

## Approval for Implementing Software Suite of NIC in CM Office Punjab

Chief Minister Office Punjab has approved the proposal of NIC Punjab for complete automation of CM Office for the benefit of Legislators, Administrators and Citizen. In this regard a sequence of meetings was held between CM Office and NIC Punjab under the leadership of Sh. Vivek Verma, SIO Punjab.

CM Office Punjab has provided a well-furnished room in its Office to set up a NIC Cell for the purpose of implementing a software suite comprising of web applications and mobile apps. This digital transformation in CM Office Punjab will play an important role to bring a major administrative reform to augment faster and transparent governance. It will also significantly minimise paper usage with online communication. This will be helpful for simplification, standardisation and re-engineering of manual processes.

NIC Punjab has been entrusted for implementing CM Office suite starting from CM Dashboard, e-Appointments, Relief Funds, announcements, CM-References and e-Cabinet.

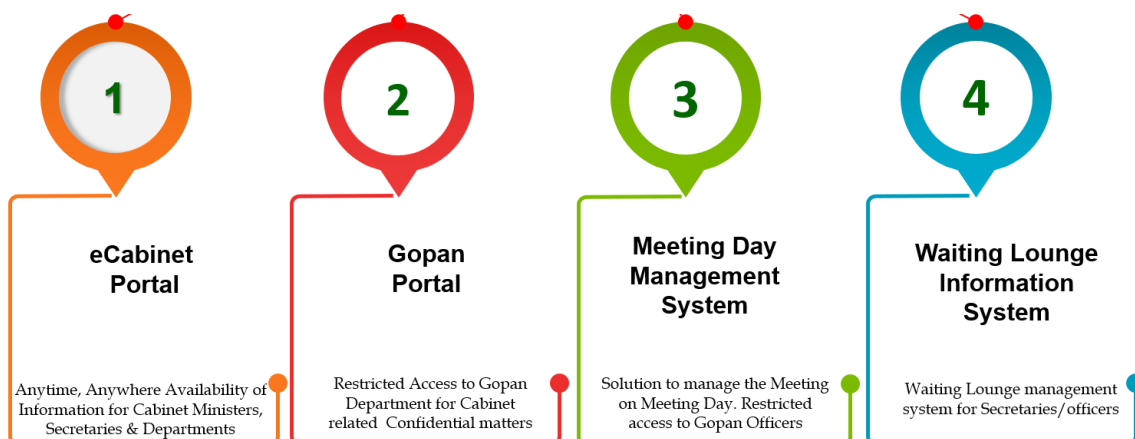

**On 30<sup>th</sup> May, 2022, a demo of e-Cabinet Solution** was given by Sh. Arun Sharma, Technical Director along with Sh. Shakti Prasad Raturi, Scientist-C, NIC Uttrakhand to the senior Officers and Officials of the CM office Punjab at Chandigarh. The CM office appreciated the e-Cabinet software developed by NIC Uttrakhand and approved it for implementing in CM Office Punjab at the earliest.

Sh. Vivek Verma, SIO Punjab, Sh. Dharmesh Kumar, Sr. Technical Director, Sh. Rajesh Thapa, Scientist-D and Sh. Virender Dhanda, Scientist-B, NIC Punjab were present during the presentation in CM Office Punjab.

**eCabinet** is a Solution of NIC Uttarakhand, which is Easy to use, Secure and Paper Less, Secure System. It facilitates the Cabinet Department and also provides various online services to the Executives (Chief Secretary, ACS, Secretaries & Departments) such as Availability of Meeting Notice, Preparation of Agenda Items for inclusion in Cabinet Meetings, Uploading of details for each Agenda Item, Status (Accepted / Rejected) of Agenda Items, Availability of Meeting outcomes. It is very helpful to monitor follow up Action taken by departments on Cabinet decisions. It maintains confidentiality of Cabinet meetings and builds Institutional Memory and Knowledge Repository.

Pre-meeting discussion on e-Cabinet in the room of SIO Punjab at Punjab Civil Secretariat-I

Set up e-Cabinet Solution by Uttrakhand Team in NIC Cell, CM Office Punjab
