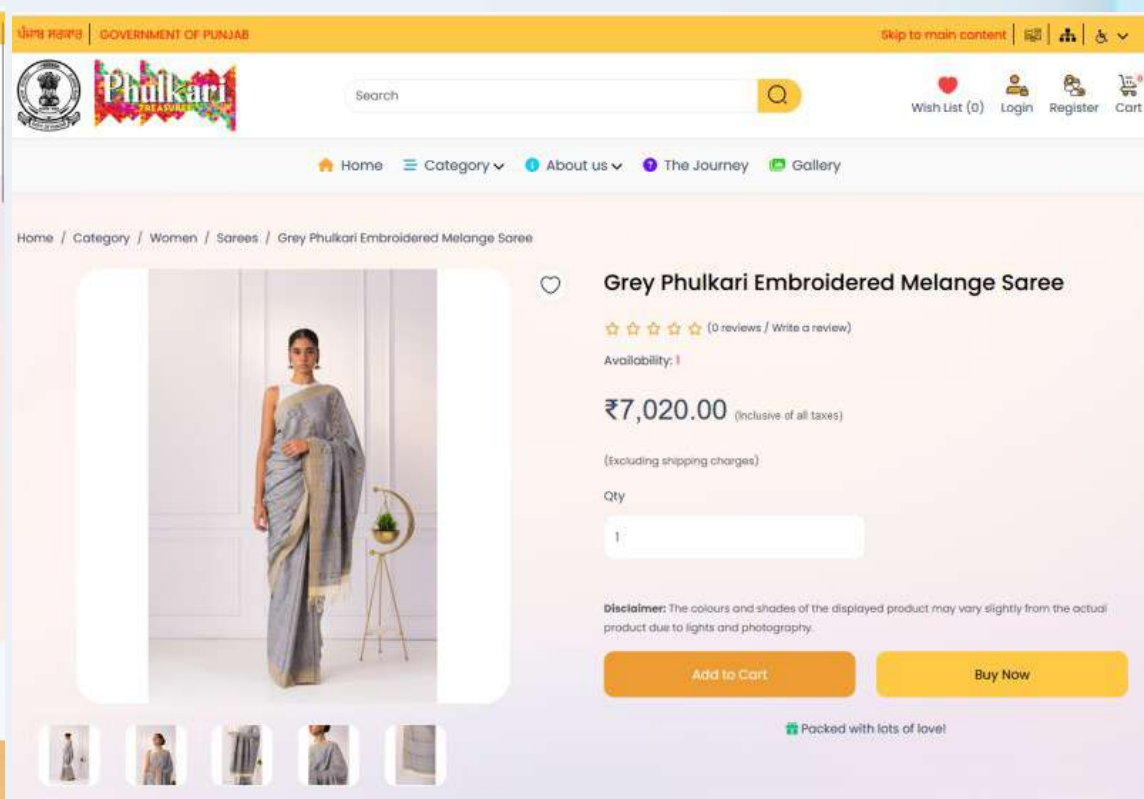

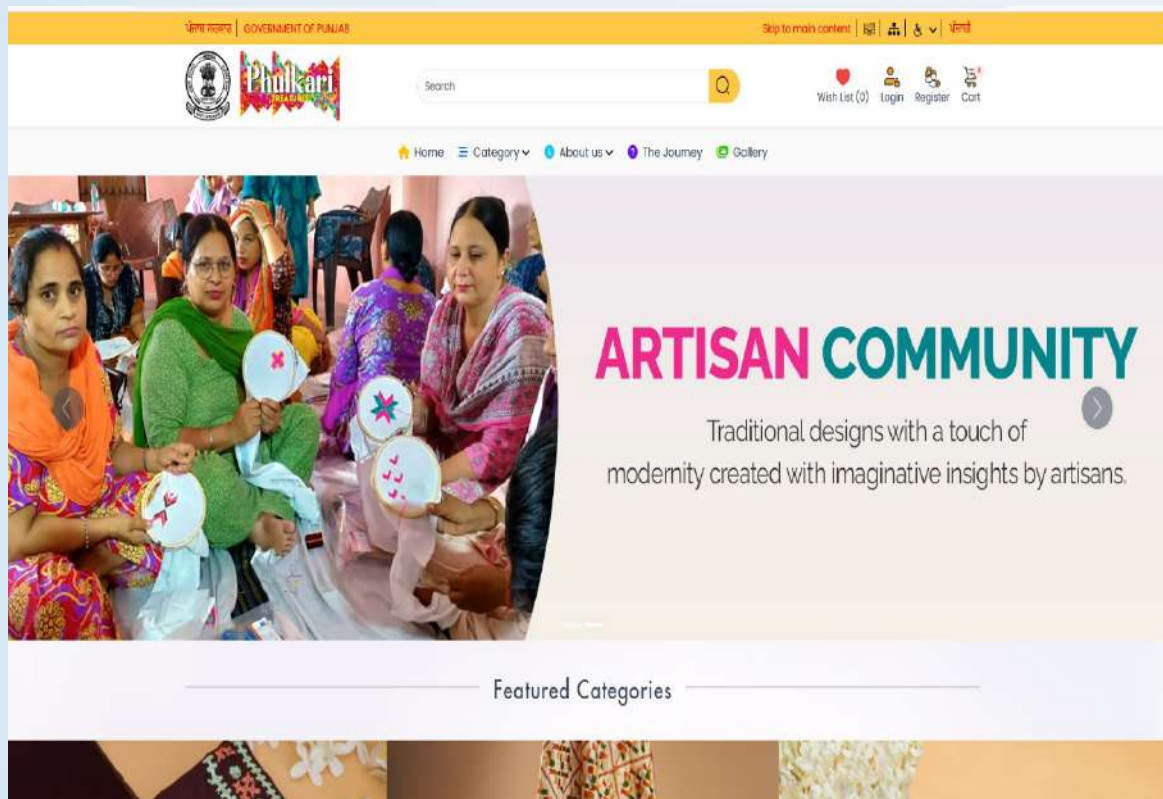

- Real time Tender Information of all organisations
- Certified and Audited by World Bank, Asian Development Bank and STQC
- Facilitates Preference for MSME, StartUPs in eReverse Auction and Tenders
- Global Tenders
- ADB, World Bank, CVC Guidelines, GFR 2017 compliant

