

PUBLICATION

The major goal of the Publication Club is to create a student-written and produced newsletter/magazine which reflects the coverage of major events from each school building on a regular basis. Members of the club will learn the mechanisms required to produce a newsletter/newspaper for mass distribution. Students will fulfil all the major job responsibilities including those of editor, assistant editors, reporters, photographers, graphic designers, and the production crew.

The main goals and objectives of the Publication club are to promote student writing, to feature district events, to celebrate student and district-wide achievements, and to encourage a free and respectful exchange of intellectual ideas through online publication of Newsletter/School Magazine.
