WORDS FROM OUR PRINCIPAL

Principal's Message

प्राचार्य महोदय का संदेश

A school is judged not by the walls it builds but by the confidence it builds. In these six months, our primary section has kept its focus firmly on **foundational learning**, on classrooms that talk back, and on children who ask one more question than yesterday.

I congratulate our teachers for turning ordinary periods into experiences, and our parents for walking with us at every meeting. *RANGREZ* is proof that learning here is joyful, rooted and forward-looking.

Together, let us keep colouring this journey.

Head Master's Message

प्रधान अध्यापक का संदेश

"A primary classroom is not a room full of children. It is a room full of possibilities."

It gives me great joy to place **RANGREZ** in your hands. These pages carry the first six months of our session: the wobbling first steps of Vidya Pravesh, the quiet focus of a foundational literacy period, the noise of a food stall, the pride of a saplings planted in July.

In line with **NEP 2020**, our effort in the primary section is simple and stubborn: every child must feel safe, seen and curious before they are ever tested. My gratitude to our teachers for their patience and to our parents for their trust.

THANK YOU

Every child in our primary section is a **rangrez** — dipping ordinary days in colour. Thank you to our parents for trusting us, to our teachers for their patience, and to our students for making six months feel like one long, bright morning. *Term 2 is already being painted.*