- ✓Procurement Entities – 1600+
- ✓Bidder / Contractors – 54942
- ✓Department Users – 8798
- ✓Org. / Deptts. On-boarded – 189
- ✓Bids Received in 2018-19 – 80012
- ✓Bids Received in 2019-20 – 65405
- ✓Bids Received in 2020-21 – 83132
- ✓Bids Received in 2021-22 – 119514
- ✓Bids Received in 2022-23 – 55548
- ✓Bids Received in 2023-24 – 90989
- ✓Bids Received in 2024-25 – 65598

GePNIC® growth over the years

It is a digital initiative designed to promote the marketing of Phulkari and other handmade products crafted by women artisans associated with Self Help Groups (SHGs) under the Department of Cooperation, Punjab, which was officially launched on November 20, 2024.

Admin Panel and CMS
Open Source tools and technologies

Anyone can place the order online by selecting the products and paying the required price online through some payment gateway on this portal.

This portal offers a comprehensive platform for accessing procurement information by integrating data from the "eProcurement System of the Government of India" through a secure data transfer process.

Features

- Centralized Procurement Information
- Data Integration via API
- Search and Filter Functionality
- Comprehensive Reporting
- Digital Documentation
- SMS Service

Benefits

- Enhanced Transparency
- Data-Driven Decisions
- Accountability
- Accessibility for Stakeholders

Enterprise GIS for One Map Punjab – Crux

Objective

- Create a **single integrated GIS platform** for all ULBs of Punjab to support **planning, governance & citizen services**.

Scope

- Centralized **Geo-portal & database** (spatial + MIS).
- **Property, utility & asset mapping** with drone/LiDAR integration.
- **Dashboards, mobile apps & 3D visualization**.
- Seamless **integration with e-Governance systems** (M-Seva, OBPS, Tax, etc.).

Key Outcomes

- Better **urban planning & revenue enhancement**.
- Real-time **monitoring & transparency**.
- **Data-driven decision making** for PMIDC & ULBs.
- Empowered **citizen services & grievance redressal**.

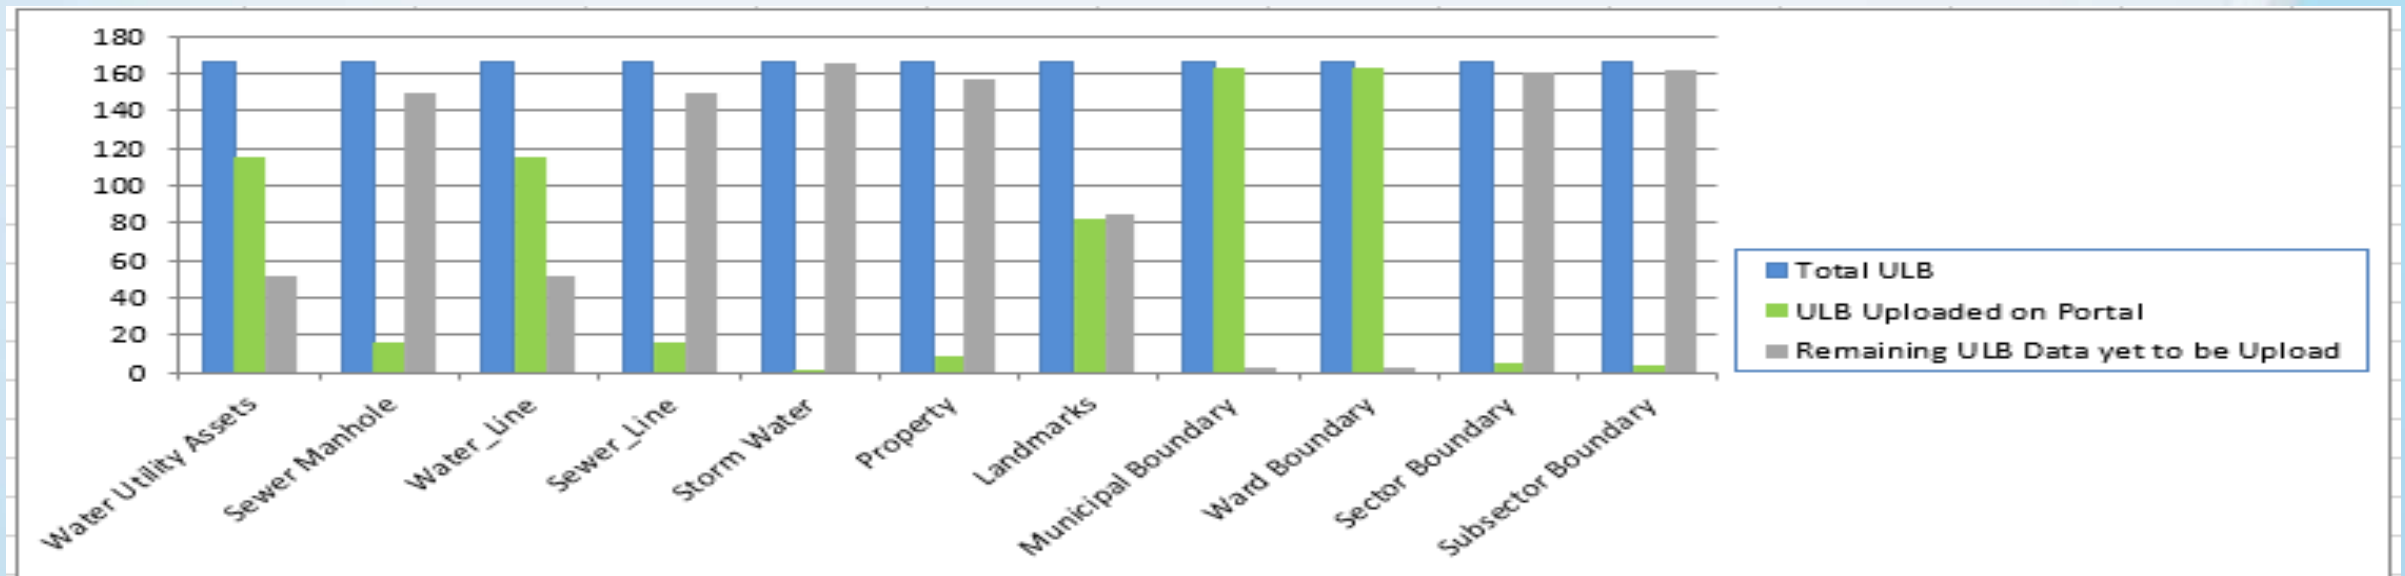

Project Snapshot

- **Cost:** ~₹180.53 L
- **Duration:** 1 Year Development (PHASE 1)

