

ENHANCING MEDICO-LEGAL PROCESSES: REPORT ON THE MedLEaPR TRAINING WORKSHOP held at Dehradun, Uttarakhand

A three-day training workshop on MedLEaPR, was organized from **August 27th to August 29th, 2024**, at the Police Sanchar Training Centre in Dehradun. This event was a collaborative effort led by Shri Rahul Jain, Senior Director-IT from NIC Haryana; Shri Rakesh Kumar Sharma, Director-IT and State Coordinator ICJS from NIC Uttarakhand; and the Crime and Criminal Tracking Network and Systems (CCTNS) wing of the Uttarakhand Police. The workshop aimed to train medical professionals from across Uttarakhand in the effective use of MedLEaPR, focusing on enhancing medical record management with the highest levels of efficiency, accuracy, and reliability.

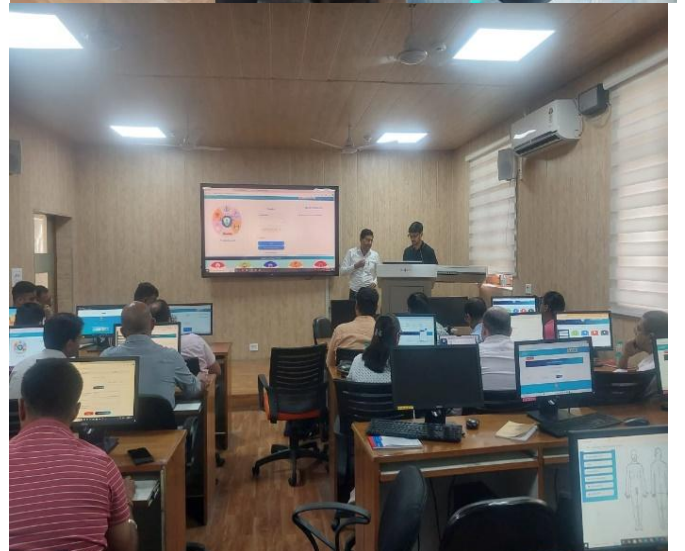

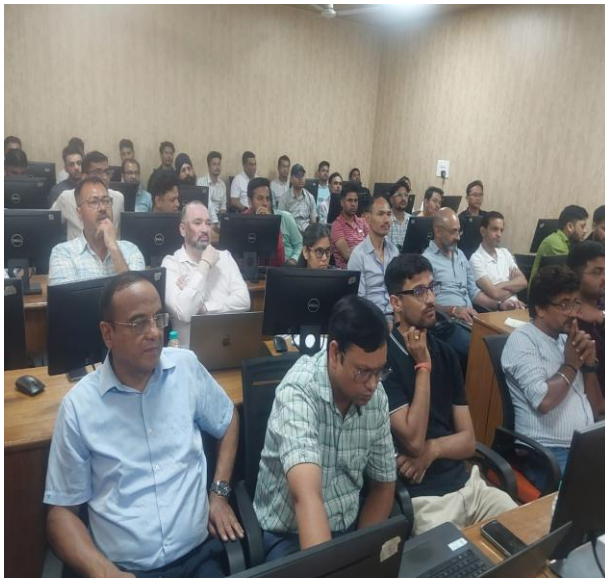

Shri Ashesh Kumar Aggarwal, SIO Uttarkhand, served as the distinguished guest and delivered the keynote address, which was further complemented by insights from Shri Amit Kumar Sinha, ADGP of Uttarakhand Police, and Sh. Senthil Avoodai Krishna Raj.S., DIG, CCTNS of Uttarakhand Police. They emphasized the significance of MedLEaPR, and its importance in today's scenario.

Glimpses of Day 1 Training

On Day 1 i.e. 27th August 2024, The first day of the workshop began with the introductions of our esteemed master trainers and officials. A highlight of the day was a impactful lecture delivered by ADGP and DIG, CCTNS Uttarakhand Police. The lecture emphasized the critical importance of the training, underscoring the need for this advanced system in our medico-legal processes. The insights provided by them highlighted how this initiative is not only about enhancing operational efficiency but also about aligning with national standards in criminal justice and public safety.

The introduction to MedLeaPR was delivered by Senior Director-IT from NIC Haryana, from the MedLeaPR team. They provided an insightful overview of the platform's features and functionalities, emphasizing its potential to revolutionize medical record management. Following this, the participating doctors account were successfully on boarded onto the MedLeaPR portal, enabling them to immediately begin exploring and utilizing the application.

Glimpses of Day 2 Training

On Day 2nd i.e. 28th August 2024, This day was dedicated to deepening the participants' understanding of the system through a series of theoretical sessions. These sessions were designed to cover the foundational aspects of medico-legal documentation, the technical functionalities of the computerization system, and the legal implications of accurate and timely reporting.

In the afternoon, participants engaged in hands-on practice, where they had the opportunity to apply the concepts learned in real-time scenarios. This practical approach allowed for immediate feedback and clarification, ensuring that participants gained confidence in using the system. Director-IT and State Coordinator ICJS from NIC Uttarakhand, provided a briefing on the Interoperable Criminal Justice System (ICJS) and its pillars.

Glimpses of Day 3 Training

On Day 3rd i.e. 29th August 2024, A detailed two-hour session on ICJS, its significance, and its integration with MedLEaPR was conducted by Director-IT and State Coordinator ICJS from NIC Uttarakhand. The final day of the workshop was marked by interactive discussions. Participants were encouraged to share their experiences, challenges, and suggestions for improving the system. This open forum allowed for a rich exchange of ideas and fostered a collaborative learning environment.

The workshop concluded with feedback remarks, certificate distribution, and closing remarks by the DIG , training Uttarakhand, who expressed gratitude to the NIC Haryana and NIC Uttarakhand , as well as the participating medical professionals.

The commitment of all involved—trainers, officials, and participants—was evident throughout the workshop, and it is this collective effort that will drive the successful adoption and implementation of the system. As we move forward, continued engagement and collaboration will be key to realizing the full potential of this initiative in enhancing our medico-legal processes and contributing to national standards in criminal justice.
