NTA Scores are normalized scores across multi-shift papers and are based on the relative performance of all those who appeared for the examination in one shift. The marks obtained are transformed into a scale ranging from 100 to 0 for each shift of examinees. NTA score is not the same as the percentage of marks obtained. The NTA Score of a Candidate has been calculated as follows:

$$\frac{100 \times \text{Number of candidates appeared in the 'Shift' with raw score EQUAL TO OR LESS than the score of the candidate in the Shift}}{\text{Total number of candidates who appeared in the 'Shift'}}$$

The final rank of the candidates will be released taking into consideration the best of the two NTA Scores, after both Sessions of the JEE (Main) - 2026 Examination for Paper 1 in accordance with the policy already made.

Various measures were adopted by NTA for smooth conduct and monitoring of examinations as under:

- NTA made elaborate arrangements at various levels and took help from **State and District Authorities** for the smooth conduct of the examination.
- The **OTP-based Aadhaar E-KYC** was introduced for the first time as the key method for authenticating candidates during the registration process. The initiative aims to prevent impersonation and address potential criticisms in future.
- Apart from the biometric attendance and frisking at entry, candidates were frisked, and biometric attendance was taken again on entry from the bio-break/toilets break.
- To make the candidates and their parents aware of the rules and regulations of the examination the **"Important Advisory and Instructions to the candidates for JEE (Main) 2026"** were included in the Admit Card.
- Special emphasis was made on the random deployment of exam functionaries in all examination centres.
- Various exam functionaries i.e **311 City Coordinators, 726 Observers, 311 flying squads and 215 representative of certain Central Government agencies** were deputed for examination duties in various cities and centres.
- Orientation training programme was conducted for all the examination functionaries in online mode for three consecutive days before start of the examination. A total of approximately **1400 exam functionaries** attended the orientation training session.

- A Central Control Room was opened at NTA to monitor and facilitate the smooth conduct of the Examination on the ground.
- Live **CCTV Surveillance with analytics** was performed for all examination centres to curb malpractices in the examination. The NTA also made arrangements for live viewing of remote locations of all examination centres from the Control Room located in the NTA premises of New Delhi. Recording of CCTV was used for post examination analysis for identifying act of malpractices.
- The examination centres were also monitored **using AI-based Video Analytics** and Virtual Observers.
- Jammers were installed in all the Centres to prevent unfair practices by the candidates during the examination through mobile or any other electronic device. The **latest 5G Jammers** were installed at all examination Centres.
- **PwD/PwBD Committee:** The National Testing Agency (NTA) constituted a PwD/PwBD committee and implemented the policies as per RPwD Act 2016 and guidelines for writing examinations by Persons with Disabilities.
- The PwD/ PwBD candidates were allotted to a **PwD/PwBD-friendly test Centre** and organizational support was given to those candidates.
- In order to make the examination system transparent, the **Question Paper and recorded responses along with the provisional Answer Key were displayed on the website for verification by examinees.** After verification by the Subject Experts, the Revised Answer Keys were published on the website.

NTA thanks all the Central Government Agencies, State and District authorities, various examination functionaries and all the candidates for the support extended during the successful conduct of the prestigious JEE (Main) 2026 Session 1.