Layers of GIS PMIDC (Geospatial Data layers)

- Base Map
- Existing Plot Maps and Sector Plans/ Blocks
- Utility Maps
- Transport
- Urban Services Maps
- Disaster Management
- Urban Greens

- eAwas application caters to the allocation of Government Accommodation to Punjab Government employees as per entitlement and seniority, who desire Government Accommodation for residence from pool of Government houses, located in Chandigarh.
- Integrated with iHRMS for populating the employee details while registration
- Integrated with SMS gateway for delivery of OTP and alerts
- TejasVI Data Analytical Tool for the development of Dashboard
- Sandes Messenger for delivery of OTP and Sandes Chatbot
- Parichay SSO platform for single sign on.

The objective of this portal is to bring transparency in allotment of government accommodation to government employees, to know the availability and maintenance status of allotted and vacant accommodations and to bring transparency in license fee collection and accommodation allotment process.

e-Awas Application and Sandes Chatbot has been successfully launched by Sh. Vijay Kumar Janjua, IAS, Chief Secretary, Government of Punjab on 12th December 2022.

Integrated e-Governance Scholarship Portal for the automation, streamlining & effective management of processes related to application receipt, processing, sanction and disbursal of various scholarships to Students. This initiative is aimed to facilitate faster and efficient disposal of scholarship applications and timely payment of the scholarships to the students directly in their bank accounts.

Features

Disbursal of Scholarship Management

Timely Payment of Scholarships to the Students directly in their Bank Accounts

Beneficiary Validation/Verification through Aadhar Authentication

To manage Canal System of Punjab state, which include the mapping of the Canals, Sub-Canals, Distributaries, Minors/ Sub-Minors and Circles for the entire state.

- Real-time monitoring of water flow, canal levels, and usage patterns.
- It enables authorities to monitor the performance of canal networks, detect leaks and take corrective actions promptly.
- It covers approximately 1200 Dams/Headworks/Distributaries/Minors etc.
- Integration of Bharat Maps to display water entities with search filter.
- A complete CMS to manage portal and Admin Module to manage water entities and dashboards.
- Provision for daily submission of reading for water entities.
- Mobile App(android & iOS).

- Objective is to automatically extract reading of water level in irrigation canal from the gauge installed at tail end.
- Project has commenced from July 2025 after receipt of funds from Department of Water Resources.
- Dataset has been collected and data annotation is in progress.
- Object detection and image detection techniques are being used to extract the image of tail gauge and read the level of water.

- Preparation of Training Calendar and Publish online.
- Automated Rule Based Calculations in Booking and Cancellation
- SMS facility to send general alerts to Trainees and payment alerts accommodation seekers

- Defined Rules fitting at Back & Front End
- Double Authentication & Verification of Transactions
- Reduction in Processes with defined steps.
- SMS Gateway Integration
- Payment Gateway Integration
- CMS Part of the Portal.
- With customization, can be used by other states.

- Faculty Profile Preparation
- Guest Faculty Registration
- Submission of Booking Request & Status Online
- Backend Process for Booking
- Publishing of Advertisements
- Uploading of Tenders, Downloads

Village Directory

296 parameters of each village (12562) are collected every two years and a village directory is prepared which is used for the planning purpose of devising development schemes

1

Consumer Price Index (CPI)

Prices of 752 commodities are collected from 6 collection centers in Punjab and by applying specified formulas monthly CPI is calculated

2

House Rent Index

House rent data is collected from the 6 collection centers in Punjab and by applying specified formulas HRI is calculated biannually

3

Index of Industrial Production (IIP)

Total production figures of 176 items are collected from 268 factories in Punjab and by applying the formulas monthly and yearly IIP is calculated

4

Setting up of LAN and WAN

Set up LAN and WAN at ESO HQ at Chandigarh and its all offices at districts

5

Features

- ✓ Ensured Bi-Annually Distribution of Wheat in 30 Kg Packs
- ✓ Aadhaar-seeded digitized data.
- ✓ Robust 3-tier grievance redressal mechanism.
- ✓ End to End Computerization
- ✓ Food grain Allocation Linked with distribution

Reengineering

- ✓ State Defined Rules
- ✓ Double Authentication & Verification of Transactions
- ✓ Reduction in Processes
- ✓ Complete Tracking Single Unified Platform
- ✓ ePoS For Ration Distribution

Components

Web based application for Poll Day Monitoring

Android & IOS based mobile app

Dashboard for ROs, DEOs and CEO

Real time-based voter turnout feature with dynamic colour coding.

Managing events based on their occurrence times.

Feature to capture data for simultaneous elections of Lok Sabha and Vidhan Sabha at the same time.

