Song of Youth

*As a young citizen of India,
Armed with technology, knowledge and love for my nation,
I realize, small aim is a crime.*

*I will work and sweat for a great vision,
The vision of transforming India into a developed nation,
Powered by economic strength with value system*

*I am one of the citizens of the billion;
Only the vision will ignite the billion souls.
It has entered into me;*

*The ignited soul compared to any resource
Is the most powerful resource on the earth,
Above the earth and under the earth.*

*I will keep the lamp of knowledge burning
To achieve the vision - Developed India
If we work and sweat for the great vision with ignited minds,
The transformation leading to the birth of vibrant developed
India will happen.*

*I pray the Almighty:
"May the divine peace with beauty enter into our people;
Happiness and good health blossom in our bodies, minds and souls".*