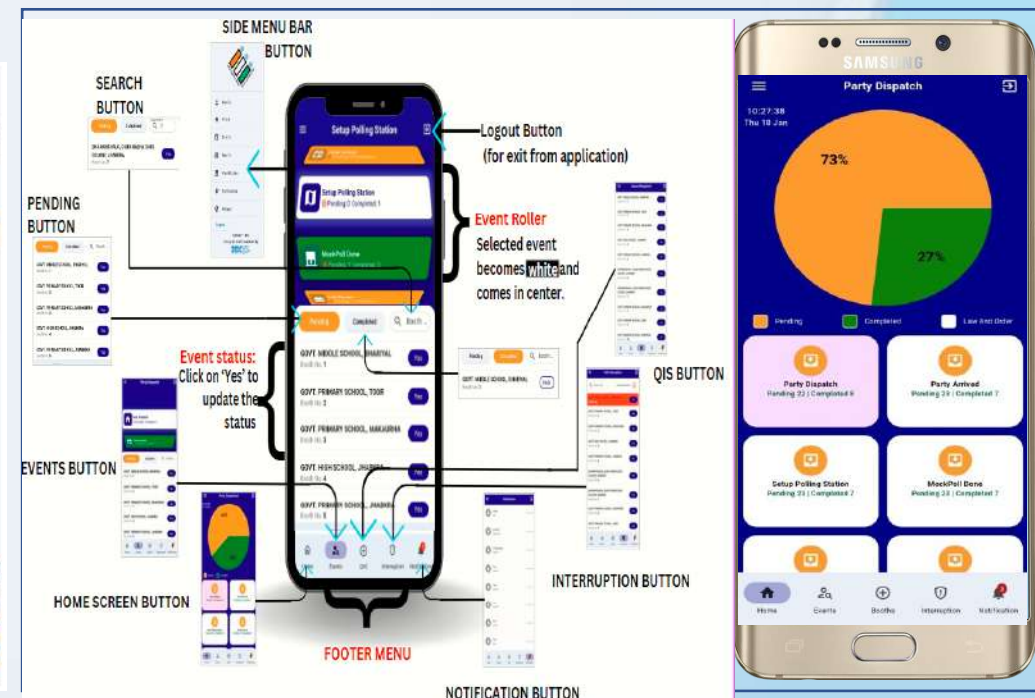

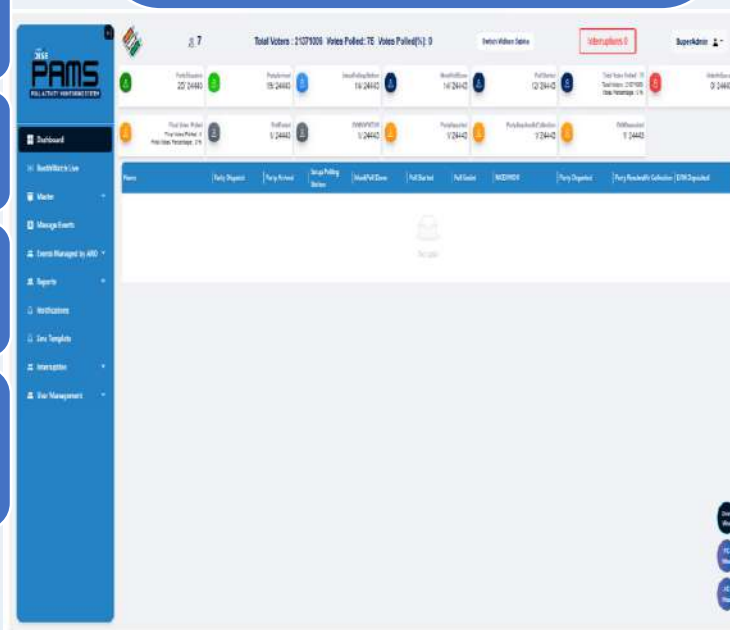

Role based Dash Boards for CEO, PC, AC, District etc

Notifications and SMS Alerts to stakeholders to update events.

Poll interruption to give alert message at higher level. Interruptions deals with law-and-order situation and EVM faulty.

PAMS captures pre-poll, polling and post-poll events through mobile app by the officers on field duty and render the data on portal dashboard for monitoring events in real time by senior authorities at state and district level.

There are 117 Assembly Constituencies in Punjab and 2084 Sector Officers/Supervisors were deputed at 24737 Polling Booths for carrying out various Election duties. Each Sector Officer/Supervisor was allotted multiple booths.

QIS offers a simple process for voters to access real-time queue information via WhatsApp.

Through either the location-wise or booth-wise options, voters can effortlessly ascertain queue lengths, facilitating timely visits to polling stations.

Step 1

Voters need to send a message by typing 'Vote' to the WhatsApp number 7447447217.

Step 2

Voters will then receive a link, which on clicking, will present two options: (1) Location Wise and (2) Booth Wise.

Step 3

For the location-wise option, voters will share their location, which will then display a list of polling booths near their location on the mobile screen.

Step 4

By entering the booth number, voters will receive real-time information on how many people are standing in the queue at that booth.

Components

Voter List Updation Module

Voter Lists updated for all the Panchayats, Municipal Corporations, Municipal Councils and Nagar Panchayats.

Know Your Candidate/Unopposed Module

Listed 2 Lakh Contesting /Unopposed Candidates online for public

One Stop Dashboard for ROs, Blocks, Districts and SEC

Information in real time updated through Mobile App on Dashboard by Polling Parties on pre-poll and poll day

Real-Time Event Monitoring on Pre-Poll and Poll Day

Capturing of Events on Pre and Poll Day

Android & IOS based mobile app Result Declaration Module

Result Declaration through RO Mobile App/ RO role in portal.

One solution to monitor Poll activities, Result Declaration, Voter Lists and Candidate Nominations for all six type of local body elections

User Registration & Profiles

- Sportspersons can register on the portal to avail the various services.
- Maintain player profiles and update old profiles.

Tournament & Event Management

- Admin can create tournaments, games, and event categories
- Configure events so players see only relevant options for their game.

Participation & Status Tracking

- Players can apply for participation and track status.
- Players can download their certificates from their logins.

Role-Based Access & Dynamic Menus

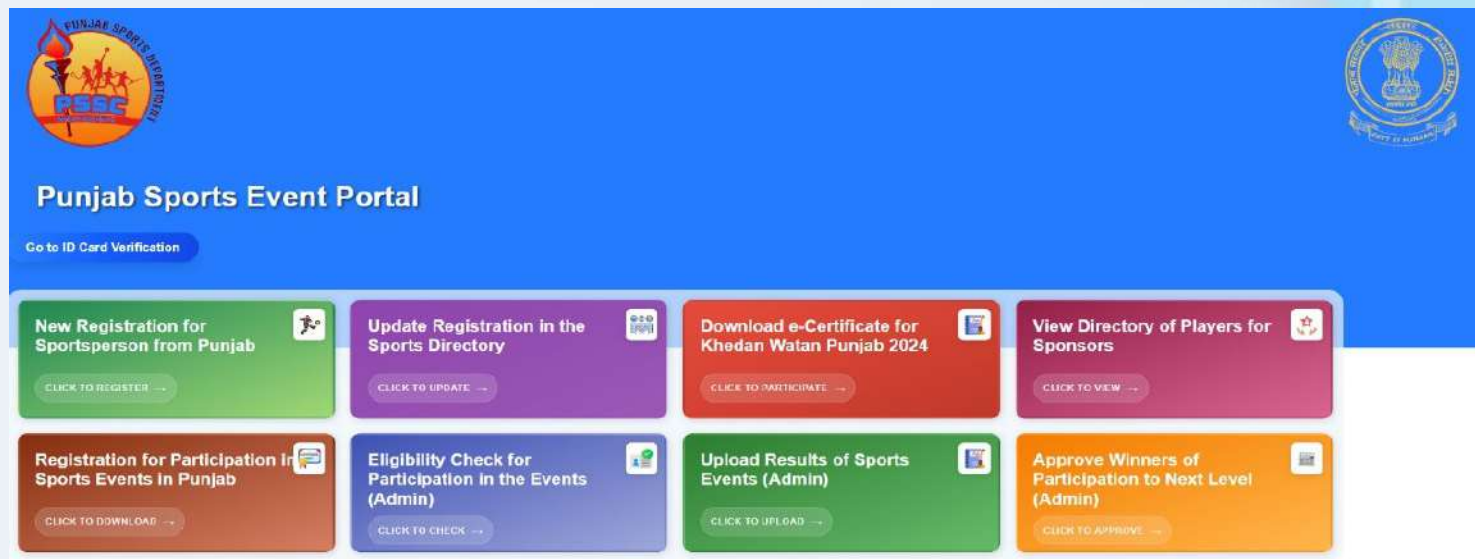

- Admin menus are assigned dynamically based on roles.
- SuperAdmin, DistrictAdmin, BlockAdmin control menu visibility

File Movement & Workflow Configuration

- Admins can configure file movement in "Manage Task."
- Decide district-level application flow and approvals.

Results & Approvals

- Upload results of sports events (Admin).
- Approve winners to progress to the next competition stage.

User Registration & Profiles

- Users can create detailed profiles including tournament achievements and bank details.
- Comprehensive profile helps in attracting sponsors and tracking player progression or achievements.

Participation & Status Tracking:

- Participants can apply to events quickly after registration as system auto-fills their details. This streamlines application and allows others to apply easily by referencing verified data.

File Movement & Workflow Configuration

- Workflow are dynamically configurable by state, district, or block authorities.
- Special permissions can be assigned to users, enabling customized actions during file processing.

OxyCare facilitates fast-track the availability of medical oxygen in Health facilities and tracks each oxygen device for providing better services to the patients. Oxygen Concentrators (OCs) and PSA Plants and ventilators are being monitored using this system presently.

Status:

- Oxygen Concentrator delivered/ installed: 2042
- PSA (Pressure swing adsorption)Plant installed : 143
- Ventilators installed : 2042

Highlights:

- Centralized portal to manage and monitor the patient registration at various OOAT and private centres.
- Storage of Aadhaar related details in a secured data vault..
- Biometric Authentication of Patient through Aadhaar based eKYC authentication at the time of Registration and treatment follow-up.
- Monitoring the treatment provided to patients registered at various OOAT centres.
- To check the availability of medicine stock in various centres.
- Integration with e-Aushadhi portal which comprises of Drug and Vaccine Supply Chain Management that deals with Purchase Order.

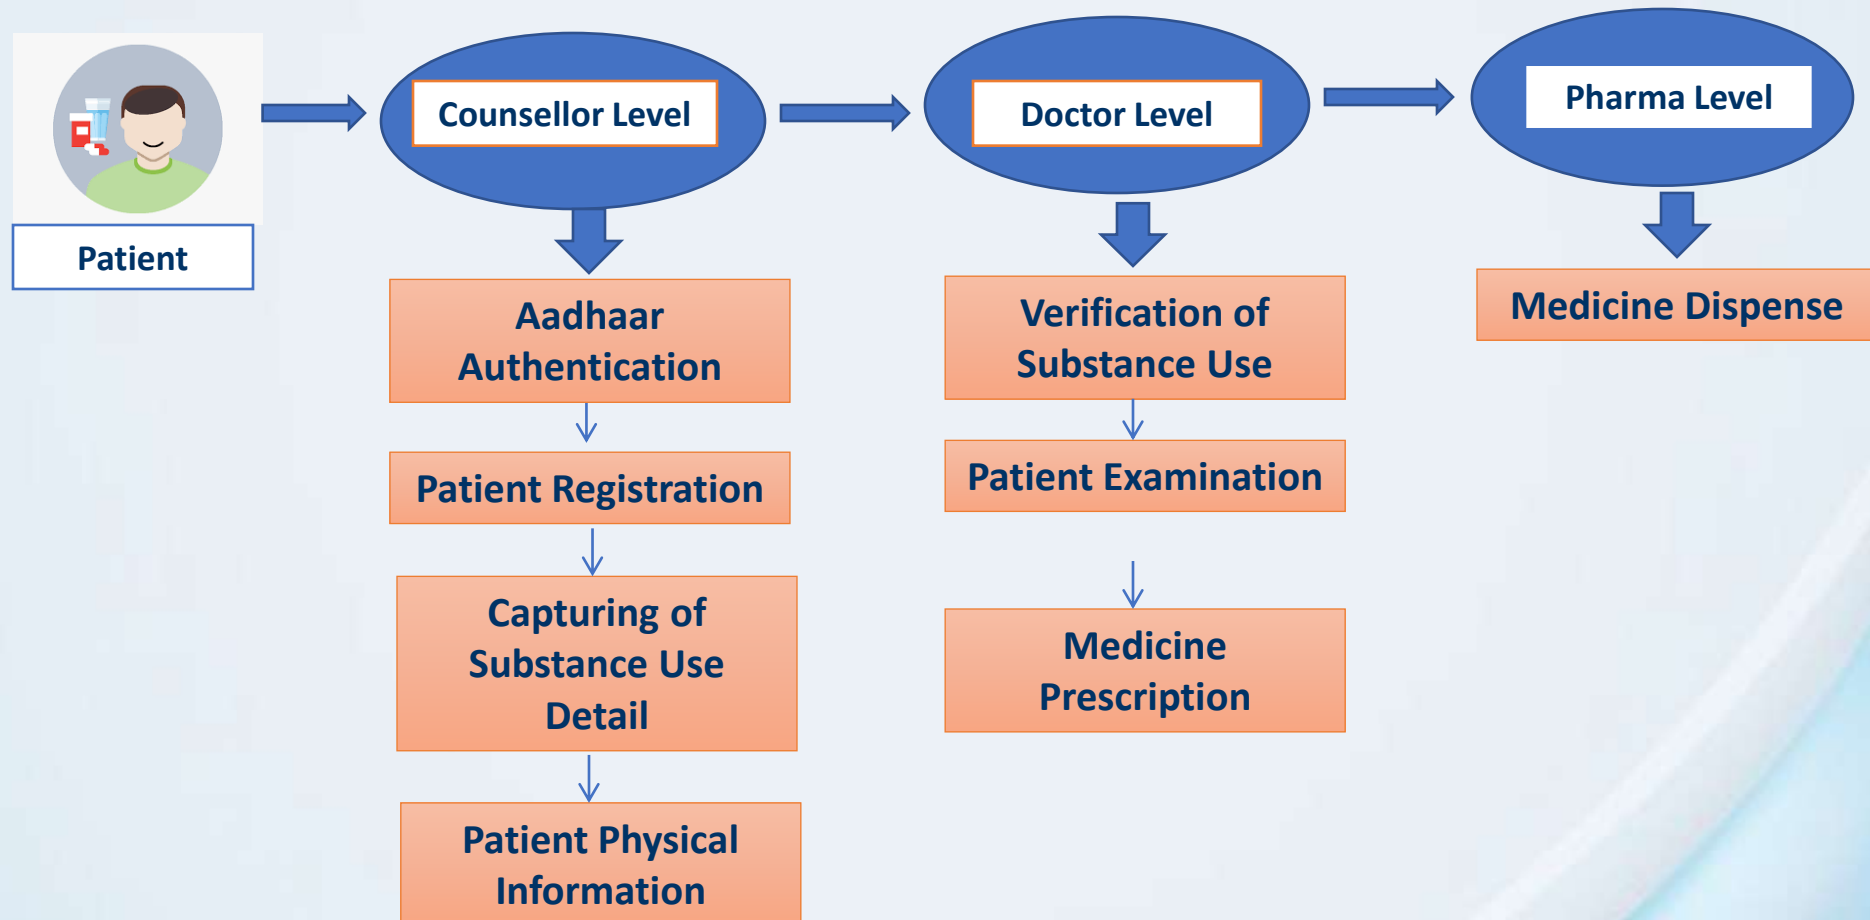

Salient Features:

- Capturing of complete patient history.
- Captures complete work flow implementation covered under patient registration and treatment follow-up process.
- Uploading of Urine report in PDF format during registration
- Online updation of Medicine stock through e-Aushadhi portal.
- Inventory Management & Distribution of various drugs etc.
- Patient once registered, can avail follow-up treatment at any Centre.
- Role based Module data entry at each clinic/private centre
- Tracking of complete history of Patient

Scope of implementation :

- Total Districts: 23
- OOAT (Govt.) clinic treatment Centers: 544
- OOAT Private Centers: 238
- Total Registered Patients: 10.31 Lakh.

Patient Treatment and follow-up Work Flow:

The Ashirwad Scheme, launched by the Punjab Government, offers Rs. 51,000 in financial aid to economically weaker sections, including SC, OBC, and marginalized communities, for a girl's marriage or remarriage. Renamed from "Shagun" on January 26, 2004, the scheme has been online since July 1, 2021. Applicants can apply via the Ashirwad Portal, ensuring transparent and direct disbursement of funds to their bank accounts. This initiative aims to prevent fraud and provide timely, fair support.

Key Features

- ✓ Online Application
- ✓ End-to-End Workflow
- ✓ Direct Bank Transfer
- ✓ Aadhaar Authentication
- ✓ 24/7 Accessibility
- ✓ Enhanced Security
- ✓ SMS Notifications

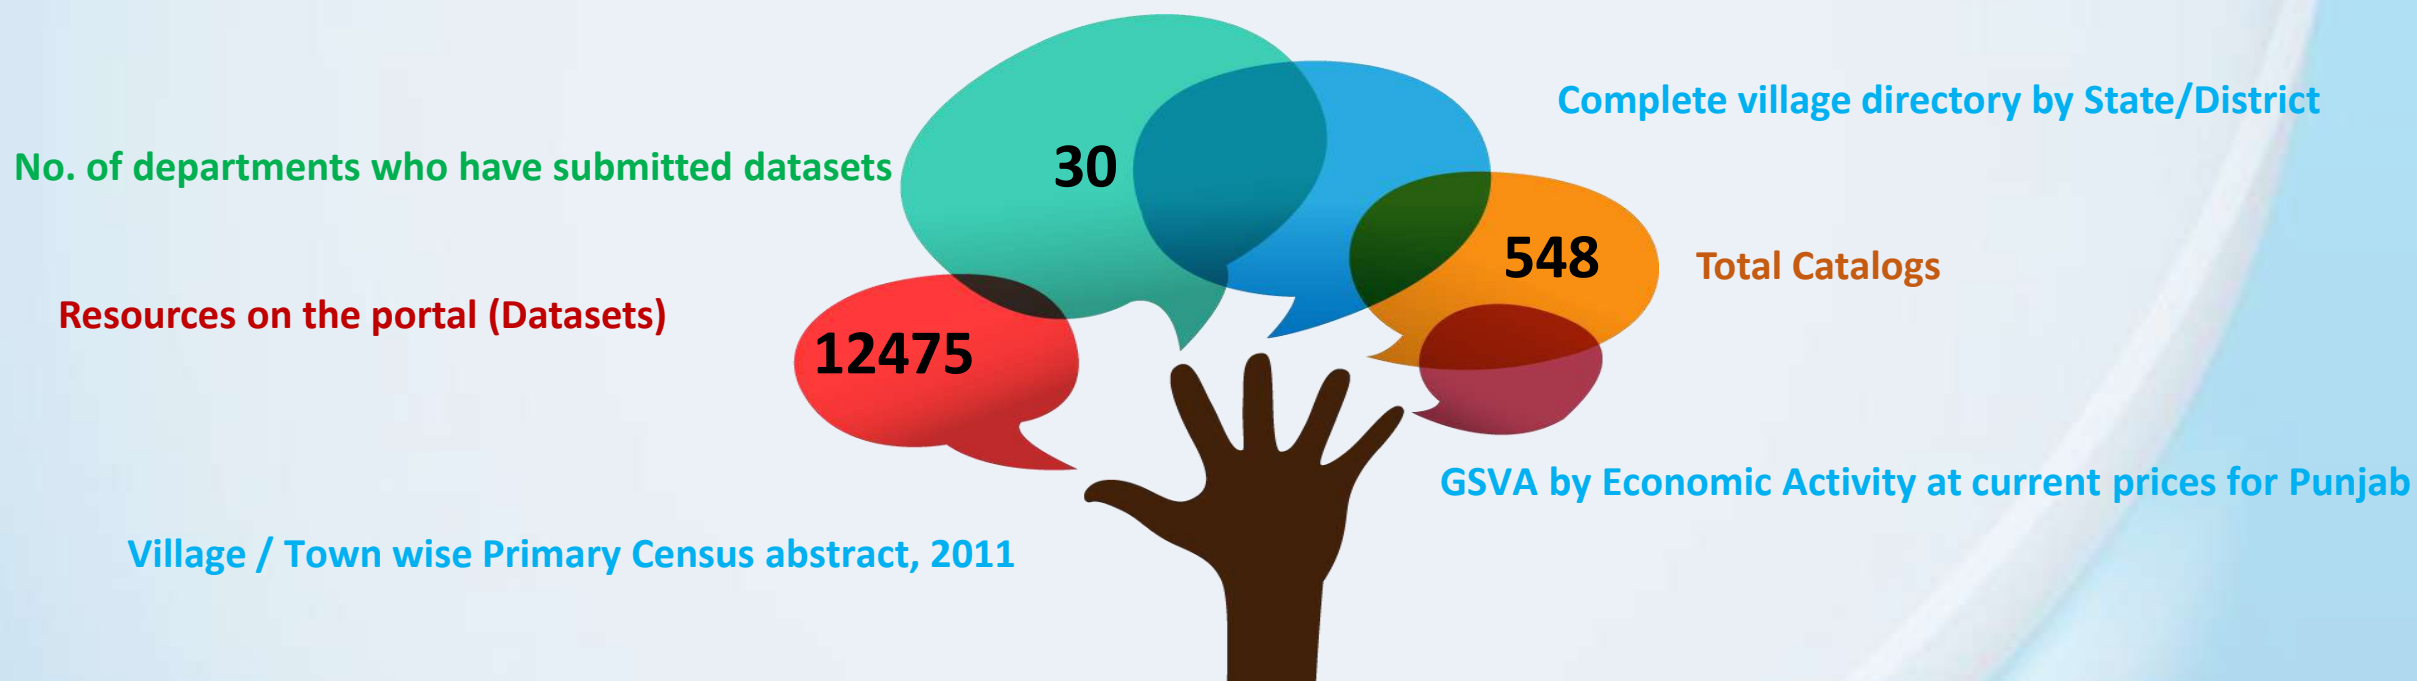

Benefits

- ✓ Timely Disbursement
- ✓ Transparency
- ✓ Non-Discriminatory Access
- ✓ Improved Monitoring

- ❖ eSamikSha, an online Monitoring and Compliance Mechanism has been developed to fast track the compliance of Action-Point(s)/ Proposals/ Issues/ Projects/ Schemes/ Targets, etc. pending with or within various implementing agencies such as Ministries/Departments/Organizations of State Government
- ❖ The system has been designed in such a way that it will enhance efficiency, bring transparency, reduce the need of protracted correspondence and improve the communication between Government to Government (G2G).
- ❖ eSamikSha Punjab is a key initiative for streamlining monitoring and compliance within the state government. With real-time updates and improved communication, it enhances accountability and responsiveness, contributing to more efficient governance and better service delivery.

The Punjab Data Sharing and Accessibility Policy (PDSAP) is a framework designed to provide access to non-sensitive, publicly funded data from Punjab's government bodies. Aligned with the National Data Sharing and Accessibility Policy (NDSAP), it encourages the release of data in open, machine-readable formats, ensuring it can be freely used, reused, and redistributed without restrictions or licenses by public.

Three core connectivity having bandwidth 10 Gbps (NIC UT), 10 Gbps (NIC Haryana) and 100 Mbps (NIC UT)

Punjab SWAN Network integrated with NKN/NICNET at the State level as well all the 23 Districts of Punjab state.

Punjab SWAN and Punjab State Data Centre (SDC) connected on 10Gbps and 1 Gbps from NKN-PoP

Separate Inter-District links 1Gbps/100Mbps established to provide network redundancy at the District Headquarter level.

More than 5000 nodes at Punjab Civil Secretariat, Punjab Civil Secretariat II, Punjab Police HQ, Kendriya Sadan, Punjab Vidhan Sabha and Vite Yojna

36 links including 3 Core links, 27 vertical and 6 inter-district links, 82 horizontal links from SHQ and DHQ to various departments.

Established State-of-the-Art Network(including WiFi) in Punjab Vidhan Sabha.

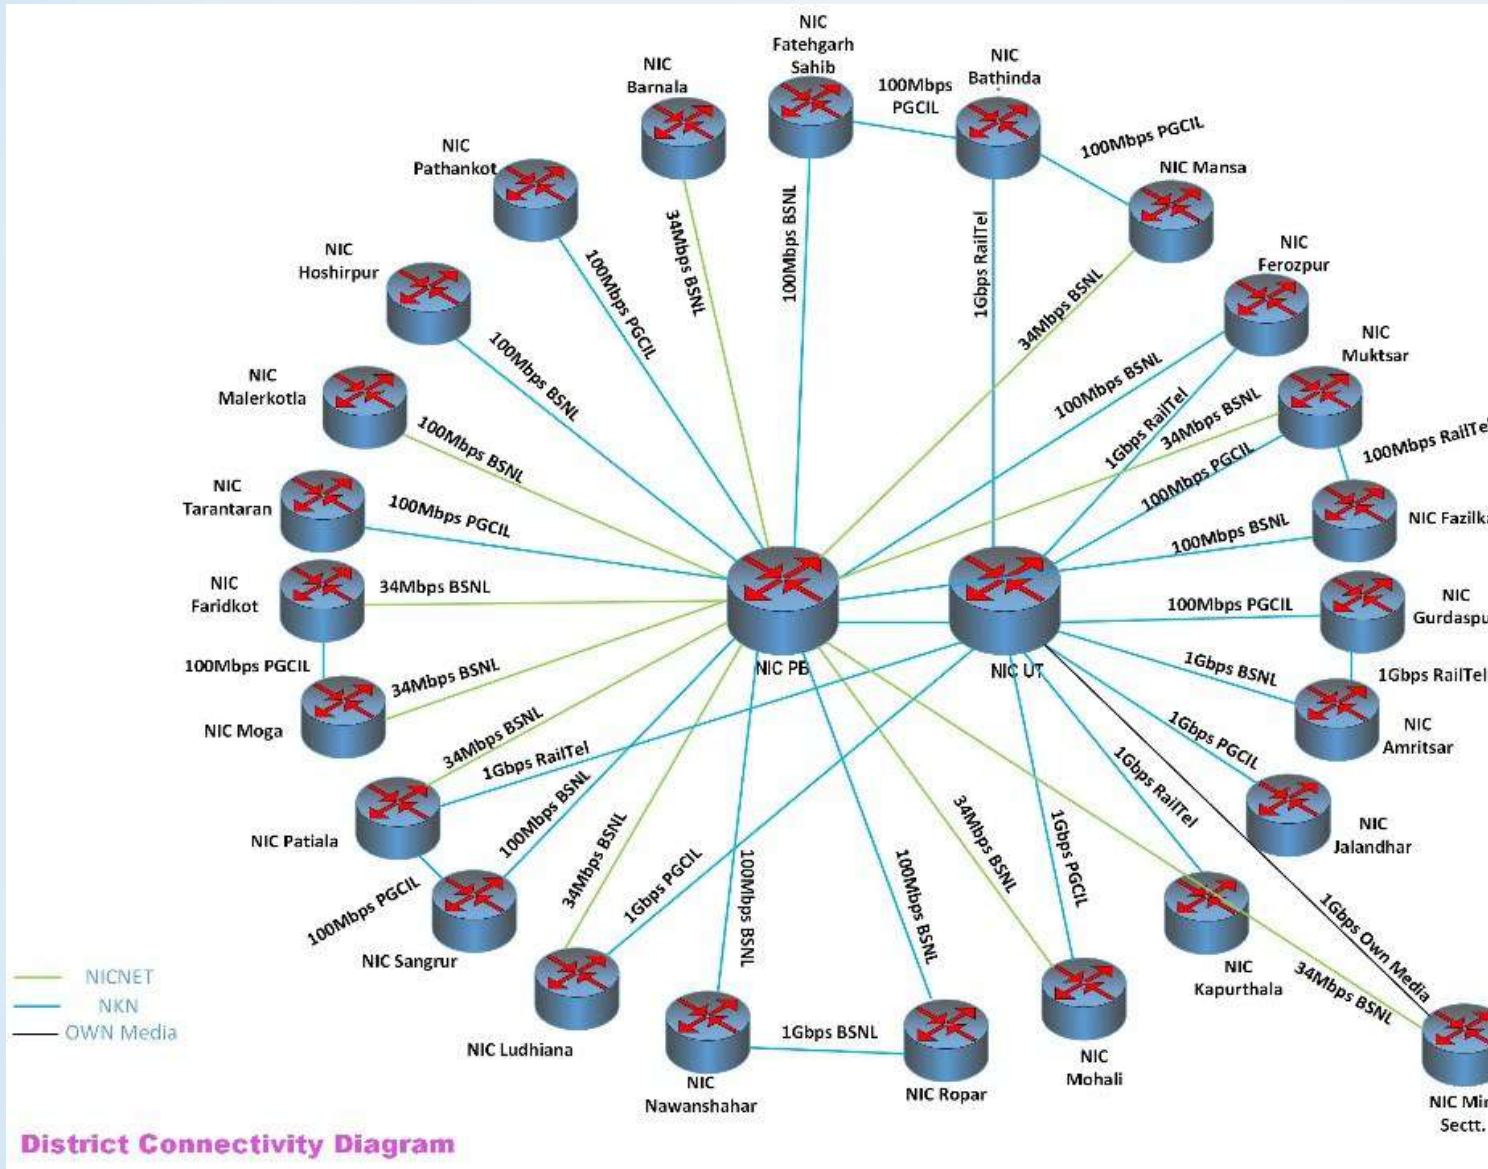

35 institutes under NKN/NMEICT (NIT, State / Central Universities & Research Institutes) connected to high bandwidth network with bandwidth of 1 Gbps and 100 Mbps.
